Proxy Statement

This Proxy Statement and accompanying proxy card are for the solicitation of proxies by the Board of Directors (the “Board”) of Dorman Products, Inc., a Pennsylvania corporation (the terms “we”, “our”, “us”, and the “Company” refer to Dorman Products, Inc.), for our use at our Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Thursday, May 22, 2008 at 8:30 a.m., Eastern Daylight Savings Time, and any adjournments of the Annual Meeting. The Annual Meeting will be held at the law offices of Blank Rome LLP, One Logan Square, Philadelphia, Pennsylvania 19103. This Proxy Statement is being posted to the Internet at <http://www.stocktrans.com/eproxy/dorman2008> and Notice of Internet Availability was mailed to our shareholders on or about April 11, 2008.

At the Annual Meeting, the holders of record on Friday, March 28, 2008 (the “Shareholders”) of our Common Stock, par value \$.01 (the “Common Stock”), will act upon the following matters:

I. Election of six directors, each to serve for a term of one year to expire at the next annual meeting of shareholders and until his successor has been selected and qualified.

II. Any other business as may properly come before the Annual Meeting.

You may vote by mail, telephone, or on-line. All proxy cards which are validly completed, signed and mailed to us prior to the Annual Meeting will be voted in the manner designated. Proxies may be revoked at any time prior to being voted at the Annual Meeting by written notice to our Corporate Secretary or by attending the Annual Meeting and voting in person. If no instructions are given, the persons named in the proxy solicited by the Board intend to vote in favor of the election of the nominees named herein. If any other matters properly come before the Annual Meeting, the persons named in the accompanying proxy card will vote on these matters in accordance with their best judgment.

The Board has fixed the close of business on Friday, March 28, 2008 as the record date (the “Record Date”) for the determination of shareholders entitled to receive notice and to vote at the Annual Meeting and any adjournments of the Annual Meeting. As of the close of business on the Record Date, there were 17,705,927 shares of Common Stock, issued and outstanding, each of which is entitled to one vote. All share information set forth in this Proxy Statement has been adjusted to reflect our two-for-one stock split in March 2005.

The election of directors will be determined by a plurality vote and the six nominees receiving the most “for” votes will be elected. An abstention, withholding of authority to vote or broker non-vote will not have the same legal effect as an “against” vote and will not be counted in determining whether any nominee has received the required shareholder vote.

Proposal I – Election of Directors

Our Amended and Restated By-Laws provide that our business shall be managed by or under the direction of a Board of Directors of not less than two nor more than seven directors, which number shall be fixed from time to time by the Board of Directors. The Board of Directors has fixed the number of directors at six. The Board of Directors has determined that four of the members of the Board are independent as defined in the applicable listing standards of the NASDAQ Stock Market. Each of the six directors shall be elected at the Annual Meeting of Shareholders for a term that expires at the next annual shareholder's meeting. Each director shall hold office for the term for which he was elected and until his successor is selected and qualified. Proxies solicited by the Board of Directors will, unless otherwise directed, be voted to elect the six nominees named below to constitute the entire Board of Directors.

Our Compensation and Nominating Committee is responsible for recommending qualified candidates to the Board that the Board proposes for election by the Shareholders. All of the nominees are current directors of the Company and are nominated by the independent members of the Board of Directors. All nominees were recommended to the Board by the Compensation and Nominating Committee. Each nominee has consented to being named in this Proxy Statement and has indicated a willingness to serve as a director for the ensuing year, but in case any nominee is not a candidate at the meeting for any reason, the proxy holders named in the enclosed proxy card may vote for a substitute nominee in their discretion.

Director Nomination Process

The Compensation and Nominating Committee is responsible for, among other matters, annually presenting to the Board of Directors a list of individuals recommended for nomination for election as directors at the annual meeting of shareholders. The Compensation and Nominating Committee assists the Board of Directors in identifying, interviewing and recruiting candidates as necessary for the Board of Directors. The Compensation and Nominating Committee also has the authority as it deems appropriate to retain a search firm to identify and evaluate director candidates.

Before recommending a director, the Compensation and Nominating Committee reviews his or her qualifications as described below. In the case of an incumbent director, the Compensation and Nominating Committee also reviews the director's service to the Company during the past term, including the number of Board and committee meetings attended, quality of participation and whether the candidate continues to meet the qualifications for a director as described below. After completing this evaluation, the Compensation and Nominating Committee makes a formal recommendation to the full Board of Directors as to election or re-election of the candidate.

Director Candidates Nominated by Shareholders

Under our Amended and Restated By-Laws, shareholders entitled to vote in the election of directors at the meeting at which directors are to be elected may nominate one or more persons for election as a director by personally delivering or mailing a letter addressed to our President at 3400 East Walnut Street, Colmar, Pennsylvania 18915 via a nationally-recognized express mail service or the United States mail, postage prepaid. Such letter must be received by us not less than one hundred and twenty (120) days prior to the date one year from the date of the immediately preceding annual meeting of shareholders. In the event of a special meeting of shareholders, the letter must be received not later than the close of business on the tenth day following the day on which notice of the special meeting was first given to shareholders.

The following information must be included in the letter:

- Name and address of shareholder intending to make the nomination and of the person or persons to be nominated;
- A representation that the shareholder is a shareholder of record and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- A description of all arrangements and understandings between the shareholder and each nominee and any other person or persons pursuant to which the nomination was made;
- Such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had the nominee been nominated by the Board of Directors; and
 - The written consent of each nominee to serve as a director of the Company if so elected.

A nomination specified in the letter may be presented at the meeting only by the shareholder who gave such letter, in person or by proxy. The presiding officer of the meeting may declare invalid any nomination not made in compliance with the foregoing procedure.

Director Qualifications

In order to be nominated for director, a director candidate must be a natural person at least eighteen (18) years of age. In addition, director qualifications include, among other factors, capability, availability to serve, conflicts of interest and moral character. Additional special criteria apply to directors being considered to serve on a particular committee of the Board of Directors. For example, members of the Audit Committee must meet additional standards of independence and have the ability to read and understand our financial statements.

Meetings of the Board of Directors and Committees

During the fiscal year ended December 29, 2007, the Board of Directors held five meetings. The Executive Committee did not hold any meetings, the Audit Committee held four meetings and the Compensation and Nominating Committee held one meeting during the fiscal year ended December 29, 2007. During the fiscal year ended December 29, 2007, each director attended at least 75% of the meetings of the Board and Committees of which they were a member.

Director Independence

The Board of Directors has determined that the following directors, constituting a majority of the members of the Board, are independent as defined in the applicable listing standards of the NASDAQ Stock Market: George L. Bernstein, John F. Creamer, Jr., Paul R. Lederer and Edgar W. Levin. During its review of director independence, the Board of Directors considered transactions and relationships between each independent director or any member of his or her immediate family (or any entity of which an independent director or an immediate family member is an executive officer, general partner or significant equity holder) and the Company and its subsidiaries and affiliates. There were no transactions or relationships between independent directors or any member of their immediate family (or any entity of which an independent director or an immediate family member is an executive officer, general partner or significant equity holder) considered by the Board of Directors and which were not disclosed in "Certain Relationships and Related Transactions" below.

Attendance at Annual Meeting of Shareholders

It is the policy of the Board of Directors that, absent sufficient cause, all of our directors attend our Annual Meeting of Shareholders. All of our directors attended last year's Annual Meeting of Shareholders.

Communication with the Board of Directors

Shareholders may communicate with the Board of Directors or any individual director by sending a letter addressed to the Board of Directors or the individual director c/o Dorman Products, Inc. at 3400 East Walnut Street, Colmar, Pennsylvania 18915. Option Exercises and Stock Vested in Fiscal Year Ended December 29, 2007

There were no stock options exercised by any of the named executive officers during fiscal year ended December 29, 2007. We currently do not grant stock awards as part of our Incentive Stock Plan. As a result, we have not included the Grants of Plan Based Awards table in this Proxy Statement.

Incentive Stock Plan

Our Board of Directors has adopted, and our shareholders have approved, an Incentive Stock Plan (the "Plan"), the purpose of which is to recognize the contributions made to us by our employees, consultants, advisors and members of our Board of Directors, to provide these individuals with additional incentives to devote themselves to our future success and to improve our ability to attract, retain and motivate individuals upon whom our sustained growth and financial success depend.

The Plan is administered by the Board of Directors, or by a committee designated by the Board of Directors. The aggregate maximum number of shares of Common Stock available for awards under the Plan are 2,345,000 shares (subject to adjustments to reflect changes in our capitalization). Awards under the Plan may be made to all of our employees, consultants, advisors and directors, although no director may receive awards for more than 10% of the shares reserved for issuance under the Plan.

Options granted under the Plan may be either incentive stock options ("ISOs") or non-incentive stock options ("NSOs") (together, the "Options"). ISOs are intended to qualify as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Unless the Option is specifically designated at the time of grant as an ISO, Options under the Plan will be NSOs.

The exercise price of the ISOs will be at least 100% of the fair market value of the shares of Common Stock on the date the Option is granted, or, at least 110% of the fair market value of the shares of Common stock on the date the Option is granted if the recipient owns, directly or by attribution under Section 425(d) of the Code, shares possessing more than 10% of the total combined voting power of all classes of our stock. The option price for NSO will be set at the discretion of the Board of Directors, and may be less than, greater than or equal to the fair market value of a share on the date of the grant. The maximum term of an Option granted under the Plan shall not exceed (i) ten years from the date of grant, or (ii) in the case of an ISO, five years from the date of grant if the recipient on the date of grant owns, directly or by attribution under Section 425(d) of the Code, shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary.

As of December 29, 2007, there were options to purchase 903,150 shares of Common Stock outstanding under the Plan. Shares available for future grant under the Plan amounted to 295,636 shares as of December 29, 2007.

Employee Stock Purchase Plan

The Board of Directors has adopted, and our shareholders have approved, the 1992 Employee Stock Purchase Plan (the "1992 Plan") the purpose of which is to advance our interests, its shareholders and employees by encouraging its employees to acquire a vested interest in our growth and earnings.

Under the 1992 Plan, a committee appointed by the Board consisting initially of a minimum of two and a maximum of seven members of the Board will administer the 1992 Plan (the "Committee"). The aggregate maximum number of shares of Common Stock available for grants under the 1992 Plan is 600,000 shares, (with suitable adjustments to reflect changes in our capitalization). As of December 29, 2007, optionees had exercised rights to purchase 186 shares at prices ranging from \$11.65 to \$12.32 for total net proceeds of \$2,000. Grants under the 1992 Plan may be

made to all employees of the Company, although no employee may receive such a grant if immediately after the grant he would own more than 5% of the Company's Common Stock or which, at the date the option is granted, would permit such person's rights to purchase stock under the 1992 Plan and all of our other employee stock purchase or option plans, or its parent or subsidiaries, if any, to accrue at a rate exceeding \$25,000 of the fair market value of such stock (determined at the time such option is granted) for each year such option is outstanding.

If the Committee decides to issue options pursuant to the 1992 Plan, options must be granted to all of our employees who have been employed for at least 90 days, other than those employees whose customary employment is 20 hours or less per week and those employees whose customary employment is for not more than five months in any calendar year. All options will expire on the last day of the fiscal year during which the option was granted. The option price will equal 85% of the fair market value of the shares on the date of exercise.

The 1992 Plan is intended to qualify as an “employee stock purchase plan” within the meaning of Section 423 of the Code. Under the Code, an employee who is granted an option under the 1992 Plan will not realize income at either the time of grant of the option, or upon exercise of the option. If an employee disposes of shares acquired upon exercise of an option after two years from the date of grant of such option and after one year from the date of exercise of such option, the employee will be required to include in income, as compensation for the year in which such disposition occurs, an amount equal to the lesser of (i) the excess of the fair market value of such shares at the time of disposition over the exercise price or (ii) the excess of the fair market value of such shares at the time the option was granted over the exercise price. The employee’s basis in the shares disposed of will be increased by an amount equal to the amount so includible in his or her income as compensation, and any gain or loss computed with reference to such adjusted basis which is recognized at the time of disposition will be long-term capital gain or loss. In such event, we (or our subsidiary by which the employee is employed) will not be entitled to any deduction from income.

If any employee disposes of the shares purchased under the 1992 Plan within such two year and one year period, the employee will be required to include in income, as compensation for the year in which such disposition occurs, an amount equal to the excess of the fair market value of such shares on the date of purchase over the exercise price. The employee’s basis in such shares disposed of will be increased by an amount equal to the amount includible in his or her income as compensation, and any gain or loss computed with reference to such adjusted basis which is recognized at the time of disposition will be capital gain or loss, either short-term or long-term, depending on the holding period for such shares. In the event of a disposition within such two year or one year period, we (or our subsidiary by which the employee is employed) will be entitled to a deduction from income equal to the amount the employee is required to include in income as compensation as a result of such disposition.

The Board of Directors may modify or amend the 1992 Plan in any way which will not destroy the status of the 1992 Plan as a qualified employee stock purchase plan as defined in Section 423 of the Code, but no such amendment or modification may affect options granted under the 1992 Plan prior to the date of such amendment or modification.

401(k) Retirement Plan

On January 1, 1992, we adopted the amended and restated Dorman Products, Inc. 401(k) Retirement Plan and Trust (the “401(k) Plan”), a defined contribution discretionary profit-sharing plan. The 401(k) Plan is administered by a third-party administrator and is available to all employees once they have met certain age and service requirements. Individual accounts are maintained for the cash contributions made on behalf of each eligible employee and each eligible employee has a choice of investment options from among a variety of mutual funds and professionally managed accounts as to the contributions to his account. There are two types of contributions to the 401(k) Plan: (1) an employee can make a voluntary contribution of the employee’s compensation which we deduct from the employees normal compensation (legal limitations may restrict the maximum voluntary contribution by an employee in any given year); and (2) we may make discretionary contributions, in cash, common stock or a combination thereof, which is allocated among the participants based on the employee’s annual compensation compared to the total annual compensation of all eligible employees.

Benefits are payable at age 65 (normal retirement), total disability, death, or upon early employment termination. There are vesting requirements for our contributions, but not for the employee's voluntary contributions. The vesting schedule provides for twenty percent vesting each year after one year of service, with one hundred percent vesting at six years or more.

For the fiscal year ended December 29, 2007, we contributed an amount equal to four percent of each eligible employee's annual compensation (with certain limitations to highly compensated employees). Our contribution was funded entirely in cash.

Employment Agreements

On April 1, 2008, we entered into individual employment agreements with each of Richard N. Berman, Chairman of the Board and CEO, and Steven L. Berman, President and COO. The agreements have an initial term of three years expiring March 31, 2011. On each anniversary of the effective date, the term of each agreement will automatically extend for an additional one year unless further extended or earlier terminated as provided in each agreement. Each of the employment agreements provides for: (i) a base salary of approximately \$514,370 per year during the term of the agreements (which salary may be increased but not decreased from time to time as determined by the Compensation and Nominating Committee of the Company) and (ii) eligibility for an annual bonus and other benefits provided under the Company's Executive Bonus Plan or other plans maintained by the Company, in such amounts as determined by the Compensation and Nominating Committee, in its sole discretion. Each of the employment agreements provide that each of Steven L. Berman and Richard N. Berman are entitled to participate in other employment benefits plans or arrangements generally available to executive officers of the Company, four weeks paid vacation per year and the use of an automobile and related expenses provided for by the Company. On April 1, 2008, Richard N. Berman and Steven L. Berman each had an annual base salary of \$514,370.

Under the terms of the agreements, Richard N. Berman and Steven L. Berman will each receive his then current salary, an annual payment in lieu of bonuses equal to \$150,000, and medical, dental, vision, and hospitalization insurance benefits through the remaining term following termination without "Cause", for "Good Reason", termination resulting from death or disability, or termination for any reason within twelve (12) months following a "Change-in-Control".

In the event of termination for "Cause" or without "Good Reason," each of Richard N. Berman and Steven L. Berman shall be entitled to receive any earned or unpaid salary through the date of termination, reimbursement of properly incurred business expenses, payment for accrued and unused vacation days and payment for any vested accrued benefits or other payments due under the agreements.

"Cause" means the occurrence of any one of the following as determined by our Board of Directors: (i) the willful and continued failure by the Executive to attempt in good faith substantially to perform his obligations under this Agreement (other than any such failure resulting from the Executive's incapacity due to a Disability); provided, however, that the Company shall have provided the Executive with written notice that such actions are occurring and, where practical, the Executive has been afforded at least thirty (30) days to cure same; (ii) the indictment of the Executive for, or his conviction of or plea of guilty or nolo contendere to, a felony or any other crime involving moral turpitude or dishonesty; or (iii) the Executive's willfully engaging in misconduct in the performance of his duties for the Company or other than in the performance of his duties for the Company (including, but not limited to, theft, fraud, embezzlement, and securities law violations or a violation of the Company's Code of Conduct or other written policies) that is materially injurious to the Company, or, in the good faith determination of the Compensation Committee, is potentially materially injurious to the Company, monetarily or otherwise.

“Good Reason” means the occurrence of any of the following events without the Executive’s consent: (i) a material diminution of the authorities, duties or responsibilities of the Executive set forth in the agreement; (ii) the loss of any of the titles of the Executive with the Company set forth in the agreement ; (iii) a reduction by the Company in the Executive’s Base Salary; (iv) a material change in the Executive’s primary place of employment; (v) the failure by the Compensation Committee to nominate or re-nominate the Executive to serve as, with respect to Richard N. Berman, Chairman of the Board or, with respect to Steven L. Berman, as a member of the Board or removal of the Executive as, with respect to Richard N. Berman, Chairman of the Board or, with respect to Steven L. Berman, as a member of the Board (other than as a result of or due to the Executive’s death or Disability, because of a legal prohibition under applicable law or regulation, or for “Cause,” as defined above); (vi) the assignment to the Executive of duties or responsibilities which are materially inconsistent with any of his duties and responsibilities set forth in the agreement; or (vii) a change in the reporting structure so that the Executive reports to someone other than as specified in the agreement; provided, however, that, within ninety (90) days of any such event having occurred, the Executive shall have provided the Company with written notice that such events have occurred and afforded the Company thirty (30) days to cure same.

“Change of Control” means the occurrence of any one of the following events (i) any person or other entity (other than any of the Company’s subsidiaries or any employee benefit plan sponsored by the Company or any of its subsidiaries) including any person as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), becomes the beneficial owner, as defined in Rule 13d-3 under the Exchange Act, directly or indirectly, of more than fifty percent (50%) of the total combined voting power of all classes of capital stock of the Company normally entitled to vote for the election of directors of the Company (the “Voting Stock”); (ii) the Board and/or the shareholders of the Company approve the sale of all or substantially all of the property or assets of the Company and such sale occurs; (iii) the Board and/or the shareholders of the Company approve a consolidation or merger of the Company with another entity (other than with any of the Company’s subsidiaries), the consummation of which would result in the shareholders of the Company immediately before the occurrence of the consolidation or merger owning, in the aggregate, less than 50% of the Voting Stock of the surviving entity, and such consolidation or merger occurs; or (iv) a change in the board of directors of the Company occurs with the result that the members of the board on the effective date of this Agreement (the “Incumbent Directors”) no longer constitute a majority of such board of directors, provided that any person becoming a director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest or the settlement thereof, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose election or nomination for election was supported by more than half of the then Incumbent Directors shall be considered an Incumbent Director for purposes hereof.

Each of the agreements also provide for non-solicitation and non-competition provisions for the term of the agreements and two years thereafter. The agreements also include standard confidentiality and trade secret provisions typically included in agreements of this type.

Assuming the termination of employment of these individuals as of April 1, 2008, Richard N. Berman and Steven L. Berman would each be entitled to three years of salary continuation equal to \$514,370 per year payable in bi-weekly installments, an annual payment in lieu of bonus of \$150,000 for three years, and health benefits continuation approximately equal to \$11,000 per year for three years. Total benefits payable upon termination of either agreement would equal approximately \$2,026,110 for each executive and would not begin until the date six months after their respective dates of termination.

We do not provide pension benefits, post-employment health coverage, non-qualified defined contribution or other deferred compensation plans to our executive officers other than to the individuals discussed above. All of our other employees, including our other executive officers, are employees-at-will and as such do not have employment contracts with us, except in the case of certain foreign subsidiaries.

We have entered into a severance agreement with Mr. Barton, Senior Vice President and Chief Financial Officer. Pursuant to the terms of the severance agreement, Mr. Barton is entitled to six months of salary continuation in the event of the termination of his employment without cause. Assuming the termination of his employment without cause as of December 29, 2007, Mr. Barton would be entitled to six months of salary continuation payment equal to \$140,289, payable in bi-weekly installments through June 27, 2008.

We have entered into a severance agreement with Mr. Beretta, Senior Vice President, Product. Pursuant to the terms of the severance agreement, Mr. Beretta is entitled to six months of salary continuation in the event of the termination of his employment without cause. Assuming termination of employment without cause as of December 29, 2007, Mr. Beretta would be entitled to six months of salary continuation payment equal to \$139,248, payable in bi-weekly installments through June 27, 2008.

Compensation Discussion and Analysis

Overview

George L. Bernstein, John F. Creamer, Jr., Paul R. Lederer and Edgar W. Levin are the members of the Compensation and Nominating Committee and Mr. Levin is the Committee Chairman. In this “Compensation Discussion and Analysis” section, the terms “we”, “our”, “us”, and the “Committee” refer to the Compensation Committee of the Board of Directors.

This Compensation Discussion and Analysis focuses on our compensation philosophy and objectives regarding executive compensation; the Committee’s role and management’s role in establishing executive compensation; the components of our executive compensation program; and the process of setting executive compensation. Our executive compensation program is designed to promote the successful implementation of our annual strategic plan as approved by the Board of Directors as well as long-term growth and profitability.

Executive Compensation Philosophy and Objectives

The two primary objectives of our executive compensation program are to attract and retain executive talent to help ensure our future success and to reward our executives for the successful achievement of corporate financial and other goals (i.e. “pay for performance”). Our program creates an environment of shared risk between our executive officers and our shareholders by including equity based awards as part of our executive compensation program. We believe that our “pay for performance” program should focus management’s attention on achieving both annual performance targets and profitable growth over a longer time period. The program is designed to reward management for the achievement of both short and long term strategic objectives as established by the Board of Directors.

The executive compensation program should be substantial enough to attract and retain skillful and knowledgeable management while at the same time being mindful of our responsibility to control costs on behalf of our shareholders. Our compensation philosophy reflects a commitment to compensate executives competitively with other companies in the industry while rewarding specific executives for achieving levels of operational excellence and financial returns that ensure positive short and long-term business performance and continual growth in shareholder value. We believe that the overall compensation program must be competitive with other compensation programs within our industry in order to attract and retain the qualified individuals necessary to manage the Company and address the significant challenges faced by it.

We encourage our executives to think, act, and eventually become, shareholders through our executive compensation program. We intend the program to reward executives for taking well-measured risks with our capital in order to generate returns for our shareholders. At the same time, we intend our executives to share in the potential downside if such investments result in poor performance.

We believe that total amounts of compensation should generally reflect an executive's experience, skill, knowledge, responsibility and performance within our company. Amounts should typically increase with increases in an executive's functional role and his or her ability to affect our company's performance results. As position and responsibility increase within the Company, a greater portion of the executive's total compensation becomes performance based pay contingent upon the achievement of performance objectives.

The Committee's Role in Establishing Executive Compensation

Our responsibilities are outlined in a written charter which has been adopted by the Board of Directors. A copy of this charter is available at www.dormanproducts.com under Corporate Information – Investor Relations – Corporate Governance documents. We are responsible for annually reviewing, approving and recommending to the Board of Directors for its approval, the corporate goals and objectives relevant to the Chairman and Chief Executive Officer and for evaluating the performance of the Chairman and Chief Executive Officer in light of those goals and objectives. With respect to compensation, we are responsible for annually reviewing, approving and recommending to the Board of Directors for its approval, the compensation of the Chairman and Chief Executive Officer and the next four highest paid officers of the Company.

We also approve participation in and all awards, grants and related actions under the Dorman Incentive Stock Plan, the Employee Stock Purchase Plan and the 401(k) Retirement Plan. In addition, we annually review and approve and recommend to the Board of Directors, for its approval, any executive employment agreements, severance arrangements, change in control arrangements, and any special or supplemental benefits, in each case as, when, and if appropriate.

We typically meet once each fiscal year. Mr. Levin meets with the General Counsel to establish a meeting agenda. We meet with the Chief Executive Officer and with other senior members of management. We will meet with the General Counsel or other outside advisors on an as needed basis. We also meet in executive session without members of management present.

In preparation for our annual compensation committee meeting we review materials provided by management which management believes will be helpful in the performance of our duties. This material includes financial reports on year-to-date performance; reports on performance against goals and objectives approved by the Board of Directors; benchmarking information on compensation programs and compensation levels at peer group companies; and reports on the current compensation levels of our executive officers including base salary and equity awards.

We review, on an annual basis, the performance of the Committee and the effectiveness of our compensation program in achieving the intended outcome.

Management's Role in Establishing Executive Compensation

Management's most important role in the executive compensation process is to work together with us to establish strategic plans and business performance targets and objectives against which management will be measured. The Chief Executive Officer provides us with his evaluations on the performance of the other executive officers, performance evaluations of certain other key employees, and recommends salary levels and option awards.

The Components of the Executive Compensation Program

Elements of compensation for our executives include base salary, bonus, equity incentive in the form of stock options, 401(k) plan participation, an employee stock purchase plan, perquisites and other benefits, and post-employment compensation.

Base Salary

We establish and approve annual base salaries for the Chief Executive Officer and, upon recommendation of the Chief Executive Officer, annual base salaries for all of our executive officers of the Company. In deciding the amount of annual base salaries, we take into consideration independent compensation studies prepared periodically on our behalf. Although we do not believe in establishing base salaries only on the basis of benchmarking, we do believe that benchmarking reports are a useful salary evaluation tool. We intend that overall compensation, including base salary, reflect the performance of each individual executive over time. Base salaries are set at levels that we determine adequately reward and retain capable executives, including the Chief Executive Officer, without targeting any specific quartile of any compensation survey data for total compensation or any component of total compensation. In establishing base salary, we consider the executive's individual performance, the importance of and skills required in a particular executive position, and the executive's total amount of experience.

Executive Bonus Plan

We have established the Executive Bonus Plan (the "Bonus Plan"). As of December 29, 2007, the executive officers named in the Summary Compensation Table and one other executive officer were eligible to participate in the Bonus Plan. The Bonus Plan has three components: (i) an annual bonus, (ii) a three-year compounded growth bonus, and (iii) a discretionary bonus. The annual bonus and the three-year compounded growth bonus are each based on the Company's growth in pre-tax (pre-bonus) income subject to adjustment as described in the Bonus Plan.

The amount of the annual bonus is equal to the executive officer's eligible bonus amount, as set forth in the Bonus Plan, multiplied by two times the percentage annual growth in our adjusted pre-tax income. The eligible bonus amount for each of Richard N. Berman and Steven L. Berman is \$520,000. The eligible bonus amount for each of the other four participating executive officers is \$280,000. Amounts earned as annual bonuses for the named executive officers are included in the Summary Compensation Table under the column heading "Bonus."

The three-year compounded growth bonus component is based on our company's growth in adjusted pre-tax income over a three-year performance cycle. The Bonus Plan provides for three three-year performance cycles: fiscal 2005 through fiscal 2007, fiscal 2006 through fiscal 2008 and fiscal 2007 through 2009. After the completion of a three-year cycle, the participating officers will each receive a bonus payment of \$50,000 if our compounded three-year growth in pre-tax income is between 5.0% and 10.0%, a payment of \$100,000 if the pre-tax income increase is between 10.0% and 15.0% and a payment of \$150,000 if the pre-tax income increase is greater than 15%. No compounded growth bonus will be paid if the compounded three-year growth in pre-tax income is below 5.0%. Amounts earned by the named executive officers as three-year compounded growth bonuses for the three-year performance cycle ended December 29, 2007 are included in the Summary Compensation Table under the column heading "Bonus."

Fifty percent of an executive officer's earned bonus pursuant to the annual bonus component and the three-year compounded growth component will be paid in the first quarter of the year following the year in which the bonus was earned; the remaining fifty percent is paid in four equal quarterly installments 180, 270, 360 and 450 days after the fiscal year end. The executive officer must be employed full-time on the scheduled date of payment to receive that portion of the bonus.

In addition, we have the authority to award discretionary bonuses pursuant to the Bonus Plan to executive officers based upon the executive officer's contribution, responsibility and performance during the year. Amounts earned as discretionary bonuses by the named executive officers are included in the Summary Compensation Table under the column heading "Bonus." Discretionary bonus amounts are paid in the first quarter of the year following the year in which the bonus was earned.

Long-Term Incentive and Non-Qualified Stock Options

We provide our executive officers with long-term incentives in the form of incentive or non-qualified stock options granted under our Incentive Stock Option Plan described above. We award stock options to the Chief Executive Officer and the other executive officers based upon the recommendation of the Chief Executive Officer, taking into consideration the responsibility of each executive officer, the financial performance of the Company and such other factors as we deem appropriate, consistent with our compensation philosophy. However, we have not established specific target awards governing the receipt, timing or size of option grants. Thus, determinations with respect to the granting of stock options are subjective in nature.

401(k) Retirement Plan

Executive officers are entitled to participate in the Company's 401(k) Retirement Plan and to receive a portion of the Company's voluntary contribution in shares of the Company's common stock in accordance with the Plan.

Employee Stock Purchase Plan

Executive Officers are entitled to participate in the Company's Employee Stock Purchase Plan subject to the restrictions and limitations in the Plan. We believe that our executive officers should acquire a vested interest in our growth and earnings.

Post-Employment Compensation

We have entered into employment agreements and severance agreements described in this Proxy Statement above consistent with our efforts to attract and retain qualified executives. We continue to compete for executive-level talent in an industry where employment agreements with change-in-control and termination payments, as well as severance

plans or agreements, are typically provided to executives. In addition, since we do not have employment agreements with our executives (except for the employment agreements discussed in this Proxy Statement above), we believe the severance agreements will encourage participating executives to remain in our employ and permit such individuals to remain focused on the Company's strategic business objectives during the course of their employment by providing at least some relief from concerns related to job security.

We have entered into employment agreements with Richard N. Berman and Steven L. Berman described in this Proxy Statement above. Assuming the termination of employment of these individuals as of April 1, 2008, Richard N. Berman and Steven L. Berman would each be entitled to three years of salary continuation equal to \$514,370 per year payable in bi-weekly installments, an annual payment in lieu of bonus of \$150,000 for three years, and health benefits continuation approximately equal to \$11,000 per year for three years. Total benefits would equal approximately \$2,026,110 for each executive and would not begin until the date six months after their respective dates of termination.

We do not provide pension benefits, post-employment health coverage, non-qualified defined contribution or other deferred compensation plans to our executive officers other than as described in the individual employment agreements discussed in this Proxy Statement above. Our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us, except in the case of Richard N. Berman and Steven L. Berman and employees of certain foreign subsidiaries. We have, however, entered into certain individual employment agreements or severance arrangements with some of our executive officers as more fully described in this Proxy Statement above.

Perquisites and Other Benefits

We annually review the perquisites that our executive officers receive. The President receives the use of a leased automobile for which the lease and the insurance are paid by the Company. The remaining senior executives receive an auto allowance. All members of senior management are eligible to participate in our Company's other benefits plans on the same terms as other employees. These plans include medical and dental insurance, life insurance, 401(k) Retirement Plan, and the Employee Stock Purchase Plan. Relocation benefits are generally reimbursed pursuant to our relocation benefits policy but may be individually negotiated on an as needed basis.

The Process of Establishing Executive Compensation

Although we typically have only one formal meeting at the end of each fiscal year, our executive compensation evaluation process is continuous. We begin by reviewing and recommending to the Board of Directors for its approval the corporate goals and objectives for the Chief Executive Officer and other members of the senior management team. This process includes open communications with the Chief Executive Officer regarding the sufficiency of the strategic plan and other performance targets. Performance objectives for management are typically based on, among other things, growth in pre-tax income annually and over a longer term.

Although we do not believe in setting compensation levels based on benchmarking, we do periodically acquire reports of senior management compensation at companies that offer products similar to ours. We use these reports as one source of information, but not as a primary factor in setting executive compensation levels because no company that publicly reports executive compensation levels is similar to our Company in size and profitability. We did not acquire a benchmarking report for the fiscal 2008 executive compensation process. Our most recent benchmarking report acquired for fiscal 2007 executive compensation evaluation process included compensation amounts paid at companies of similar size in the automotive aftermarket segment.

We also consider other relevant factors such as historical compensation amounts; competitive pay practices generally; relative compensation levels among our senior management team; and general economic conditions. After considering our corporate goals and objectives along with all other relevant factors, we establish compensation levels for each of the senior executive officers.

Compensation and Nominating Committee Report

In December 2007, the Compensation and Nominating Committee met with management to review and discuss the Compensation Discussion and Analysis. Based upon the review and discussions referred to above, the Compensation and Nominating Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K for the year ended December 29, 2007 and the proxy statement on Schedule 14A for the 2008 annual meeting of shareholders.

This Compensation and Nominating Committee Report shall not be deemed incorporated by reference in any document previously or subsequently filed with the SEC that incorporates by reference all or any portion of this Proxy Statement, except to the extent that we specifically request that the Report be specifically incorporated by reference.

The foregoing report has been furnished by the Compensation and Nominating Committee:

Compensation Committee Interlocks and Insider Participation

The Compensation and Nominating Committee consisted of George L. Bernstein, John F. Creamer, Jr., Paul R. Lederer and Edgar W. Levin in the fiscal year ended December 29, 2007. No person who served as a member of the Compensation and Nominating Committee during the fiscal year ended December 29, 2007 was a current or former officer or employee of the Company or engaged in certain transactions with the Company required to be disclosed by regulations of the SEC. Additionally, there were no compensation committee “interlocks” during this period, which generally means that no executive officer of the Company served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of the Company.

Certain Relationships and Related Transactions

We have entered into a noncancelable operating lease for our primary operating facility in Colmar, Pennsylvania with BREP I, a Pennsylvania limited partnership of which Richard N. Berman, Chairman of our Board of Directors and Chief Executive Officer, Steven L. Berman, a director our President, Secretary and Treasurer, their father, Jordan S. Berman, and their brothers, Marc H. Berman and Fred B. Berman, are limited partners. Richard N. Berman and Steven L. Berman are the controlling shareholders of BREP, Inc., a Pennsylvania corporation, which is the general partner of BREP I. Jordan S. Berman, Marc H. Berman and Fred B. Berman are each directors and officers of BREP, Inc. Richard N. Berman and Steven L. Berman each own a 27.9% interest in BREP I. Under the lease, the Company paid rent of \$4.00 per square foot (\$1.3 million per year) in 2007. The rents payable on the Pennsylvania property are adjusted on January 1 of each year to reflect annual changes in the Consumer Price Index for All Urban Consumers – U.S. City Average, All Items. The lease is a “net” lease, under which the Company is responsible for all expenses attributable to the leased property (including maintenance and repair) and for the conduct of its operations in compliance with all applicable laws and regulations. In December of 2007, the lease was extended and will expire on December 28, 2012. The Company’s rent in 2008 will be \$4.10 per square foot (\$1.3 million per year). In the opinion of the Company’s Audit Committee which approved the lease extension agreement, the terms of this lease are no less

favorable than those which could have been obtained from an unaffiliated party.

Report of Audit Committee

In February 2008, the Audit Committee met with management to review and discuss the audited financial statements for the year ended December 29, 2007. The Audit Committee also conducted discussions with its independent registered public accounting firm, KPMG LLP (“KPMG”), regarding the matters required by the Statement on Auditing Standards No. 114. As required by Independence Standards Board Standard No. 1, “Independence Discussion with Audit Committees,” the Audit Committee has discussed with and received the required written disclosures and a confirming letter from KPMG regarding its independence and has discussed with KPMG its independence. The Audit Committee also considered the non-audit services provided by KPMG set forth below in their review of KPMG’s independence. Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 29, 2007.

This Audit Committee Report shall not be deemed incorporated by reference in any document previously or subsequently filed with the SEC that incorporates by reference all or any portion of this proxy statement, except to the extent that we specifically request that the Report be specifically incorporated by reference.
