The organization and business of the Company, accounting policies followed by the Company and other information are contained in the notes to the Company's audited financial statements filed as part of the Company's December 31, 2002 Form 10-KSB.

3. NOTES RECEIVABLE

Notes receivable consist of \$326,500 from EYI (note 4) and \$27,869 from Advanced ID Corporation. The 8% loan from Advanced ID Corp. is due on demand. Management believes there will be a debt settlement done with Advanced ID Corp. in the last quarter of 2003.

4. SUBSEQUENT EVENT

The Company signed a definitive share exchange agreement dated November 4, 2003 with Essentially Yours Industries, Inc. ("EYI") of Las Vegas, Nevada. The agreement is subject to customary closing conditions.

According to the agreement, the Company will issue shares resulting in a change of control whereby EYI would own 80% of the issued and outstanding shares of the Company. A minimum of 90% of EYI shareholders must exchange their shares. It is anticipated that 90% of the EYI shareholders will exchange their shares for 106,399,230 shares of the Company. If 100% of EYI shares are exchanged, 118,221,367 new shares of the Company will be issued. The closing date has been set for December 31, 2003. Upon closing, the Company will increase its authorized capital stock to 300 million shares of common stock and 10 million shares of "blank check" preferred stock.

One of the conditions of the share exchange is that the Company is required to raise \$500,000 in the form of a private placement before the closing date. A total of \$409,000 has been raised as of November 5, 2003 with 2,923,924 shares being issued at a price of \$0.14 per unit, with each unit consisting of one share of common shares and one warrant to purchase an additional share of common stock at a price of \$0.20 per

Edgar Filing: SAFE ID CORP - Form 10QSB

share at any time during the 24 month period following the date of issuance. A further \$91,000 will be raised before the closing date.

Another condition is that the Company is obligated to loan to EYI an aggregate principal amount of \$500,000 pursuant to one or more promissory notes. A total of \$326,500 has been advanced to EYI as of November 5, 2003. Immediately upon the consummation of the Exchange the notes shall be immediately forgiven and cancelled.

At or before closing, the Company will offer to Michel Grise 357,143 shares of the Company's common stock and warrants to purchase an additional 357,143 shares of the Company's common stock at \$0.20 per share, with such warrants to have the same terms and conditions as the warrants issued by the Company in the private placement, in satisfaction of the U.S. \$50,000 owed to Grise by EYI, and if such offer is accepted by Grise, the closing of such transaction and the issuance of the Company's common stock and warrants shall occur immediately following the closing.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

SPECIAL NOTE OF CAUTION REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this report, including statements in the following discussion which are not statements of historical fact, are what are known as "forward looking statements," which are basically statements about the future. For that reason, these statements involve risk and uncertainty since no one can accurately predict the future. Words such as "plans," "intends," "will," "hopes," "seeks," "anticipates," "expects" and the like often identify such forward looking statements, but are not the only indication that a statement is a forward-looking statement. Such forward looking statements include statements concerning our plans and objectives with respect to the present and future operations of the Company, and statements which express or imply that such present and future operations will or may produce revenues, income or profits. Numerous factors and future events could cause the Company to change such plans and objectives or fail to successfully implement such plans or achieve such objectives, or cause such present and future operations to fail to produce revenues, income or profits.

Therefore, the reader is advised that the following discussion should be considered in light of the discussion of risks and other factors contained in this report on Form 10QSB and in the Company's other filings with the Securities and Exchange Commission. No statements contained in the following discussion should be construed as a guarantee or assurance of future performance or future results.

Plan of Operations

As of September 20, 2003, the company remains in the development stage. It has minimal capital resources presently available to meet its obligations or to continue its efforts to develop its business. As a result, there is substantial doubt about the Company's ability to continue as a going concern.

Until June 20, 2002, the Company focused on developing business related to reselling of a product line of miniaturized micro-chips suitable for insertion into inanimate objects or under the skin of animals. To develop this business, the Company estimated that it would require approximately \$250,000 within a twelve-month period to meet overhead (rent, salaries and operational expenses) and to pay expenses connected with marketing (cost of goods sold and purchase of inventory).

The Company was not able to raise the funds required for micro-chip sales and does not plan to pursue this line of business.

In July 2002, Safe Id Corporation signed an agreement with White Energy Corp. of Billings, Montana, U.S.A. to acquire approximately 91,771 acres of oil and gas lease holdings in the Northern Powder River Basin of Montana. The Company made non-refundable payments totaling \$128,616 U.S. to White Energy Corp. under the terms of this agreement, in order to secure the property and to contractually acquire a 100% interest in the property. However, the Company was not able to raise the necessary funds (estimated to be \$2.5 to \$3 million) for additional property and lease payments and an initial drilling commitment. As a result, the agreement signed July 12, 2002 expired on March 1, 2003.

Although the initial agreement expired, the Company continued to have some discussions with White Energy during the second quarter of 2003 concerning the possible renegotiation of the agreement. However, the Company finally concluded that, due to market conditions, it would not be able to raise funds for the White Energy project and no longer has any discussions with White Energy.

On July 14, 2003 the Company signed a letter of intent with Essentially Yours Industries, Inc. ("EYI") of Las Vegas, Nevada. Subsequently a definitive Share Exchange Agreement was signed with EYI on November 4, 2003.

Edgar Filing: SAFE ID CORP - Form 10QSB

Pursuant to the Share Exchange Agreement with EYI, the Company will issue shares of its common stock to EYI stockholders in exchange for shares of EYI common stock held by them (the "Exchange"). The Exchange is conditioned on at least 90% of the issued and outstanding common stock of EYI being surrendered in the Exchange. Up to 120,530,286 shares of common stock of the Company will be issued in the Exchange, and, following the Exchange, the EYI shareholders will hold up to 80% of the issued and outstanding common stock of the Company. The Exchange will result in a change of control of Safe ID.

The Closing Date for the Exchange is no later than December 31, 2003. In addition to the conditions discussed in more detail below, the Agreement is contingent upon the approval of the Safe ID shareholders, the raising of working capital by the Company, and other customary representations, warranties and covenants.

On September 30, 2003, the Company loaned \$326,500 to EYI pursuant to a promissory note. The loan was made in anticipation of the Exchange. If the Exchange is consummated, the note from EYI will be cancelled. Otherwise, it becomes due and payable in full on February 15, 2004.

As a condition to the Exchange, the Company must raise at least \$500,000 in a private placement in which up to 3,571,429 units were offered for sale at a price of \$0.14 per unit. Each unit is comprised of one share of common stock and one warrant to purchase an additional share of common stock at a price of \$0.20 per share. The warrants are being issued pursuant to a warrant agreement between the Company and its transfer agent. To date, the Company has raised approximately \$409,000. A further \$91,000 must be raised before closing.

EYI, Inc. is an 8-year-old company that markets an exclusive brand of nutritional supplements through radio, TV, Internet, brick and mortar placement and aggressive direct selling. EYI estimates sales at \$16,000,000 this year.

The Company believes that it currently has sufficient funds to allow it to pay the costs associated with filing periodic reports and maintaining its status as a reporting company for the remainder of the 2003 fiscal year. However, it does not currently have the funds needed to allow it to close the acquisition of EYI. Accordingly, there is no assurance that it will be able to complete the acquisition of EYI.

ITEM 3. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer (or those persons performing similar functions), after evaluating the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934, as amended) as of a date within 90 days before the filing date of this quarterly report (the "Evaluation Date"), have concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures were effective to ensure the timely collection, evaluation and disclosure of information relating to the Company that would potentially be subject to disclosure under the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder. There were no significant changes in the Company's internal controls or in other factors that could significantly affect the internal controls subsequent to the Evaluation Date.
