The New Credit Agreement contains customary representations and warranties, conditions to borrowing and events of default, the occurrence of which would entitle lenders to accelerate the amounts outstanding. The New Credit Agreement also contains covenants that restrict, among other things, the ability of KapStone and its subsidiaries to create liens, incur indebtedness and guarantees, make certain investments or acquisitions, merge or consolidate, dispose of assets, pay dividends, repurchase or redeem capital stock and subordinated indebtedness, change the nature of their businesses, enter into certain transactions with affiliates and make changes in accounting policies or practices except as required by generally accepted accounting principles.

The foregoing description of the Credit Facility and the New Credit Agreement is not intended to be complete and is qualified in its entirety by reference to the full text of the New Credit Agreement, a copy of which is attached as Exhibit 10.1 hereto and is incorporated herein by reference.

**Item 1.02 Termination of a Material Definitive Agreement.**

On October 31, 2011, upon consummation of the Merger (as defined below), in connection with KapStone's entry into the New Credit Agreement as disclosed in Item 1.01 of this Current Report on Form 8-K, KapStone terminated the Old Credit Agreement following the payment in full of all outstanding indebtedness thereunder. There were no material early termination penalties incurred as a result of the termination of the Old Credit Agreement.

**Item 2.01 Completion of Acquisition or Disposition of Assets.**

On October 31, 2011, pursuant to the Agreement and Plan of Merger, dated as of September 22, 2011, by and among Borrower, USC, Pine Merger Corp., Dennis Mehiel and Dennis Dorian Mehiel (the Merger Agreement), Borrower consummated its previously announced agreement to acquire USC from its stockholders by merger (the Merger) in a debt-free, cash-free transaction. The purchase price at closing was approximately \$330 million and is subject to a post-closing target working capital adjustment. A portion of the aggregate cash purchase price was deposited into escrow to fund certain limited indemnity obligations of some of the pre-merger equityholders of USC to Borrower and the surviving corporation. USC and its subsidiaries operate a recycle paper mill in Cowpens, South Carolina and 20 converting facilities across the eastern and midwest United States. Pursuant to the Merger Agreement, six of these converting facilities (and certain related assets) were disposed of by USC prior to closing and were not acquired by Borrower. As a result of the Merger, USC became a wholly owned subsidiary of Borrower and was renamed KapStone Acquisition Inc.

The acquisition was financed by cash on hand, \$15 million previously deposited by Borrower in escrow in connection with its obligations pursuant to the Merger Agreement and borrowings under the Credit Facility.

The foregoing description of the Merger is not intended to be complete and is qualified in its entirety by reference to the full text of the Merger Agreement, a copy of which is filed as Exhibit 2.1 to KapStone's Current Report on Form 8-K filed with the Securities and Exchange Commission on September 23, 2011 and is incorporated herein by reference.
