Background to Filing of Joinder by Broadbill LP

As previously disclosed by the Issuer, on January 6, 2009, two of the Issuer's insurance subsidiaries, Penn Treaty Network American Insurance Company and American Network Insurance Company (together the Companies) entered rehabilitation under orders issued by the Commonwealth Court of Pennsylvania (the Court). On October 2, 2009, the Insurance Commissioner of the Commonwealth of Pennsylvania (the Commissioner) filed in the Court petitions for liquidation of the Companies. On November 2, 2009, the Board of Directors of the Issuer and Mr. Eugene J. Woznicki, as Chairman of the Board of Directors, intervened in the proceedings to contest the liquidation petitions, arguing that the Commissioner cannot meet his burden of establishing that continued rehabilitation would be futile or would substantially increase the risk of loss to, among others, policyholders.

On May 3, 2012, the Court issued an order denying the Commissioner's petition for liquidation of the Companies and directed the Commissioner in his official capacity as Rehabilitator of the Companies, to develop and submit a plan of rehabilitation for the Companies, and in so doing to consult with Mr. Woznicki and the Issuer. On May 14, 2012, the Commissioner filed a post-trial motion seeking reconsideration of the Court's order. On June 29, 2012, Mr. Woznicki and the Issuer filed a brief (the Opposition) to request that the Court deny the post-trial motion filed by the Commissioner.

On August 17, 2012, Broadbill LP filed an application to intervene in the rehabilitation proceedings of the Companies (the Application) and a joinder (the Joinder) in the Opposition, stating that it agrees with the Issuer that the Court, in its May 3, 2012 order and opinion, properly ruled that there was no support for an order converting the rehabilitations of the Companies into liquidations. Broadbill LP also stated in the Joinder that it agrees with the Issuer that the Commissioner has failed to prove that continued rehabilitation will substantially increase the risk of loss to policyholders, creditors and the public, and is futile.

The description in this Statement of the Application and Joinder is qualified in its entirety by reference to the full text of the Application and Joinder, copies which are filed herewith as Exhibits 2 and 3, respectively, and incorporated by reference in this Statement.

Except as described herein, the Reporting Persons do not as of the date of this Statement have any specific plans or proposals that relate to or would result in any of the transactions described in subparagraphs (a) through (j) of Item 4 of Schedule 13D.

Item 5. Interest in Securities of the Issuer

- (a) As of the date hereof, Broadbill LP beneficially owns 1,223,689 shares of Common Stock, representing approximately 5.3% of the Common Stock outstanding; Broadbill II LP beneficially owns 100,000 shares of Common Stock representing approximately 0.4% of the Common Stock outstanding; and each of Broadbill Investment LLC and Broadbill Partners beneficially owns 1,323,689 shares of Common Stock, representing approximately 5.7% of the Common Stock outstanding.

All percentages of the Common Stock disclosed in the Statement is based on 23,290,712 shares of Common Stock reported by the Issuer as outstanding as of March 28, 2008 in its annual report filed on Form 10-K for the period ending December 31, 2006. Such annual report was filed with the SEC on April 2, 2008, and is the most recent periodic report filed by the Issuer setting forth the number of shares of Common Stock outstanding.

The filing of this Statement shall not be construed as an admission that any of the Reporting Persons is the beneficial owner of any securities covered by the Statement other than the securities actually owned by such person (if any).

- (b) Broadbill LP shares the power to vote or to direct the vote and the power to dispose or to direct the disposition of 1,223,689 shares of Common Stock with Broadbill Investment LLC and Broadbill Partners. Broadbill II LP shares the power to vote or to direct the vote and the power to dispose or to direct the disposition of 100,000 shares of Common Stock with Broadbill Investment LLC and Broadbill Partners.
- (c) During the 60 days prior to August 20, 2012, Broadbill LP acquired the following shares of Common Stock through open market purchases:

BOARD OF DIRECTORS AND COMMITTEE INFORMATION

BOARD OF DIRECTORS AND COMMITTEE INFORMATION

Our business and affairs are managed under the direction of our board. Members of our board are kept informed of our business through discussions with our chairman, CEO and other executive officers, by reviewing materials provided to them, and by participating in meetings of our board and its committees.

During the year ended December 31, 2013, our board held four regular meetings and six special meetings. In accordance with our Board of Directors Guidelines, directors are expected

to attend all meetings of our board and meetings of committees on which they serve. Each director standing for election attended more than 75 percent of the meetings of our board and committees on which he or she served that were held during the period for which such person was a director.

Attendance at Annual Meeting

In keeping with our Board of Directors Guidelines, directors are expected to attend our annual meeting in person. All of our sitting directors were in attendance at our 2013 annual meeting held on April 24, 2013.

Board Member Independence

Section 303A.02 Independence Tests of the NYSE Listed Company Manual outlines the requirements for a director to be deemed independent by the NYSE, including the mandate that our board affirmatively determine that each of our directors has no material relationship with us that would impair independence. To assist in ascertaining the independence of our directors, each director completed a qualification questionnaire in December 2013. They were also asked to affirm compliance with all of the independence standards set forth in the NYSE Listed Company Manual and our Board of Directors Guidelines. Further, directors were asked to verify their interest in serving on our board in 2014 and their availability and capability to serve, as well as confirm they meet additional qualifications required for continued service as outlined in our Board of Directors Guidelines.

After receipt of all completed qualification questionnaires, our governance & nomination committee members were given a copy of each questionnaire, along with information regarding each director's ownership in our equity securities. The

committee briefed our board on the results of their review, noting that the son of one of our directors went to work for our independent accounting firm in a non-partner position, and in a different city, during 2012 with no involvement with our audit. At the conclusion of this process, our board affirmatively determined no director, with the exception of Mr. Jacobs who is our CEO, has a material relationship with us that would impair his or her independence, and each director meets all of the independence requirements set forth in the NYSE Listed Company Manual and our Board of Directors Guidelines. Therefore, our board is comprised of a majority of independent directors, as required in

Section 303A.01 Independent Directors of the NYSE Listed Company Manual.

Our Board of Directors Guidelines are found on our website at www.capstead.com by clicking Investor Relations, Accept and Governance Documents. Any reference to an independent director herein infers compliance with the NYSE independence tests and our Board of Directors Guidelines.

Charitable Contributions

At no time during the preceding three years have we made a contribution to a charitable organization where one of our independent directors served as an executive officer.

* Columns for Non-Equity Incentive Plan Compensation and Change in Pension Value and Nonqualified Deferred Compensation Earnings have been omitted because they are not applicable.

(a) Amount represents the aggregate grant date fair value of stock awards based on the closing market price of our common shares on the date of grant, which is recognized as expense on a straight-line basis over the related requisite service period. As of December 31, 2013, our directors each held 4,000 unvested stock awards.

(b) As of December 31, 2013, our directors held exercisable option awards aggregating: 10,000 shares for Mr. Keiser; and 15,000 shares each for Messrs. Biegler, Mahowald, O Neil and Whiting. No option awards were granted during the three years ending December 31, 2013.

(c) Excluded from this tabulation are dividends paid on unvested stock awards of \$4,960 to each of directors for the 2013 fiscal year, other than Mr. Bernard and Ms. Goolsby, who received \$4,340 and \$4,650, respectively. These dividends are excluded because stock awards are valued for compensation cost purposes based on the closing market price of our stock on the date of grant, which factors in market expectations for future dividends in its valuation.

Narrative Disclosure to Director Compensation Table

Our independent directors receive base compensation for their representation on our board at an annualized rate of \$40,000 and an annual stock award of 4,000 shares of common stock. The 2013 stock awards will vest in full on April 15, 2014. Our chairman of the board receives an additional \$20,000 annually, the chair of our audit committee receives an additional \$15,000 annually, and the chairs of our compensation and governance & nomination committees each receive an additional \$10,000 annually. Committee members receive \$1,000 per committee meeting attended. All of our directors receive reimbursement for travel costs and expenses. Employee directors do not receive compensation for serving on our board.

The board believes a meaningful portion of our independent directors' total compensation should be paid in the form of equity awards in order to better align these directors' financial interests to those of our stockholders. Equity awards granted may include (i) stock awards, (ii) option awards or (iii) other incentive-based awards as defined in the Amended and Restated 2004 Flexible Long-Term Incentive Plan and the 2014 Flexible Incentive Plan, if approved at this meeting. Our compensation committee routinely reviews our director compensation structure with

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

our compensation consultant and makes director compensation-related recommendations to our board for approval.

Stock awards granted to our independent directors provide for vesting in equal annual installments over a requisite service period established by our board, typically one year (or less in the case of directors appointed to our board after an annual stockholder meeting). Directors are considered owners of the shares and entitled to vote and receive all dividends and any other distributions declared on the shares prior to vesting. Dividends or other distributions on these shares shall not exceed those available to our common stockholders. Unvested shares cannot be sold, transferred or otherwise disposed of for any purpose other than to us. Unvested shares will revert to us in the event a director leaves us for any reason, including termination of directorship by reason of voluntary or involuntary discharge, disability or retirement, except in the event of a change in control, dissolution or liquidation of Capstead, or death of the grantee, in which case all outstanding unvested shares will automatically vest in full.

Option awards granted to our independent directors provide for vesting in equal annual installments over the requisite service period established by our board, typically one year, and expire at the earliest of (i) ten years after date of grant, (ii) six months, or the remaining term of the option if earlier, after the optionee's termination of directorship by reason of death, resignation, retirement or disability or (iii) on the date of the optionee's termination of directorship for cause. No option

awards will vest after the optionee's termination of directorship for any reason, including voluntary or involuntary discharge, disability or retirement, except in the event of a change in control, dissolution or liquidation of Capstead, or death of the grantee, in which case all outstanding unvested options will

automatically vest in full. Outstanding option awards do not receive dividends prior to exercise and are non-voting. No option awards were granted to directors during the three years ended December 31, 2013.

Leadership Structure

Our board currently separates the roles of chairman and CEO, with the chairmanship held by an independent director. Our board believes the separation of roles, while not required, enhances the board's oversight of and independence from management, as well as the ability of our board to carry out its roles and responsibilities on behalf of stockholders. This leadership structure also allows our CEO to focus more of his time and energy on operations while providing him more of an opportunity to learn from the experience and perspectives of our chairman and other independent directors.

Our chairman, together with our CEO and with input from our other directors, oversees the development of board and board committee calendars and meeting agendas. He or she also leads the discussion at board meetings, and acts as the primary liaison between our CEO and board. Our chairman is available to speak on behalf of our board under certain circumstances and performs other functions and responsibilities as required under our Board of Directors' Guidelines or as directed by the board from time to time.

Our Board's Role in Risk Oversight

Our board recognizes how critical effective risk oversight is in our success and believes that its current leadership structure and operating style, with a board composed of primarily independent directors, its chairmanship separated from our CEO, and experienced executive officers who participate regularly in board and audit committee meetings, enhances risk oversight. Enterprise risks are identified and prioritized by our management and reported to our full board on a quarterly basis or as otherwise appropriate, while compliance and

financial risks are overseen by our audit committee. Our compensation committee considers enterprise risks within the design of our compensation programs to ensure these programs do not encourage excessive risk taking. Our chairman and other independent directors, themselves all experienced business professionals, are active in raising enterprise risk issues for board consideration and challenging our management to address their concerns and see their perspective on these issues.

Stock Ownership and Pledging Guidelines

We maintain a standard for ownership of our common stock by our directors and named executive officers for purposes of improving the alignment of interests of these individuals and those of our stockholders. Each of our directors is expected to own shares of our common stock equal to three times their annual cash retainer and each of our executive officers is expected to own shares ranging from three times their annual base salary to up to five times for the CEO. In January 2013 this standard was amended to limit the pledging of our common stock held by our directors and executive officers to not more than 50% of all shares owned and in January 2014

the pledging policy was modified further to limit the number of shares pledged to no more than 50% of our average daily trading volume. For purposes of measuring our stock ownership guidelines, any shares pledged shall be excluded from each executive officer's or director's ownership. For a discussion of ownership standards for our executive officers and our new pledging standard, see "Other Compensation Policies and Practices" section of the Compensation Discussion and Analysis (CD&A) on page 27 in this proxy statement.

Hedging Transaction Policy

In 2010 our board adopted a policy which prohibits our employees and directors from entering into transactions to hedge or offset any change in the market value of our common stock.

Table of Contents**BOARD OF DIRECTORS AND COMMITTEE INFORMATION****Board Committees and Meetings**

Our *audit committee* is comprised of three independent directors. This committee is responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm; and it provides assistance to our board in fulfilling their oversight responsibilities to our stockholders, potential stockholders and the investment community relating to:

The integrity of our financial statements and financial reporting process, including our systems of internal accounting and financial control and disclosure controls and procedures;

Our independent registered public accounting firm's qualifications and independence;

Our compliance with legal and regulatory requirements; and

The performance of our internal audit function (outsourced to a third party service provider) and our independent registered public accounting firm.

Our board has determined that Ms. Goolsby and Messrs. Keiser and O Neil are audit committee financial experts as defined in the applicable rules and regulations of the Securities Exchange Act of 1934, as amended. All members of our audit committee meet our Board of Directors Guidelines for independence of audit committee members, have financial management experience and are financially literate as required by the NYSE Listed Company Manual. Our audit committee charter limits the number of audit committees on which committee members may serve to no more than two other public companies, unless our board determines such simultaneous service would not impair the ability of such member

to effectively serve. Ms. Goolsby currently serves on the audit committee for WhiteWave Foods Company.

Our *compensation committee* is comprised of four independent directors. Our board has determined that Ms. Goolsby and Messrs. Biegler, Keiser and Whiting are independent in accordance with NYSE listing standards and Item 407(a) of the SEC Regulation S-K. In addition to routinely reviewing our director compensation structure with our compensation consultant and making director compensation-related recommendations to our board, all of our executive compensation programs are administered under the direction of this committee. This committee is responsible for overseeing our compensation programs including:

Reviewing and approving corporate goals and objectives relevant to our CEO's compensation;

Evaluating our CEO's performance in light of those goals and approving compensation consistent with such performance;

Approving base salaries, annual incentives and other programs and benefits for our named executive officers other than our CEO;

Approving compensation programs and benefits for our other employees;

Reviewing and coordinating succession plans for our CEO and named executive officers;

Reviewing and assessing the potential risks associated with our compensation programs;

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended December 31, 2013, Ms. Goolsby and Messrs. Biegler, Keiser and Whiting served on our compensation committee. No member of this committee was at any time during 2013 or at any other time an officer or employee of ours, and no member had any relationship with us requiring disclosure in the Related Person

Transactions section of this proxy statement. None of our executive officers has served on the board or compensation committee of any other entity that has or had one or more executive officers who served as a member of our board or compensation committee during 2013.

Meetings of Non-Management Directors

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Non-management directors regularly meet without management in connection with our quarterly board meetings. Accordingly, such directors met four times in 2013. At these meetings, the non-management directors reviewed strategic issues for consideration by our board, including future agendas, the flow of information to directors, management progression and succession, and our corporate governance guidelines. The non-management directors have determined that our chairman will preside at such meetings. The chairman is generally responsible for advising our CEO of decisions reached and suggestions made at these sessions. If non-

management directors include a director who is not an independent director, our Board of Directors Guidelines requires that at least one of the scheduled executive sessions include only independent directors. Presently, all of our non-management directors are independent.

Stockholders and interested parties may communicate with the presiding director or non-management directors as a group by utilizing the communication process identified in the Interested Party and Stockholder Communication with our Board section of this proxy statement.

OUR CORPORATE GOVERNANCE PRINCIPLES

OUR CORPORATE GOVERNANCE PRINCIPLES

Our policies and practices reflect corporate governance initiatives that are compliant with the NYSE listing standards and the corporate governance requirements of the Sarbanes-Oxley Act of 2002. We maintain a corporate governance section on our website which includes key information about our corporate governance initiatives including our Board of Directors' Guidelines, charters for our board committees, our Code of Business Conduct and Ethics (applicable to all of our employees, officers and directors) and our Financial Code of Professional Conduct. The corporate governance section can be found on our website at www.capstead.com by clicking Investor Relations, Accept and Governance Documents.

Each of our directors should, to the best of his or her ability, perform in good faith the duties of a director and/or a committee member in a manner he or she believes to be in our best interests with the care an ordinarily prudent person in a like position would use under similar circumstances. This duty of care includes the obligation to make, or cause to be made, an inquiry when the circumstances would alert a reasonable director to the need thereof. Our directors are expected to attend, in person or by telephone, all meetings of our board and committees on which they serve, as well as attend in person our annual meeting of stockholders.

Considerations for Nomination

Our governance & nomination committee considers and makes recommendations to our board concerning candidates for election and the appropriate size of our board. In considering incumbent directors, the committee reviews the directors' overall service during their terms, including the number of meetings attended, level of participation and quality of performance. Other considerations include the directors' level of ownership of our equity securities and, when applicable, the nature of and time involved in the directors' service on other boards. The committee reviews the completed qualification questionnaires submitted by incumbent directors (as previously described in the Board Member Independence section of this proxy statement) prior to making its recommendation to our board regarding the slate of directors for election at the following year's annual meeting of stockholders.

In considering candidates to fill new positions created by expansion and/or vacancies that occur because of resignation, retirement or any other reason, the committee uses its and our management's network of contacts to compile a list of potential candidates. The committee may also engage, if it deems appropriate, a professional search firm. Candidates are selected on the basis of talent and experience relevant to our business without regard to race, religion,

gender or national origin as described in our Board of Directors' Guidelines. Accordingly, our board does not consider diversity in identifying nominees for director in the sense that it is agnostic as to a potential nominee's characteristics in this regard and does not have any diversity goals or guidelines relative to the overall make-up of our board. Candidates should possess fundamental qualities of intelligence, honesty, perceptiveness, good judgment, maturity, high ethics and standards, integrity, fairness and responsibility. Each candidate should also have a genuine interest in Capstead, recognize that he or she is accountable to our stockholders and have a background that demonstrates an understanding of business and financial affairs and the complexities of a large business organization.

No person shall be eligible to serve as a director who has been convicted of a felony criminal offense or any criminal offense involving moral turpitude, dishonesty or a breach of trust. The committee will consider candidates recommended by stockholders provided stockholders follow the procedures set forth in the Stockholder Procedures for Director Candidate Recommendations section of this proxy statement. The committee evaluates a candidate using the criteria set forth above regardless of who nominated the candidate.

Service on Other Boards

Our Board Of Directors Guidelines prohibit our directors from serving on more than four boards of other public companies and recommends its audit committee members serve on the audit committee of no more than two other public companies.

In addition, our CEO s service is limited to two other public company boards. With the exception of Ms. Goolsby who serves on one other public company board, none of our directors presently serve on other public company boards.

OUR CORPORATE GOVERNANCE PRINCIPLES

Mandatory Resignation

Our Board of Directors' Guidelines require a director to promptly submit a letter of resignation to our governance & nomination committee if the director (i) changes substantially his or her principal occupation or business association for any reason other than retirement or retirement planning, (ii) declares or is otherwise involved in a personal bankruptcy or the bankruptcy of a business in which he or she is a principal, or (iii) is named as a party in a material legal proceeding, becomes the target of a material state or federal investigation, or receives a request of a material nature for the production of records or testimony from any state or federal agency. The committee will in turn consider the resignation and make its recommendation to our board on whether to accept or reject the resignation. Our board, in its sole judgment, shall then decide whether such event requires the board to accept such resignation in the best interests of the company and its stockholders.

In November 2012 our board modified our Bylaws to adopt a majority vote standard in any election of directors which is not a contested election. A nominee for director in an uncontested election shall be elected to our board if the votes cast for such nominee's election exceed the votes cast against such nominee's election provided that in the case of a

contested election, directors shall be elected by a plurality of the votes cast. Concurrent with adoption of the majority vote standard in uncontested elections, our board modified our Board of Directors' Guidelines to require an incumbent director who does not receive a majority of the votes cast and therefore is not re-elected, to promptly submit a letter of resignation to our governance & nomination committee. The committee will in turn consider the resignation and make its recommendation to our board on whether to accept or reject the resignation. Our board, excluding the resigning director, will make a decision regarding the resignation within 90 days after the date on which the certification of the stockholder vote on the election of directors is made, and our Board will publicly disclose its decision and related rationale. If a decision is made to accept the resignation, the director's resignation shall be effective immediately.

A director who has been convicted of a felony criminal offense or any criminal offense involving moral turpitude, dishonesty or a breach of trust shall resign effective immediately. An employee director must resign from our board, unless a majority of our board determines otherwise, once he or she ceases to be employed by us whether due to retirement or otherwise.

Stockholder Procedures for Director Candidate Recommendations

Our governance & nomination committee will consider written director candidate recommendations made by stockholders to our secretary at 8401 North Central Expressway, Suite 800, Dallas, Texas 75225-4404. Electronic or facsimile submissions will not be accepted. For the committee to consider a candidate, submissions must include sufficient information concerning the recommended individual including biographical data such as age; employment history; a description of all businesses that employ or employed the candidate, including the name and phone number of the businesses; a list of board memberships the candidate holds, if any; and additional information that would provide a more complete understanding of the experiences, qualifications, attributes or skills of each director nominee in light of Capstead's business and structure. In addition, the candidate should affirm he or she can read and understand basic financial statements and consent to stand for election, if nominated by our board, and serve, if elected by our stockholders.

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Once a fully complete recommendation is received by the committee, the candidate will be sent a questionnaire that requests additional information regarding independence, qualifications and other information to assist the committee in evaluating him or her, as well as certain information that must be disclosed about the candidate in our proxy statement, if nominated. Further, the questionnaire provides that the individual must grant consent to us to conduct a confidential background search of the individual to the extent allowable under federal, state and local legislation. The recommended candidate must return the questionnaire within the time frame as outlined in the following sentence to be considered for nomination by the committee. Recommendations for which we have received completed questionnaires by December 17, 2014 will be considered for candidacy for the 2015 annual meeting of stockholders. Completed questionnaires received after December 17, 2014 will be considered for candidacy for the 2016 annual meeting, if not earlier withdrawn.

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis provides information relevant to understanding the 2013 compensation of our executive officers identified in the Summary Compensation Table, whom we refer to as our named executive officers or NEOs. The following discussion also contains statements regarding future individual and

company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. We caution investors not to apply these statements in other contexts.

Executive Summary

The compensation committee of our board has responsibility for establishing, implementing, and monitoring adherence to our compensation programs and practices. Our compensation philosophy is to provide competitive, performance-based compensation programs to attract, motivate, and retain employees vital to our long-term financial success and the creation of stockholder value.

Response to 2013 Say-on-Pay Vote. In 2013, approximately 68% of the votes cast supported the compensation paid or awarded to our NEOs in 2012. This level of support fell below our expectations. In response, the committee conducted an extensive review of our compensation programs and practices, solicited feedback from investors, and made a number of important changes in 2013 and early 2014. As part of this process, the committee reached out to many of our largest stockholders to engage in a dialogue about our executive compensation program and practices. The committee chairman and other members of the committee participated in discussions with stockholders representing over 30% of our outstanding common stock, soliciting feedback on our current programs as well as changes under consideration. Through this process, the committee determined that the investment community supported our changes made in 2013 and other changes under consideration and viewed them as improvements to our compensation programs.

Key changes include:

Terminating our former discretionary annual bonus program effective June 30, 2013, replacing it with a nondiscretionary and formulaic, target-based plan referred to as the revised 2013 annual incentive plan, with multiple, pre-established performance goals and defined threshold, target and maximum awards as a percentage of base salary;

Expanding our peer group to provide a broader representation of the mortgage REIT industry (i.e., agency, non-agency, hybrid and selected other mortgage REITs), collectively referred to as our mortgage REIT peers;

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Implementing a new performance-based long-term incentive plan to incorporate multiple, pre-established performance goals measuring both absolute and relative performance, and defined threshold, target and maximum awards as a percentage of base salary;
Adjusting our NEOs' pay mix to place greater emphasis on long-term (versus short-term) performance;

Adding double-trigger vesting provisions to new grants of equity awards;

Modifying our pledging policy to further limit the number of shares pledged to no more than 50% of our average daily trading volume;

Adopting the 2014 annual incentive plan to further incorporate additional short-term incentive plan metrics important to our stockholders;

Expanding the committee membership, helping to bring new perspectives and a fresh look to our compensation arrangements; and

Eliminating any participation of the CEO in making recommendations as to his own compensation.

Recent Company Performance. We operate as a self-managed REIT and earn income from investing in a leveraged portfolio of residential adjustable-rate mortgage (ARM) securities issued and guaranteed by Fannie Mae, Freddie Mac or Ginnie Mae, referred to as the Agency mortgage securities. We believe our strategy of investing primarily in short-duration, seasoned ARM securities differentiates us from our peers from an interest rate risk perspective and makes us one of the most defensively-positioned mortgage REITs invested primarily in Agency mortgage securities, whom we refer to as our Agency REIT peers. Duration is a common measure of market price sensitivity to interest rate movements and a shorter duration indicates less interest rate risk. Highlights of our 2013 performance include:

Validating the advantage of our short-duration ARM investment strategy during a year that experienced relatively sharp increases in longer-term interest rates:

Delivering a total economic return (common stock dividends and changes in book value per common share) significantly above the returns of all of our Agency REIT peers and most of our Mortgage REIT peers and;

Opportunistically replacing portfolio runoff at attractive levels and not selling any mortgage assets in the face of bond market adjustments to higher rates, even as our Agency REIT peers incurred significant realized losses from asset sales and reported significant unrealized losses in the value of their remaining portfolios;

EXECUTIVE COMPENSATION

Issuing \$170 million face amount of 7.50% Series E perpetual preferred shares using related proceeds and cash on hand to redeem higher-cost perpetual preferred shares, increasing future earnings per common share by nearly \$0.09 annually;

Maintaining a highly-efficient investment platform with operating costs as a percentage of average long-term investment capital of 89 basis points, the lowest ratio of any Mortgage REIT peer; and

Maintaining a \$0.31 quarterly common stock dividend, even as all our Agency REIT peers reduced their quarterly dividends.

2013 Compensation. We believe our financial performance is best measured by the economic returns we deliver to our stockholders over both short- and long-term time horizons. Accordingly, we emphasize pay-for-performance alignment in the design of our compensation programs by linking key compensation elements directly to absolute and relative performance. We believe this is reinforced by policies requiring our NEOs to hold a meaningful financial stake in Capstead. Accordingly, a significant portion of compensation paid to our NEOs is in the form of shares of our common stock, which together with share ownership requirements, provides a significant alignment of interest with our stockholders.

The primary elements of our compensation programs are base salaries, annual incentives and long-term equity-based awards. In total, 74% of our 2013 executive compensation, as measured for proxy statement purposes, was performance-based.

Executive Compensation Practices. Below we highlight certain of our executive compensation and governance policies and practices which we utilize to drive performance and serve our stockholders' long-term interests:

Our Pay Practices Include

- ii **Performance-Based Pay** We structure our compensation programs to align the interests of our NEOs with the interests of our stockholders and, as a result, the majority of total direct compensation is tied to absolute and relative performance.
- ii **Meaningful Stock Ownership Guidelines** All of our NEOs are subject to significant stock ownership guidelines that require the retention of a dollar value of Capstead stock based on a multiple of their base salary, and any pledged shares are excluded from ownership calculations.
- ii **Limited Benefits and Perquisites** Supplemental benefits provided to our employees (including the NEOs) are limited to 401(k) and deferred compensation retirement benefits and insurance premiums.
- ii **Risk Assessment** Our compensation consultant assists the committee in conducting an annual risk assessment of our compensation programs.
- ii **Clawback Policy** We have a clawback policy that allows us to take back, under certain circumstances, compensation paid to our NEOs.

ii

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Tally Sheets We review tally sheets, reflecting historical compensation amounts for our NEOs, prior to making annual executive compensation decisions.

Our Pay Practices Do Not Include

Tax Gross-Ups We do not provide tax gross-ups on perquisites or change in control benefits.

Single Trigger Benefits Beginning in 2013, we do not provide any benefit payments solely as a result of a change in control (CIC); instead benefits are provided only in the event of termination following a CIC.

Derivatives Trading and Hedging We do not permit our executives to engage in any derivatives trading or hedging transactions associated with their holdings of Capstead stock.

Table of Contents**EXECUTIVE COMPENSATION****Response to 2013 Say-on-Pay Vote**

In 2013, approximately 68% of the votes cast supported the compensation paid or awarded our NEOs in 2012. This level of support fell below our expectations. While a majority of stockholders expressed support, the committee believed the vote result warranted a fresh look at our executive compensation program design and practices and expanded the committee's membership to help bring in a new perspective in this effort.

In an effort to ensure we were being responsive to the views of our stockholders, the committee considered feedback received during and after the 2013 proxy vote solicitation process and pursued changes it believed would be responsive to investors' feedback and in the best interests of our stockholders. The committee elected to adopt certain changes that would affect annual incentive compensation for the second half of 2013. These changes were subsequently reviewed with investors as part of our outreach effort described below, which led to revisions to our annual incentive plan that became effective for 2014.

The chairman and other members of the committee spoke with many of our largest stockholders about our executive compensation programs and practices. These stockholders represented over 30% of our outstanding common stock and included seven of our twenty largest stockholders. Discussions with investors covered a range of topics, including the investors' perspectives on Capstead's performance, our 2012 compensation program design, short-term incentive plan changes adopted for the second half of 2013 and their thoughts on further refinements to our programs for 2014. The investment community was very supportive of the program and policy changes. Certain investors expressed a preference for greater emphasis on measures of absolute performance when determining the short-term incentive compensation for the NEOs, rather than solely measuring company performance on a relative basis—a suggestion we incorporated into the 2014 Program. These discussions helped us better understand the views of our stockholders and helped them understand how the committee approached and designed our compensation programs.

The following table summarizes key changes we adopted in response to the 2013 Say-on-Pay vote and feedback received through our investor outreach efforts:

EXECUTIVE COMPENSATION

What We Pay and Why

In this section we review the various factors influencing the design of our compensation programs and decisions affecting 2013 compensation of the NEOs, including:

our philosophy,

the role of the committee, its consultant and management in making compensation decisions,

our use and the role of peer companies,

objectives of our program,

review of 2013 total direct compensation,

other 2013 compensation elements, and

decisions affecting compensation for 2014.

Our Philosophy

Our compensation programs are designed to provide competitive, performance-based compensation programs to attract, motivate, and retain employees vital to our long-term financial success and the creation of stockholder value. This pay-for-performance philosophy is the cornerstone of all of our compensation programs. The committee believes that a company's executive compensation practices are a window through which the outside world, and most importantly stockholders, sees an organization's priorities.

The committee (assisted by its compensation consultant) has designed and administered compensation programs it believes support this philosophy. In implementing its philosophy, the committee:

Recognizes the complexities of managing a large portfolio of residential mortgage securities. Many of the challenges in managing such a portfolio are market driven and management's role is to position Capstead for strong performance in varying market conditions. The creation of stockholder value ultimately rests with the NEOs and the successful execution of our business strategies through a changing market environment. These factors influence the selection of our performance metrics, setting of performance goals, and evaluation of our performance.

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Considers enterprise risks within the design of our compensation programs to ensure these programs do not encourage excessive risk taking. These factors influence the setting of performance goals, evaluation of our performance, and the establishment of governance policies (such as leverage, stock ownership, and hedging policies) that may mitigate these risks.

Evaluates performance and determines compensation levels after careful consideration of various inputs, including: (i) our performance measured against our stated business objectives, (ii) each of our executive's individual performance and contribution toward our business objectives, (iii) the amounts and form of prior compensation to our NEOs, (iv) our absolute and relative performance against peers and (v) the performance and compensation practices of our mortgage REIT peers.

The Role of the Committee, Its Consultant and Management in Making Compensation Decisions

Committee. The committee has primary responsibility for determining and approving, on an annual basis, the compensation of our CEO and other NEOs. The committee is advised by an independent compensation consultant to make recommendations with respect to both overall guidelines and specific compensation elements. The committee's review of individual executive officer compensation includes, but is not limited to, a review of company and individual performance as well as the total value of past compensation, including long-term equity incentive awards.

Members of the committee also participate in the board of directors' annual CEO performance review and setting of annual performance goals, led by our board chairman. The committee establishes compensation levels for our CEO in consultation with its independent compensation consultant. It should be noted that our CEO neither recommends nor is involved in any discussions regarding his own compensation.

Compensation Consultant. The committee has the sole authority to select, retain, and terminate outside compensation consultants, independent legal counsel or other experts or advisors. Pay Governance LLC has been engaged by our committee to serve as its consultant on executive and director compensation matters since 2010. Pay Governance LLC provides advice and analysis to the committee on the design, structure and level of executive and director compensation, and, when requested by the committee, attends meetings of the committee and participates in executive sessions without members of management present. Pay Governance LLC reports directly to the committee, and the committee reviews, on an annual basis, Pay Governance LLC's performance and provides Pay Governance LLC with direct feedback.

The committee recognizes that it is essential to receive objective advice from its compensation advisors. To that end, the committee has assessed the independence of Pay Governance LLC pursuant to SEC rules and concluded that Pay Governance LLC's work for the committee does not raise any conflict of interest.

Role of CEO and Management. While the committee has responsibility to approve and monitor compensation for our NEOs, management plays an important role in the process, providing input into financial goals and providing information to the committee and Pay Governance LLC on our performance and that of our mortgage REIT peers. Our CEO also assists the committee by providing a self-assessment of his own performance, but neither recommends nor is involved in any discussions regarding his own compensation. The CEO also

Table of Contents**EXECUTIVE COMPENSATION**

provides the committee with an assessment of the performance of senior executives (other than himself) and recommends to the committee adjustments to compensation opportunities of those other NEOs. The committee considers those recommendations when making compensation decisions.

Our Use and the Role of Peer Companies

Our investment strategy entails investing in a leveraged portfolio of residential mortgage pass-through securities consisting almost exclusively of Agency ARM securities. Accordingly, many of our investors evaluate us in this context and monitor our performance relative to other mortgage REITs with large portfolios of Agency mortgage securities. We consider these companies to be the most relevant for purposes of benchmarking our performance and our primary competitors for both capital and executive talent. There are a limited number of publicly-traded companies that meet these criteria:

Agency REIT Peers

American Capital Agency Corp.*

Annaly Capital Management, Inc.*

Anworth Mortgage Asset Corporation*

ARMOUR Residential REIT, Inc.*

CYS Investments, Inc.

Hatteras Financial Corp *

* *Externally-managed.*

While it is important to consider pay practices and performance of companies with similar investment strategies, there is another segment of our investor base that invests in and evaluates our performance relative to a broader set of mortgage REITs. As a result, during 2013, the committee expanded its perspective to include other types of mortgage REITs which it believes have similar business models and/or would be competitors for capital among a segment of our investor base. The committee also believes these companies would be competitors for the type and quality of executive talent appropriate for Capstead. This group is comprised of all publicly-traded Agency mortgage REITs, most publicly-traded so-called hybrid mortgage REITs which have significant investments in both Agency and non-Agency mortgage securities and select other mortgage REITs which do not invest in Agency mortgage securities, but which the committee believes have similar business models and are competitors for both capital and executive talent.

The following companies comprise our mortgage REIT peers (Agency REIT peers also included in this group are italicized):

** *Although identified as a peer, Chimera Investment Corporation has not been included in any evaluation of company performance due to its failure to make timely filings with the SEC.*

As discussed further below, the revised annual and long-term incentive plans use both the Agency REIT peers and mortgage REIT peers separately (without regard to their internal vs. external management structure) for purposes of evaluating our relative performance and, ultimately, determining earned compensation under each of these plans.

Differentiating between internally-managed and externally-managed peers is an important distinction when monitoring pay levels:

Internally-Managed Peers: Similar to Capstead, the executive management of these organizations are employees of the listed company. As a result, detailed executive officer compensation information is fully disclosed in the annual proxy statements of these companies.

Table of Contents**EXECUTIVE COMPENSATION**

Externally-Managed Peers: Unlike Capstead, these organizations typically do not have any employees, but are managed by a third-party which receives a management fee to provide personnel and, depending upon the specific management contract, other costs necessary for the operation of the listed company. As a result, compensation-related data for the executive officers of these companies is often not publicly disclosed or is incomplete because disclosures do not include payments made by the external manager to its executive officers.

The committee considers information regarding our peers' pay levels and practices to establish a point of reference when making compensation decisions. While we seek to establish pay levels that are consistent with market medians, we do not benchmark NEO compensation so that it must equal a specified level relative to other companies. Rather, the committee makes decisions regarding pay opportunities it considers appropriate in light of its philosophy and information available from our mortgage REIT peers. The committee believes pay opportunities consistent with market medians are often appropriate; however, the committee may choose to pay above or below market medians when it believes doing so would be appropriate to account for scope of position responsibilities, experience, skills, internal equity and other factors.

Objectives of Our Program

Our stockholders and the broader investment community evaluate performance with particular emphasis on: (i) dividend returns to investors, and (ii) changes in our book value per common share. Together, these two factors comprise the economic return we deliver to our stockholders. In addition, we seek to maintain a low-cost and efficient operating platform as part of our business strategy. By managing our operating costs, we are able to deliver a higher economic return to our stockholders.

Our compensation arrangements are designed to prominently feature each of these aspects of our performance:

Dividend equivalent rights, referred to as DERs, directly link executive pay to the amount of dividends we pay to our stockholders each quarter. DERs reinforce a key absolute return performance metric because it delivers incentives in direct proportion to the dividends provided to investors.

A majority of incentive compensation is awarded based on economic return, measured on an absolute and relative basis. We reinforce our capital preservation strategy by evaluating economic return over both one-year and three-year periods, ensuring that both near-term and longer-term implications of portfolio management decisions are considered.

Operating efficiency, measured as the ratio of total general and administrative costs to average long-term investment capital, is a key metric in our annual incentive compensation helping to ensure we maintain a low-cost and efficient operating platform for the benefit of our stockholders. Recognizing that decisions affecting our general and administrative costs primarily have near-term implications, we evaluate our operating efficiency on an annual basis.

We believe the structure of our compensation arrangements appropriately incorporates indicators of company performance of significant importance to our stockholders and the broader investment community, helping to ensure proper alignment of management's interests with those of our stockholders.

Review of 2013 Total Direct Compensation

The committee seeks to provide competitive, performance-based compensation opportunities necessary to attract, motivate, and retain employees vital to our long-term financial success and creation of stockholder value. The committee believes this is best achieved through a combination of pay elements it refers to as total direct compensation, comprised of:

Base Salary. Base salaries provide a fixed level of compensation that helps attract and retain executives. Adjustments to base salary levels recognize an executive officer's experience, skill and performance and are made after consideration of market pay levels.

Performance-Based Annual Incentives. Annual incentives reward our management for delivering strong returns to investors, maintaining an efficient investment platform and meeting individual goals and objectives. The committee made changes to this program during the course of the year which are discussed further below. Presently, we provide annual incentive opportunities through two vehicles:

Annual Incentive Plan	80% of award is determined based on our performance relative to peers.
	20% of award is determined based on achievement of individual objectives which align with our strategic priorities.
Dividend Equivalent Rights (DERs)	Common dividends declared by us for the benefit of our investors determine the award value; as a REIT we are required to distribute virtually all of our taxable income to stockholders as dividends; this structure supports a key absolute return performance metric because it delivers incentives in direct proportion to the dividends provided to investors.

Performance-Based Long-Term Incentives. Long-term incentives reward our management for sustaining strong performance over multiple years. As discussed further below, during 2013, the committee made changes to this program.

Table of Contents**EXECUTIVE COMPENSATION****2013 Base Salary**

NEOs did not receive any base salary adjustments in 2013. Historically, the committee has made decisions regarding base salaries of the NEOs after completion of the second quarter, with any adjustments effective for the second half of the year. In light of the committee's undertaking of the overall redesign of its compensation programs, the committee elected to defer any base salary actions until after it had completed its efforts. As a result, the NEOs did not receive base salary adjustments for 2013.

2013 Performance-Based Annual Incentives

We deliver annual incentives via two programs: an annual incentive plan and DERs.

The committee terminated the prior annual bonus program effective June 30, 2013. Consistent with prior years, amounts earned under this arrangement are reported as bonus compensation in our Summary Compensation Table.

Effective July 1, 2013, the committee implemented the revised 2013 annual incentive plan. Amounts earned under this arrangement are reported as non-equity incentive plan compensation in the Summary Compensation Table. The committee believes annual incentives are an important tool to motivate and reward management for delivering strong operational performance and achievement of strategic objectives.

For the first half of 2013 and in prior years, this goal was accomplished through an annual bonus program utilizing a performance-based formula to create a funding guideline and pool, which could be used to distribute awards to our NEOs and other employees. Notwithstanding the formulaic result, the committee retained complete discretion to: (i) determine the amount actually awarded; (ii) allocate any such amount among our NEOs and other employees, and (iii) determine the

form of any such awards (e.g. cash versus equity awards). For the first half of 2013, the annual bonus program was funded under the historical formula:

A minimum performance threshold set at the greater of (i) 10% or (ii) the average 10-year U.S. Treasury rate + 200 basis points.

Funding established as 10% of earnings above the minimum performance threshold, not to exceed 0.5% of average long-term investment capital. Prior to termination of this program effective June 30, 2013, the historical funding formula had generated an incentive pool of \$474,000 for distribution, of which the committee distributed \$299,000 to the NEOs subsequent to the end of the year as follows:

Executive	First Half 2013 Annual Bonus Payout
Andrew F. Jacobs	\$ 113,604
Phillip A. Reinsch	63,113
Robert R. Spears, Jr.	79,680

Michael W. Brown

42,602

During 2013, the committee modified its approach to annual incentives by adopting the revised 2013 annual incentive plan, which became effective July 1, 2013. Under the revised 2013 annual incentive plan:

Each NEO had a target opportunity equal to 125% of his base salary, with a maximum total opportunity of 170% of his target opportunity. For 2013, award opportunities were pro-rated to reflect the fact that the revised 2013 annual incentive plan was effective for only the second half of 2013.

80% of the award opportunity was earned based on our performance relative to our peers as specified below. Consistent with the committee's perspective on its peers, relative economic return performance was evaluated separately against both our Agency REIT peers and our mortgage REIT peers.

20% of the award opportunity was earned based on an assessment of the performance of each NEO relative to individual objectives established by the committee.

EXECUTIVE COMPENSATION

Following the end of 2013, the committee assessed our performance under each of the above criteria, with results as follows:

Relative Economic Return Agency REIT Peers. Our economic return, measured as the change in book value per share plus the value of dividends declared, was the highest among the Agency REIT peers, as illustrated in the chart below. Accordingly, NEOs earned the maximum 200% payout for this portion of the award.

Relative Economic Return Mortgage REIT Peers. Our economic return, measured as the change in book value per share plus the value of dividends declared, was positioned at the 73rd percentile relative to the mortgage REIT peers, as illustrated in the chart below. As a result, NEOs earned 165% of their target payout opportunity for this portion of the award.

Capstead 2014 Proxy Statement 6 23

Table of Contents**EXECUTIVE COMPENSATION**

Relative Operating Efficiency Mortgage REIT Peers. The ratio of our total general and administrative costs to our average long-term investment capital, which we refer to as our operating efficiency ratio, was lowest among the mortgage REIT peers, as illustrated in the chart below. Accordingly, NEOs earned the maximum 150% payout for this portion of the award.

Individual Objectives. Our NEOs were able to substantially satisfy stated individual goals and objectives, including successfully restructuring our preferred capital through the redemption of existing preferred stock with the proceeds from the issuance of new preferred stock at more attractive market rates, took advantage of relatively sharp increases in longer-term interest rates to replace portfolio run-off at attractive levels without selling any Agency mortgage securities, continued to pursue opportunities to enhance liquidity and maintained strong relationships with investment banking firms, banks, analysts and other market participants. As a result of the strong individual performances of each NEO, each participant earned 100% of his target payout opportunity for this portion of the award. Total payout under the revised 2013 annual incentive plan for July through December of 2013 was as follows:

	Second Half 2013 Annual
Executive	Incentive Payout
Andrew F. Jacobs	\$ 733,500
Phillip A. Reinsch	407,500
Robert R. Spears, Jr.	514,469
Michael W. Brown	275,062

DERs awarded by the committee in prior years remain an important vehicle through which the NEOs are rewarded for delivering returns to stockholders. As a REIT we are required to pay out 90% of our taxable income to stockholders in the form of dividends. DERs represent notional rights, which entitle the holder to cash payments equal to the per share dividend amounts declared on our shares of common stock, thus linking a significant portion of our NEOs' compensation to our performance.

The table below provides information on the total number of DERs held by each of our NEOs throughout 2013 and the total amount of dividend equivalents earned. No additional DERs were awarded in 2013. All outstanding DERs expire in 2015.

Executive	Number of Dividend	Dividend Equivalents
	Equivalent Rights	Earned During 2013
Andrew F. Jacobs	220,000	\$ 272,800
Phillip A. Reinsch	142,000	176,080
Robert R. Spears, Jr.	202,000	250,480
Michael W. Brown	90,000	111,600

The value of dividend equivalents earned by our NEOs during 2013 was 11% lower than the value earned during 2012, which was directly attributable to lower 2013 dividends in comparison to the prior year.

2013 Performance-Based Long-Term Incentives

During 2013, the committee implemented a new performance-based long-term incentive plan.

All long-term incentives awarded in 2013 were in the form of equity-based performance units and are subject to performance conditions, providing strong alignment with stockholders' interests.

Awards are earned based on several measures of both absolute and relative performance over a prospective, three-year performance period from January 1, 2014 through December 31, 2016.

The committee believes our NEOs should have an ongoing stake in the long-term success of our business and should have a meaningful portion of their total compensation paid in the form of performance-based equity awards. Accordingly, in 2013 performance-based equity awards represent more than 35% of our NEOs' target compensation opportunity.

Under the new program adopted by the committee in 2013, all awards are in the form of performance units, which are convertible into shares of our common stock following a three-year performance period, with the amount of the award dependent upon the achievement of the following performance conditions:

2013 Long-Term Incentive Award Performance Metrics

Performance Metric (Weighting)	Peer Group	Threshold	Target	Maximum
Relative Economic Return (30%)	Agency	Goal: 40th Percentile	Goal: 60th Percentile	Goal: 80th Percentile

		Payout: 50%	Payout: 100%	Payout: 200%

Actual performance and payouts will be interpolated between threshold and maximum performance levels if necessary.

In December 2013, each of the NEOs received an award with a target opportunity value equal to approximately 150% of such officer's base salary effective January 1, 2014, with a maximum payout equal to 200% of the target opportunity. At the end of the performance period, each executive will be entitled to receive all dividends and any other distributions declared from the grant date through the end of the performance period with respect to the number of shares earned, if any. No dividends will be paid on shares that are not earned subject to the performance conditions specified above.

Executive	Target Number of Performance Units	Grant Date Fair Value of Performance Units*
Andrew F. Jacobs	91,167	\$ 1,135,029
Phillip A. Reinsch	51,054	635,622
Robert R. Spears, Jr.	63,817	794,522
Michael W. Brown	36,467	454,014

* Based on grant date fair value assigned for accounting purposes of \$12.45 per unit.

In addition, effective for equity awards granted beginning in December 2013, equity awards contain double trigger vesting provisions that provide for accelerated vesting only if there has been (i) a change in control and (ii) an involuntary termination without cause or a voluntary resignation for good reason occurs within two years following the change in control, unless otherwise specifically determined by the committee.

Our NEOs participate in our other benefit programs including basic life insurance, accidental death and dismemberment insurance, long-term disability insurance, long-term care insurance, a charitable gift matching program, and a qualified defined contribution retirement plan, or 401(k) plan, each on the same terms offered to other employees.

In addition, we offer the following benefits to our NEOs:

We have a nonqualified deferred compensation plan for our NEOs and any other employees whose eligible compensation exceeds the maximum amount of compensation which may be considered for purposes of determining contributions to our tax-qualified plan pursuant to Internal Revenue Code Section 401(a)(17) (\$255,000 in 2013). The plan extends the general matching provisions of the 401(k) plan to base salary and annual incentive compensation amounts, excluding DERs, in excess of \$255,000. The aggregate cost to us of this benefit to our NEOs was \$143,822 in 2013.

We have agreements with our NEOs and certain other employees which provide severance payments in the event they are terminated for any reason, including death or disability, other than those reasons described in the Potential Payments Upon Termination or Change-in-Control table of this proxy statement. These agreements were entered into in December 1999 with each person employed by us at that time and, following his appointment as CEO, we entered into an amended agreement with Mr. Jacobs in February 2004. Any payment under any of these agreements will be limited as follows: three times base salary for Mr. Jacobs, two times base salary for Messrs. Reinsch and Spears and one and one-half times base salary for Mr. Brown. Severance payments are not entitled to any tax gross-up.

Decisions Affecting Compensation for 2014

The committee approved base salary adjustments for each of the NEOs, effective January 1, 2014.

Based on continued dialogue with our investors, the committee has adopted further modifications to the annual incentive plan effective January 2014 to incorporate an absolute return performance metric.

In December 2013, the committee approved base salary increases for the NEOs set forth below, which became effective January 1, 2014:

Executive	2013 Base Salary	2014 Base Salary	Change in Base Salary
Andrew F. Jacobs	\$ 720,000	\$ 750,000	4.2%
Phillip A. Reinsch	400,000	420,000	5.0
Robert R. Spears, Jr.	505,000	525,000	4.0
Michael W. Brown	270,000	300,000	11.1

Following further dialogue with stockholders in late 2013, the committee adopted the 2014 annual incentive plan. The 2014 annual incentive plan is similar to the revised 2013 annual incentive plan in most respects, with slight reductions made to the weightings applied to relative economic return and relative operating efficiency (both measured relative to the mortgage REIT peers) and individual objectives. These reduced weightings allowed for the addition of an absolute economic return metric, weighted 15% in the determination of individual awards. The introduction of the absolute economic return metric in 2014 was a direct result of input from certain of our large institutional stockholders.

Other Compensation Policies and Practices

Stock Ownership Guidelines. To assist with the alignment of the interests of NEOs and stockholders, we have adopted stock ownership guidelines requiring that our NEOs maintain a minimum ownership interest in Capstead, as a percentage of their base salary. The stock ownership requirements are as follows:

Covered Party	Ownership	Effective
	Policy	Ownership
	Threshold	Ownership
	(as % of	(as % of
	base salary)	base salary)
CEO	500%	517%
Director of Residential Mortgage	400	694
CFO	300	681
Other Named Executive Officer	300	327

Effective common stock ownership considered for purposes of measuring an NEO's ownership threshold differs from the amount reported for our NEOs on SEC Form 4 filings because the threshold calculation adopted by our board includes only owned and unpledged shares, while excluding all of our NEOs unvested performance-based stock awards as well as any pledged shares.

Pledging. In January 2013, our board adopted a policy limiting the shares pledged by our NEOs to not more than 50% of all shares owned by such executive. In January 2014, the board added an additional restriction to the pledging policy further limiting the number of shares of our stock pledged by our NEOs to less than 50% of the average daily trading volume of our common stock for the most recent calendar year. For purposes of measuring compliance with our stock ownership guidelines, any shares pledged by an executive officer and any shares that remain subject to vesting requirements are excluded from such NEOs' ownership calculation. Any executive officer not meeting the minimum ownership threshold is required to retain all shares received from any future bonus paid in shares, vesting of stock awards or exercise of stock options, except that the executive officer may surrender shares to satisfy tax withholding requirements or the share equivalent for the aggregate strike price for an option exercise.

Derivatives Trading and Hedging. In December 2010, the board adopted a policy restricting all employees from entering into transactions to hedge or offset any change in the market value of our common stock. In February 2011, the board extended this policy to also apply to all directors.

Clawback Policy. In December 2010, the committee adopted a policy related to the forfeiture of certain incentive compensation amounts if we are required to prepare and file accounting restatements of certain financial documents. Specifically, the policy requires all NEOs to reimburse us for any annual incentive- or equity-based compensation received in the 12-month period following the first public issuance or filing with the SEC of any financial document subject to restatement if:

The amount of the annual incentive- or equity-based compensation was calculated based upon the achievement of certain financial results that were the subject of the restatement;

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

The NEO engaged in intentional misconduct that caused or partially caused the need for the restatement; and

The amount of the incentive compensation that would have been awarded to the NEO if the financial results had been properly reported would have been lower than the amount actually awarded.

Tax Considerations. Internal Revenue Code Section 162(m) generally precludes a publicly-held corporation from a federal income tax deduction for annual compensation in excess of \$1 million paid individually to the principal executive officer or any of the three other most highly compensated executive officers who do not hold the title of principal executive officer or principal financial officer. Exceptions are made for, among other things, qualified performance-based compensation. Qualified performance-based compensation means compensation paid solely upon attaining objective performance goals for each individual, provided that (i) performance goals are determined by a committee consisting solely of two or more outside directors, (ii) material terms of the performance-based compensation programs and performance goals are disclosed to and approved by stockholders at least every five years, and (iii) the committee certifies that the performance goals were attained and other material terms were satisfied prior to any payment. While the committee designs certain components of executive compensation to preserve income tax deductibility, it believes that it is not in the stockholders' interest to restrict the committee's discretion and flexibility in developing appropriate compensation programs and establishing compensation levels. Consequently, the committee may approve compensation that is not fully deductible.

(a) Bonus amounts represent annual incentive compensation awards earned through June 30, 2013 that were based on a participation in our earnings in excess of a pre-established performance threshold, subject to a maximum amount, or cap, set at 50 basis points of average long-term investment capital. Under this prior annual bonus program our compensation committee retained discretion over the aggregate and individual bonuses awarded to our executives as well as the form of payment. The committee replaced this program with a nondiscretionary and formulaic target-based plan for our named executive officers with multiple pre-established performance goals and defined threshold, target and maximum cash awards based on percentages of base salary. Referred to as our revised 2013 annual incentive plan, current year awards under this new plan are included under the heading Non-Equity Incentive Plan Compensation, (see (c) below).

Subsequent to the end of the year, \$299,000 of \$474,000 accrued through June 30, 2013 under the prior program was awarded to our named executive officers in cash. In 2012 and 2011 the committee used its discretion regarding the form of payment from the prior program and paid 50% of awards in cash and the remainder in shares of fully vested common stock (see (b) below) and accordingly, the amounts presented represent only the cash awards.

(b) Amounts include the grant date fair value of performance-based units awarded in 2013, performance-based shares awarded in 2012 and 2011, as well as fully-vested common shares awarded in settlement of earned annual incentives under our program in effect for 2012 and 2011. Such amounts were as

The 2013 awards consist of performance-based units granted pursuant to our new long-term incentive plan. The number of units awarded was based on 150% of each executive's 2014 base salary divided by the closing common stock price on December 18, 2013 of \$12.34. The units include specific metrics against which our performance is to be measured, including relative economic return, absolute economic return and relative total stockholder return and are potentially convertible into shares of our common stock following a three-year performance period that begins January 1, 2014 and ends December 31, 2016. The number of shares of our common stock into which the units are convertible is dependent on satisfaction of the performance metrics during the performance period, calculated independently for each metric. Because the 2013 awards are subject to these performance conditions, the grant date fair value was based on management's estimate of the probable outcome for each nonmarket-based performance metric and a Monte Carlo simulation was used to value the relative total stockholder return.

performance metric. Assuming we meet or exceed maximum performance levels for all of the performance metrics, in which case the units will convert into shares of common stock equal to twice the number of units granted, Messrs. Jacobs, Reinsch, Spears and Brown would receive common shares worth \$2,250,000, \$1,260,000, \$1,575,000, \$900,000, respectively, based on the \$12.34 grant date closing common stock price.

Provided the units are ultimately converted into shares of our common stock, our executives will be entitled to receive all dividends and any other distributions declared from the date of grant with respect to such shares, as if these shares had been issued on the date of grant. If units expire without converting into any shares, no distribution of accrued dividends or other distributions will be made.

In 2012 and 2011 the grant date fair value of performance-based stock awards represented approximately two-thirds of each executive's then base salary, with the actual number of shares granted determined by dividing base salary by the closing common stock price on the date of grant. The closing common stock prices used to determine the number of performance-based stock awards on December 13, 2012 and December 15, 2011 were \$11.67 and \$ 12.72, respectively.

In 2012 and 2011 our compensation committee used its discretion regarding the form of payment from the prior annual bonus program and paid 50% of the amounts awarded to our named executive officers in fully-vested shares of our common stock. The actual number of our shares awarded was determined by dividing the amount to be paid in fully-vested shares by the closing common stock price on the date of grant. The 2012 award was granted on December 31, 2012 at the closing price of \$11.47 and the 2011 award was granted on January 3, 2012 at the closing price of \$12.60.

Dividend equivalent rights represent notional phantom common shares, which entitle the holder to cash payments equal to the per share dividend amounts declared on our common shares. No dividend equivalent rights were awarded during 2013. The number of dividend equivalent rights outstanding at December 31, 2013 were as follows: 220,000 for Mr. Jacobs, 142,000 for Mr. Reinsch, 202,000 for Mr. Spears and 90,000 for Mr. Brown. All outstanding dividend equivalent rights expire July 1, 2015 unless extended by our compensation committee. In prior years proxy statements, the amounts earned related to dividend equivalent rights were reported as salary but are more accurately included as non-equity incentive compensation because the amount earned is based directly on the dividends paid to our stockholders. Accordingly, dividend equivalent rights earned in each of the years shown are included in

non-equity incentive plan compensation, notwithstanding the presentation in prior years proxy statements.

Under the revised 2013 annual incentive plan each named executive officer had a target opportunity equal to 125% of his base salary pro-rated for the second half of 2013, with a maximum total opportunity of 170% of his target opportunity. Incentive compensation awarded pursuant to the revised 2013 annual incentive plan totaled \$1,930,531.

(a) Award amounts are equal to the number of performance-based units issued on December 18, 2013 pursuant to our new long-term incentive plan. The target number of units awarded was based on 150% of each named executive officer's 2014 base salary divided by the closing common stock price on December 18, 2013 of \$12.34. The units include specific metrics against which our performance is to be measured, including relative economic return, absolute economic return and relative total stockholder return and are potentially convertible into shares of our common stock following a three-year performance period that begins January 1, 2014 and ends December 31, 2016. The number of shares of our common stock into which the units are convertible is dependent on satisfaction of the performance metrics during the performance period, calculated independently for each performance metric. Because the 2013 awards are subject to these performance conditions, the grant date fair value was based on management's estimate of the probable outcome for each nonmarket-based performance metric and a Monte Carlo simulation was used to value the relative total stockholder return performance metric.

If we meet the Target performance levels for all of the performance metrics, the units will convert into shares of common stock equal to the number of units granted. If we meet or exceed the Maximum performance levels for all of the performance metrics, the units will convert into shares of common stock equal to twice the number of units granted. Conversely, if we only meet the minimum Threshold performance levels for all of the performance metrics, the units will convert into shares of common stock equal to one-half the number of units granted, and below these minimum threshold performance levels, the units will expire without converting into any shares of common stock. The actual shares issued will be based on straight-line interpolations between the indicated performance levels established separately for each performance metric, as necessary. Any such shares into which the units are convertible will be issued following the end of the three-year performance period. Our executives are entitled to receive all dividends and any other distributions declared from the date of grant with respect to the shares of our common stock into which the units are ultimately converted, if any, as if such shares had been issued on the date of grant. If units expire without converting into any shares, no distribution of accrued dividends or other distributions will be made.

(b) The compensation committee terminated the prior discretionary annual bonus program effective June 30, 2013, replacing it with a nondiscretionary and formulaic, target-based plan with multiple pre-established performance goals and defined threshold, target and maximum awards as a percentage of base salary. The Target Award Amount was based on 125% of each executive's 2013 base salary pro-rated for the second half of 2013. The specific metrics against which our performance was measured include relative economic returns against our Agency REIT and mortgage REIT peers (40% and 20% of the Target Award Amount, respectively) and relative operating efficiency (20% of the Target Award Amount), as well as individual performance objectives (20% of the Target Award Amount). For presentation purposes, it is assumed that the full award amount for achieving individual goals and objectives is earned under each of the performance levels. Incentive compensation awarded under this program for 2013 totaled \$1,930,531, with individual amounts as follows: \$733,500 to Mr. Jacobs, \$407,500 to Mr. Reinsch, \$514,469 to Mr. Spears and \$275,062 to Mr. Brown.

EXECUTIVE COMPENSATION

Narrative Disclosure to Nonqualified Deferred Compensation Table

Our nonqualified deferred compensation plan is designed to allow employees, regardless of pay, the opportunity to achieve the same retirement income as a percentage of their base salaries and incentive compensation as is available to all employees having the same tenure. Because Internal Revenue Code Section 401(a)(17) limits the amount of compensation able to be considered to determine contributions for our tax-qualified 401(k) plan, we have established a nonqualified deferred compensation plan to allow our executive officers to contribute beyond this amount (\$255,000 for 2013) in order to afford these employees the comparable benefit provided to other employees. The compensation committee administers the plan.

Participants in the plan may elect to defer up to 60% of base salary and 100% of any bonus into a deferral account. We will contribute into each participant's deferral account a matching amount equal to 50% of the participant's voluntary contribution of up to a maximum of 6% of the participant's compensation that exceeds the maximum compensation able to be considered for tax-qualified plans, as discussed above. We may also, but are not required to, credit to deferral accounts a supplemental matching contribution of 3% of the participant's compensation, but only on up to a maximum of 6% of the participant's compensation that exceeds the maximum compensation able to be considered for tax-qualified plans,

as discussed above. Vesting in the amounts contributed by us into the deferral account is determined on the same service-based vesting schedule used in our 401(k) plan, which provides for annual vesting ratably over a participant's initial five years of service. All current participants are 100% vested. Participant deferral accounts are considered a part of our general assets and participants are considered unsecured creditors.

Participants may designate the manner in which deferral accounts are invested solely among options designated by us for this purpose, currently in publicly-traded mutual funds. Participants may change their investment designations among the offered mutual funds at any time upon proper notice to the plan administrator. We may change the deemed investment options at any time, but in no event will the deemed investment options made available to participants consist of our common stock. Absent a previously established distribution schedule or unforeseeable emergency, no distributions will be made to a participant until retirement or an earlier termination of service. Distributions at retirement or termination of service are made in the form of a single lump sum payment except for any compensation for which a special distribution schedule has been established, which may provide for installments over a period of time not greater than five years.

(a) In December 1999 we entered into a severance payment agreement with each person employed by us at that time, and in 2004 we entered into an amended severance payment agreement with Mr. Jacobs (together, the covered employees). Pursuant to these agreements, in the event a covered employee's employment with us is terminated by us for any reason other than those described below, that covered employee will receive a lump sum severance payment determined as follows: three times base salary for the CEO; two times base salary for Executive Vice Presidents; one and one-half times base salary for Senior Vice Presidents and Vice Presidents; and one times base salary for Assistant Vice Presidents and all other employees. A covered employee will not be entitled to a severance payment under the severance payment agreement if (i) the covered employee voluntarily terminates his or her employment, other than because of a reduction in that covered employee's base salary or officer grade, or a relocation of that covered employee which requires travel from his or her primary residence to such new location of an additional 50 or more miles each way; (ii) the covered employee fails to return to work following an approved leave of absence or (iii) we terminate the covered employee for cause.

(b) Amount represents the vested account balance of each executive as shown in the Aggregate Balance at Last Fiscal Year-End column of the Nonqualified Deferred Compensation table on page 33. The amounts are shown as a single lump sum payment regardless of whether an election to receive such payments over time has been made.

(c) Amount represents the year-end market value of nonvested stock awards and related deferred dividends, assuming the maximum amount of nonvested shares will vest. These awards and rights to receive deferred dividends will expire in the event an executive leaves us for any reason, including termination by reason of voluntary or involuntary discharge, disability or retirement or the executive reduces his scheduled work hours per week (subject to management's discretion), except in the event of a change-in-control, dissolution or liquidation of Capstead, or death of the executive. In the event of a change-in-control, these awards will automatically vest in full, including rights to receive deferred dividends. In the event of a dissolution or liquidation, nonvested

service-based stock awards will automatically vest in full. Nonvested performance-based stock awards will expire, including rights to receive deferred dividends. In the event of death, service-based stock awards will automatically vest in full and a pro rata portion of the performance-based stock awards will vest only after related performance criteria are met.

- (d) *Amount represents the year-end market value of outstanding performance-based units, including deferred dividends, assuming related Target performance levels as set out in each award are achieved. Performance units, including the right to related deferred dividends, expire in the event an executive leaves us for any reason, including termination by reason of voluntary or involuntary discharge, disability or retirement or the executive reduces his scheduled work hours per week (subject to management's discretion), except in the event of a change-in-control, dissolution or liquidation of Capstead, or death. If there is a change-in-control during the performance period and the executive's employment is terminated at any time within 24 months of the change-in-control without cause or by the individual with good reason, the related targeted performance levels shall be deemed to have been met and each unit will be converted into one share of common stock and related deferred dividends will be paid. In such an event, the conversion date shall be the date of the occurrence of the change-in-control. Good Reason shall include (i) a reduction in the executive's base salary; (ii) a material diminution in the executive's duties and job responsibilities; or (iii) a significant relocation of our executive offices. In the event of the dissolution or liquidation of the Company, outstanding units, including the right to related deferred dividends, will automatically be forfeited. In the event of death prior to the end of a performance period, the units will convert into the same number of shares of common stock with related deferred dividends that would have otherwise been applicable for the performance period multiplied by a fraction, the numerator of which is the number of years during the related performance period in which the executive was alive for any portion of such year and the denominator of which is three.*

AUDIT COMMITTEE

AUDIT COMMITTEE

Our audit committee is governed by a written charter adopted by our board that can be found on our website at www.capstead.com by clicking Investor Relations, Accept and Committee Charters. The committee is composed of three independent directors, each of whom has been determined by our board to be financially literate and independent in accordance with the NYSE Listed Company

Manual and our Board of Directors Guidelines. Neither our charter nor this report shall be deemed to be soliciting material or to be filed with the SEC under the Securities Act of 1933 or the Securities Exchange Act of 1934 or incorporated by reference in any document so filed. The following is the committee's report regarding the execution of its responsibilities during 2013.

AUDIT COMMITTEE REPORT

The role of our audit committee is to assist our board in its oversight of the quality and integrity of our accounting, auditing and financial reporting practices and the independence and performance of Ernst & Young LLP, our independent registered public accounting firm. As set forth in our charter, the committee's job is one of oversight. Our management is responsible for the preparation, presentation and integrity of our consolidated financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and practices and internal controls and procedures designated to assure compliance with accounting standards and applicable laws and regulations. Ernst & Young LLP is responsible for performing an independent audit of our consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, as well as expressing an opinion on our internal control over financial reporting. In addition, Ernst & Young LLP is responsible for reviewing our quarterly financial statements prior to the filing of each quarterly report on Form 10-Q and discussing with us any issues they believe should be raised with the committee.

We met with Ernst & Young LLP to review and discuss the overall scope and plans for the audit of our consolidated financial statements and its internal control over financial reporting for the year ended December 31, 2013. We reviewed and discussed with management and Ernst & Young LLP (both alone and with management present) our audited consolidated financial statements and the overall quality of our financial reporting. We also reviewed the report of management contained in our annual report on Form 10-K for the fiscal year ended December 31, 2013, as well as Ernst & Young LLP's Reports of Independent Registered Public Accounting Firm included therein related to its audit.

In addition, we discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (as adopted by the Public Company Accounting Oversight Board in Rule 3200T), and Ernst & Young LLP has provided us with the written

disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with us concerning independence. We discussed with Ernst & Young LLP their independence and have concluded they are independent from us.

The members of the committee are not currently professionally engaged in the practice of auditing or accounting and as such, cannot be considered experts in the field of auditing or accounting, including with respect to auditor independence. Members of the committee rely, without independent verification, on the information provided to them and on the representations made by management and Ernst & Young LLP. Accordingly, our activities do not provide an independent basis to determine that management has maintained appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions referred to above do not assure that (i) the audit of our consolidated financial statements has been carried out in accordance with generally accepted auditing standards, (ii) our consolidated financial statements are presented in accordance with generally accepted accounting principles or (iii) Ernst & Young LLP is in fact independent.

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Based upon our receipt and review of the various materials and assurances described above and our discussions with management and Ernst & Young LLP, and subject to the limitations on the role and responsibilities of the committee referred to above and in the charter, we recommended to our board that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013, to be filed with the SEC.

PROPOSAL TWO ADVISORY VOTE ON EXECUTIVE COMPENSATION

PROPOSAL TWO ADVISORY VOTE ON EXECUTIVE COMPENSATION

In the Compensation Discussion and Analysis section of this Proxy Statement we state that our compensation philosophy is to provide competitive, performance-based compensation programs to attract, motivate and retain employees vital to our long-term financial success and creation of stockholder value. Accordingly, we emphasize a strong pay-for-performance alignment in the design of our compensation programs by linking key compensation elements directly to our absolute and relative performance. We believe this is reinforced by policies requiring our named executive officers to own a meaningful amount of our common stock. Accordingly, a significant portion of compensation paid to our named executive officers is in the form of shares of common stock, which together with share ownership requirements, provides a significant alignment of interest with our stockholders.

In 2013, approximately 68% of the votes cast supported the compensation paid or awarded to our named executive officers in 2012. This level of support fell below our expectations. In response, the compensation committee conducted an extensive review of our compensation programs and practices, solicited feedback from investors, and made a number of important changes in 2013 and early 2014. As part of this process, the committee reached out to many of our largest stockholders to engage in a dialogue about our executive compensation program and practices. The committee chairman and other members of the committee participated in discussions with stockholders representing over 30% of our outstanding common stock, soliciting feedback on our current programs as well as changes under consideration. Through this process, the committee determined that the investment community supported our changes made in 2013 and other changes under consideration and viewed them as improvements to our compensation programs.

Key changes include:

Terminating our former discretionary annual bonus program effective June 30, 2013, replacing it with a nondiscretionary and formulaic, target-based plan referred to as the revised 2013 annual incentive plan, with multiple, pre-established performance goals and defined threshold, target and maximum awards as a percentage of base salary;

Expanding our peer group to provide a broader representation of the mortgage REIT industry (i.e., agency, non-agency, hybrid and selected other mortgage REITs), collectively referred to as our mortgage REIT peers;

Implementing a new performance-based plan to incorporate multiple, pre-established performance goals measuring both absolute and relative performance, and defined threshold, target and maximum awards as a percentage of base salary;
Adjusting our NEOs' pay mix to place greater emphasis on long-term (versus short-term) performance;

Adding double-trigger vesting provisions to new grants of equity awards;

Modifying our pledging policy to further limit the number of shares pledged to no more than 50% of our average daily trading volume;

Adopting the 2014 annual incentive plan to further incorporate additional short-term incentive plan metrics important to our stockholders;

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Expanding the committee membership, helping to bring new perspectives and a fresh look to our compensation arrangements; and

Eliminating any participation of the CEO in making recommendations as to his own compensation.

Section 14-A of the Securities Exchange Act of 1934 requires that we submit to our stockholders an advisory resolution to approve the compensation of our named executive officers at least once every three years (sometimes referred to as say-on-pay). Following the recommendation of our stockholders, our board has chosen to hold this vote every year and accordingly submits the following non-binding advisory resolution on executive compensation. This advisory vote allows you to express your opinion regarding the decisions of the compensation committee with respect to executive compensation. Your opinion will serve as a tool to guide the committee in continuing to improve the alignment of our executive compensation programs with the interests of our stockholders.

The Board unanimously recommends that our stockholders indicate their support of our executive compensation by voting FOR the following non-binding resolution:

RESOLVED, that stockholders approve, on an advisory basis, the compensation of our executive officers in 2013, as such compensation is disclosed pursuant to the compensation rules of the SEC, included in the Compensation Discussion and Analysis of this proxy statement, accompanying compensation tables and the other narrative executive compensation disclosures required by such rules (proposal 2).

Because your vote is advisory in nature, it will not have any effect on compensation already paid or awarded to any of our executive officers and will not be binding on our compensation committee or our board. However, the committee will take into account the outcome of the vote when considering future executive compensation decisions.

PROPOSAL THREE APPROVAL OF THE 2014 FLEXIBLE INCENTIVE PLAN

PROPOSAL THREE APPROVAL OF THE 2014 FLEXIBLE INCENTIVE PLAN

Our stockholders are being asked to consider and vote on a proposal to approve the 2014 Flexible Incentive Plan. The 2014 Flexible Incentive Plan is intended to replace the 2004 Long-Term Incentive Plan, as amended, for all awards effective on and after May 28, 2014, provided the 2014 Flexible Incentive Plan is approved by our stockholders at this meeting. The 2004 Long-Term Incentive Plan will remain in effect with respect to Awards made under the 2004 Long-Term Incentive Plan prior to May 28, 2014.

The 2014 Flexible Incentive Plan was adopted by our board on January 29, 2014, subject to the approval of our

stockholders. Approval of the 2014 Flexible Incentive Plan requires the affirmative vote of a majority of our common shares represented in person or by proxy at the annual meeting. If the stockholders approve the 2014 Flexible Incentive Plan, it will be effective as of May 28, 2014. A copy of the 2014 Flexible Incentive Plan is attached to this proxy statement as Appendix A. The description of the 2014 Flexible Incentive Plan contained herein is not intended to be complete and is qualified in its entirety by reference to Appendix A, which contains the complete text of the 2014 Flexible Incentive Plan.

Description of the 2014 Flexible Incentive Plan

Purpose

The purpose of the 2014 Flexible Incentive Plan is to attract, motivate, reward and retain key officers, employees and directors and to encourage the holding of proprietary interests in Capstead through the issuance of performance-based stock incentives and other equity interests and other incentive awards that recognize the creation of value for our stockholders and promote our long-term growth and success. To achieve this purpose, eligible persons may receive stock options, stock appreciation rights, restricted stock, performance awards, dividend equivalent rights and any other awards, or any combination thereof.

An additional purpose of this plan is to serve as a qualified performance-based compensation program under Section 162(m) of the Internal Revenue Code of 1986, as amended, in order to maximize tax deductions for compensation paid under the plan to our employees. The plan is designed to address limitations on the deductibility of executive compensation under Section 162(m). Section 162(m) limits the deductibility of certain compensation in excess of \$1 million per year paid by a publicly-traded corporation to the following individuals who are employed as of the end of a corporation's tax year: the CEO and the three other most highly compensated officers, who do not hold the title of principal financial officer. However, compensation that qualifies as performance-based compensation, as defined, is exempt from the \$1 million deductibility limitation. In order for compensation granted pursuant to the plan to qualify for this exemption, among other things, the material terms under which the compensation is to be paid must be disclosed to and approved by our stockholders every five years in a separate vote prior to payment, and the compensation must be paid solely on account of the attainment of pre-established, objective performance goals.

Persons Eligible to Participate

Except with respect to awards of incentive stock options, all of our officers, employees and directors are eligible to participate in the plan. Incentive stock options may be awarded only to our employees. As of March 28, 2014, we had 14 total employees and 7 non-employee

directors, all of whom are eligible to participate in the plan.

Administration

The compensation committee of which each member is an outside director within the meaning of Section 162(m), will administer and interpret the plan and may make such rules and regulations and establish such procedures for the administration of the plan as it deems appropriate within the parameters of Section 162(m) and the regulations declared thereunder. The committee has broad powers under the plan to, among other things, (i) administer and interpret the plan, (ii) establish guidelines for the plan's operation, (iii) select persons to whom awards are to be made, (iv) determine the types, sizes and combinations of awards to be granted, and (v) determine other terms and conditions of an award. In addition, except as set forth in the Amendments and Termination of the Plan section below, the committee also has the power to modify or waive restrictions or limitations on the exercisability of awards and to accelerate and extend existing awards. While the plan is designed to address limitations on the deductibility of our executives' compensation, the legitimate interests of us and our stockholders may at times be better served by compensation arrangements that are not tax deductible. Accordingly, the committee retains the discretion to provide compensation that may not be tax deductible if it deems it appropriate to recognize and reward performance. Although it is the intention of the committee to operate within the limitations of the plan, we will award annual incentives to our employees if, and only if, the performance goals established by the committee are met.

PROPOSAL THREE APPROVAL OF THE 2014 FLEXIBLE INCENTIVE PLAN

Available Shares

The aggregate number of shares of our common stock which may be issued under the plan (or with respect to which awards may be granted) cannot exceed 5,000,000 shares, unless the amount shall be increased or decreased by reasons of changes in our capitalization. Shares issued under the plan may be either authorized but unissued shares of our common stock or shares that have been reacquired by us. If the number of shares under any award is reduced for any reason, shares available for future awards under the plan will only be reduced by the net number of shares issued. Awards that may be satisfied either by the issuance of shares of our common stock or cash or other consideration will be counted against the maximum number of shares that may be issued under the plan, even though the award is ultimately satisfied by the payment of consideration other than shares.

Types of Awards

The plan provides for the grant of any or all of the following types of awards: (i) stock options, including incentive stock options and non-qualified stock options; (ii) stock appreciation rights; (iii) restricted stock awards; (iv) performance awards, either in the form of performance shares or performance units; (v) dividend equivalent rights; and (vi) other awards. Awards may be granted singly, in combination or in tandem, as determined by the committee. The specific amount of awards to be received by or allocated to our officers or any other participant under the plan is in the discretion of the committee and is therefore not determinable for future periods.

Stock Options The committee may grant awards in the form of options to purchase shares of our common stock. Options may be in the form of incentive stock options or non-qualified stock options. The committee will, with regard to each stock option, determine (i) the number of shares of common stock subject to the option, (ii) the term of the option (which shall not exceed ten years), (iii) the exercise price per share of common stock subject to the option (which shall not be less than 100% of the fair market value of shares of our common stock on the effective date of the grant), (iv) the vesting schedule (if any), and (v) the other material terms of the option. In addition, each incentive stock option must satisfy the other applicable requirements of Section 422 of the Code.

The exercise price for an option may be paid by a participant (i) in cash, (ii) in shares of our common stock owned by the participant if acquired more than six months prior to exercise, (iii) by a combination of cash and shares of our common stock, (iv) by arrangement with a broker acceptable to the committee, or (v) at the committee's discretion, by a reduction in the number of shares of our common stock issuable upon the exercise of the options.

The maximum aggregate number of shares of our common stock with respect to which incentive stock options may be granted under the plan is 250,000 shares, and the maximum number of shares of our common stock with respect to which

stock options may be granted under the plan to any covered employee during any one calendar year is 250,000 shares.

The committee may require an optionee to meet certain conditions, such as continued employment or service on our board before an option vests and may be exercised. Options will automatically vest, however, (i) if an optionee ceases to be an officer, employee or director by reason of death of the optionee or (ii) in the event of both a *change in control* of Capstead and a concurrent or subsequent termination of the optionee's employment with us. In addition, options will vest at least 30 days prior to termination in connection with a dissolution or liquidation of Capstead or a reorganization that does not specifically provide for the unexercised options.

The term of an option shall be for such period as may be determined by the committee; provided, however, that no option shall be exercisable later than ten (10) years from its grant date. Unless otherwise provided by the committee, each option shall terminate (i) immediately if the optionee is discharged for cause or (ii) the earlier of six months or the remaining term of the option after termination if the optionee ceases to be an officer, employee or director due to death, disability, resignation or retirement; provided, however, that if the optionee dies within six months after termination, the representatives of the optionee shall have the right to exercise for up to an additional three months from the date of the optionee's death. An incentive stock option will not be exercisable after the expiration of the earlier of ten years from its grant date, three months from the termination of employment for any reason other than death or disability or one year from termination due to death or disability.

Stock Appreciation Rights The committee may grant stock appreciation rights either with a stock option or independent of a stock option. A stock appreciation right is a right to receive a payment either in cash or shares of our common stock, as the committee may determine, equal in value to the excess of the fair market value per share of our common stock on the date of exercise over the fair market value per share of our common stock on its grant date. The maximum number of shares of our common stock with respect to which stock appreciation rights may be

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

granted under the plan to any covered employee during any one calendar year is 500,000 shares.

Stock appreciation rights granted in connection with a stock option award (i) generally may be exercised only to the extent the related stock option is exercisable, (ii) expire upon the termination of the related stock option, (iii) may not exceed 100% of the difference between the exercise price of the related stock option and the market price of our common stock subject to the related stock option at the time of exercise and (iv) may be exercised only when the market price of our common stock exceeds the exercise price of the related stock option.

Table of Contents**PROPOSAL THREE APPROVAL OF THE 2014 FLEXIBLE INCENTIVE PLAN**

Stock appreciation rights granted independently of stock option awards will be exercisable subject to any terms and conditions determined by the committee. Such independent stock appreciation rights will be subject to acceleration of vesting and immediate termination in the same manner as stock options, as described above.

Restricted Stock Awards The committee may grant awards in the form of restricted common stock. These awards may be in such amounts and subject to such terms and conditions as the committee may determine, including, but not limited to, (i) the price (if any) to be paid by the recipient, (ii) the time or times within which such awards may be subject to forfeiture, (iii) the vesting schedule (which may be based on service, performance or other factors), and (iv) rights to acceleration of vesting (including whether non-vested shares are forfeited or vested upon termination of employment). In addition, the committee may determine what rights, if any, the person to whom a restricted stock award is made shall have in the restricted stock during the restriction period, such as the right to vote the shares of our common stock or receive dividends or other distributions applicable to the shares of our common stock.

Upon a change in control and a concurrent or subsequent termination of an award recipient's employment with us, and consistent with any further provisions specifically set forth in the award, all restrictions applicable to restricted stock will immediately terminate and shares of restricted stock held by such employee will vest immediately, except for restricted stock that is part of a performance award, which will vest as described under Performance Awards below.

Performance Awards The committee may grant either (i) performance shares or the right to receive shares of our common stock, restricted stock or cash of equivalent value or any combination thereof or (ii) performance units or the right to receive a fixed dollar amount payable in cash, shares of our common stock, restricted stock or any combination thereof. The grant or settlement of performance awards is contingent upon the attainment of certain performance goals as specified by the committee. In the case of any award granted to a covered employee, the performance goals will be objective and meet the requirements of Section 162(m). The value of any performance award that may be issued in any one year to any one of our employees who is a covered employee (as such term is defined in Section 162(m) generally the CEO and three other highest paid officers) shall not exceed \$3,000,000, and no such covered employee may be granted stock-denominated performance awards in any one calendar year with respect to more than 500,000 shares of our common stock.

The performance goals may differ among awards or participants. In establishing performance goals, the committee may use one or more of the following business criteria on a consolidated basis or for our specified subsidiaries, divisions or business or geographical units, measured over not less than one year and not more than five years: (i) earnings per

share; (ii) increase in revenues; (iii) increase in cash flow; (iv) increase in cash flow return; (v) return on net assets; (vi) economic return; (vii) return on assets; (viii) return on investment; (ix) return on capital; (x) return on equity; (xi) economic value added; (xii) gross margin; (xiii) net income; (xiv) pretax earnings; (xv) pretax earnings before interest, depreciation and amortization; (xvi) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (xvii) operating income; (xviii) total stockholder return; (xix) debt reduction; (xx) stock price; (xxi) reduction of expenses; (xxii) operating efficiency; and (xxiii) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the committee including, but not limited to, a market index or a group of comparable companies.

Subject to any further conditions established by the committee, performance awards will vest immediately following a change in control and a concurrent or subsequent termination of an award recipient's employment with us, with the performance period immediately ending and all performance goals being deemed to have been met.

Dividend Equivalent Rights The committee may grant dividend equivalent rights either as components of another award or as separate awards. In respect of any such award which is outstanding on a dividend record date for shares of our common stock, the relevant participant will be credited with an amount equal to the cash or stock dividends or other distributions that would have been received had the shares of our common stock covered by such award been issued and outstanding on such dividend record date or such other amounts as the committee may determine. The rules and procedures governing the crediting of dividend equivalent rights, including the timing, form of payment and payment contingencies thereof, will be established by the committee. Dividend equivalent rights may be settled in cash, shares of our common stock or a combination of both.

Other Stock-Based Awards The committee may also grant other awards based upon, payable in or otherwise related to, in whole or in part, shares of our common stock or cash. The terms and conditions of any such awards will be determined by the committee, including, but not limited to, the price, if any, the vesting schedule, if any, and time of payment. Such awards may be granted for no cash consideration, for such minimum cash consideration as may be required by applicable law or for such other consideration as may be determined by the committee.

Adjustments Upon Changes in Capitalization or Reorganization

The type or number of shares of our common stock plan subject to an award and/or the exercise or purchase price applicable to an award will be equitably adjusted in the event shares of our common stock are changed into or exchanged

for a different number or kind of shares or other securities of Capstead by reason of a merger, consolidation, recapitalization, reclassification, stock split, stock dividend, extraordinary dividend, combination of shares or the like. Such adjustments shall be made by the committee, whose determination shall be final, binding and conclusive.

Amendments and Termination of the Plan and Awards

Our board may, from time to time, alter, amend, suspend or terminate the plan in whole or in part; provided, however, that the plan may not be amended to increase the maximum number of shares, materially modify the requirements for eligibility or otherwise materially increase the benefits accruing to persons to whom awards may be made without the approval by holders of a majority of the shares of our common stock cast at a meeting of our stockholders. The committee may amend, modify or terminate any award with the participant's consent or to make adjustments in recognition of unusual or nonrecurring events or changes in applicable laws as appropriate to prevent reduction or enlargement of benefits

intended under the plan. In addition, the committee may cause any award to be canceled in consideration of a cash payment or alternative award equal to the fair value of the canceled award. No awards will be issued under the plan after the tenth anniversary of the effective date of the plan. In addition, our board may amend any award without the consent of the holder if the board deems it necessary to avoid adverse tax consequences to the holder under Section 409A of the Internal Revenue Code of 1986, as amended.

Claw-Back Policy

All awards (including any proceeds, gains or other economic benefit actually or constructively received by a participant upon any receipt or exercise of any award or upon the receipt or resale of any shares of our common stock underlying such award) shall be subject to the provisions of any claw-back policy implemented by us, to the extent set forth in such claw-back policy and/or in the applicable award agreement.

The board recommends a vote FOR the approval of our 2014 Flexible Incentive Plan.

Table of Contents**PROPOSAL FOUR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP****PROPOSAL FOUR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We are asking our stockholders to ratify our audit committee's appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Ernst & Young LLP has audited our financial statements since we commenced operations in 1985. Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our by-laws or otherwise. However, our board is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate practice. If our stockholders fail to ratify the selection, the committee will reconsider whether or not to retain them. Even if the selection is ratified, the committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines such a change would be in the best interests of our stockholders.

Our audit committee is responsible for appointing, setting compensation, retaining and overseeing the work of our independent registered public accounting firm. The committee pre-approves all audit and non-audit services provided to us by our independent registered public accounting firm. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. The committee has delegated pre-approval authority to its chair to expedite the delivery of services as necessary. Our independent registered public accounting firm and management are required to periodically report to the committee regarding the extent of services provided in accordance with this pre-approval and the fees for the services performed to date. The committee approved all fees paid to Ernst & Young LLP during the past three years with no reliance on the de minimis exception established by the SEC for approving such services.

Services provided by Ernst & Young LLP during 2013 included the audit of our annual financial statements and our internal control over financial reporting. Services also included the limited review of unaudited quarterly financial information, review and consultation regarding filings with the SEC and the Internal Revenue Service, procedures performed on behalf of our underwriters in connection with public offerings of our common and preferred stock, assistance with management's evaluation of internal accounting controls, and consultation on financial and tax accounting and reporting matters. The committee has considered all fees provided by Ernst & Young LLP to us and concluded their involvement is compatible with maintaining their independence.

Fees for fiscal years ended December 31, 2013 and 2012 were as follows:

	Fiscal Year	Fiscal Year
	2013	2012
Audit fees	\$ 627,000	\$ 551,200
Audit-related fees	82,745	15,199
Tax fees ^(a)	7,500	157,500
All other fees		
Total	\$ 717,245	\$ 723,899

(a) Tax Fees for 2012 comprised of an estimated \$7,500 for routine tax compliance and \$150,000 for consultations on tax reporting matters.

Representatives of Ernst & Young LLP will be present at the annual meeting of stockholders, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

The board recommends a vote FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014.

RELATED PERSON TRANSACTIONS

RELATED PERSON TRANSACTIONS

We recognize that transactions involving significant relationships between us and our directors, executives or employees can present conflicts of interest and create the appearance that our decisions are based on considerations outside of our best interests and those of our stockholders. Therefore, it is our preference to avoid transactions involving such relationships. Nevertheless, we recognize there are situations where such transactions may not be inconsistent with our best interests and those of our stockholders. Therefore, we have implemented certain policies and procedures intended to allow us to assess the propriety of such transactions.

Pursuant to our Board of Directors' Guidelines, each of our directors must discuss with our governance & nomination committee any significant transaction that may affect his or her independence so that the committee can report such transaction to our board, which has the authority to reject or ratify the transaction based upon our best interests and those of our stockholders. Also pursuant to our Board of Directors

Guidelines, if a proposed transaction involves a director potentially diverting a corporate opportunity from us, the director pursuing such transaction must first present the transaction to our CEO who has the authority to determine our best interests and those of our stockholders with respect to such opportunity. In addition, our Code of Business Conduct and Ethics provides that a related person transaction involving an executive officer must be promptly reported to our board, and such transactions involving an employee or non-executive officer must similarly be reported to our CEO. Our Code of Business Conduct and Ethics also provides that our officers and employees must get our CEO's authorization before they can divert a business opportunity away from us. In each of these situations our board and our CEO have the authority to determine our best interests and those of our stockholders in relation to such transaction.

For the year ended December 31, 2013 there were no related person transactions required to be reported pursuant to Item 404(a) of Regulation S-K.

2014 FLEXIBLE INCENTIVE PLAN

SECTION 1. PURPOSES

The purposes of the 2014 Flexible Incentive Plan (the "Plan") are to promote the interests of the Company and its stockholders by enabling the Company to attract, motivate, reward and retain key officers, employees and directors and to encourage the holding of proprietary interests in the Company by persons who occupy key positions in the Company or its Affiliates by enabling the Company to offer such key officers, employees and directors performance-based stock incentives and other equity interests in the Company and other incentive awards that recognize the creation of value for the stockholders of the Company and promote the Company's long-term growth and success. To achieve this purpose, eligible persons may receive stock options, Stock Appreciation Rights, Restricted Stock, Performance Awards, performance stock, Dividend Equivalent Rights and any other awards, or any combination thereof.

2.1 *Affiliate* shall mean (i) any parent corporation of the Company (as defined in Section 424(e) of the Code), (ii) any subsidiary corporation of any such parent corporation (as defined in Section 424(f) of the Code) of the Company and (iii) any trades or businesses, whether or not incorporated, which are members of a controlled group or are under common control (as defined in Sections 414(b) or (c) of the Code) with the Company. Provided further, that with respect to grants of stock options or Stock Appreciation Rights, the term *Affiliate* means only a corporation or other entity in a chain of corporations and/or other entities in which the Company has a controlling interest within the meaning of Treasury Regulations sec. 1.414(c)-2(b)(2)(i), but using the threshold of fifty percent (50%) ownership wherever eighty percent (80%) appears.

(ii) during any period of two (2) consecutive years, individuals who at the beginning of such period constitute the Board cease for any reason to constitute at least a majority thereof, unless the election by the Board or the nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the two (2) year period or whose election or nomination for election was previously so approved;

(iii) the stockholders of the Company approve a merger or consolidation of the Company with any other corporation, other than a merger or consolidation that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than eighty percent (80%) of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; provided, however, that a merger or consolidation effected to implement a reorganization or recapitalization of the Company, or a similar transaction (collectively, a *Reorganization*), in which no person acquires more than twenty percent (20%) of the combined voting power of the Company's then outstanding securities shall not constitute a Change in Control of the Company; or

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

(iv) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

The Board may amend the Plan to modify the definition of Committee within the limits of Rule 16b-3 to assure that the Plan is administered by non-employee directors.

2.9 *Covered Employees* shall mean each covered employee as defined in Section 162(m) of the Code.

2.11 *Disqualifying Disposition* shall mean, with respect to Shares acquired by the exercise of an Incentive Stock Option, a disposition within the meaning of Section 424 of the Code that violates the requirements of Section 422(a) of the Code, which, to the extent not inconsistent with Sections 422 or 424 of the Code, by way of example shall include any sale, exchange, gift, or transfer of legal title to such Shares, any of which occurs within (i) two (2) years after the Option grant date or (ii) one (1) year after the Option exercise date, but, by way of example, shall not include a transfer due to Participant's death or a mere pledge or hypothecation of such Shares. The examples provided in the immediately preceding sentence are not intended to either expand upon or restrict the definition of the term disposition as provided in Section 424 of the Code, but are provided merely as examples of the most common forms of Disqualifying Dispositions.

2.12 *Dividend Equivalent Right* shall mean the right of the holder thereof to receive credits based on the cash or stock dividends or other distributions that would have been paid on the Shares specified in the Award if the Shares were held by the holder to whom the Award is made, or such other amounts as may be determined by the Committee.

2.13 *Effective Date* shall mean the date that the Plan is adopted by the Board, but only if the Plan as so adopted is approved by the stockholders of the Company not more than twelve (12) months after the date of such adoption. The Effective Date, as so defined, is January 29, 2014.

2.15 *Fair Market Value* shall mean with respect to the Shares, as of any date, (i) the last reported sales price regular way on the New York Stock Exchange or, if not reported for the New York Stock Exchange, on the Composite Tape, or, in case no such sale takes place on such day, the average of the reported closing bid and asked quotations on the New York Stock Exchange; (ii) if the Shares are not listed on the New York Stock Exchange or no such quotations are available, the closing price of the Shares as reported by the National Market System, or similar organization, or, if no such quotations are available, the average of the high bid and low asked quotations in the over-the-counter market as reported by the National Quotation Bureau Incorporated, or similar organization; or (iii) in the event that there shall be no public market for the Shares, the fair market value of the Shares as determined (which determination shall be conclusive) in good faith by the Committee, based upon the value of the Company as a going concern, as if such Shares were publicly owned stock, but without any discount with respect to minority ownership.

2.16 *Incentive Stock Option* shall mean any stock option awarded under this Plan intended to be and designated as an Incentive Stock Option under Section 422 of the Code or any successor provision.

2.17 *Non-Tandem Stock Appreciation Right* shall mean any Stock Appreciation Right granted alone and not in connection with an Award which is a stock option.

2.18 *Non-Qualified Stock Option* shall mean any stock option awarded under this Plan that is not an Incentive Stock Option.

2.19 *Optionee* shall mean any person who has been granted a stock option under this Plan and who has executed a written stock option agreement with the Company reflecting the terms of such grant.

2.24 *Shares* shall mean shares of the Company's Common Stock and any shares of capital stock or other securities of the Company hereafter issued or issuable upon, in respect of or in substitution or exchange for such Shares.

2.25 *Stock Appreciation Right* shall mean the right of the holder thereof to receive an amount in cash or Shares equal to the excess of the Fair Market Value of a Share on the date of exercise over the Fair Market Value of a Share on the date of the grant.

2.26 *Tandem Stock Appreciation Right* shall mean a Stock Appreciation Right granted in connection with an Award that is a stock option.

SECTION 3. ADMINISTRATION OF THE PLAN

3.1 *Committee*. The Plan shall be administered and interpreted by the Committee.

3.2 *Awards*. Subject to the provisions of the Plan and directions from the Board, the Committee is authorized to:

(a) determine the persons to whom Awards are to be granted;

(b) determine the types and combinations of Awards to be granted, the number of Shares or amount of cash to be covered by the Award, the pricing of the Award, the time or times when the Award shall be granted and may be exercised, the terms, performance criteria or other conditions, vesting periods or any restrictions for an Award, any restrictions on Shares acquired pursuant to the exercise of an Award and any other terms and conditions of an Award;

(c) conclusively interpret the Plan provisions with respect to any Awards made hereunder;

(d) prescribe, amend and rescind rules and regulations relating to the Plan or make individual decisions as questions arise, or both;

(e) rely upon employees of the Company for such clerical and record-keeping duties as may be necessary in connection with the administration of the Plan; and

(f) make all other determinations and take all other actions necessary or advisable for the administration of the Plan.

3.3 *Procedures*. A majority of the Committee members shall constitute a quorum. All determinations of the Committee shall be made by a majority of its members. All questions of interpretation and application of the Plan or pertaining to any question of fact or Award granted hereunder shall be decided by the Committee, whose decision shall be final, conclusive and binding upon the Company and each other affected party.

SECTION 4. SHARES SUBJECT TO PLAN

4.1 *Limitations*. The maximum number of Shares that may be issued with respect to Awards under the Plan commencing on the Effective Date shall not exceed 5,000,000 Shares (unless such maximum shall be increased or decreased by reasons of changes in capitalization of the Company as hereinafter provided). Notwithstanding the above, however, in the event that at any time after the Effective Date the outstanding shares of Common Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of a merger, consolidation, recapitalization, reclassification, stock split, stock dividend, combination of shares or the like, the aggregate number and class of securities available under the Plan shall be ratably adjusted by the Committee as described in Section 14. The Committee's determinations shall be final and binding upon the Company and all other interested persons. The Shares issued pursuant to the Plan may be authorized but unissued Shares, or may be issued Shares that have been reacquired by the Company.

4.2 *Changes*. To the extent that any Award under the Plan shall be forfeited, shall expire or shall be canceled, in whole or in part, then the number of Shares covered by the Award so forfeited, expired or canceled may again be awarded pursuant to the provisions of this Plan. In the event that the number of Shares issued under any Award is reduced for any reason, the Shares available for future Awards under the Plan shall be reduced only by the net number of Shares issued. Awards that may be satisfied either by the issuance of Shares or by cash or other consideration shall be counted against the maximum number of Shares that may be issued under the Plan, even though the Award is ultimately satisfied by the payment of consideration other than Shares, as, for example, a stock option granted in tandem with a Stock Appreciation Right that is settled by a cash payment of the stock appreciation. However, Awards will not reduce the number of Shares that may be issued pursuant

to the Plan if the settlement of the Award will not require the issuance of Shares, as, for example, a Stock Appreciation Right that can be satisfied only by the payment of cash.

SECTION 5. ELIGIBILITY

(a) Except with respect to Awards that are Incentive Stock Options, eligibility for participation under the Plan shall be open to all officers, employees and directors of the Company and its Affiliates. With respect to Incentive Stock Options, eligibility for participation in the Plan shall be confined to employees of the Company and its subsidiaries, as such term is defined under Section 424 of the Code.

Capstead 2014 Proxy Statement 6 A-3

Table of Contents

(b) No Awards shall be granted under the Plan prior to the date on which the Plan is so approved by the stockholders of the Company, unless its grant, vesting and payment are expressly conditioned upon the approval of the Plan by the stockholders of the Company within twelve (12) months of the date the Plan was adopted by the Board. If the Plan is not approved by the stockholders of the Company within twelve (12) months of the date the Plan is adopted by the Board, all Awards, if any, granted under the Plan shall be automatically canceled without any action required by the Company, the Board or the Committee and without any payment or consideration.

SECTION 6. STOCK OPTIONS

6.1 *Grants.* The Committee may grant stock options alone or in addition to other Awards granted under this Plan to any eligible officer, employee or director. Each person so selected shall be offered an option to purchase the number of Shares determined by the Committee. The Committee shall specify whether such option is an Incentive Stock Option or Non-Qualified Stock Option and any other terms or conditions relating to such Award. To the extent that any stock option does not qualify as an Incentive Stock Option (whether because of its provisions or the time or manner of its exercise or otherwise), such stock option, or the portion thereof, which does not qualify, shall constitute a separate Non-Qualified Stock Option. Options shall be in such form as the Committee may from time to time approve, shall be subject to the following terms and conditions and may contain such additional terms and conditions, not inconsistent with the Plan as the Committee may deem desirable. At any time and from time to time, the Optionee and the Company may agree to modify an option agreement in order that an Incentive Stock Option may be converted to a Non-Qualified Stock Option.

The Committee may require that an Optionee meet certain conditions before the option or a portion thereof may vest or be exercised, as, for example, that the Optionee remain in the employ of the Company or one of its Affiliates for a stated period or periods of time before the option, or stated portions thereof, may vest or be exercised; provided, however, that nothing in the Plan or in any option agreement shall confer upon any Optionee any right to remain in the employ of the Company or one of its Affiliates, and nothing herein shall be construed in any manner to interfere in any way with the right of the Company or its Affiliates to terminate such Optionee's employment at any time.

6.2 *Option Price.* The option exercise price of the Shares covered by each stock option shall not be less than one hundred percent (100%) of the Fair Market Value of Shares on the effective date of the grant.

6.3 *Incentive Stock Options Limitations.*

(a) In no event shall any person be granted Incentive Stock Options so that the Shares covered by any Incentive Stock Options that may be exercised for the first time by such person in any calendar year have an aggregate Fair Market Value in excess of \$100,000. For this purpose, the Fair Market Value of the Shares shall be determined as of the dates on which the Incentive Stock Options are granted. It is intended that the limitation on Incentive Stock Options provided in this paragraph be the maximum limitation on options that may be considered Incentive Stock Options under the Code.

(b) Notwithstanding anything herein to the contrary, in no event shall any employee owning more than ten percent (10%) of the total combined voting power of the Company or any Affiliate corporation be granted an Incentive Stock Option hereunder unless: the option exercise price shall be at least one hundred ten percent (110%) of the Fair Market Value of the Shares at the time that the option is granted and the term of the option shall not exceed five (5) years.

(c) The maximum aggregate number of Shares with respect to which Incentive Stock Options may be granted under the Plan is 250,000 Shares.

(d) Any Optionee who receives an Incentive Stock Option grant shall be required to notify the Committee of any Disqualifying Disposition of any Shares issued pursuant to the exercise of the Incentive Stock Option within ten (10) days of such Disqualifying Disposition.

6.4 *Option Term.* The term of a stock option shall be for such period of months or years from the date of its grant as may be determined by the Committee; provided, however, that no stock option shall be exercisable later than ten (10) years from the date of its grant. Each option shall be subject to earlier termination as hereinafter provided (unless the Committee has provided otherwise):

(a) If the Optionee ceases to be an officer, employee or director of the Company or any Affiliate by reason of the Optionee's discharge for cause, all rights of the Optionee to exercise an option shall terminate, lapse and be forfeited immediately at the time of the Optionee's discharge for cause.

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

(b) If the Optionee ceases to be an officer, employee or director of the Company or any Affiliate by reason of death, the personal representatives, heirs, legatees or distributees of the Optionee, as appropriate, shall have the right up to the earlier of (i) six (6) months from the Optionee's death or (ii) the remaining term of the option to exercise any such option.

(c) If the Optionee ceases to be an officer, employee or director of the Company or any Affiliate by reason of the Optionee's resignation, Retirement, Disability or for any reason other than the Optionee's death or discharge for cause, all

rights of the Optionee to exercise an option shall terminate, lapse, and be forfeited upon the earlier of (i) six (6) months after the date of the Optionee's termination of employment by reason of such Optionee's resignation, Retirement, Disability or such other reason or (ii) the remaining term of the option, except that in case the Optionee shall die within six (6) months after the date of termination of employment by reason of such Optionee's resignation, Retirement, Disability or such other reason, the personal representatives, heirs, legatees or distributees of the Optionee, as appropriate, shall have the right up to an additional three (3) months from the date of the Optionee's death to exercise any such option.

(d) Despite the provisions of paragraphs (b), and (c) of this subsection, no Incentive Stock Option shall be exercisable after the expiration of the earlier of: (i) the ten (10) year period beginning on the date of its grant, (ii) the three (3) month period beginning on the date of the Optionee's termination of employment for any reason other than death or Disability, or (iii) the one (1) year period beginning on the date of the Optionee's termination of employment by reason of death or Disability.

6.5 Vesting of Stock Options.

(a) Each stock option granted hereunder may only be exercised to the extent that the Optionee is vested in such option. Each stock option shall vest separately in accordance with the option vesting schedule, if any, determined by the Committee in its sole discretion, which will be incorporated in the stock option agreement entered into between the Company and each Optionee. The option vesting schedule will be accelerated in the event the provisions of paragraphs (b), (c), (d) or (e) of this subsection apply; or if, in the sole discretion of the Committee, the Committee determines that acceleration of the option vesting schedule would be desirable for the Company.

(b) If an Optionee ceases to be an officer, employee or director of the Company or any Affiliate by reason of death, the personal representatives, heirs, legatees or distributees of the Optionee, as appropriate, shall become fully vested in each stock option granted to the Optionee, effective on the date of the Optionee's death and shall have the immediate right to exercise any such option to the extent not previously exercised.

(c) In the event of the dissolution or liquidation of the Company, each stock option granted under the Plan shall terminate as of a date to be fixed by the Board; provided, however, that not less than thirty (30) days' written notice of the date so fixed shall be given to each Optionee and each such Optionee shall be fully vested in and shall have the right during such period to exercise the option, even though such option would not otherwise be exercisable under the option vesting schedule. At the end of such period, any unexercised option shall terminate and be of no further effect.

(d) In the event of a Reorganization:

(1) If there is no plan or agreement respecting the Reorganization, or if such plan or agreement does not specifically provide for the change, conversion or exchange of the Shares under outstanding and unexercised stock options for other securities then the provisions of the above paragraph (c) of this subsection shall apply as if the Company had dissolved or been liquidated on the effective date of the Reorganization; or

(2) If there is a plan or agreement respecting the Reorganization, and if such plan or agreement specifically provides for the change, conversion or exchange of the Shares under outstanding and unexercised stock options for securities of another corporation, then the Board shall adjust the Shares under such outstanding and unexercised stock options (and shall adjust the Shares remaining under the Plan which are then available to be awarded under the Plan, if such plan or agreement makes no specific provision therefore) in a manner not inconsistent with the provisions of such plan or agreement for the adjustment, change, conversion or exchange of such Shares and such options.

(e) In the event of both a Change in Control of the Company and a concurrent or subsequent termination of an Award recipient's employment with the Company, and consistent with any further provisions set forth in the Award, all stock options and any associated rights shall become fully vested and immediately exercisable upon the later to occur of such Change in Control or termination of employment, and the vesting of all performance-based stock options shall be determined as if the performance period or cycle applicable to such stock options had ended immediately upon the later to occur of such Change in Control or termination of employment.

6.6 Exercise of Stock Options.

(a) Stock options may be exercised as to Shares only in amounts and at intervals of time specified in the written option agreement between the Company and the Optionee. Each exercise of a stock option, or any part thereof, shall be evidenced by a notice in writing to the Company. The purchase price of the Shares as to which an option shall be exercised shall be paid in full at the time of exercise, and may be paid to the Company either:

(1) in cash (including check, bank draft or money order);

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

(2) by the delivery of Shares having a Fair Market Value equal to the aggregate option price; provided, however, that such Shares shall have been owned on a fully vested basis by the Optionee for more than six (6) months prior to exercise;

(3) by a combination of cash and Shares as described above;

(4) by arrangement with a broker acceptable to the Committee in which payment of the exercise price is made pursuant to an irrevocable direction from the Optionee to the broker to deliver to the Company proceeds from the sale of the option Shares in an amount equal to the exercise price of the Shares; or

(5) at the Committee's discretion, by authorizing the Company to retain the number of shares from the exercise of the Options, the Fair Market Value of which (as of the date of delivery of such notice) is equal to the portion of the exercise price and/or withholding with respect to which the Optionee intends to make payment.

(b) The amount, as determined by the Committee, of any federal, state or local tax required to be withheld by the Company due to the exercise of a stock option shall be satisfied (with Committee consent) either (a) by payment by the Optionee to the Company of the amount of such withholding obligation in cash (the Cash Method), (b) through either the retention by the Company of a number of Shares out of the Shares being acquired through the exercise of the option or the delivery of already owned Shares having a Fair Market Value equal to the amount of the withholding obligation (the Share Retention Method), or (c) by a combination of the Cash Method and the Share Retention Method. The cash payment or the amount equal to the Fair Market Value of the Shares so withheld, as the case may be, shall be remitted by the Company to the appropriate taxing authorities. The Committee shall determine whether and to what extent, as well as the manner in which an Optionee may satisfy a withholding obligation by either the Cash Method or the Share Retention Method.

(c) An Optionee shall not have any of the rights of a stockholder of the Company with respect to the Shares covered by a stock option except to the extent that one or more certificates of such Shares shall have been delivered to the Optionee, or the Optionee has been determined to be a stockholder of record by the Company's Transfer Agent, upon due exercise of the option.

6.7 Date of a Stock Option Grant. The granting of a stock option shall take place only when the Committee approves the granting of such option. Neither any action taken by the Board nor anything contained in the Plan or in any resolution adopted or to be adopted by the Board or the stockholders of the Company shall constitute the granting of a stock option under the Plan.

SECTION 7. STOCK APPRECIATION RIGHTS

7.1 Grants. The Committee may grant to any eligible officer, employee or director either Non-Tandem Stock Appreciation Rights or Tandem Stock Appreciation Rights. Stock Appreciation Rights shall be subject to such terms and conditions as the Committee shall impose. The grant of the Stock Appreciation Right may provide that the holder may be paid for the value of the Stock Appreciation Right either in cash or in Shares, or a combination thereof, at the discretion of the Committee. In the event of the exercise of a Stock Appreciation Right payable in Shares, the holder of the Stock Appreciation Right shall receive that number of whole Shares of stock of the Company having an aggregate Fair Market Value on the date of exercise equal to the value obtained by multiplying the difference between the Fair Market Value of a Share on the date of exercise over the Fair Market Value on the date of the grant by (ii) the number of Shares as to which the Stock Appreciation Right is exercised. However, notwithstanding the foregoing, the Committee, in its sole discretion, may place a ceiling on the amount payable upon exercise of a Stock Appreciation Right, but any such limitation shall be specified at the time that the Stock Appreciation Right is granted. The Stock Appreciation Right grant price shall not be less than the Fair Market Value of a Share on the effective date of the grant.

7.2 Exercise and Transfer. A Tandem Stock Appreciation Right may only be granted at the time of the grant of the related stock option. A Tandem Stock Appreciation Right granted in connection with an Incentive Stock Option (i) generally may be exercised at, and only at, the times and to the extent the related stock option is exercisable, (ii) expires upon the termination of the related stock option, (iii) may not exceed one hundred percent (100%) of the difference between the exercise price of the related stock option and the market price of the Shares subject to the related stock option at the time the Tandem Stock Appreciation Right is exercised and (iv) may be exercised at, and only at, such times as the market price of the Shares subject to the related stock option exceeds the exercise price of the related stock option. The Tandem Stock Appreciation Right may be transferred at, and only at, the times and to the extent the related stock option is transferable. If a Tandem Stock Appreciation Right is granted, there shall be surrendered and canceled from the option at the time of exercise of the Tandem Stock Appreciation Right, in lieu of exercise under the option, that number of Shares as shall equal the number of Shares as to which the Tandem Stock Appreciation Right shall have been exercised.

7.3 Certain Limitations on Non-Tandem Stock Appreciation Rights. A Non-Tandem Stock Appreciation Right will be exercisable as provided by the Committee and will have such other terms and conditions as the Committee may determine. A Non-Tandem Stock Appreciation Right is subject to acceleration of vesting or immediate termination in certain circumstances in the same manner as stock options pursuant to subsections 6.4 and 6.5 of this Plan.

SECTION 8. RESTRICTED STOCK

8.1 *Grants.* The Committee may grant Awards of Restricted Stock for no cash consideration, for such minimum consideration as may be required by applicable law, or for such other consideration as may be specified by the grant. The terms and conditions of the Restricted Stock shall be specified by the grant agreement. The Committee, in its sole discretion, shall determine what rights, if any, the person to whom an Award of Restricted Stock is made shall have in the Restricted Stock during

the restriction period and the restrictions applicable to the particular Award, including, without limitation, whether the holder of the Restricted Stock shall have the right to vote the Shares and receive dividends and other distributions applicable to the Shares, the vesting schedule (which may be based on service, performance or other factors) and rights to acceleration of vesting (including, without limitation, whether non-vested Shares are forfeited or vested upon termination of employment). The Committee shall also determine when the restrictions shall lapse or expire and the conditions, if any, under which the Restricted Stock will be forfeited; provided, however, that notwithstanding the foregoing, upon a Change in Control and a concurrent or subsequent termination of an Award Recipient's employment with the Company, and consistent with any further provisions set forth in the Award, all restrictions applicable to Restricted Stock shall lapse and expire and Shares of Restricted Stock with vesting provisions shall become fully vested upon the later to occur of such Change in Control or termination of employment (except for Restricted Stock that is part of a Performance Award, which shall vest as determined pursuant to Section 9.2(h) of the Plan). Each Award of Restricted Stock may have different restrictions and conditions. The Committee, in its discretion, may prospectively change the restriction period and the restrictions applicable to any particular Award of Restricted Stock. Unless otherwise set forth in the Plan, Restricted Stock may not be disposed of by the recipient until the restrictions specified in the Award expire.

8.2 *Awards and Certificates.* Any Restricted Stock issued hereunder may be evidenced in such manner as the Committee, in its sole discretion, shall deem appropriate including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of Shares of Restricted Stock awarded hereunder, such certificate shall bear an appropriate legend with respect to the restrictions applicable to such Award. The Company may retain, at its option, the physical custody of any stock certificate representing any awards of Restricted Stock during the restriction period or require that the Restricted Stock be placed in escrow or trust, along with a stock power endorsed in blank, until all restrictions are removed or expire.

SECTION 9. PERFORMANCE AWARDS

9.1 *Grants.* A Performance Award may consist of either or both, as the Committee may determine, of (i) Performance Shares or the right to receive Shares, Restricted Stock or cash of an equivalent value, or any combination thereof as the Committee may determine, or (ii) Performance Units, or the right to receive a fixed dollar amount payable in cash, Common Stock, Restricted Stock or any combination thereof, as the Committee may determine. The value of any cash-denominated Performance Award issued to any one Covered Employee in any one (1) calendar year shall not exceed \$3,000,000. No Covered Employee may be granted stock-denominated Performance Awards in any one (1) calendar year with respect to more than 500,000 Shares. The maximum number of Shares with respect to which stock options may be granted under the Plan to any Covered Employee during any one (1) calendar year (whether such options are Non-Qualified Stock Options, Incentive Stock Options or a combination thereof) is 250,000 Shares. The maximum number of Shares with respect to which Stock Appreciation Rights may be granted under the Plan to any Covered Employee during any one (1) calendar year is 500,000 Shares.

9.2 *Performance Goals.* The grant and/or settlement of a Performance Award shall be contingent upon terms set forth in this Section 9.2.

(a) *Status of Performance Awards under Section 162(m) of the Code.* It is the intent of the Company that Performance Awards granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Section 162(m) of the Code and regulations thereunder (including Treasury Regulations sec. 1.162-27 and successor regulations thereto) shall, if so designated by the Committee, constitute performance-based compensation within the meaning of Section 162(m) of the Code and regulations thereunder. Accordingly, the terms of this Section 9.2 shall be interpreted in a manner consistent with Section 162(m) of the Code and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of a Performance Award, who is likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan as in effect on the date of adoption or any agreements relating to Performance Awards that are designated as intended to comply with Section 162(m) of the Code does not comply or is inconsistent with the requirements of Section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

(b) *General.* The performance goals for Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee. In the case of any Award granted to a Covered Employee which is intended to meet the definition of performance-based pursuant to Section 162(m) of the Code, the performance goals shall be designed to be objective and shall otherwise meet the requirements of Section 162(m) of the Code and regulations thereunder (including Treasury Regulations sec. 1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee are such that the achievement of performance goals is substantially uncertain at the time of grant. The Committee may determine that such Performance Awards shall be granted and/or settled upon achievement of any one performance goal or that two (2) or more of the performance goals must be achieved as a condition to the grant and/or settlement of such Performance Awards. Performance goals may differ among Performance Awards granted to any one participant or for Performance Awards granted to different participants.

Table of Contents

(c) *Business Criteria.* One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified subsidiaries, divisions or business or geographical units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for Performance Awards granted to a participant: (i) earnings per share; (ii) increase in revenues; (iii) increase in cash flow; (iv) increase in cash flow return; (v) return on net assets; (vi) economic return; (vii) return on assets; (viii) return on investment; (ix) return on capital; (x) return on equity; (xi) economic value added; (xii) gross margin; (xiii) net income; (xiv) pretax earnings; (xv) pretax earnings before interest, depreciation and amortization; (xvi) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; (xvii) operating income; (xviii) total stockholder return; (xix) debt reduction; (xx) stock price; (xxi) reduction of expenses; (xxii) operating efficiency; and (xxiii) any of the above goals determined on the absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to a market index or a group of comparable companies.

(d) *Performance Period; Timing for Establishing Performance Goals.* Achievement of performance goals in respect of Performance Awards shall be measured over a performance period of not less than one (1) year and not more than five (5) years, as specified by the Committee. Performance goals in the case of any Award granted to a participant shall be established not later than ninety (90) days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for performance-based compensation under Section 162(m) of the Code.

(e) *Settlement of Performance Awards; Other Terms.* After the end of each performance period, the Committee shall determine the amount, if any, of Performance Awards payable to each participant based upon achievement of business criteria over a performance period. Except as may otherwise be required under Section 409A of the Code, payment described in the immediately preceding sentence shall be made by the later of (i) the date that is 2 1/2 months after the end of the Participant's first taxable year in which the Performance Award is earned under the Plan and (ii) the date that is 2 1/2 months after the end of the Company's first taxable year in which the Performance Award is earned under the Plan, and such payment shall not be subject to any election by the Participant to defer the payment to a later period. The Committee may not exercise discretion to increase any such amount payable in respect of a Performance Award designed to comply with Section 162(m) of the Code. The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the participant prior to the end of a performance period or settlement of Performance Awards.

(f) *Written Determinations.* All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award, and the achievement of performance goals relating to Performance Awards shall be made in writing in the case of any Award granted to a participant. The Committee may not delegate any responsibility relating to such Performance Awards.

(g) *Amendment.* The Committee may amend or modify the terms of any Performance Award; provided, however, that with respect to any Award which is intended to qualify for the performance-based exception to the limitation on deductibility set forth in section 162(m) of the Code, no amendment to the Award shall be made (a) more than ninety (90) days after the commencement of the performance period to which the performance goals relate; (b) after the lapse of twenty-five percent (25%) of the performance period to which the performance goals relate; or (c) when the outcome of the performance goals is not substantially uncertain.

(h) *Change in Control.* In the event of a Change in Control and a concurrent or subsequent termination of an Award recipient's employment with the Company, and consistent with any further provisions set forth in the Award, (1) each share of Performance Stock and each Performance Unit previously granted which is not then vested in full shall be immediately vested in full upon the later to occur of such Change in Control or termination of employment, (2) all performance goals shall be deemed to have been met to the fullest extent under the terms of such grant and (3) the performance periods shall immediately end.

SECTION 10. DIVIDEND EQUIVALENT RIGHTS

The Committee may grant a Dividend Equivalent Right, either as a component of another Award or as a separate Award, and, in general, each such holder of a Dividend Equivalent Right that is outstanding on a dividend record date for the Company's Common Stock shall be credited with an amount equal to the cash or stock dividends or other distributions that would have been received had the Shares covered by the Award been issued and outstanding on the dividend record date, or such other amounts as the Committee may provide. The terms and conditions of the Dividend Equivalent Right shall be specified by the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional Shares (which may thereafter accrue additional Dividend Equivalent Rights). Any such reinvestment shall be at the Fair Market Value at the time thereof. Dividend Equivalent Rights may be settled in cash or Shares, or a combination thereof, in a single Payment or in installments. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other Award. Any Dividend Equivalent Rights are intended to comply with the requirements of Section 409A of the Code.

Table of Contents**SECTION 11. OTHER AWARDS**

The Committee may grant to any eligible officer, employee or director other forms of Awards based upon, payable in or otherwise related to, in whole or in part, Shares or cash if the Committee, in its sole discretion determines that such other form of Award is consistent with the purposes and restrictions of the Plan. The terms and conditions of such other form of Award shall be specified by the grant, including, but not limited to, the price, if any, and the vesting schedule, if any, and time of payment. To the extent that any such Award includes a vesting schedule, except as may otherwise be required under Section 409A of the Code, payment of such Award shall be made by the later of (i) the date that is 2¹/₂ months after the end of the Participant's first taxable year in which the Award is earned under the Plan and (ii) the date that is 2¹/₂ months after the end of the Company's first taxable year in which the Award is earned under the Plan, and such payment shall not be subject to any election by the Participant to defer the payment to a later period. Such Awards may be granted for no cash consideration, for such minimum consideration as may be required by applicable law or for such other consideration as may be specified by the grant. Any such other Award is intended to comply with the requirements of Section 409A of the Code.

SECTION 12. NON-TRANSFERABILITY OF AWARDS.

A stock option shall not be transferable otherwise than by will or the laws of descent and distribution, and a stock option may be exercised, during the lifetime of the Optionee, only by the Optionee; provided, however, that with the approval of the Committee, the agreement relating to any Award (including, without limitation, a stock option) may provide that such Award may be transferred to one or more members of the immediate family of the grantee of the Award or to a trust for the benefit of such person or as directed under a qualified domestic relations order. Any attempted assignment, transfer, pledge, hypothecation or other disposition of a stock option or other Award contrary to the provisions hereof, or the levy of any execution, attachment or similar process upon a stock option or other Award shall be null and void and without effect.

SECTION 13. COMPLIANCE WITH SECURITIES AND OTHER LAWS

In no event shall the Company be required to sell or issue Shares under any Award if the sale or issuance thereof would constitute a violation of applicable federal or state securities laws or regulations or a violation of any other law or regulation of any governmental or regulatory agency or authority or any national securities exchange. As a condition to any sale or issuance of Shares, the Company may place legends on Shares, issue stop transfer orders and require such agreements or undertakings as the Company may deem necessary or advisable to assure compliance with any such laws or regulations, including, if the Company or its counsel deems it appropriate, representations from the person to whom an Award is granted that he or she is acquiring the Shares solely for investment and not with a view to distribution and that no distribution of the Shares will be made unless registered pursuant to applicable federal and state securities laws, or in the opinion of counsel of the Company, such registration is unnecessary.

SECTION 14. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION OR REORGANIZATION

The value of an Award in Shares shall be adjusted from time to time as follows:

(a) In the event that at any time after the issuance of an Award, the outstanding Shares are changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of a merger, consolidation, recapitalization, reclassification, stock split, stock dividend, extraordinary dividend, combination of shares or the like, the aggregate number and class of securities available under the Plan and issued pursuant to any outstanding Awards shall be equitably adjusted by the Committee. Upon the occurrence of any of the events described in the immediately preceding sentence, and subject to any required action of the Board and the stockholders, in order to ensure that after such event the Shares subject to the Plan and each participant's proportionate interest shall be maintained substantially as before the occurrence of such event, the Committee shall adjust (i) the number and type of Shares of common stock of the Company or any Affiliate with respect to which Awards may be granted under the Plan, (ii) the maximum number of Shares that may be covered by Awards granted under the Plan during any period, (iii) the maximum number of Shares that may be covered by Awards to any single individual during any calendar year, (iv) the number of Shares subject to outstanding Awards, and (v) the grant or exercise price with respect to an Award. Such adjustment in an outstanding Option shall be made (i) without change in the total price applicable to the Option or any unexercised portion of the Option (except for any change in the aggregate price resulting from rounding-off of Share quantities or prices) and (ii) with any necessary corresponding adjustment in exercise price per Share; provided, however, the Committee shall not take any action otherwise authorized under this Section 14(a) to the extent that (i) such action would cause (A) the application of Section 162(m) or 409A of the Code to the Award or (B) create adverse tax consequences under Section 162(m) or 409A of the Code should either or both of those Code sections apply to the Award or (ii) materially reduce the benefit to the participant without the consent of the participant. The Committee's determinations shall be final, binding and conclusive with respect to the Company and all other interested persons.

Table of Contents

(b) Subject to any required action by stockholders, if the Company shall be the surviving corporation in any Reorganization, merger or consolidation, each outstanding Award shall pertain to and apply to the securities to which a holder of the number of Shares subject to the Award would have been entitled, and if a plan or agreement reflecting any such event is in effect that specifically provides for the change, conversion or exchange of Shares, then any adjustment to Shares relating to an Award hereunder shall not be inconsistent with the terms of any such plan or agreement.

(c) In the event of a change in the Shares of the Company as presently constituted, which is limited to a change of par value into the same number of Shares with a different par value or without par value, the Shares resulting from any such change shall be deemed to be the Shares within the meaning of the Plan.

To the extent that the foregoing adjustments relate to stock or securities of the Company, such adjustments shall be made by the Board, whose determination shall be final, binding and conclusive.

Except as hereinbefore expressly provided in the Plan, any person to whom an Award is granted shall have no rights by reason of any subdivision or consolidation of stock of any class or the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class or by reason of any dissolution, liquidation, reorganization, merger or consolidation or spinoff of assets or stock of another corporation, and any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or exercise price of Shares subject to an Award.

The grant of an Award pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, Reorganizations or changes of its capital or business structure or to merge or to consolidate or to dissolve, liquidate or sell or transfer all or any part of its business or assets.

SECTION 15. AMENDMENT OR TERMINATION OF THE PLAN

15.1 *Amendment of the Plan.* Notwithstanding anything contained in the Plan to the contrary, all provisions of the Plan may at any time or from time to time be modified or amended by the Board; provided, however, that no Award at any time outstanding under the Plan may be modified, impaired or canceled adversely to the holder of the Award without the consent of such holder; and provided, further, that the Plan may not be amended without approval by the holders of a majority of the Shares of the Company cast at a meeting of the stockholders (a) to increase the maximum number of Shares subject to the Plan, (b) to materially modify the requirements as to eligibility for participation in the Plan, (c) to otherwise materially increase the benefits accruing to persons to whom Awards may be made under the Plan, as amended, or (d) if such approval is otherwise necessary, to comply with Rule 16b-3 promulgated under the Exchange Act, as amended, or to comply with any other applicable laws, regulations or listing requirements, or to qualify, for an exemption or characterization that is deemed desirable by the Board. Notwithstanding the foregoing, the Board may amend any Award without the consent of the holder if the Board deems it necessary to avoid adverse tax consequences to the holder under Section 409A of the Code.

15.2 *Termination of the Plan.* Subject to the requirements of Section 409A of the Code, the Board may suspend or terminate the Plan at any time, and such suspension or termination may be retroactive or prospective. However, no Award may be granted on or after the tenth (10th) anniversary of the Effective Date of the Plan. Termination of the Plan shall not impair or affect any Award previously granted hereunder and the rights of the holder of the Award shall remain in effect until the Award has been exercised in its entirety or has expired or otherwise has been terminated by the terms of such Award.

SECTION 16. AMENDMENTS AND ADJUSTMENTS TO AWARDS

The Committee may amend, modify or terminate any outstanding Award with the participant's consent at any time prior to payment or exercise in any manner not inconsistent with the terms of the Plan, including, without limitation, (i) to change the date or dates as of which (A) an option becomes exercisable or (B) a performance-based Award is deemed earned or (ii) to cancel an Award and grant a new Award in substitution therefore under such different terms and conditions as it determines in its sole and complete discretion to be appropriate. The Committee is also authorized to make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 14 hereof) affecting the Company, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent reduction or enlargement of the benefits or potential benefits intended to be made available under the Plan. Any provision of the Plan or any agreement regarding an Award to the contrary notwithstanding, the Committee may cause any Award granted to be canceled in consideration of a cash payment or alternative Award made to the holder of such canceled Award equal in value to the

Edgar Filing: PENN TREATY AMERICAN CORP - Form SC 13D

Fair Market Value of such canceled Award. The determinations of value under this Section 16 shall be made by the Committee in its sole discretion. Any amendment or adjustment to an Award is intended to comply with Section 409A of the Code.

SECTION 17. GENERAL PROVISIONS

17.1 *No Limit on Other Compensation Arrangements.* Nothing contained in the Plan shall prevent the Company from adopting or continuing in effect other compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

17.2 *No Right to Employment.* The grant of an Award shall not be construed as giving the recipient thereof the right to be retained in the employ of the Company. Further, the Company may at any time dismiss a participant in the Plan from employment, free from any liability or any claim under the Plan, unless otherwise expressly provided in the Plan or in any Award agreement. No officer, employee, director, participant or other person shall have any claim to be granted any Award, and there is no obligation for uniformity or treatment of officers, employees, directors, participants or holders or beneficiaries of Awards.

17.3 *GOVERNING LAW.* THE VALIDITY, CONSTRUCTION AND EFFECT OF THE PLAN AND ANY RULES AND REGULATIONS RELATING TO THE PLAN SHALL BE DETERMINED IN ACCORDANCE WITH THE LAWS OF THE STATE OF MARYLAND.

17.4 *Severability.* If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or as to any person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be construed or deemed amended without, in the sole determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

17.5 *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

17.6 *Headings.* Headings are given to the subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.

17.7 *Withholding.* The Company or any Affiliate is authorized to withhold at the minimum statutory rate from any Award, from any payment due or transfer made under any Award or under the Plan or from any compensation or other amount owing to a participant the amount (in any medium) of any applicable taxes payable in respect of an Award, its exercise, the lapse of restrictions thereon, or any payment or transfer under an Award or under the Plan and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such taxes.

17.8 *Section 409A of the Code.*

(a) The Plan is intended to comply with Section 409A of the Code, including the exemption for short-term deferrals, and it shall be construed, interpreted and administered in accordance with such intent. The Company makes no representations that the Plan, the administration of the Plan, or the amounts hereunder comply with, or are exempt from, Section 409A of the Code and the Company undertakes no obligation to ensure such compliance or exemption. If an operational failure occurs with respect to the Section 409A of the Code, any affected participant shall fully cooperate with the Company to correct the failure, to the extent possible, in accordance with any correction procedure established by the Secretary of the Treasury. In the event that a participant's termination of employment would affect the timing of the payment of any Award that provides for the deferral of compensation under the Section 409A of the Code, termination of employment shall mean, but only for purposes of determining the timing of such payment (and not for any other purposes, such as the determination of the occurrence of a forfeiture), a cessation of the provision of any services by the participant in any capacity to the Company or any Affiliate for payment, compensation or other consideration, which cessation both the participant and the Company or Affiliate reasonably expect to be both total and permanent and which constitutes a separation from service within the meaning of the Section 409A of the Code.

(b) Subject to any other restrictions or limitations contained herein, in the event that a specified employee (as defined under Section 409A of the Code) becomes entitled to a payment under the Plan that is subject to Section 409A of the Code on account of a separation from service (as defined under Section 409A of the Code), such payment shall not occur until the date that is six (6) months plus one (1) day from the date of such separation from service.

17.10 *Claw-Back Policy.* All Awards (including any proceeds, gains or other economic benefit actually or constructively received by the participant upon any receipt or exercise of any Award or upon the receipt or resale of any Shares underlying the Award) shall be subject to the
