Item 8.01. Other Events.

On July 14, 2005, plaintiffs in purported securities class action lawsuits have voluntarily dismissed the actions that were filed against us and some of our executive officers and directors in the United States District Court for the Northern District of Georgia, Atlanta division, on January 7, 2005, January 10, 2005, January 11, 2005 and January 25, 2005. The allegations in these actions related to our disclosures regarding the results of the CART-2 clinical trial for AGI-1067 and the complaints sought unspecified damages on behalf of a purported class of purchasers of our securities during the period after our disclosures regarding the CART-2 clinical trial in September 2004 to December 31, 2004.

Similar purported securities class action lawsuits filed against us and some of our executive officers and directors in the United States District Court for the Southern District of New York on January 5, 2005 and February 8, 2005, which were subsequently consolidated under the caption “*In re Atherogenics Securities Litigation*”, remain pending. We continue to believe that we have meritorious defenses to the plaintiffs’ allegations and intend to defend this matter vigorously.
