---

This Proxy Statement is furnished to the shareholders of mPhase Technologies, Inc. in connection with the solicitation of proxies by our Board of Directors to be voted at the Annual Meeting of Shareholders and at any adjournments thereof. The Annual Meeting will be held at our offices at 587 Connecticut Avenue, Norwalk, CT 06854, at 10:00 a.m. Eastern Time on Tuesday, December 9, 2003.

The approximate date on which this Proxy Statement and the accompanying Proxy Card are first being sent or given to shareholders is November 9, 2003.

**VOTING**

**General**

The securities that may be voted at the Annual Meeting consist of our common stock, with each share entitling its owner to one vote on each matter submitted to the shareholders. The record date for determining the holders of our shares who are entitled to notice of and to vote at the Annual Meeting is November 5, 2003. On the record date, 72,086,186 shares were outstanding and eligible to be voted at the Annual Meeting.

**Quorum and Vote Required**

The presence, in person or by proxy, of a majority of the outstanding shares of our shares is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes shall be counted for purposes of determining a quorum, but not have the effect of votes for or against any proposal. Therefore, abstentions and broker non-votes will not affect the outcome of such matter. At a meeting where a quorum is present, on the proposal for the election of directors, nominees who receive a plurality of the votes cast will be elected to serve until the next Annual Meeting of Shareholders, and on each other proposal, the affirmative vote of a majority of the shares represented at the Annual Meeting will be required to approve each of the proposals detailed herein.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. [Broker non-votes] means the votes that could have been cast on the matter in question if the brokers had received their customers' instructions, and as to which the broker has notified us on a Proxy form in accordance with industry practice or has otherwise advised us that it lacks voting authority.

**Voting by Proxy**

Shares represented by properly executed proxies received at or before the Annual Meeting that have not been revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. Shares represented by properly executed proxies for which no instruction is given will be voted [FOR] approval of the proposals described in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment. Our shareholders are requested to complete, sign, date and promptly return the enclosed Proxy Card in the postage-prepaid envelope provided for this purpose to ensure that their shares are voted. A shareholder may revoke a proxy at any time before it is voted by signing and returning a later-dated proxy with respect to the same shares, by filing with our corporate secretary, a written revocation bearing a later date or by attending and voting in person at the Annual Meeting. Mere attendance at the Annual Meeting will not in and of itself revoke a proxy.

---

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies (except for any proxies that have theretofore effectively been revoked or withdrawn) will be voted in the same manner as such proxies would have been voted at the original convening of the Annual Meeting, notwithstanding that such proxies may have been effectively voted on the same or any other matter at a previous meeting.

### Compensation Committee Report On Executive Compensation

As indicated above, our Compensation Committee consists of Messrs. Dotoli, Biderman and Guerino. The committee determines all compensation paid or awarded to our executive officers and approves our overall compensation policies.

The committee's goals are to attract and retain an executive management team that is capable of taking full advantage of our opportunities, and to provide incentives for outstanding performance. In arriving at an initial compensation offer to an individual, the committee considers determinants of the individual's market value, including experience, education, accomplishments and reputation, as well as the level of responsibility to be

assumed, in relation to the market value of such qualifications and industry standards. When determining subsequent adjustments to an individual's compensation package, the committee also evaluates the importance to stockholders of that person's continued service. This is a judgment process, exercised by the committee with the advice of our management and a compensation consultant.

The executive officers' compensation structure consists of: (i) base salary, (ii) cash bonus and (iii) stock options.

*Base Salary.* Each individual's base salary is determined by the committee after considering a variety of factors that make up our market value and prospective value, including the knowledge, experience and accomplishments of the individual, the individual's level of responsibility, and the typical compensation levels for individuals with similar credentials. The committee may change the salary of an individual on the basis of its judgment for any reason, including our performance or the performance of the individual, changes in responsibility, and changes in the market for executives with similar credentials. Salaries for 2003 were set based on the above factors and after review of industry comparables and discussion with a leading compensation consultant.

*Cash Bonus.* Bonuses are awarded for accomplishments during the past year. Bonuses are determined by the committee with advice from our management, based upon the committee's assessment of the individual's contributions during the year, compared to, but not limited to, a list of individualized goals previously approved by our management and the committee.

*Stock Options.* Stock options are prospective incentives, aimed at keeping and motivating key people by letting them share in the value they create for stockholders. They are awarded at times deemed appropriate by the committee in amounts calculated to secure the full attention and best efforts of executives on whose future performance our success will depend.

### **PERFORMANCE GRAPH**

The following graph compares the performance of the NASDAQ Composite Index (the "CCMP") and the Russell 2000 Index (the "RTY") against that of the Company's Common Stock from June 6, 1997 to June 30, 2003. The comparison assumes \$100 was invested on June 3, 1997 (date our shares first became publicly traded) in our shares and in each of the foregoing indices and assumes no dividends.

### **Compliance With Section 16(a) of the Exchange Act**

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and to provide us with copies of such reports. mPhase has reviewed the report copies filed in 2002 and based also on written representations from its directors and executive officers, the Company believes that there was compliance with Section 16 (a) filing requirements for 2003.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

mPhase's President, Chairman of the Board and Chief Operating Officer of the Company are also employees of Microphase. On May 1, 1997, the Company entered into an agreement with Microphase, whereby it will use office space as well as the administrative services of Microphase, including the use of accounting personnel.
