## **I Item 1.01 Entry into a Material Definitive Agreement.**

On February 8, 2005, West Pharmaceutical Services, Inc. ("West") entered into Amendment No. 1 to the Share and Asset Purchase Agreement (the "Amendment") by and among West, West Pharmaceutical Services Group, Limited and Archimedes Pharma Limited ("Archimedes"). The Amendment amends the Share and Asset Purchase Agreement (the "Agreement"), dated December 24, 2004, by and among West, West Pharmaceutical Services Group, Limited and Archimedes, to change the calculation of the purchase price, to provide for the treatment of certain receivables and to clarify the indemnification provisions. The foregoing summary description of the Amendment is qualified in its entirety by reference to the Agreement, which is attached to this Current Report on Form 8-K as Exhibit 10.1 and the Amendment, which is attached to this Current Report on Form 8-K as Exhibit 10.2.

## **II Item 2.01 Completion of Acquisition or Disposition of Assets.**

On February 9, 2005, West completed the sale of its Drug Delivery business to Archimedes, a new company formed by Warburg Pincus Private Equity VIII and Warburg Pincus International Partners, pursuant to the terms and conditions of the Agreement, as amended by the Amendment (the "Amended Agreement").

Under the terms of the Amended Agreement, Archimedes acquired all of the shares of West's wholly owned subsidiary in Nottingham, United Kingdom and certain assets in the United States which collectively represented West's Drug Delivery business. The Drug Delivery business consists of the business of researching, developing, licensing and marketing systems for the delivery of therapeutic compounds for sale throughout the world covering a range of delivery technologies for various types of administration, including nasal, oral and parenteral, and products that incorporate these technologies in each case that employ West's patented or proprietary chitosan or pectin nasal technology or starch-capsule coating oral technology and the business of developing a generic manually administrable fluticasone product. West received consideration of \$7.1 million, consisting of cash and indebtedness assumed by Archimedes. In addition, West received a 14% ownership interest in Archimedes and is entitled to 3% of any future royalty income resulting from the commercial success of the technologies contributed to the new company.

As a result of the transaction, in December 2004 West recorded a pre-tax loss of \$4.7 million (\$5.2 million after-tax, or \$0.17 per diluted share). The pre-tax loss consisted of severance, asset impairment and legal, investment banking and other costs associated with the transaction. The \$0.5 million net tax expense is primarily the result of the reversal of current and prior year tax benefits that may no longer be available as a result of the transaction. The results of the Drug Delivery Systems segment, including the loss on disposal, will be reported as discontinued operations in West's subsequent financial reports.

On February 9, 2005, West issued a press release announcing the completion of the disposition. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1.

The foregoing summary description of the terms of the transaction is qualified in its entirety by reference to the Agreement, which is attached to this Current Report on Form 8-K as Exhibit 10.1 and the Amendment, which is attached to this Current Report on Form 8-K as Exhibit 10.2.
