Report of Independent Registered Public Accounting Firm

To the Participants, Administrator, and Investment Committee of the

Bunge Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Bunge Savings Plan (the Plan) as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Bunge Savings Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets (held at end of year) as of December 31, 2014 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedule is fairly stated in all material respects in relation to the financial statements as a whole.

BUNGE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Savings Plan (the Plan) was established as of April 1, 1996. On January 1, 2004, the Plan was amended to change the Plan name to the Bunge Savings Plan, transfer assets attributable to non-union participants in the Plan to the Bunge Retirement Savings Plan and transfer the assets of the Central Soya 401(k) Plan for Hourly Employees (CSY Plan) to the Plan. The Plan was further amended to provide that Plan provisions applicable to participants in the CSY Plan are set forth in a separate subplan known as Supplement A to the Plan. Effective January 1, 2005, the assets attributable to Supplement A participants were transferred to the Bunge Savings Plan Supplement A. Plan assets attributable to the subplan covering Supplement A participants may only be used to pay benefits for Supplement A participants, and trust assets attributable to the subplan covering the remaining participants may only be used to pay benefits for such participants. Significant accounting policies followed by the Plan are as follows.

Basis of Accounting The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income (Loss) Recognition The Plan's investment in the Bunge Defined Contribution Master Trust (the Trust) is presented at fair value, which has been determined based on the fair value of the underlying investments of the Trust. The Trust's investments include mutual funds, Bunge Limited common shares, interest bearing cash, and other common stock holdings that are stated at estimated fair value based on quoted market prices. Sales and purchases of investments are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings (losses) on investments are allocated to participants based on daily account balances. See Note 9 for discussion of fair value measurements.

Administrative Expenses Administrative expenses of the Plan are paid by the participants as provided in the plan document.

Use of Estimates The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, accompanying notes of the Plan financial statements, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties The Plan invests in the Trust which holds various securities, including mutual funds, Bunge Limited common shares, interest bearing cash, and other common stock holdings. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and that such changes, could materially affect the amounts reported in the

financial statements.

New Accounting Pronouncement In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented.

BUNGE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

Early application is permitted. The adoption of this standard update is not expected to have a material impact on the Plans financial statements.

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code (IRC) and is administered by the Investment Committee (the Committee) appointed by the Board of Directors of Bunge North America, Inc. (the Company). The Company has appointed Fidelity Management Trust Company (Fidelity) to serve as record keeper, administrator, and trustee of both the Plan and the Trust. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan document. Participants should refer to the Plan document for a more complete description of the applicable provisions of the Plan. All regular hourly employees, except those regular hourly employees of Bunge North America (East), L.L.C. (collectively Employer Group) whose terms and conditions of employment are subject to a collective bargaining agreement that bargained to participate in the Plan, are eligible Plan participants. Individual accounts are maintained for each Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

3. CONTRIBUTIONS AND WITHDRAWALS

Contribution limits for participants are based on their respective collective bargaining agreements. As determined by the IRC s qualified retirement plan limits, the total amount which a participant could elect to contribute to the Plan on a pre-tax basis could not exceed \$17,500. However, if a participant reached age 50 by December 31 of that year, they are able to contribute an additional \$5,500 in catch up contribution to the Plan on a pre-tax basis.

The contribution amounts and allocation between pre-tax and post-tax basis of participant accounts are subject to IRC discrimination tests and limitations. The participants contributions, plus any actual earnings thereon, vest immediately.

The employer match in cash for participant contributions, if any, is subject to participant collective bargaining agreements. Such matching contributions are credited to individual participants accounts, and vest at a rate of 20% per year and all matching contributions become 100% vested following five years of continuous service. Participants will forfeit any non-vested portion of their account balance upon leaving the Company s employment for any reason other than normal retirement. Any such forfeited amounts are redistributed to continuing participants in the manner specified in the Plan.

Edgar Filing: Bunge LTD - Form 11-K

Plan participants may select from a number of investment alternatives for their contributions. Investment choices include various mutual funds, common stock, and the Bunge Common Stock Fund (subject to certain limits) (the Bunge Fund). The Bunge Fund pools a participant s money with that of other employees to buy common shares of Bunge Limited as well as short-term investments designed to allow participants to buy or sell without the usual trade settlement period for individual stock transactions. The value of the participant investment in the Bunge Fund will vary depending on the performance of Bunge Limited, the overall stock market, and the performance and amount of short-term investments held by the Bunge Fund, less any expenses accrued against the Bunge Fund. All dividends and interest earned in the Bunge Fund are reinvested in the Bunge Fund. Participant s ownership in the Bunge Fund is measured in units of the Bunge Fund instead of common shares.

Employer Group matching contributions are allocated to participants based upon the current contribution

allocation among investment alternatives elected by the individual participant. Thereafter, employee and employer contributions may be reallocated by the participant among all investment alternatives.

Participants may not withdraw pre-tax contributions except as provided for hardship withdrawals or age 59½ withdrawals permitted by the Plan. Following normal retirement or termination of employment, participants must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan prior to April 1 following the calendar year in which the participant attains age 70½. Participants with account balances less than or equal to \$5,000 upon retirement or termination must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan on the date the participant terminates employment. Withdrawals by participants are recorded upon distribution. A participant may withdraw all or any portion of their rollover contribution account, including earnings, at any time.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their employer contributions.

5. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter from the Internal Revenue Service on October 22, 2011, stating that the Plan and related trust was designed and in compliance with the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the state and federal taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Trust's investments are in shares of funds offered by the trustee. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. Such investments as of December 31, 2014, are disclosed in the supplemental schedule of assets (held at end of year.) Fees paid by the Plan were \$6,310 and \$5,767 for the years ended December 31, 2014 and 2013, respectively.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

The Plan's investment assets are held in the Trust which was established for the investment of the combined assets of the Plan and other defined contribution plans sponsored by the Company. Each participating plan has an undivided interest in the Trust. The assets of the Trust are held, managed, and administered by the trustee pursuant to the terms of the Bunge Defined Contribution Master Trust. Investment income and administrative expenses relating to the Trust are allocated to the individual participants in the plans based upon individual participant activity.

The Trust is required to maintain separate accounts reflecting the equitable share of each participating plan in the Trust. The Plan's equitable share of the Trust cannot be used for the payments of expenses or benefits allocable to any other participating plan.

9. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures (ASC 820), established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements.

The various inputs that may be used to determine the value of the Plan's and Trust's investments are summarized in three broad levels. The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. There have been no changes in methodologies or investment levels during the years ended December 31, 2014 and 2013.

Edgar Filing: Bunge LTD - Form 11-K

Level 1 Quoted prices (unadjusted) in active markets for identical securities.

Level 2 Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).

Level 3 Significant unobservable inputs (including the fund's own assumptions used to determine the fair value of investments).

Table of Contents**BUNGE SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013**

The following tables set forth by level within the fair value hierarchy a summary of the Trust's investments measured at fair value on a recurring basis at December 31, 2014 and 2013. Additionally, in accordance with ASC 820, the tables include the major categorization for debt and equity securities held by the Trust on the basis of the nature and risk of the Trust's investment. The tables do not include the Trust's cash of \$2,466,486 and \$2,894,499, respectively, in accordance with the disclosure requirements of ASC 820.

BUNGE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

(1) Interest in Bunge Limited common shares represents participant investments in the Bunge Fund and is valued based upon unitized value of the quoted market price of the underlying common shares. (Level 2) Transactions (purchases and sales) may occur daily. There are no unfunded commitments or other redemption restrictions associated with this investment.

10. PLAN TRANSFERS

Certain Plan participants also had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. Plan transfers included in the statements of changes in net assets available for benefits reflect transfers made to combine multiple participant accounts into each participant's active account. In addition, if a change in a participant's employment classification occurs during a plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of those transfers may from time-to-time result in plan payables or receivables in the respective plans.
