**WISCONSIN ENERGY CORPORATION
WISCONSIN ELECTRIC POWER COMPANY**

ITEM 8.01 OTHER EVENTS.

On March 12, 2015, Wisconsin Energy Corporation and Wisconsin Electric Power Company entered into an Amended and Restated Settlement Agreement (the Amended Agreement) with the Attorney General of the State of Michigan, the Staff of the Michigan Public Service Commission (MPSC), and Tilden Mining Company and Empire Iron Mining Partnership (collectively, the Mines) to resolve all objections these parties raised at the MPSC to Wisconsin Energy's acquisition of Integrys Energy Group, Inc. (the Merger). The Amended Agreement includes the following provisions:

- The parties to the Amended Agreement agree that the Merger satisfies the applicable requirements under Michigan law and should be approved by the MPSC.
- Wisconsin Electric will not enter into a System Support Resource agreement for the operation of Presque Isle Power Plant (PIPP) so long as both Mines, if operational, remain full requirements customers of Wisconsin Electric until the earlier of (i) the date a new, clean generation plant located in the Upper Peninsula of Michigan (the Plant) commences commercial operation or (ii) December 31, 2019.
- Wisconsin Energy commits to invest, or to have, if formed, its future Michigan jurisdictional utility invest, in the Plant by engaging in any of the following transactions, subject to the issuance of a Certificate of Necessity from the MPSC:
- At the option of the Mines (i) become a minority investor in the Plant that the Mines may propose with a potential third party, and agree to off-take the amount of energy needed to serve the Michigan jurisdictional non-Mines load of Wisconsin Energy's utility subsidiaries; or (ii) off-take the amount of energy equal to the Michigan jurisdictional non-Mines load of Wisconsin Energy's electric utility subsidiaries without making a minority equity investment in the Plant. Any such investment will be on the same financial terms as the majority investor.
- If the agreement for the aforementioned investment is not executed by July 31, 2016, (i) negotiate an agreement with the Mines to develop the Plant; or (ii) off-take the amount of energy equal to the Michigan jurisdictional non-Mines load of Wisconsin Energy's electric utility subsidiaries without making a minority equity investment in the Plant. Any such investment will be on the same financial terms as the Mines.
- If the agreement with the Mines is not executed by December 31, 2016, and it is reasonable and prudent and in the best interests of Michigan ratepayers, construct, own and operate the Plant as a Michigan-only asset, subject to the Mines having previously signed an agreement to receive all of their electric requirements from the Plant for a period of 10 years beginning January 1, 2020.
- Wisconsin Energy agrees to form a Michigan-only jurisdictional utility to facilitate its investment in the Plant, if reasonable and prudent.
- The Amended Agreement is conditioned on the MPSC's approval of the special contracts entered into between Wisconsin Electric and the Mines.

Other intervenors in the MPSC proceeding are not currently parties to the Amended Agreement, but will have the opportunity to join.

Edgar Filing: WISCONSIN ENERGY CORP - Form 8-K

The Amended Agreement supersedes and replaces the settlement agreement entered into by the same parties on January 30, 2015.

In addition, on March 12, 2015, Wisconsin Electric entered into a special contract with each of the Mines to provide full requirements electric service to the Mines through December 31, 2019.
