MW Channel Operations LLC and Subsidiaries

(A Wholly-Owned Subsidiary of US Imagina, LLC through Mediaworld, LLC)

We have audited the accompanying consolidated financial statements of MW Channel Operations LLC and Subsidiaries (A Wholly-Owned Subsidiary of US Imagina, LLC through Mediaworld, LLC) (the Company), which comprise the consolidated balance sheets as of December 31, 2013 and 2012, and the related consolidated statements of income, changes in equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management s Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor s Responsibility for the Consolidated Financial Statements

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of MW Channel Operations LLC and Subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Directors

MW Channel Operations LLC and Subsidiaries

(A Wholly-Owned Subsidiary of US Imagina, LLC through Mediaworld, LLC)

Transactions with Affiliated Companies

As discussed in notes 1 and 4 to the accompanying consolidated financial statements, the Company has numerous significant transactions with US Imagina, LLC, the Parent, and its other subsidiaries. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions among unrelated parties. The Company's accounts have been included in the audited consolidated financial statements of its Parent. These consolidated financial statements should be read in conjunction with the audited financial statements of the parent. Our opinion is not modified with respect to this matter.

Business Concentration

As discussed in Note 2 to the consolidated financial statements, for the years ended December 31, 2013 and 2012, the Company's top four customers accounted for 74% and 77%, respectively, of total revenues. Additionally, as of December 31, 2013 and 2012, these top four customers represent a significant component of accounts receivable and accrued income. Our opinion is not modified with respect to this matter.

Subsequent Event

As further discussed in Note 1, during January 2014, the Company's Parent entered into a definitive asset purchase agreement with Hemisphere Media Holdings, LLC (Hemisphere) to sell 100% of the three TV channels comprising MW Channel Operations LLC and Subsidiaries for \$102 Million (subject to certain price adjustments as defined in the agreement). Our opinion is not modified with respect to this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF BUSINESS

Prior to October 10, 2013

The operations presented hereon are the combination of three separate TV channels which are either wholly owned or partially owned by Mediaworld, LLC. US Imagina, LLC is also the sole member of Imahouse, LLC and Promofilm US, LLC, it was established in 2007 and it is the America's division of Imagina Holding, a European based company operating in the entertainment industry. Imahouse, LLC is the entity that owns the building that houses the Company's broadcast facility. The three separate TV channels which make up these consolidated financial statements and the corresponding programming are:

TV Channel	Programming
Television Dominicana, LLC (100% owned by Parent)	Launched in November 2005, this is the only 24-hour channel that integrates original content from Dominican Republic in one venue. Programming acquisitions are made directly with the producers and are based on Audits of Great Britain Nielsen (AGB Nielsen) ratings from Dominican Republic.
Centroamerica TV, LLC (100% owned by Parent)	Original programming from El Salvador, Honduras, Guatemala, Nicaragua, Costa Rica and Panama.
Pasiones TV, LLC (60% Owned by Parent)	Top rated telenovelas produced from across the United States and Latin America and may also include compilations of telenovelas, and telenovela behind the scenes programming blocks, which are presented on a 24-hour per day, 7 days a week schedule.

On October 10, 2013, the Company's Parent formed a new entity, MW Channel Operations LLC and capitalized the entity with the Parent's interest in Television Dominicana, LLC, Pasiones TV, LLC, and CentroAmerica TV, LLC. The transaction was accounted for at recorded

amounts in accordance with applicable accounting guidance for entities under common control. The consolidated financial statements as of, and for the year ended, December 31, 2013 reflect the operations of the three television channels for the full year. The noncontrolling interest, before and after October 10, 2013, reflects ownership interest by a third party in Pasiones TV, LLC.

During January 2014, the Company's Parent entered into a definitive asset purchase agreement with Hemisphere Media Holdings, LLC to sell 100% of the three Spanish-Language channels owned and operated by the Company for a purchase price of approximately \$102 Million (subject to certain price adjustments as defined in the agreement). Revenue Recognition

The Company's revenues are composed of subscriber fees and advertising fees.

The Company generates revenues through (1) subscriber fees paid by cable and satellite service providers that air the three channels, (2) advertising fees from advertisements and infomercials aired on the three channels and (3) fees paid by outside producers to purchase advertising time in connection with the airing of their programs on the three channels.

Subscriber fees are recognized in the period the programming is aired by the distributor. Advertising revenues are recognized when the advertisement is aired and the collectability of fees is reasonably assured.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments with a maturity of three months or less from the date of purchase to be cash.

Accounts Receivable and Allowance for Doubtful Accounts

The Company maintains an allowance for doubtful accounts for estimated losses that may arise if any of its customers are unable to make required payments. Management specifically analyzes the age of customer balances, historical bad debt experience, customer credit-worthiness

and trade publications regarding the financial health of its larger customers and changes in customer payment terms when making estimates of the uncollectability of its trade accounts receivable balances. If the Company determines that the financial condition of any of its customers deteriorated or improved, whether due to customer specific or general economic conditions, it makes appropriate adjustments to the allowance. The Company includes bad debt expense in its costs and expenses caption in the accompanying consolidated statements of income. As of December 31, 2013 and 2012, the Company's allowance for doubtful accounts amounted to approximately \$448,000 and \$2,500, respectively.

Accrued Income

Accrued income consists of subscriber fees which are paid by cable and satellite service providers usually after sixty days from the month the programming is aired. Subscriber fees are paid based on a pre-established monthly rate with the distributor multiplied by the number of individual subscribers. As of December 31, 2013 and 2012, accrued income amounted to \$2,541,824 and \$2,112,738, respectively.

Advertising Costs

Advertising costs are expensed as incurred and are included in costs and expenses in the accompanying consolidated statement of income. For the years ended December 31, 2013 and 2012, advertising costs amounted to approximately \$1,052,000 and \$1,426,000, respectively.

Programming Costs

The Company acquires program distribution rights for a fixed cost over the license term. These program rights are carried at the lower of unamortized cost or estimated net realizable value, and amortized over the term of the licensing agreement. Amortization is based on the number of runs allowed per licensing agreement. When two runs are allowed, cost is allocated 70% to the first run and 30% to the second run. When three runs are allowed, cost is distributed 50% to the first run, 30% to the second run and 20% to the third run. The related liabilities are recorded at the contractual amounts when the license period begins and programming is available to air. The estimated costs of programming which will be amortized during the next year are included in current assets; program rights obligations which become due within the next year are included in current liabilities.

Reclassifications

Certain amounts in the prior period have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported net income.

Concentration of Business and Credit Risks

Financial instruments that potentially subject the Company to concentrations of risk include primarily cash and cash equivalents, receivables and accrued income. Management believes the Company places its cash with highly rated credit institutions. Although it tries to limit the amount of credit exposure with any one financial institution, in the normal course of business it may maintain cash balances in excess of federally insured limits.

Income Taxes

The Company is treated as a partnership for federal income tax purposes and, accordingly, generally would not incur income taxes or have any unrecognized tax benefits. Instead, its earnings and losses are included in the tax return of its member and taxed depending on the member's tax situation. As a result, the consolidated financial statements do not reflect a provision for income taxes.

The Company recognizes and measures tax positions taken or expected to be taken in its tax return based on their technical merit and assesses the likelihood that the positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. Interest and penalties on tax liabilities, if any, would be recorded in interest expense and other non-interest expense, respectively.

The U.S. Federal jurisdiction and Florida are the major tax jurisdictions where the Company files income tax returns. The Company is no longer subject to U.S. Federal or State examinations by tax authorities for years before 2010.

HEMISPHERE MEDIA GROUP, INC.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS

On January 22, 2014, Hemisphere Media Holdings, LLC, an indirect wholly-owned subsidiary of Hemisphere Media Group, Inc. (Hemisphere, or the Company) entered into an Asset Purchase Agreement with Media World, LLC (Seller) whereby Hemisphere acquired Seller's Spanish-language television network business (the Acquisition). The Acquisition closed on April 1, 2014.

The Acquisition includes the purchase by Hemisphere of such assets of the Seller primarily used in the operation of Seller's Spanish-language television network business (the Acquired Cable Business), which includes the following cable networks:

- *Pasiones* dedicated to showcasing the most popular telenovelas and series, distributed to approximately 3.8 million subscribers in the U.S. and 7.2 million subscribers in Latin America;
- *Centroamerica TV* the leading network targeting the third largest U.S. Hispanic group, featuring the most popular news, entertainment and soccer programming from Central America with over 3.3 million subscribers in the U.S.; and
- *TV Dominicana* the leading network targeting Dominicans living in the U.S., featuring the most popular news, entertainment and baseball programming from the Dominican Republic, with over 2.2 million subscribers in the U.S.

The following unaudited pro forma consolidated financial statements for the year ended December 31, 2013, the date of the latest publicly available annual financial information for Hemisphere, gives effect to the Acquisition. The unaudited pro forma consolidated financial statements shown below reflect historical financial information and have been prepared on the basis that the transaction will be accounted for using the acquisition method of accounting under Accounting Standards Codification Topic 805, *Business Combinations* (ASC 805). Accordingly, the assets acquired and liabilities assumed in the Acquisition will be measured at their respective fair values with any excess reflected as goodwill.

The following unaudited pro forma consolidated financial statements are presented on a basis to reflect the Acquisition as if it had occurred on January 1, 2013. The unaudited pro forma consolidated financial statements were based on, and should be read in conjunction with, Hemisphere's historical audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and MW Channel Operations LLC and Subsidiaries (MW Channel Operations) historical audited financial statements for the fiscal year ended December 31, 2103.

The process of valuing the Acquired Cable Companies' tangible and intangible assets acquired and liabilities assumed, is still in the preliminary stages. Accordingly, the purchase accounting adjustments included in the unaudited pro forma consolidated financial statements are preliminary and have been made solely for the purpose of providing these unaudited pro forma consolidated financial statements. For those assets and

Edgar Filing: HEMISPHERE MEDIA GROUP, INC. - Form 424B3

liabilities where insufficient information is available to make a reasonable estimate of fair value, the unaudited pro forma financial statements reflect the historical carrying value of those assets and liabilities at December 31, 2013. A final determination of the fair values of assets acquired and liabilities assumed will include management's consideration of a final valuation. Hemisphere currently expects that the process of determining fair value of the tangible and intangible assets acquired and liabilities assumed will be completed within one year of the Acquisition date. Material revisions to Hemisphere's preliminary estimates could be necessary as more information becomes available through the completion of the final valuation determination. The final amounts may be materially different from the information presented in these unaudited pro forma consolidated financial statement due to a number of factors, including changes in market conditions and financial results which may impact cash flow projections used in the valuation and

the identification of additional conditions that existed as of the date of the acquisition which may impact the fair value of the MW Channel Operations net assets.

Hemisphere and MW Channel Operations historical consolidated financial information has been adjusted in the unaudited pro forma consolidated financial statements to give effect to pro forma events that are (1) directly attributable to the acquisition; (2) factually supportable; and (3) with respect to the unaudited pro forma statement of operations, expected to have a continuing impact on the consolidated results. The unaudited pro forma consolidated financial statements do not reflect any revenue enhancements, all cost savings from operating efficiencies, synergies or the costs and related liabilities that would be incurred to achieve such revenue enhancements and cost savings, which could result from the acquisition.

The pro forma adjustments are based upon available information and assumptions that the managements of Hemisphere and Seller believe reasonably reflect the acquisition. The unaudited pro forma consolidated financial statements are provided for illustrative purposes only and do not purport to represent what the actual consolidated results of operations or the consolidated financial position of Hemisphere would have been had the acquisition occurred on the date assumed, nor are they necessarily indicative of future consolidated results of operations or the financial position of Hemisphere.

(a) This adjustment reduces pro forma consolidated net revenue for non-recurring revenue earned by MW Channel Operations during the period.

(b) Hemisphere and the Seller have entered into a Technical Services Agreement pursuant to which the Seller will provide certain technical support services for the networks that comprise the Acquired Cable Business. The cost of such technical services is expected to be less than the fees charged to the Acquired Cable Business during the historical period. Accordingly, this adjustment reduces pro forma consolidated cost of revenues to reflect the reduction in certain technical support services.

(c) Hemisphere and the Seller have entered into a sub-license programming agreement. As a result, this adjustment reflects the additional programming costs that will be incurred in connection with the sub-license agreement.

(d) The Company has not completed its acquisition accounting for the Acquisition of MW Channel Operations. Accordingly, the net consideration paid in excess of the net assets acquired, is presented as goodwill. Based on historical acquisitions made by the Company, we expect to allocate a portion of the purchase price to identifiable intangibles, including certain definite-lived intangibles, such as affiliation agreements, that would be amortized over the estimated useful life of such agreements.

(e) Reflects the adjustment to eliminate non-recurring transaction expenses, including legal and consulting fees included in the historical financial statements of the Company in connection with its acquisition of MW Channel Operations.

(f) Reflects income tax expense on the MW Channel Operations assuming the statutory tax rate for Hemisphere during the period of 34%.

(g) Pro forma earnings per share, basic and diluted, are computed by dividing net income by the weighted-average number of shares outstanding during the period as if the shares outstanding were outstanding as of January 1, 2013. The diluted shares do not include 2 million shares of capital stock in the historical financial statements of the Company, which are subject to forfeiture as these shares are contingently returnable for which all the necessary conditions have not been satisfied.
