**Item 1.01. Entry Into a Material Definitive Agreement.**

On September 13, 2011, Fluor Corporation (the "Corporation"), entered into a first supplemental indenture (the "Supplemental Indenture") with Wells Fargo Bank, National Association, as trustee (the "Trustee"), under the Indenture, dated as of September 8, 2011 (the "Base Indenture" and together the "Indenture"), by and between the Company and the Trustee, in connection with the offer and sale of \$500 million aggregate principal amount of the Company's 3.375% Senior Notes due 2021 (the "Notes").

The Corporation will pay interest on the Notes on each March 15 and September 15, beginning on March 15, 2012. The Notes will mature on September 15, 2021. The Corporation may, at any time, redeem the Notes at a redemption price equal to 100% of the principal amount thereof, plus a "make whole" premium described in the Supplemental Indenture.

Upon the occurrence of a Change of Control Triggering Event (as defined in the Supplemental Indenture), unless the Corporation has already exercised its option to redeem the Notes, the Corporation will be required to make an offer to purchase the Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of purchase.

The Notes are subject to the covenants in the Indenture, which include restrictions on liens and restrictions on sale and leaseback transactions as set forth in the Supplemental Indenture.

The Indenture contains customary events of defaults, including: (a) the failure to pay interest on any Note for 30 days after the interest becomes due; (b) the failure to pay principal or premium, if any, on any Note when it becomes due; (c) the Corporation's failure to perform, or its breach of, any other covenant in the Indenture for 90 days after written notice thereof; and (d) the occurrence of a specified event of bankruptcy, insolvency or reorganization involving the Corporation.

If an event of default occurs and is continuing with respect to the Notes, except if the principal has already become due and payable, the Indenture provides that the principal will become due and payable immediately upon written notice to the Corporation by the Trustee or a holder of not less than 25% in aggregate principal amount of the Notes. If at any time after the principal of the Notes has been so declared due and payable (and before any judgment or decree for the payment of the amounts due shall have been obtained or entered), and upon satisfaction of the conditions set forth in the Indenture, the holders of a majority of the aggregate principal amount of the Notes may waive all defaults and rescind and annul such declaration and its consequences.

The above summary of the terms of the Indenture does not purport to be complete and is qualified in its entirety by reference to the Base Indenture and the Supplemental Indenture. The Base Indenture is incorporated herein by reference to Exhibit 4.3 to the Corporation's Current Report on Form 8-K filed on September 8, 2011. A copy of the Supplemental Indenture is filed herewith and shall be deemed to be incorporated by reference as an exhibit to the Corporation's Registration Statement on Form S-3 (File No. 333-156137).
