Item 8.01. Other Events.

KapStone Paper and Packaging Corporation (KapStone or the Company) is filing this Current Report on Form 8-K to recast financial statements and other financial information previously included in its Annual Report on Form 10-K (the 2017 Form 10-K) for the year ended December 31, 2017, filed with the Securities and Exchange Commission on February 23, 2018.

In March, 2017, the Financial Accounting Standards Board issued Accounting Standard Update (ASU) No. 2017-07, Compensation Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost. This ASU applies to all employers that offer to their employees defined benefit pension plans, other postretirement benefit plans, or other types of benefits accounted for under Topic 715, Compensation Retirement Benefits. The ASU requires that an employer report the service cost component of net benefit cost in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period. The other components of net benefit cost are required to be presented in the income statement separately from the service cost component and outside a subtotal of income from operations, if one is presented. If a separate line item or items are used to present the other components of net benefit cost, that line item or items must be appropriately described. If a separate line item or items are not used, the line item or items used in the income statement to present the other components of net benefit cost must be disclosed. The ASU also allows only the service cost component to be eligible for capitalization when applicable (e.g., as a cost of internally manufactured inventory or a self-constructed asset).

As previously reported in KapStone s Quarterly Report on Form 10-Q for the period ended March 31, 2018, the Company adopted ASU 2017-07 on January 1, 2018, applying the allowable practical expedient by using the amounts disclosed in the pension and other postretirement benefit plan footnote for the prior comparative periods as the estimation basis for applying the retrospective presentation requirements to the periods presented. Although ASU No. 2017-07 requires that the Company apply these retroactive adjustments to annual disclosures the next time it files its prior year financial statements, the Company determined to voluntarily file this Current Report on Form 8-K to reflect the adjustments to such prior year financial information at this time.

ASU 2017-07 impacted the operating income subtotal presented on the Consolidated Statements of Comprehensive Income for the years ended December 31, 2017, 2016 and 2015, as well as items within the 2017 Form 10-K referencing operating income. Adoption of the ASU did not impact net the Company s income, earnings per share, the Consolidated Balance Sheets, Consolidated Statements of Cash Flows, or Consolidated Statements of Changes in Stockholders Equity for the periods presented. Accordingly, the Company is filing this Current Report on Form 8-K to recast impacted areas within the following items of the 2017 Form 10-K:

- Item 6 Selected Financial Data
- Item 7 Management s Discussion and Analysis of Financial Condition and Results of Operations
- Item 8 Financial Statements and Supplementary Data

Except as included in this filing with respect to ASU 2017-07, KapStone has not updated or enhanced any other disclosures presented in its 2017 Form 10-K. All other information is presented as of the original filing date and has not been updated in this Current Report on Form 8-K. Without limitation of the foregoing, this Current Report on Form 8-K does not purport to update the Management s Discussion and Analysis of Financial Condition and Results of Operations contained in the 2017 Form 10-K with respect to any uncertainties, transactions, risks, events or trends occurring, or known to management. More current information is included in KapStone s other filings with the Securities and Exchange Commission including the Form 10-Q filed April 18, 2018 and the Form 8-K filed April 16, 2018 including the Company s receipt of a second

request from the Department of Justice and the anticipated timing of the proposed acquisition of the Company by WestRock which is expected to close by the end of the quarter ending September 30, 2018 or the following quarter, subject to stockholder approval and customary closing conditions. This Form 8-K should be read in conjunction with the 2017 Form 10-K and the Company's other filings. Other filings may contain important information regarding uncertainties, trends, risks, events, transactions, developments and updates to certain expectations of the Company that may have been reported since the filing of the 2017 Form 10-K.
