Item 1.01 Entry into Material Definitive Agreement

Purchase Agreement

On August 5, 2015, RSP Permian, Inc. (the *Company*) entered into a Purchase Agreement (the *Purchase Agreement*) by and among the Company, the subsidiary guarantor named therein (the *Guarantor*) and Goldman, Sachs & Co. (the *Initial Purchaser*) pursuant to which the Company agreed to issue and sell to the Initial Purchaser \$200.0 million aggregate principal amount of the Company's 6.625% senior unsecured notes due 2022 (the *New Notes*). The New Notes will be sold at 99.25% of their principal amount, plus accrued interest from April 1, 2015, and will result in net proceeds to the Company of approximately \$196 million.

The New Notes will be issued and sold to the Initial Purchaser pursuant to an exemption from the registration requirements of the Securities Act of 1933, as amended (the *Securities Act*), pursuant to Section 4(a)(2) thereunder. The Initial Purchaser intends to resell the New Notes (i) inside the United States to qualified institutional buyers, as defined in Rule 144A under the Securities Act (*Rule 144A*) in private sales exempt from registration under the Securities Act in accordance with Rule 144A, and (ii) to other eligible purchasers pursuant to offers and sales that occur outside the United States within the meaning of Regulation S under the Securities Act (*Regulation S*) in accordance with Regulation S. The New Notes have not been registered under the Securities Act or applicable state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

The Purchase Agreement contains customary representations and warranties of the parties and indemnification and contribution provisions under which the Company and the Guarantor, on the one hand, and the Initial Purchaser, on the other, have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

Relationships

The Initial Purchaser and its affiliates have, from time to time, performed, and may in the future perform, various commercial and investment banking and financial advisory services for the Company and its affiliates, for which they received or may in the future receive customary fees and expenses. The Initial Purchaser or its affiliates may also hold the Company's equity or debt securities from time to time. In addition, in the ordinary course of the Initial Purchaser's business activities, the Initial Purchaser and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for the Initial Purchaser's own account and for the accounts of its customers. Such investments and securities activities may involve securities and/or instruments of the Company and its affiliates. The Initial Purchaser and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
