## Important Additional Information

This communication relates to, among other things, a potential proposal that may be made regarding a business combination transaction involving EQM and RMP. In connection with the potential transaction with RMP and subject to future events, EQM may file a registration statement on Form S-4 with the SEC which will include a document that serves as a prospectus of EQM and a proxy statement of RMP (the proxy statement/prospectus), and each party will file other documents regarding the proposed transaction with the SEC. Investors and security holders are urged to carefully read the entire registration statement and proxy statement/prospectus and other relevant documents filed with the SEC if and when they become available, because they will contain important information. Subject to future events, a definitive proxy statement/prospectus will be sent to RMP's unitholders, in which case investors and security holders will be able to obtain the registration statement and the proxy statement/prospectus free of charge from the SEC's website or from EQM or RMP as described in the paragraphs below.
