Item 8.01. Other Events.

On February 4, 2013, Duke Energy Carolinas, LLC (Duke Energy Carolinas) filed a rate case with the North Carolina Utilities Commission (the NCUC) to request an average 9.7% increase in retail revenues, or approximately \$446 million, with an overall rate of return of approximately 8.45% based on approval of an 11.25% return on equity and a 53% equity component of the capital structure. The request is premised upon a North Carolina rate base of \$12.0 billion. This rate increase is primarily driven by the incremental cost associated with Duke Energy Carolinas rate base, including capital investments associated with our modernization program and environmental compliance.

Hearings are expected to commence in July 2013 and, if approved by the NCUC, rates would likely go in effect in September 2013.

An overview providing additional detail on the filing is attached to this Form 8-K as Exhibit 99.1.
