Explanatory Note

This proxy statement relates to a special meeting of stockholders of Westinghouse Air Brake Technologies Corporation (Wabtec) to approve the proposals described herein with respect to the merger (the Merger) of Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, with and into Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of General Electric Company (GE), whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. SpinCo will file a registration statement with the Securities and Exchange Commission (the SEC) to register shares of its common stock, par value \$0.01 per share, certain of which common shares will be distributed to GE stockholders prior to the Merger. In the Merger, the shares of SpinCo common stock held by GE and GE stockholders will be converted into shares of Wabtec common stock. In addition, Wabtec will file a registration statement on Form S-4 with the SEC to register the shares of its common stock, par value \$0.01 per share, that will be issued in the Merger.

Based on market conditions prior to the closing of the Merger and other factors, GE will determine whether the shares of SpinCo common stock that will be distributed to GE stockholders will be distributed in a spin-off or a split-off. In a spin-off, all GE stockholders would receive a *pro rata* number of shares of SpinCo common stock. In a split-off, GE would offer its stockholders the option to exchange shares of GE common stock for shares of SpinCo common stock in an exchange offer, resulting in a reduction in GE s outstanding shares. If the exchange offer is undertaken and consummated, the remaining Distribution Shares, if any, would be distributed on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the exchange offer. Immediately following the consummation of the spin-off or split-off, as the case may be, the shares of SpinCo held by GE and GE stockholders will be converted into shares of Wabtec common stock in the Merger. SpinCo is expected to file a registration statement on Form 10 under the assumption that shares of SpinCo common stock will be distributed to GE stockholders pursuant to a spin-off. This proxy statement assumes, and Wabtec s registration statement on Form S-4 will assume, that shares of SpinCo common stock will be distributed to GE stockholders pursuant to a spin-off. GE may make its final decision as to whether the SpinCo common stock will be distributed in a spin-off or split-off after the date of the special meeting.

AND PROXY STATEMENT**

MERGER PROPOSED—YOUR VOTE IS IMPORTANT

WESTINGHOUSE AIR BRAKE TECHNOLOGIES CORPORATION

1001 Air Brake Avenue
Wilmerding, Pennsylvania 15148

Dear Wabtec Stockholder:

We invite you to attend the special meeting of stockholders of Westinghouse Air Brake Technologies Corporation (Wabtec), doing business as Wabtec Corporation, on , 2018 at in Pittsburgh, Pennsylvania.

At the special meeting you will be asked to:

1. authorize the issuance of shares of Wabtec common stock in the Merger (the Share Issuance);
2. amend Wabtec's Restated Certificate of Incorporation dated January 30, 1995, as amended December 31, 2003 and May 14, 2013 (the Wabtec Charter), to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment); and
3. if it is determined by the board of directors to be necessary or appropriate, approve adjournments or postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

As previously announced, on May 20, 2018, Wabtec entered into an Agreement and Plan of Merger (the Merger Agreement) with General Electric Company (GE), Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of GE, and Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, pursuant to which Wabtec will combine with GE's transportation business (collectively, GE Transportation) in a modified Reverse Morris Trust transaction, through the merger (the Merger) of Merger Sub with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. The Merger will be preceded by a direct sale of certain assets of GE Transportation (collectively, the Direct Sale) from GE to Wabtec US Rail, Inc. (the Direct Sale Purchaser) in exchange for a cash payment of \$2.9 billion. Concurrently, Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase.

If the proposals to approve the Share Issuance and the Wabtec Charter Amendment are not approved, the Merger and the related transactions cannot be completed.

As more fully described in the accompanying proxy statement, in order to complete the Merger and the related transactions, immediately following the Direct Sale, GE will transfer the remaining business and operations of GE Transportation to SpinCo (to the extent not completed previously) and GE will distribute certain of the shares of SpinCo's common stock to GE's stockholders by way of a spin-off or a split-off (the Distribution), as determined in GE's discretion. Immediately after the Distribution, the Merger will be completed, and each outstanding share of SpinCo common stock will be converted automatically into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec

common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled "Other

TABLE OF CONTENTS

Agreements—Shareholders Agreement). After the Merger, the Wabtec common stock will continue to be listed on the New York Stock Exchange (NYSE) under Wabtec s current symbol, WAB.

Where calculations are presented in this proxy statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. Such calculations also make assumptions about the ownership of Wabtec common stock by, among others, holders of Wabtec equity awards.

The board of directors of Wabtec recommends that stockholders vote:

1. **FOR the authorization of the issuance of shares of Wabtec common stock in the Merger (the Share Issuance);**
2. **FOR the amendment to Wabtec’s Restated Certificate of Incorporation dated January 30, 1995, as amended December 31, 2003 and May 14, 2013, to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment); and**
3. **If it is determined by the board of directors to be necessary or appropriate, FOR the approval of adjournments or postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.**

The Wabtec Board has fixed the close of business on _____, 2018 as the record date for the determination of stockholders entitled to receive notice of and vote at the special meeting or any adjournment(s) thereof.

Questions and Answers About the Special Meeting and the Transactions

The following are some of the questions that Wabtec stockholders may have and answers to those questions. These questions and answers, as well as the summary section that follows, are not meant to be a substitute for the information contained in the remainder of this proxy statement, and this information is qualified in its entirety by the more detailed descriptions and explanations contained elsewhere in this proxy statement. You are urged to read this proxy statement in its entirety prior to making any decision.

Questions and Answers About the Special Meeting

Why am I receiving these materials?

Stockholder approval of the Share Issuance and the Wabtec Charter Amendment is required in connection with the Merger. Wabtec is holding a special meeting of its stockholders to obtain such approvals. The Merger, together with the Direct Sale, will have the effect of combining GE Transportation with Wabtec's existing business. Wabtec cannot complete the Merger unless the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the Share Issuance proposal at the special meeting and the Wabtec Charter Amendment is approved by a majority of the outstanding shares of Wabtec common stock.

This proxy statement includes important information about the Transactions and the special meeting of Wabtec stockholders. Wabtec stockholders should read this information carefully and in its entirety. Copies of the Material Agreements are attached as Annexes A through F to this proxy statement. The special meeting of stockholders will be held at : a.m. Eastern time, on , 2018 at , Pittsburgh, Pennsylvania . The enclosed voting materials allow Wabtec stockholders to vote their shares without attending the Wabtec special meeting. *The vote of Wabtec stockholders is very important and Wabtec encourages its stockholders to vote their proxy as soon as possible. Please follow the instructions set forth on the enclosed proxy card (or on the voting instruction form that is provided to you by the record holder if your shares of Wabtec common stock are held in the name of a bank, broker or other nominee).*

What proposals will be voted on at the special meeting?

Wabtec stockholders will vote on the following proposals:

1. To authorize the issuance of shares of Wabtec common stock in the Merger (the Share Issuance).
 2. To amend the Wabtec Charter to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment).
- If it is determined by the board of directors to be necessary or appropriate, to approve adjournments or
3. postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

What votes are required to approve the Proposals?

Pursuant to NYSE rules and as required under the Merger Agreement, Proposal 1 (the Share Issuance) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 1 at the special meeting. An abstention will be treated as a vote cast under NYSE rules and will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker, bank or other nominee to vote your shares, your shares will not be voted. Because only votes cast with respect to Proposal 1 are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have

no effect on the outcome of Proposal 1. If Proposal 1 is not approved, the Merger cannot be completed.

In accordance with applicable law and as required under the Merger Agreement, Proposal 2 (the Wabtec Charter Amendment) must be approved at the special meeting by a majority of the outstanding shares of Wabtec common stock. An abstention will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker,

TABLE OF CONTENTS

bank or other nominee to vote your shares, your shares will not be voted. Because the required vote with respect to Proposal 2 is based upon the number of outstanding Wabtec shares and not the number of shares that are actually voted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have the same effect as a vote cast against the Wabtec Charter Amendment. If Proposal 2 is not approved, the Merger cannot be completed.

Proposal 3 (the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes in favor of Proposal 1 and Proposal 2) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 3 at the special meeting. Because only votes present and entitled to vote at the special meeting are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have no effect on the outcome of Proposal 3.

Approval of any other matter that properly comes before the special meeting shall, unless required otherwise by applicable law or the Wabtec Bylaws, require the affirmative vote of a majority of shares present and entitled to vote on the matter.

Who is entitled to vote at the special meeting?

Only stockholders of record of Wabtec common stock as of the close of business on the record date of _____, 2018 are entitled to notice of, and to vote at, the special meeting. Each share of Wabtec common stock represents one vote. There were _____ shares of common stock outstanding as of _____, 2018.

A list of stockholders entitled to vote at the meeting will be available for inspection by any Wabtec stockholder for any purpose germane to the special meeting at 1001 Air Brake Avenue, Wilmerding, PA 15148 for at least 10 days prior to the special meeting and will also be available for inspection at the special meeting.

How do I vote my shares?

Shares of common stock represented by a properly executed and timely proxy will, unless it has previously been revoked, be voted in accordance with its instructions. In the absence of specific instructions, the shares represented by a properly executed and timely proxy will be voted in accordance with the Wabtec Board's recommendations as follows:

FOR the Share Issuance;

FOR the Wabtec Charter Amendment; and

FOR the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

No other business is expected to come before the special meeting; however, should any other matter properly come before the special meeting, the proxy holders intend to vote such shares in accordance with their best judgment on such matter.

If you are a stockholder whose shares are registered in your name, you may vote your shares in person at the special meeting or by one of the three following methods:

Vote by Internet, by going to the website address on your proxy card or voting instruction form and following the instructions for Internet voting shown on the website.

•

Vote by Telephone, by dialing the toll-free number on your proxy card or voting instruction form and following the instructions for telephone voting shown on the proxy card or voting instruction form.

Vote by Proxy Card, by completing, signing, dating and mailing a proxy card or voting instruction form in the envelope provided.

If a Wabtec stockholder's shares are held in street name through its bank, broker or other nominee, will that bank, broker or other nominee vote those shares?

If your shares are held by a bank, broker or other nominee on your behalf in street name, your bank, broker or other nominee will send you instructions as to how to provide voting instructions for your shares by proxy. Many banks and brokerage firms have a process for their customers to provide voting instructions by telephone or via the Internet, in addition to providing voting instructions by proxy card. Please follow the instructions for voting that your bank, broker or other nominee sends you. If you receive instructions from more than one bank, broker or nominee, please respond to each set of instructions.

TABLE OF CONTENTS

In accordance with the applicable rules, banks, brokers and other nominees who hold shares of common stock in street name for their customers do not have discretionary authority to vote the shares with respect to any of the matters to be considered at the special meeting. Because banks, brokers and other nominees do not have discretionary voting authority with respect to any of the proposals described in this proxy statement, if you fail to provide your bank, broker or other nominee with voting instructions with respect to your shares held in street name with respect to at least one of the proposals, then those shares will not be present in person or represented by proxy at the special meeting. Accordingly, there will be no broker non-votes and shares held in street name will not be voted on any of the proposals unless the bank, broker or other nominee has received voting instructions from its customer with respect to such proposal.

If a Wabtec stockholder is not going to attend the special meeting, should that stockholder return its proxy card or otherwise vote its shares?

Yes. Returning the proxy card or voting by calling the toll-free number shown on the proxy card or visiting the website shown on the proxy card before the required deadline ensures that the shares will be represented and voted at the special meeting, even if a Wabtec stockholder will be unable to or does not attend.

What are the voting deadlines?

The deadline for submitting a proxy using the Internet or the telephone is 11:59 p.m. Central time on _____, 2018. If you are returning a proxy card by mail, you should mail your completed proxy card sufficiently in advance for it to be received no later than 11:59 p.m. Central time on _____, 2018.

Do I need an admission ticket to attend the special meeting?

Yes. If you attend the special meeting, you will be asked to present an admission ticket or proof of ownership and valid photo identification. Your admission ticket is:

• Attached to your proxy card;

• Can be printed from the online voting site; or

• A letter or a recent account statement showing your ownership of Wabtec common stock as of the record date, if you hold shares through a bank, broker or other nominee.

What constitutes a quorum?

To conduct the business of the special meeting, there must be a quorum. This means at least a majority of the outstanding shares of Wabtec common stock entitled to vote on the record date must be present in person or represented by proxy at the meeting. You are considered a part of the quorum if you vote over the Internet, by telephone or by submitting a properly signed proxy card. If you are present in person or represented by proxy at the meeting, but abstain from voting on any proposal, your shares will still be counted for purposes of determining whether a quorum exists. Because banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement, a failure to instruct your broker, bank or other nominee to vote your shares held in street name with respect to at least one of the proposals means your shares will not be present in person or represented by proxy at the special meeting and will not be counted toward determining whether a quorum exists. Failure of a quorum to be present at the special meeting will necessitate an adjournment or postponement and will subject Wabtec to additional expense.

Can I change my vote after mailing my proxy card or submitting voting instructions by Internet or telephone?

Yes, you can change your vote in any of the following ways:

- by sending a signed notice of revocation to the Secretary of Wabtec at 1001 Air Brake Avenue, Wilmerding, PA 15148, that is received prior to 11:59 p.m. Central time on _____, 2018, stating that the Wabtec stockholder revokes its proxy;
- by properly completing a new proxy card bearing a later date and properly submitting it so that it is received prior to the special meeting;

4

TABLE OF CONTENTS

by logging onto the Internet website specified on the proxy card in the same manner a stockholder would to submit its proxy electronically or by calling the toll-free number specified on the proxy card, in each case, prior to 11:59 p.m. Central time on _____, 2018, and in each case if the Wabtec stockholder is eligible to do so and following the instructions on the proxy card; or

by attending the special meeting and voting in person.

Simply attending the special meeting will not revoke a proxy. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder unless such vote is revoked in person at the special meeting.

If a Wabtec stockholder holds shares in street name through its bank, broker or other nominee, and has directed such person to vote its shares, it should instruct such person to change its vote, or if in the alternative a Wabtec stockholder wishes to vote in person at the special meeting, it must bring to the special meeting a letter from the bank, broker or other nominee confirming its beneficial ownership of the shares and that the bank, broker or other nominee is not voting the shares at the special meeting.

Who is soliciting these proxies?

Wabtec is soliciting these proxies and the cost of the solicitation will be borne by Wabtec, including the charges and expenses of record holders holding shares in their name as nominee that are incurred in connection with forwarding proxy materials to the beneficial owners of such shares.

In addition to the use of the mail, proxies may be solicited by Wabtec's officers, directors and employees in person, by telephone or by email. Such individuals will not be additionally compensated for such solicitation but may be reimbursed for reasonable out-of-pocket expenses incurred in connection with such solicitation. To help assure the presence, in person or by proxy, of the largest number of Wabtec stockholders possible, Wabtec has also retained Morrow Sodali LLC, 470 West Ave, Stamford, CT 06902, to assist in soliciting proxies on Wabtec's behalf. Wabtec has agreed to pay Morrow Sodali LLC a proxy solicitation fee of \$17,500.00, plus reasonable out-of-pocket costs and expenses.

Where can I find the voting results of the special meeting?

Wabtec intends to announce preliminary voting results at the special meeting and publish final voting results in a Current Report on Form 8-K to be filed with the SEC within four business days of the special meeting.

Questions and Answers About the Transactions

What is Wabtec proposing?

Wabtec is proposing to combine GE Transportation with Wabtec's existing business, which will be effected through a series of transactions, including the Merger, that are described in more detail below and elsewhere in this proxy statement.

What are the key steps of the Transactions?

Below is a summary of the key steps of the Transactions. A step-by-step description of material events relating to the Transactions is set forth under The Transactions.

GE will conduct the Internal Reorganization.

•

Certain assets of GE Transportation will be sold by GE to Direct Sale Purchaser for a cash payment of \$2.9 billion (the Direct Sale Purchase Price). Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion unsecured revolving credit facility (the Revolving Credit Facility), which replaced Wabtec's previous revolving credit facility, (ii) a \$350.0 million refinancing term loan (the Refinancing Term Loan), which refinanced Wabtec's previous term loan, and (iii) a \$400.0 million delayed draw term loan (the Delayed Draw Term Loan). Wabtec also has obtained commitments (the Bridge Commitments) in respect of a bridge loan facility (the Bridge Loan Facility) in an amount not to exceed \$2.5 billion. The Bridge Commitments will be reduced by any alternative financing (including any other loans or debt

TABLE OF CONTENTS

securities) that Wabtec arranges prior to the Direct Sale, subject to customary exceptions. Wabtec will use funds available under the Delayed Draw Term Loan and the Bridge Loan Facility (or any alternative financing that Wabtec arranges, which would reduce the Bridge Commitments under the Bridge Loan Facility) to pay the Direct Sale Purchase Price.

GE and its subsidiaries will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer.

In connection with the SpinCo Transfer, SpinCo will issue to GE additional shares of SpinCo common stock.

Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date of the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange (the GE Exchange Offer). In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled *The Merger Agreement—Merger Consideration*. Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled *Other Agreements—Shareholders Agreement*).

What is the effect of calculations being presented on a fully-diluted, as converted and as-exercised basis?

Where calculations are presented in this proxy statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. In addition, in those instances, references to Wabtec stockholders owning 49.9% of the outstanding Wabtec common stock assume that the holders of instruments convertible into or exercisable for Wabtec common stock are the owners of the underlying Wabtec common stock and, with limited exceptions, assume that Wabtec equity awards, including those that may be settled in cash, are instruments convertible

into or exercisable for Wabtec common stock.

TABLE OF CONTENTS

What are the material U.S. federal income tax consequences to Wabtec and its stockholders resulting from the Transactions?

Wabtec will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger, the Distribution or the Direct Sale. Because Wabtec stockholders will not participate in the Distribution, the Merger or the Direct Sale, Wabtec stockholders generally will not recognize gain or loss as a result of such transactions. Wabtec stockholders should consult their own tax advisors for a full understanding of the tax consequences to them of the Distribution, the Merger and the Direct Sale. The material U.S. federal income tax consequences of the Distribution, the Merger and the Direct Sale to Wabtec stockholders are described in more detail in [The Transactions—Material U.S. Federal Income Tax Consequences of the Distribution, the Merger and the Direct Sale](#).

What will Wabtec stockholders receive in connection with the Merger?

All shares of Wabtec common stock issued and outstanding immediately before the Merger will remain issued and outstanding immediately after the consummation of the Merger. Immediately after consummation of the Merger, and calculated on a fully-diluted, as-converted and as-exercised basis, pre-Merger Wabtec stockholders will continue to own shares in Wabtec, which will include GE Transportation as it exists following the Separation, constituting 49.9% of the outstanding shares of Wabtec common stock.

Wabtec stockholders will not receive separate merger consideration as part of the Merger and no additional shares of Wabtec common stock will be issued to Wabtec stockholders pursuant to the Merger. Wabtec stockholders will receive the commercial benefit of Wabtec's ownership of GE Transportation as it exists following consummation of the Separation. Wabtec stockholders will thus hold an interest in a diversified, global company that is better positioned to meet anticipated growth, including with respect to intelligence and network optimization products and services, and to capitalize on increased opportunities for cross-selling and the provision of aftermarket services, with significant adjusted EBITDA and revenue growth opportunities, strong forecasted future cash flows, anticipated tax benefits, and additional executive management talent. See [Wabtec's Reasons for the Transactions](#).

As a result of the Transactions, Wabtec stockholders' ownership of Wabtec common stock will also mean that they own an interest in a company with increased levels of indebtedness. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec has also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. The Bridge Commitments will be reduced by any alternative financing (including any other loans or debt securities) that Wabtec arranges prior to the Direct Sale, subject to customary exceptions. Wabtec will use funds available under the Delayed Draw Term Loan and the Bridge Loan Facility (or any alternative financing that Wabtec arranges, which would reduce the Bridge Commitments under the Bridge Loan Facility) to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See [Debt Financing](#).

What are the principal adverse effects of the Transactions to Wabtec stockholders?

Following the consummation of the Transactions, Wabtec stockholders will participate in a company that holds GE Transportation as it exists following the Separation, but their percentage interest in Wabtec will be diluted.

Immediately after consummation of the Merger, pre-Merger Wabtec stockholders are expected to own no more than 49.9% of the outstanding shares of Wabtec common stock, calculated on a fully-diluted, as-converted and as-exercised

basis. Therefore, the voting power represented by the shares of Wabtec common stock held by pre-Merger Wabtec stockholders will be lower immediately following the Merger than immediately prior to the Merger. In addition, the issuance of shares of Wabtec common stock pursuant to the Merger may negatively affect the market price of Wabtec common stock.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution

TABLE OF CONTENTS

Shares at a discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock. See Risk Factors for a further discussion of the material risks associated with the Transactions.

Further, Wabtec will use funds available under the Delayed Draw Term Loan and the Bridge Loan Facility (or any alternative financing that Wabtec arranges, which would reduce the Bridge Commitments under the Bridge Loan Facility) to pay the Direct Sale Purchase Price. This additional indebtedness could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec's management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation, as it exists following the Separation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline.

What is the estimated total value of the consideration to be paid by Wabtec in the Transactions?

Wabtec will pay GE \$2.9 billion in cash as consideration for the Direct Sale. Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

Are there possible adverse effects on the value of Wabtec common stock ultimately to be received by GE stockholders?

The issuance of shares of Wabtec common stock pursuant to the Merger may affect negatively the market price of Wabtec common stock. The market price of Wabtec common stock also will be affected by the performance of the post-Transaction combined company and other risks associated with the Transactions.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution Shares at a discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock.

These risks and other risk factors associated with the Transactions are described in more detail in the section of this proxy statement entitled Risk Factors.

How will the Transactions impact the future liquidity and capital resources of Wabtec?

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec has also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to

exceed \$2.5 billion. The Bridge Commitments will be reduced by any alternative financing (including any other loans or debt securities) that Wabtec arranges prior to the Direct Sale, subject to customary exceptions. Wabtec will use funds available under the Delayed Draw Term Loan and the Bridge Loan Facility (or any alternative financing that Wabtec arranges, which would reduce the Bridge Commitments under the Bridge Loan Facility) to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See Debt Financing.

TABLE OF CONTENTS

Wabtec's debt financing could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline. See **Risk Factors** for a further discussion of the material risks associated with the Transactions.

Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that, following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation (as it exists following the Separation) is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, any alternative financing that is incurred by Wabtec, and Wabtec's existing senior unsecured notes.

How do the Transactions impact Wabtec's dividend policy?

The Transactions are not expected to affect Wabtec's dividend policy. See **Summary Historical and Pro Forma Financial Data—Wabtec Dividend Policy** for a further discussion of Wabtec's current dividend policy.

What will GE receive in the Transactions?

GE will receive a \$2.9 billion cash payment as consideration for the Direct Sale. Furthermore, following consummation of the Merger, GE is expected to hold approximately 9.9% of the outstanding shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, subject to GE's obligation under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled **Other Agreements—Tax Matters Agreement**) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this proxy statement entitled **Other Agreements—Shareholders Agreement**).

What will GE stockholders receive in the Transactions?

Following the Separation, GE will distribute all of the Distribution Shares to the holders of GE common stock. Specifically, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date of the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE stockholders will not be able to trade shares of SpinCo common stock during this period or at any time before or after the consummation of the Merger. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled **The Merger Agreement—Merger Consideration**.

GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a

portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

TABLE OF CONTENTS

Are there any conditions to the consummation of the Transactions?

Yes. The consummation of the Transactions is subject to a number of conditions, including:

- the approval by Wabtec stockholders of the Share Issuance;
- the approval by Wabtec stockholders of the Wabtec Charter Amendment;
- the termination or expiration of the applicable waiting period under the HSR Act;
- the taking, making or obtaining of all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the Transactions;
- the effectiveness under the Securities Act of SpinCo's registration statement on such Form(s) as shall be required under applicable SEC rules and Wabtec's registration statement on Form S-4, and the absence of any stop order issued by the SEC or any pending proceeding before the SEC seeking a stop order with respect thereto;
- the receipt of the GE Tax Opinions and the Wabtec Tax Opinion by GE and Wabtec, respectively;
- the receipt of the Direct Sale Purchase Price by GE;
- the completion of the various transaction steps contemplated by the Merger Agreement and the Separation Agreement, including the International Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution; and
- other customary conditions.

To the extent permitted by applicable law, GE and SpinCo, on the one hand, and Wabtec and Merger Sub, on the other hand, may waive the satisfaction of the conditions to their respective obligations to consummate the Transactions. If Wabtec waives the satisfaction of a material condition to the consummation of the Transactions, Wabtec will evaluate the facts and circumstances at that time and re-solicit stockholder approval of the Share Issuance and the Wabtec Charter Amendment if required to do so by law or the rules of the NYSE.

This proxy statement describes these conditions in more detail under [The Merger Agreement—Conditions to the Merger](#).

When will the Transactions be completed?

The Transactions are expected to be completed in early 2019, subject to customary closing conditions, as described in this proxy statement. However, it is possible that the Transactions could be completed at an earlier time, at a later time or not at all. The Merger Agreement provides that GE or Wabtec may terminate the Merger Agreement if the Merger is not consummated on or before May 20, 2019 (the one-year anniversary of the date of the Merger Agreement) subject to extension to August 20, 2019 (the fifteen-month anniversary of the date of the Merger Agreement), upon either Wabtec's or GE's written request, if the only reason that the Transactions have not closed is due to certain conditions relating to regulatory approvals having not yet been satisfied. For a discussion of the conditions to consummate of the Transactions and the circumstances under which the Merger Agreement may be terminated by the parties, see [The Merger Agreement—Conditions to the Merger](#) and [The Merger Agreement—Termination](#), respectively.

Are there risks associated with the Transactions?

Yes. The material risks and uncertainties associated with the Transactions are discussed in the section of this proxy statement entitled [Risk Factors](#) and the section of this proxy statement entitled [Cautionary Statement on Forward-Looking Statements](#). Those risks include, among others, the possibility that the Transactions will not be completed on the contemplated timeline or at all, the possibility that integration may not be successful or anticipated benefits of the Transactions may not be realized, uncertainty about the impact of the Transactions and related costs on the value of Wabtec common stock, the impact of reduced ownership and voting power for existing holders of Wabtec common stock, the impact of increased leverage on Wabtec's financial condition, results of operations and cash flows, and the possibility that Wabtec may be unable to provide certain benefits, services and resources to GE Transportation that historically have been provided by GE.

TABLE OF CONTENTS

What stockholder approvals are needed in connection with the Transactions?

Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders at the special meeting on the Share Issuance proposal and the proposal relating to the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Where will the Wabtec shares to be issued in the Merger be listed?

Wabtec common stock is listed on the NYSE under the symbol WAB. After the consummation of the Transactions, all shares of Wabtec common stock issued in the Merger, and all other outstanding shares of Wabtec common stock, will continue to be listed on the NYSE and trade under the same symbol.

Will there be any change to the Wabtec Board or executive officers of Wabtec after the consummation of the Transactions?

Yes. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Do GE stockholders have to vote to approve the Transactions?

No.

Have any Wabtec stockholders already agreed to vote for the Share Issuance and the Wabtec Charter Amendment?

Yes. Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Can Wabtec stockholders dissent and require appraisal of their shares?

No.

Will the instruments that govern the rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions be different from those that govern the rights of current Wabtec stockholders?

No, the only proposed change is to increase the number of authorized shares of common stock from 200 million to 500 million. The rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions will otherwise continue.

Transportation Systems Holdings Inc.

c/o General Electric Company
41 Farnsworth Street
Boston, MA 02210

Transportation Systems Holdings Inc., a Delaware corporation, referred to in this proxy statement as SpinCo, is a direct, wholly owned subsidiary of GE that was organized specifically for the purpose of housing the SpinCo Business and effecting the Merger. SpinCo has engaged in no business activities to date and it has no material assets or liabilities of any kind, other than those incident to its formation and in connection with the Transactions. Prior to the closing of the Distribution and the Direct Sale, GE and SpinCo will own, directly and, indirectly, GE Transportation. GE Transportation is a global technology leader and supplier to the railroad, mining, marine, stationary power and drilling industries.

The Transactions

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date of the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled "The Merger Agreement—Merger Consideration."

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to

TABLE OF CONTENTS

sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec s wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec s wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec s current trading symbol WAB.

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger. A step-by-step description of material events relating to the Transactions is set forth under The Transactions.

Existing Structure

TABLE OF CONTENTS

Structure following the Separation (including the Internal Reorganization), the Direct Sale, the SpinCo Transfer and the Distribution but prior to the Merger

Structure following the Merger

After completion of all of the steps described in the section of this proxy statement entitled "The Transactions," it is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate the post-Transaction GE Transportation.

TABLE OF CONTENTS

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements.

Opinion of Wabtec's Financial Advisor

Goldman Sachs & Co. LLC (Goldman Sachs) rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration (as defined below) to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec. For purposes of Goldman Sachs' financial analyses and opinion, the term Aggregate Consideration means (i) the Share Issuance, (ii) the Direct Sale Purchase Price, as adjusted pursuant to the Separation Agreement, and (iii) the payments relating to the Company Structure Benefits (as defined in the Tax Matters Agreement) pursuant to Section 13 of the Tax Matters Agreement (the TMA Payments).

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached hereto as Annex G. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter. Pursuant to an engagement letter between Wabtec and Goldman Sachs, Wabtec has agreed to pay Goldman Sachs a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon consummation of the Transactions. See The Transactions—Opinion of Wabtec's Financial Advisor for further information.

Debt Financing

On May 20, 2018, in connection with their entry into the Merger Agreement, Wabtec entered into the Commitment Letter with the Commitment Parties pursuant to which the Commitment Parties agreed to provide debt financing to Wabtec, including financing for the Direct Sale Purchase Price. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec has also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. The Bridge Commitments will be reduced by any alternative financing (including any other loans or debt securities) that Wabtec arranges prior to the Direct Sale, subject to customary exceptions. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. See Debt Financing for further information.

Interests of Wabtec's Directors and Executive Officers in the Transactions

Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment. See The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions for further information.

Board of Directors and Management of Wabtec Following the Transactions

Following the consummation of the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. Directors of Wabtec serving on the Wabtec Board immediately before the consummation of the Merger are expected to continue to serve as directors of Wabtec immediately following the closing of the Merger. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the

TABLE OF CONTENTS

Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec Stockholder Approval

Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the proposal at the special meeting, either in person or by proxy (assuming a quorum is present), and the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Wabtec Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec has agreed to call, give notice of, convene and hold a special meeting of its stockholders for the purpose of voting upon the proposals to approve the Share Issuance and the Wabtec Charter Amendment. The Wabtec Board has called a special meeting of Wabtec stockholders to be held on , 2018, for Wabtec stockholders of record on , 2018. The definitive proxy statement was mailed to Wabtec stockholders on or about , 2018.

Wabtec's directors and executive officers held approximately % of the shares entitled to vote at Wabtec's special meeting of stockholders as of , 2018. GE's and SpinCo's directors, executive officers and their affiliates owned an aggregate of approximately % of the shares of Wabtec common stock entitled to vote at Wabtec's special meeting of stockholders as of , 2018.

Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Accounting Treatment and Considerations

Accounting Standard Codification 805, Business Combinations, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (Wabtec, in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all

pertinent facts and circumstances must be considered, including the following:

Issuance of equity by Wabtec. Wabtec expects to issue approximately 98.5 million shares of Wabtec common stock in the Merger.

Incurrence of debt by Wabtec. Approximately \$2.9 billion of indebtedness is expected to be incurred in connection with the Transactions to fund the Direct Sale. Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests

TABLE OF CONTENTS

in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, any alternative financing that is incurred by Wabtec, and Wabtec's existing senior unsecured notes.

The relative voting interests of Wabtec stockholders after the consummation of the Transactions. In this case and calculated on a fully-diluted, as-converted and as-exercised basis, GE and pre-Merger holders of GE common stock will collectively hold 50.1% of the equity ownership and associated voting rights in Wabtec after the consummation of the Transactions (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock will be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled "Other Agreements—Shareholders Agreement").

The composition of the governing body of Wabtec after the consummation of the Transactions. The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see "Merger Agreement – Post-Closing Wabtec Board of Directors and Officers"), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting.

The composition of the senior management of Wabtec after the consummation of the Transactions. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec management has determined that Wabtec will be the accounting acquiror in the Merger based on the facts and circumstances outlined above and the analysis of the relevant GAAP guidance. Consequently, Wabtec will apply acquisition accounting to the assets and liabilities of GE Transportation acquired or assumed upon the consummation of the Direct Sale and the Merger. The historical financial statements of Wabtec for periods ended prior to the consummation of the Merger will reflect only the operations and financial condition of Wabtec. Subsequent to the consummation of the Merger, the financial statements of Wabtec will include the combined operations and financial condition of Wabtec and GE Transportation.

Regulatory Approvals

Under the HSR Act, the parties must file pre-merger notifications with the U.S. Federal Trade Commission (FTC) and the Antitrust Division of the United States Department of Justice (DOJ) and observe specified waiting periods before consummating the Merger. Wabtec and GE each filed the requisite notification and report forms with the FTC and the DOJ on June 22, 2018. Wabtec and GE have each received a request for additional information (second request) from the DOJ. The second request is not an uncommon part of the regulatory review process under the HSR Act in respect of large transactions. The effect of the second request is to extend

TABLE OF CONTENTS

the waiting period imposed by the HSR Act until 30 days after Wabtec and GE have substantially complied with their respective request, unless that period is extended voluntarily by both parties or terminated sooner by the DOJ. Wabtec and GE will continue to cooperate fully with the DOJ as it reviews the proposed transaction. In addition to the expiration of the waiting period under the HSR Act, the parties have agreed to take, make or obtain all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the consummation of the Merger, including the governmental authorizations to be sought in Austria, Brazil, Canada, Germany, Kazakhstan, Mexico, Pakistan, Russia, South Africa and Ukraine. The parties have already obtained clearance from Austria and Germany.

Federal Securities Law Consequences; Resale Restriction

Wabtec common stock issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act, except for shares of Wabtec common stock issued to any person who may be deemed to be an affiliate of Wabtec under the Securities Act.

No Appraisal or Dissenters Rights

None of the stockholders of Wabtec, Merger Sub, Direct Sale Purchaser, GE or SpinCo will be entitled to exercise appraisal rights or to demand payment for their shares in connection with the Transactions.

TABLE OF CONTENTS**Summary Unaudited Pro Forma Condensed Combined Financial Data**

The following summary unaudited pro forma condensed combined financial statements are presented to illustrate the estimated effects of the Transactions described in this proxy statement under The Transactions. The following unaudited pro forma condensed combined balance sheet as of December 31, 2017, and the unaudited pro forma condensed combined statement of income for the year ended December 31, 2017 (collectively, the Pro Forma Statements) have been prepared in compliance with the requirements of Regulation S-X under the Securities Act using accounting policies in accordance with U.S. GAAP.

The Pro Forma Statements should be read in conjunction with the audited consolidated financial statements of Wabtec as of and for the year ended December 31, 2017, which are incorporated by reference herein from Wabtec's annual report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2017, and the audited combined financial statements of GE Transportation as of and for the year ended December 31, 2017 included elsewhere in this proxy statement. GE Transportation's historical financial statements included in this proxy statement have been presented on a carve-out basis from GE's consolidated financial statements using the historical results of operations, cash flows, assets and liabilities of GE Transportation and include allocations of corporate expenses from GE. These allocations reflect significant assumptions, and the financial statements do not fully reflect what GE Transportation's financial position, results of operations or cash flows would have been had it been a stand-alone company during the periods presented. As a result, historical financial information is not necessarily indicative of GE Transportation's future results of operations, financial position or cash flows. The note disclosure requirements of annual consolidated financial statements provide additional disclosures to that required for pro forma condensed combined financial information.

The unaudited Pro Forma Statements give effect to the Merger as if it had occurred on January 1, 2017, for the purposes of the unaudited pro forma condensed combined statement of income for the year ended December 31, 2017. The unaudited Pro Forma Statements give effect to the Merger as if it had occurred on December 31, 2017, for the purposes of the unaudited pro forma condensed combined balance sheet. In the opinion of Wabtec's management, these Pro Forma Statements include all material adjustments necessary to be in accordance with Article 11 of Regulation S-X under the Securities Act. The Pro Forma Statements are presented for illustrative purposes only and may not be indicative of the results of operations that would have occurred if the events reflected therein had been in effect on the dates indicated or the results which may be obtained in the future. In preparing the Pro Forma Statements, no adjustments have been made to reflect the potential operating synergies and administrative cost savings or the costs of integration activities that could result from the combination of Wabtec and GE Transportation. Actual amounts recorded upon consummation of the proposed Merger will differ from the Pro Forma Statements, and the differences may be material. See Where You Can Find More Information; Incorporation by Reference, Unaudited Pro Forma Combined Consolidated Financial Statements and the audited combined financial statements of GE Transportation and notes thereto included elsewhere in this proxy statement.

Wabtec Dividend Policy

Wabtec currently intends to continue paying dividends on a quarterly basis, although the declaration of any future dividends will be determined by the Wabtec Board and will depend on many factors, including available cash, estimated cash needs, earnings, financial condition, operating results, and capital requirements, as well as limitations in Wabtec's contractual agreements, applicable law, regulatory constraints, industry practice and other business considerations that the Wabtec Board considers relevant. Wabtec's ability to declare and pay future dividends on Wabtec common stock may be restricted by the provisions of the DGCL and covenants in Wabtec's then-existing indebtedness arrangements.

TABLE OF CONTENTS

The Transactions

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock in the SpinCo Transfer. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date of the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled *Other Agreements—Shareholders Agreement*).

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

TABLE OF CONTENTS

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec's current trading symbol WAB.

Below is a step-by-step description of the sequence of material events relating to the Transactions.

Step 1 Internal Reorganization

GE will undertake an internal reorganization in which the assets and liabilities of GE Transportation will be segregated from the assets and liabilities of GE's remaining business.

Step 2 Direct Sale

On the date of the Distribution, immediately prior to the SpinCo Transfer, GE shall sell certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, to Direct Sale Purchaser for a cash payment of \$2.9 billion. Concurrently, Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec has also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. The Bridge Commitments will be reduced by any alternative financing (including any other loans or debt securities) that Wabtec arranges prior to the Direct Sale, subject to customary exceptions. Wabtec will use funds available under the Delayed Draw Term Loan and the Bridge Loan Facility (or any alternative financing that Wabtec arranges, which would reduce the Bridge Commitments under the Bridge Loan Facility) to pay the Direct Sale Purchase Price.

Step 3 SpinCo Transfer

On the date of the Distribution, immediately following the Direct Sale, GE shall transfer the SpinCo Business, which will comprise the remaining business and operations of GE Transportation after giving effect to the Direct Sale, to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries). SpinCo will assume certain liabilities of the SpinCo Business.

Step 4 Issuance of SpinCo Common Stock to GE

In connection with the SpinCo Transfer, SpinCo will issue and deliver to GE additional shares of SpinCo common stock. Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

Step 5 Distribution

Based on market conditions prior to the closing of the Merger and other factors, GE will determine whether the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off or a split-off. This proxy statement assumes that the Distribution Shares will be distributed in a spin-off.

In this case, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date of the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders.

Based on market conditions prior to the date of the closing of the Merger and other factors, GE will determine whether the Distribution Shares will be distributed to GE's stockholders in a spin-off or a split-off. GE may make its final decision as to whether the SpinCo common stock will be distributed in a spin-off or split-off after the date of the special meeting.

TABLE OF CONTENTS

In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer. Any GE stockholders that validly tender (and do not validly withdraw) shares of GE common stock for shares of SpinCo common stock in the GE Exchange Offer would have, with respect to such tendered shares, waived their rights to receive, and forfeited any rights to, shares of SpinCo common stock subsequently distributed on a *pro rata* basis to GE stockholders. In connection with the GE Exchange Offer, SpinCo would file with the SEC a registration statement on Form S-4 and Form S-1 to register the shares of its common stock that would be distributed to GE stockholders. In addition, Wabtec would file with the SEC an amendment to its registration statement on Form S-4. The terms and conditions of the GE Exchange Offer would be described in SpinCo's registration statement on Form S-4 and Form S-1 and Wabtec's amended registration statement on Form S-4. Wabtec and Wabtec stockholders would not be a party to the GE Exchange Offer and would not be asked to separately vote on the GE Exchange Offer or to otherwise participate in the GE Exchange Offer. The information included in this section regarding the GE Exchange Offer is being provided to Wabtec stockholders for informational purposes only and does not purport to be complete. This proxy statement constitutes only a proxy statement for Wabtec stockholders relating to the special meeting and is not an offer to sell or a solicitation of an offer to purchase shares of Wabtec common stock, GE common stock or SpinCo common stock.

Step 6 Merger

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled *Other Agreements—Shareholders Agreement*).

TABLE OF CONTENTS

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger.

Existing Structure

Structure following the Separation (including the Internal Reorganization), the Direct Sale, the SpinCo Transfer and the Distribution but prior to the Merger

TABLE OF CONTENTS

Structure following the Merger

After completion of all of the steps described above, it is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation.

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements. Pursuant to the Tax Matters Agreement, after completion of all of the steps described above, GE will be obligated to sell a number of shares of Wabtec common stock within two years of the Distribution Date. See Other Agreements—Tax Matters Agreement. Pursuant to the Shareholders Agreement, after completion of all of the steps described above, GE will be obligated to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

Determination of Number of Shares of SpinCo Common Stock to Be Distributed to GE Stockholders

Immediately prior to the Distribution, the total number of shares of SpinCo common stock outstanding will equal 8,700,000,000 shares or such other amount as GE shall determine with Wabtec's consent. GE is expected to retain 19.75% of the outstanding shares of SpinCo common stock. Accordingly, assuming that there are outstanding 8,700,000,000 shares of SpinCo common stock immediately prior to the Distribution, the total number of shares of SpinCo common stock to be distributed to holders of GE common stock as a *pro rata* dividend will be equal to 6,981,750,000 shares. The actual number of shares of SpinCo common stock to be distributed to GE stockholders, and the actual number of shares of SpinCo common stock to be retained by GE, will be determined by GE prior to the Distribution. All shares of SpinCo common stock will be converted into shares of Wabtec common stock at the effective time of the Merger.

No Fractional Shares; Exchange of Certificates

Each issued and outstanding share of SpinCo common stock will be converted in the Merger into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled The Merger Agreement—Merger

TABLE OF CONTENTS

Consideration. In the conversion, no fractional shares of Wabtec common stock will be delivered to SpinCo stockholders. All fractional shares of Wabtec common stock that any SpinCo stockholder otherwise would be entitled to receive as a result of the Merger will be aggregated by the exchange agent on behalf of Wabtec. The exchange agent will cause the whole shares obtained thereby to be sold on behalf of the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger, in the open market or otherwise, in each case at then-prevailing market prices, and, in no case later than five business days after the Distribution. The exchange agent will make available the net proceeds thereof, subject to the deduction of the amount of any withholding taxes and brokerage charges, commissions and conveyance and similar taxes, on a *pro rata* basis, without interest, as soon as practicable to the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger.

Upon consummation of the Merger, shares of SpinCo common stock held by GE or GE stockholders will no longer be outstanding and will automatically be canceled and retired and will cease to exist. Prior to the Merger, Wabtec will deposit with the exchange agent, for the benefit of holders of SpinCo common stock, book-entry shares representing the shares of Wabtec common stock issuable to the holders of SpinCo common stock in the Merger.

Background of the Transactions

Wabtec continually invests in new products and services with the objective of strategically growing its business, both organically and through acquisitions, joint ventures and other transactions.

GE continually reviews its portfolio to determine whether any changes are advisable and, on June 12, 2017, GE's incoming Chief Executive Officer announced that GE was initiating a comprehensive review with a focus on each of its businesses' performance, growth outlook, cost structures, returns and competitive environment.

On June 20, 2017, senior executives of Wabtec and GE met to discuss the railway transportation business generally, the parties' respective industry outlooks and recent events affecting GE. The meeting was arranged by Morgan Stanley & Co. LLC (Morgan Stanley), a financial advisor to GE. At the conclusion of the meeting, the participants agreed to meet again in a few weeks to consider whether discussions of a possible strategic transaction may be worth pursuing.

On July 12, 2017, Wabtec and GE signed a confidentiality agreement. Over the course of the next several months, Wabtec and GE exchanged confidential information and engaged in preliminary discussions about a possible strategic transaction.

In September 2017, Wabtec retained Goldman Sachs as its financial advisor and Jones Day as its legal advisor in connection with the possible strategic transaction.

On November 13, 2017, GE disclosed that it was considering possible strategic alternatives for several businesses of GE, including GE Transportation.

In late November, representatives of Wabtec and GE continued to work on potential synergies that may be involved in a possible transaction and a general outline of potential terms, and agreed that their respective financial advisors should meet to discuss a potential transaction. These meetings occurred in early December 2017.

During the weeks of December 11, 2017 and December 18, 2017, representatives of Wabtec and GE conducted facility tours and engaged in detailed discussions regarding potential synergies that may be realized in a combination of GE Transportation and Wabtec. During this period, Wabtec's senior management kept the Wabtec Board apprised on a regular basis on the progress of the discussions with respect to the possible transaction.

Wabtec management also reviewed the preliminary discussions about a strategic transaction with respect to GE Transportation with the Wabtec Board at the Wabtec Board meetings held on December 4, 2017, January 26, 2018, February 5-6, 2018, February 20, 2018 and March 6, 2018. In each such meeting, the Wabtec Board directed Wabtec's senior management to continue discussions with GE, although the Wabtec Board recognized that transactions like the possible transaction were difficult to negotiate due to their scope and complexity.

Discussions and due diligence progressed during January 2018, February 2018 and March 2018. Early during that time period, representatives of Wabtec and GE began to focus on a possible transaction in which Wabtec and

TABLE OF CONTENTS

GE Transportation would be combined in a Reverse Morris Trust transaction in which GE Transportation would be either spun off or split-off to GE stockholders and thereafter merged with a subsidiary of Wabtec whereby GE stockholders would receive a majority of the common stock of the combined company on a tax-free basis.

On January 26, 2018, following a meeting of the Wabtec Board, Wabtec's CEO sent to GE's Head of Corporate Development a proposed term sheet for a possible combination of Wabtec and GE Transportation. The parties negotiated the proposed term sheet over the next several weeks, including the allocation of value between Wabtec and GE.

GE senior management met with the GE Board and various committees of the GE Board on numerous occasions in 2018 to discuss progress on the discussions with Wabtec while continuing to explore other strategic alternatives for GE Transportation, including an initial public offering.

Following the exchange of draft term sheets over the next several weeks and continuing due diligence, on March 19, 2018, Wabtec and GE signed a term sheet outlining the key high-level terms of a possible transaction. The term sheet was nonbinding except for certain customary binding provisions, including an exclusivity provision under which GE agreed to work exclusively with Wabtec on the possible transaction for 30 days. The term sheet contemplated a possible Reverse Morris Trust transaction for the combination of Wabtec and GE Transportation whereby GE would receive a cash payment from SpinCo in the range of \$2.9 billion to \$3.0 billion and GE stockholders would receive a majority of the combined company's common stock, with the amount of the cash payment and percentage of common stock being subject to continued discussions.

The Wabtec Board met on April 16, 2018 to review the possible transaction in detail. Representatives of Goldman Sachs and Jones Day participated in the meeting. At the meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, the results of due diligence and discussions with GE to date. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, the material terms of draft transaction documentation, the major open issues at the time and the major actions involved in the possible transaction. The representatives of Goldman Sachs then provided a financial review of the possible transaction. Following these discussions, the Wabtec Board directed Wabtec's management and legal and financial advisors to continue discussions with representatives of GE.

In April and through May 20, 2018, the parties continued due diligence and exchanged drafts of the principal Transaction Documents. Representatives of GE, including representatives from Davis Polk & Wardwell LLP, GE's legal counsel, and Morgan Stanley and Dyal & Co. LLC (Dyal), GE's financial advisors, and representatives of Wabtec, including representative from Jones Day and Goldman Sachs, met on a substantially continuous basis in New York City in respect of the possible transaction and the principal Transaction Documents during most of the first three weeks of May 2018. Key terms negotiated in this period included:

- the portion of Wabtec common stock to be owned by GE and GE stockholders following the consummation of the Transactions;
- the terms of the cash and debt purchase price adjustments;
- the pro forma leverage and indebtedness of the combined company;
- the allocation of certain liabilities of GE Transportation;
- the removal of the cash payment from SpinCo contemplated by the term sheet;
- the addition of the Direct Sale and the amount of the cash payment in the Direct Sale;
- provisions relating to the composition of the Wabtec Board following the closing of the Transactions;
- provisions relating to closing certainty, including obligations to seek antitrust approvals, termination fees and certain closing conditions;
-

the terms of the tax matters agreement, including terms governing payments to be made to GE in respect of certain tax benefits expected to be realized by the combined company as a result of the Transactions;

obligations of various Wabtec parties to support the Transactions; and GE retaining a portion of the interest in SpinCo rather than distributing it to GE stockholders and the terms of the Shareholders Agreement that would apply in respect of GE's ownership of Wabtec shares that would be issued in the Merger in respect of that retained interest.

The GE Board met on May 17, 2018 and unanimously approved the Transactions.

On May 14, 2018 and May 19, 2018, the Wabtec Board met to review the possible transaction. Representatives of Goldman Sachs and Jones Day participated in the meetings. At the May 19, 2018 meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, and the final results of due diligence and economic terms of the possible transaction. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, and the material terms of drafts of the principal Transaction Documents. The representatives of Goldman Sachs then provided a financial review of the possible transaction. At the meeting on May 19, 2018, Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec (See *The Transactions—Opinion of Wabtec's Financial Advisor*). A representative of Jones Day also provided an update on the status of the debt financing (See *Debt Financing*), as well as the various Transaction Documents. Following discussions with Wabtec management and Wabtec's legal and financial advisors, the Wabtec Board unanimously determined that the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, were advisable and in the best interests of Wabtec and its stockholders, and approved the Transactions and the Transaction Documents, including the Wabtec Charter Amendment, the Share Issuance and the proposed debt financing.

Over the May 19-20, 2018 weekend, representatives of Wabtec and GE finalized the Transaction Documents providing for the Transactions.

On May 20, 2018, Wabtec and GE publicly announced the Transactions.

Wabtec's Reasons for the Transactions

In deciding to approve the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, the Wabtec Board considered, among other things, the potential strategic benefits to be achieved by combining GE Transportation and Wabtec relative to Wabtec's prospects on a standalone basis, the expected financial benefits of the Transactions and the terms of Transactions and Transaction Documents, as well as potential risks and negative considerations associated with the Transactions.

Factors Supporting the Transactions

The Wabtec Board considered the following factors, among others, as supporting its decision to approve the Transactions:

Strategic Benefits

- The combined company is expected to be a diversified global leader in the transportation and logistics business with pro forma 2017 combined revenues of \$8 billion;
- the combined company is expected to be better positioned to meet anticipated growth in demand for train intelligence and network optimization products; and
 - Wabtec's and GE Transportation's respective businesses are believed to be complimentary with a large, global installed customer base. It is anticipated that the combined company will have the ability to provide

customers with more desirable and affordable solutions and aftermarket services in rapidly evolving categories than the two companies would have separately.

Financial Benefits

- Wabtec believes that the combination will occur at an attractive time in the railway industry cycle and expects significant growth in revenue and adjusted EBITDA as the cycle rebounds from trough levels;

TABLE OF CONTENTS

the Transactions are expected to be accretive to cash earnings per share beginning in the first full year after the closing of the Transactions;

Wabtec expects to realize \$250 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after the closing of the Transactions;

the step-up in tax basis associated with the Transactions is expected by Wabtec to result in average annual cash tax benefits for 15 years of \$150.0 million, with the first \$470.0 million of cumulative cash benefits to be paid to GE and the remainder (which Wabtec estimated at a net present value of \$1.1 billion) to accrue to the combined company;

the combined company has forecasted future cash flows which Wabtec expects will allow for rapid deleveraging after the closing of the Transactions and enable the combined company to maintain an investment grade debt rating; and

the Transactions were valued by the Wabtec Board at \$11.1 billion based on the Wabtec share price of \$83.79 on April 19, 2018—the last unaffected trading day prior to media speculation regarding a potential transaction. When adjusted for the estimated net tax step-up value of \$1.1 billion accruing to the combined company, the Transactions were valued by the Wabtec Board at \$10.0 billion. The Wabtec Board considered that these valuations were favorable.

Transaction Terms

The Transactions, including the aggregate consideration being paid by Wabtec in the Transactions, were the result of extensive arms'-length negotiations between Wabtec and GE;

- the prospective financial results of GE Transportation (as well as the risks involved in achieving those results), the fit of GE Transportation with Wabtec's previously established strategic goals (which include adding capabilities, expanding customer and geographic access and increasing scale) and the results of Wabtec's due diligence review of GE Transportation;

the opinion of Goldman Sachs, dated May 20, 2018, to the Wabtec Board that, as of such date and based upon and subject to the factors and assumptions as set forth in such opinion, the Aggregate Consideration being paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec, as more fully described in the section of this proxy statement entitled *The Transactions—Opinion of Wabtec's Financial Advisor* ;

the Wabtec Board would be expanded to include three additional directors, each of whom shall be independent as defined in the listing standards of the NYSE, to be designated by GE;

- immediately following the consummation of the Transactions, the current executive officers of Wabtec would continue in their current positions, with additional executive management talent to be gained from former management of GE Transportation and the other changes described in *Information on Wabtec—Directors and Officers of Wabtec Before and After the Consummation of the Transactions* ;

the Transactions are expected to be approved by regulatory authorities without significant disruption in the business of Wabtec or GE Transportation; and

the Merger Agreement permits the Wabtec Board in certain circumstances to withdraw or modify its recommendation that Wabtec stockholders approve the Wabtec Charter Amendment and the Share Issuance, subject to the payment of a termination fee in certain circumstances.

Potential Risks and Negative Considerations

The Wabtec Board also considered, among other things, the following potential risks and other potentially negative considerations associated with the Transactions, but determined that the benefits of the Transactions substantially outweighed such risks and other considerations:

- The inability of Wabtec to influence the operations of GE Transportation during the potentially significant time period prior to consummating the Transactions;

- the possibility that the increased revenues, earnings and efficiencies expected to result from the Transactions would fail to materialize in whole or part;

TABLE OF CONTENTS

the challenges inherent in fully and successfully separating the operations of GE Transportation from GE and integrating such business with Wabtec, especially given that GE Transportation is similar in size and scope to Wabtec's business;

the potential impact of the restrictions under the Merger Agreement on Wabtec's ability to take certain actions during the period between execution of the Merger Agreement and the consummation of the Transactions, generally requiring Wabtec to conduct business only in the ordinary course or, if not in the ordinary course, to first seek and obtain GE's consent (which could delay or prevent Wabtec from undertaking business opportunities that may arise pending completion of the Transactions) and restricting the ability of Wabtec to pursue certain strategic transactions; the dilution of the ownership interest of Wabtec's current stockholders that would result from the Share Issuance and that Wabtec's current shareholders, as a group, would control less than a majority of Wabtec's outstanding common stock after consummation of the Transactions;

- the fact that GE will acquire 9.9% of Wabtec's common shares in the Transactions, including the possible effects that a sale of this stake would have on Wabtec's stock price;
- potential difficulties in integrating the management and operating personnel of Wabtec and GE Transportation, including the risk of losing key personnel due to uncertainties over future roles;
- the risk that the Transactions and integration of GE Transportation with Wabtec may divert management attention and resources away from other strategic opportunities and from operational matters;
 - the operations of the business of GE Transportation will be dependent in part on the provision of transition services by GE for a period of time after the consummation of the Transactions;
 - the need for Wabtec to incur substantial indebtedness in connection with the Transactions;
 - the potential payment of a termination fee of \$300 million by Wabtec in certain circumstances, including in certain circumstances based on regulatory challenges to the Transactions;
- the restrictions imposed on Wabtec's ability to take certain corporate actions under the terms of the Tax Matters Agreement, which could reduce its ability to engage in certain future business transactions that might be advantageous;
- the absence of an indemnity from GE for breaches of representations and warranties;
- the possibility that the Transactions may not be consummated and the potential adverse consequences, including substantial costs that would be incurred and potential damage to Wabtec's reputation, if the Transactions are not completed; and
- the other risks described under the section entitled Risk Factors—Risks Related to the Transactions beginning on page 110 of this proxy statement.

The foregoing discussion of the information and factors considered by the Wabtec Board is not exhaustive, but includes the material factors considered by the Wabtec Board, including factors that support the Transactions as well as those that weigh against them. In view of the wide variety of factors considered by the Wabtec Board in connection with its evaluation of the Transactions and the complexity of these matters, the Wabtec Board was not asked to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Rather, the Wabtec Board based its recommendation on the totality of the information presented to and considered by it. The Wabtec Board evaluated the factors described above with the assistance of Wabtec's senior management and legal and financial advisors. In considering the factors described above, individual members of the Wabtec Board gave different weights to other or different factors.

This explanation of the factors considered by the Wabtec Board is in part forward-looking in nature and, therefore, should be read in light of the factors discussed in the sections of this proxy statement entitled Cautionary Statement on Forward-Looking Statements and Risk Factors—Risks Related to the Transactions beginning on pages 127 and 110, respectively, of this proxy statement.

TABLE OF CONTENTS

After careful consideration, the Wabtec Board unanimously approved the Merger Agreement, the Separation Agreement, the Transactions, as well as the Share Issuance and the Wabtec Charter Amendment, and determined that the Merger Agreement, the Separation Agreement and the Transactions are advisable and in the best interests of Wabtec and its shareholders.

Opinion of Wabtec's Financial Advisor

Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec.

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached hereto as Annex G. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

- the Merger Agreement;
- the Separation Agreement;
- the Tax Matters Agreement;
- the annual reports to stockholders and Annual Reports on Form 10-K of Wabtec and GE for the five years ended December 31, 2017;
- certain interim reports to stockholders and Quarterly Reports on Form 10-Q of Wabtec and GE;
- certain other communications from Wabtec and GE to their respective stockholders;
- certain publicly available research analyst reports for Wabtec and GE;
- certain unaudited financial statements of GE Transportation (as described in the Merger Agreement);

- estimates of the amounts and timing of the TMA Payments prepared by management of Wabtec and approved for Goldman Sachs' use by Wabtec (the "TMA Payment Estimates").

Goldman Sachs also (i) held discussions with members of the senior managements of Wabtec and GE regarding their assessment of the past and current business operations, financial condition and future prospects of GE Transportation, and with the members of senior management of Wabtec regarding their assessment of the past and current business operations, financial condition and future prospects of Wabtec and the strategic rationale for, and the potential benefits of, the Transactions; reviewed the reported price and trading activity for the shares of

TABLE OF CONTENTS

Wabtec common stock, (ii) compared certain financial and stock market information for Wabtec and certain financial information for GE Transportation with similar financial and stock market information for certain other companies the securities of which are publicly traded, (iii) reviewed the financial terms of certain recent business combinations in the rail transportation industry and in other industries and (iv) performed such other studies and analyses, and considered such other factors, as it deemed appropriate.

For purposes of rendering its opinion, Goldman Sachs, with Wabtec's consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, it, without assuming any responsibility for independent verification thereof. In that regard, Goldman Sachs assumed with Wabtec's consent that the Forecasts, the Synergies, the Adjustment Estimates and the TMA Payment Estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Wabtec. Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of Wabtec, SpinCo, Merger Sub or GE or any of their respective subsidiaries and it was not furnished with any such evaluation or appraisal. Goldman Sachs assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transactions will be obtained without any adverse effect on Wabtec, GE Transportation or SpinCo or on the expected benefits of the Transactions in any way meaningful to its analysis. Goldman Sachs has also assumed that the Transactions will be consummated on the terms set forth in the Merger Agreement, Separation Agreement and Tax Matters Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to its analysis.

Goldman Sachs' opinion does not address the underlying business decision of Wabtec to engage in the Transactions, or the relative merits of the Transactions as compared to any strategic alternatives that may be available to Wabtec; nor does it address any legal, regulatory, tax or accounting matters. Goldman Sachs' opinion addresses only the fairness from a financial point of view to Wabtec, as of May 20, 2018, of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. Goldman Sachs' opinion does not express any view on, and does not address, any other term or aspect of the Merger Agreement, Separation Agreement or Tax Matters Agreement or the Transactions or any term or aspect of any other agreement or instrument contemplated by the Merger Agreement, Separation Agreement or Tax Matters Agreement or entered into or amended in connection with the Transactions, including, without limitation, the Shareholders Agreement, the Tax Matters Agreement, the Employee Matters Agreement, the Internal Reorganization, the SpinCo Transfer, the Distribution, any allocation of the Aggregate Consideration or liabilities assumed as part of the Direct Sale or any indemnification or adjustments contemplated by the Transaction Documents; the fairness of the Transactions to, or any consideration received in connection therewith by, the holders of any class of securities, creditors, or other constituencies of Wabtec; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Wabtec, SpinCo or GE, or any class of such persons, in connection with the Transactions, whether relative to the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement or otherwise. Goldman Sachs' opinion was necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to Goldman Sachs as of, the date of the opinion and Goldman Sachs assumed no responsibility for updating, revising or reaffirming its opinion based on circumstances, developments or events occurring after the date of its opinion. In addition, Goldman Sachs did not express any opinion as to the prices at which shares of Wabtec common stock will trade at any time or as to the impact of the Transactions on the solvency or viability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE or the ability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE to pay their respective obligations when they come due. Goldman Sachs' opinion was approved by a fairness committee of Goldman Sachs.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the Wabtec Board in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described

represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before May 17, 2018 and is not necessarily indicative of current market conditions.

Financial Analyses of GE Transportation

Analysis of Implied Transaction Values. Goldman Sachs calculated the implied enterprise value (EV) of GE Transportation by adding the \$2.9 billion cash payment to be received by GE to the implied value of the shares of Wabtec common stock to be issued in the Transactions. Goldman Sachs calculated the implied value of such shares of Wabtec common stock by using \$83.79 per share, which was the closing trading price per share of Wabtec common stock on April 19, 2018, which was the last closing price prior to media reports about the Transactions (the

Undisturbed Price), and the closing price per share of Wabtec common stock on May 17, 2018 (the May 17, 2018 Price). The implied EV of GE Transportation, using the Undisturbed Price, was \$11.1 billion and the implied EV of GE Transportation, using the May 17, 2018 Price, was \$12.2 billion. Goldman Sachs then adjusted these implied EV calculations for GE Transportation to take into account the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions. Goldman Sachs used the Forecasts and applied an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, to determine the net present value of these tax attributes. The illustrative implied EV of GE Transportation as adjusted to take into account these tax attributes was \$10.0 billion, when using the Undisturbed Price, and \$11.1 billion, when using the May 17, 2018 Price.

Selected Companies Analysis. Goldman Sachs reviewed and compared certain financial information for Wabtec and the following publicly traded companies in the rail infrastructure and equipment industry (collectively referred to as the Rail Infrastructure & Equipment Selected Companies), the rail car industry (collectively referred to as the Rail Car Selected Companies) and the diversified industrials/transportation industry (collectively referred to as the Diversified Industrials/Transportation Selected Companies), and together with Rail Infrastructure & Equipment Selected Companies and the Rail Car Selected Companies, the Selected Companies):

Rail Infrastructure & Equipment Selected Companies

•Falgo

•CAF

•Vossloh

•Alstom

•Ansaldo

Rail Car Selected Companies

•Greenbrier

•American Rail Car

•Trinity

Diversified Industrials/Transportation Selected Companies

•Allison Transmission

•Caterpillar

•Cummins

•Paccar

Although none of the Selected Companies is directly comparable to GE Transportation, the companies included were chosen because they are publicly traded companies that, for the purposes of analysis, may be considered similar to certain operations of GE Transportation.

Goldman Sachs calculated and compared public market multiples for Wabtec and mean public market multiples for each of the Rail Infrastructure & Equipment Selected Companies, the Rail Car Selected Companies and the Diversified Industrials/Transportation Selected Companies, in each case using information from publicly available

historical data, publicly available market data and Institutional Brokers Estimate System consensus estimates.

TABLE OF CONTENTS

Goldman Sachs calculated these public market multiples by dividing the EV for each of the selected companies and Wabtec (using the closing trading price per share of each company's stock as of May 17, 2018 and, in the case of Wabtec, the Undisturbed Price, as well the latest available net debt amounts as of the dates of such trading prices) by earnings before interest, tax, depreciation and amortization (EBITDA) for the last reported 12 months (LTM EBITDA), for the next 12 months (NTM EBITDA), and for the one-year forward calendar year (CY+2 EBITDA). In addition, Goldman Sachs calculated (using historical trading prices and publicly available financial data) the average over the last five years (Through the Cycle), for Wabtec and the Selected Companies, of the EV/LTM EBITDA, EV/NTM EBITDA and EV/CY+2 EBITDA multiples. The following table presents the results of this analysis:

	EV/LTM EBITDA	EV/LTM EBITDA Through the Cycle	EV/NTM EBITDA	EV/NTM EBITDA Through the Cycle	EV/CY+2 EBITDA	EV/CY+2 EBITDA Through the Cycle
Wabtec	17.9x	14.3x	14.7x	12.5x	13.8x	12.0x
Median of Rail Infrastructure & Equipment Selected Companies	9.3x	10.1x	8.8x	8.5x	8.1x	8.4x
Median of Rail Car Selected Companies	9.3x	6.6x	8.3x	6.4x	9.1x	6.7x
Median of Diversified Industrials/Transportation Selected Companies	8.6x	9.2x	8.0x	8.9x	7.8x	8.7x

In addition, Goldman Sachs calculated illustrative EV/EBITDA multiples for GE Transportation using the implied EV for GE Transportation (calculated using the Undisturbed Price and the May 17, 2018 Price, and with and without adjustment to the implied EV to account for the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions as described above) and using the Forecasts and Synergies. The following table presents the results of this analysis:

	Multiple (Undisturbed Price)	Multiple (May 17, 2018 Price)
EV*/2018E EBITDA (Forecasts, No Synergies)	15.0x	16.4x
EV*/2019E EBITDA (Forecasts, No Synergies)	10.9x	11.9x
EV*/2021E EBITDA (Forecasts, No Synergies)***	9.0x	9.9x
EV*/2018E EBITDA (Forecasts with Synergies)	11.2x	12.3x
EV*/2019E EBITDA (Forecasts with Synergies)	8.7x	9.5x
EV*/2021E EBITDA (Forecasts with Synergies)***	7.5x	8.2x
EV**/2018E EBITDA (Forecasts with Synergies)	10.1x	11.2x
EV**/2019E EBITDA (Forecasts with Synergies)	7.9x	8.7x
EV**/2021E EBITDA (Forecasts with Synergies)***	6.8x	7.5x

*No adjustment to implied EV to take into account the tax attributes of the Transaction

** Adjustment to implied EV to take into account the tax attributes of the Transaction

*** Management of Wabtec instructed Goldman Sachs that these 2021 estimates were comparable to Through the Cycle estimates

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 12.0x to the estimated EBITDA for GE Transportation for 2019 contained in the Forecasts and an illustrative range of multiples of 8.5x to 10.5x to the

estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which management of Wabtec had instructed Goldman Sachs were comparable to Through the Cycle estimates, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$9.2 billion to \$12.3 billion, and \$10.5 billion to \$13.0 billion, respectively.

TABLE OF CONTENTS

Selected Transactions Analysis. Goldman Sachs analyzed certain publicly available information relating to the following selected transactions in the rail transportation industry (the Rail Transportation Selected Transactions) during the preceding 16 years:

For each of the Rail Transportation Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's EBITDA, based on publicly available information for the 12-month period prior to the announcement of the transaction. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	14.7x
Median	9.7x
Low	8.5x

Goldman Sachs viewed this range of multiples for these selected transactions as illustrative of Through the Cycle multiples.

While none of the companies or business segments that participated in the Rail Transportation Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product profile.

Goldman Sachs also analyzed certain publicly available information relating to the following selected transactions in the high quality industrial sector (the High Quality Industrial Selected Transactions):

Acquiror	Target
United Technologies	Goodrich
TE Connectivity	Measurement Specialties

Siemens	Dresser Rand
Danaher Corporation	Pall Corporation
Solvay	Cytec
Berkshire Hathaway Inc.	Precision Castparts Corp.
Sherwin Williams	Valspar
MTS	PCB
Kion Group	Dematic
Thermo Fisher Scientific	FEI
Monsanto	Bayer
Rockwell Collins	B/E Aerospace, Inc.
Siemens	Mentor Graphics
Parker Hannifin Corporation	Clarcor

TABLE OF CONTENTS

For each of the High Quality Industrial Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's LTM EBITDA or estimated forward EBITDA, based in all cases on publicly available information. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	23.6x
Median	15.7x
Low	12.9x

While none of the companies or business segments that participated in the High Quality Industrial Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product profile.

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 11.0x to the estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which Management of Wabtec had instructed Goldman Sachs were comparable to Through the Cycle estimates, and an illustrative range of multiples of 8.5x to 14.7x to the historical EBITDA for GE Transportation for 2017, as provided by Wabtec management, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$11.1 billion to \$13.6 billion, and \$7.0 billion to \$12.1 billion, respectively.

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on GE Transportation. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of GE Transportation's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for GE Transportation for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for GE Transportation, which were calculated by applying perpetuity growth rates ranging from 2.5% to 3.5%, to a terminal year estimate of the free cash flow to be generated by GE Transportation, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.0x to 13.7x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for GE Transportation ranging from \$10.4 billion to \$13.8 billion.

Financial Analyses of Wabtec (Standalone)

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on Wabtec. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for Wabtec for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for Wabtec, which were calculated by applying perpetuity growth rates ranging from 3.0% to 4.0%, to a terminal year estimate of the free cash flow to be generated by Wabtec, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.5x to 14.8x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain

company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for Wabtec of \$9.3 billion to \$12.7 billion. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt for the Transactions as of March 31, 2018 as well as the value of certain other Wabtec enterprise value adjustments, both as provided by

the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (98.0 million), as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement to be 98.1 million), to derive a range of illustrative present values per share of Wabtec common stock ranging from \$77.00 to \$111.00 (rounded to the nearest dollar).

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock on a standalone basis, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function of such company's financial multiples. For purposes of this analysis, Goldman Sachs applied an illustrative range of EV/NTM EBITDA multiples of 11.0x to 14.0x to the estimated standalone next 12 months' EBITDA of Wabtec at the end of each of the years 2018 to 2021 using the Forecasts. These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months' EV/EBITDA multiples for Wabtec. Goldman Sachs derived from this analysis a range of illustrative EVs for Wabtec on a standalone basis of \$10.5 billion to \$12.9 billion. Goldman Sachs then subtracted the amount of Wabtec's standalone debt from, and added the assumed amount of Wabtec's standalone cash and cash equivalents to, in each case as of the relevant year-end per the Forecasts, the illustrative EVs in order to calculate the implied future equity values of Wabtec. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock, as provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the standalone cost of equity for Wabtec. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a range of implied present values per share of \$68.00 to \$113.00 (rounded to the nearest dollar). In addition, Goldman Sachs compared the Undisturbed Price and the May 17, 2018 Price to the range of implied present values per share of Wabtec common stock of \$89.00 to \$113.00 (rounded to the nearest dollar), which were derived from this analysis when using only the implied future values per share of Wabtec common stock as of year-end 2021.

Financial Analysis of Wabtec (Pro Forma for the Transactions)

Illustrative Discounted Cash Flow Analysis. Using the Forecasts and the Synergies, Goldman Sachs also performed an illustrative discounted cash flow analysis on Wabtec pro forma for the Transactions (after giving effect to (a) the Synergies and (b) both the Synergies and tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's pro forma weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of pro forma unlevered free cash flow for Wabtec pro forma for the Transactions for the final 9 months of 2018 through year-end 2022, as reflected in the Forecasts (inclusive of the Synergies) and (ii) a range of illustrative pro forma terminal values for Wabtec pro forma for the Transactions, which was calculated by applying perpetuity growth rates ranging from 2.75% to 3.75%, to a terminal year estimate of the free cash flow to be generated by Wabtec pro forma for the Transactions, as reflected in the Forecasts (inclusive of the Synergies), which analysis implied exit terminal year EBITDA multiples ranging from 11.5x to 15.9x. Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of the perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth

of gross domestic product and inflation. Goldman Sachs derived a range of illustrative EVs for Wabtec pro forma for the Transactions by adding the ranges of present values it derived above. In addition, using the Forecasts for the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, Goldman Sachs calculated an illustrative net present value of these tax attributes, using an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, and added this illustrative net present value to this range of

illustrative EVs for Wabtec pro forma for the Transactions. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt pro forma for the Transactions as well as the value of certain Wabtec pro forma enterprise value adjustments, both as provided by the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (196.5 million) pro forma for the Transactions, as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement, but continued to be 196.5 million when rounded to the nearest decimal place), to derive a range of illustrative present values per share of Wabtec common stock pro forma for the Transactions of \$88.00 to \$127.00 (when the analysis included the Synergies, but not the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions) and \$93.00 to \$132.00 (when the analysis included both the Synergies and the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions), in each case, as rounded to the nearest dollar.

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs also performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock pro forma for the Transactions. For purposes of this analysis, Goldman Sachs applied an illustrative range of next 12 months EV/EBITDA multiples of 10.0x to 13.0x to the estimated next 12 months EBITDA of Wabtec pro forma for the Transactions at the end of each of the years 2018 to 2021 using the Forecasts and the Synergies (but not the tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months EV/EBITDA multiples for Wabtec. Goldman Sachs then subtracted the amount of Wabtec's debt from, and added the assumed amount of Wabtec's cash and cash equivalents to, in each case pro forma for the Transactions and as of the relevant year-end per the Forecasts and the Synergies, the illustrative EVs in order to calculate the implied future equity values of Wabtec pro forma for the Transactions. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock pro forma for the Transactions, as provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share of Wabtec pro forma (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the pro forma cost of equity for Wabtec pro forma for the Transactions. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a range of implied present values per share of \$70.00 to \$126.00 (rounded to the nearest dollar). In addition, Goldman Sachs adjusted this range of implied present values per share of Wabtec common stock pro forma for the Transactions as of year-end 2021 to include an illustrative net present value per share attributable to the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, calculated by using the Forecasts for such attributes and an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions. Goldman Sachs compared this range to the range of implied present values per share of Wabtec common stock pro forma for the Transactions inclusive of the Synergies but not such tax attributes as of year-end 2021. This comparison presented a range of implied present values per share of \$102.00 to \$132.00 (taking into account both the Synergies and the tax attributes) and \$97.00 to \$126.00 (taking into account the Synergies, but not the tax attributes), in each case, as rounded to the nearest dollar.

General

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving

at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Wabtec, GE, GE Transportation or the Transactions.

TABLE OF CONTENTS

Goldman Sachs prepared these analyses for purposes of Goldman Sachs providing its opinion to the Wabtec Board as to the fairness from a financial point of view to Wabtec of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Wabtec, SpinCo, GE, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

The Aggregate Consideration was determined through arms -length negotiations between Wabtec and GE and was approved by the Wabtec Board. Goldman Sachs provided advice to Wabtec during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to Wabtec or the Wabtec Board or that any specific amount of consideration constituted the only appropriate consideration for the Transactions.

As described above, Goldman Sachs' opinion to the Wabtec Board was one of many factors taken into account by the Wabtec Board in making its determination to approve the Merger Agreement and the transactions contemplated thereby. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex G to this proxy statement.

Goldman Sachs and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman Sachs and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments of Wabtec, GE, SpinCo, Merger Sub, and any of their respective affiliates and third parties, or any currency or commodity that may be involved in the Transactions. Goldman Sachs has acted as financial advisor to Wabtec in connection with, and has participated in certain of the negotiations leading to, the Transactions.

Goldman Sachs has provided certain financial advisory and/or underwriting services to General Electric and/or its affiliates from time to time for which its Investment Banking Division has received, and may receive, compensation, including having acted as joint bookrunner with respect to an initial public offering of 260,610,000 shares of common stock of Moneta Money Bank, a former General Electric subsidiary (MMB), in May 2016; as financial advisor to General Electric in connection with the sale of General Electric Appliances, a former General Electric subsidiary, in June 2016; as joint bookrunner with respect to a follow on public offering of 125,000,000 shares of common stock of MMB in September 2016; as financial advisor to General Electric Capital Corporation, a subsidiary of General Electric (GCC), in connection with GCC's sale of a 23.3% stake in Hyundai Capital Services in September 2016; as joint bookrunner with respect to a follow on public offering of 92,214,009 shares of common stock of MMB in November 2016; as financial advisor to GCC in connection with GCC's sale of a 43% stake in Hyundai Card in February 2017; as joint bookrunner with respect to a public offering of the 2.125% Senior Unsecured Notes due 2037, 1.500% Senior Unsecured Notes due 2029, 0.875% Senior Unsecured Notes due 2025 and 0.375% Senior Unsecured Notes due 2022 (aggregate principal amount \$8.7 billion) of General Electric in May 2017; as financial advisor to General Electric in connection with the sale of General Electric Water, a former General Electric subsidiary, in September 2017; as financial advisor to General Electric in connection with the sale of General Electric Industrial Solutions, a General Electric subsidiary, announced in September 2017; as co-manager with respect to the public offering of the 4.080% Senior Notes due 2047, 3.337% Senior Notes due 2027 and 2.773% Senior Notes due 2022 (aggregate principal amount \$4 billion) of Baker Hughes, a subsidiary of General Electric, in December 2017; and as financial advisor to GCC in connection with the formation of an origination venture involving General Electric

Capital Aviation Services in December 2017. During the two-year period ended May 20, 2018, Goldman Sachs has recognized compensation for financial advisory and/or underwriting services provided by its Investment Banking Division to GE and/or its affiliates of approximately \$83.1 million.

During the two-year period ended May 20, 2018, the Investment Banking Division of Goldman Sachs has not been engaged by Wabtec or any of its affiliates to provide financial advisory or underwriting services for which

Goldman Sachs has recognized compensation. Goldman Sachs may also in the future provide, and may currently be providing, financial advisory and/or underwriting services to Wabtec, GE, SpinCo, Merger Sub and their respective affiliates for which Goldman Sachs Investment Banking Division may recognize compensation.

In addition, at the request of Wabtec, at the time of the execution of the Merger Agreement, an affiliate of Goldman Sachs entered into financing commitments and agreements to provide Wabtec with the Credit Agreement, the Bridge Commitments, and certain other alternative financing in connection with the consummation of the Transactions and subject to the terms of such commitments. The actual amount of aggregate fees received by Goldman Sachs and its affiliates in connection with the debt financing for the Transactions will depend on, among other things, the timing of reductions of the Bridge Commitments, the completion date of the Transactions and the issuance costs for such debt financing. Wabtec estimates that Goldman Sachs and its affiliates will receive approximately \$13 million in fees in the aggregate in connection with the proposed financing.

The Wabtec Board selected Goldman Sachs as its financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the Transactions. Pursuant to a letter agreement dated March 1, 2018, Wabtec engaged Goldman Sachs to act as its financial advisor in connection with the Transactions. The engagement letter between Wabtec and Goldman Sachs provides for a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon the consummation of the Transactions. In addition, Wabtec has agreed to reimburse Goldman Sachs for certain of its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Certain Unaudited Financial Projections

In connection with its consideration of the potential combination of Wabtec and GE Transportation, the Wabtec Board was provided with certain non-public financial projections initially prepared by management of GE and GE Transportation and subsequently adjusted by management of Wabtec, as discussed below, with respect to GE Transportation for the years ending December 31, 2018 through December 31, 2022 (as prepared by management of GE and GE Transportation, the GE Transportation Financial Projections and, as adjusted by management of Wabtec, the Wabtec Adjusted GE Transportation Financial Projections) and certain non-public financial projections prepared by management of Wabtec with respect to Wabtec's business, as a stand-alone company, for the years ending December 31, 2018 through December 31, 2022 (the Wabtec Financial Projections, and, collectively with the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, the Financial Projections). The Financial Projections also were provided to Wabtec's financial advisor, Goldman Sachs, in connection with the preparation of its opinion. Wabtec believes that no material change in its operations or performance, or the projections or assumptions provided to the Wabtec Board and Goldman Sachs in connection with the Transactions, has occurred since the Wabtec Board meeting held to approve the Merger, and Wabtec does not anticipate any material changes in such operations, performance, projections or assumptions before the Wabtec special meeting.

The Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections are included in this proxy statement solely to give Wabtec stockholders access to information that was made available in connection with, and material to, the Wabtec Board's consideration of the Transactions, and are not included in this proxy statement to influence any Wabtec stockholder to make any investment decision with respect to the Transactions or for any other purpose. In particular, these projections should not be viewed as public guidance.

The Financial Projections were not prepared with a view towards public disclosure or compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither the independent registered public

accounting firms of Wabtec or GE Transportation nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the unaudited Financial Projections contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and the independent accounting firms of Wabtec or GE Transportation assume no responsibility for, and disclaim any association with, the unaudited Financial Projections. The reports of the independent registered public accounting firms of Wabtec contained in Wabtec's Annual Report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference into this document, relates to the historical financial information of Wabtec. The report of the independent registered public accounting firm of GE Transportation contained in Audited

TABLE OF CONTENTS

Financial Statements of GE Transportation as of December 31, 2017 and 2016 and for each of the years in the three year period ended December 31, 2017, which is included in this document, relates to the historical financial information of GE Transportation. These reports do not extend to the unaudited Financial Projections and should not be read to do so. Furthermore, the unaudited Financial Projections do not take into account any circumstances or events occurring after the date the Financial Projections were prepared.

Moreover, the Financial Projections:

were based upon numerous estimates or expectations, beliefs, opinions and assumptions with respect to GE Transportation and Wabtec's business, respectively, including their respective results of operations and financial conditions, customer requirements and competition, and with respect to general business, economic, market, regulatory and financial conditions and other future events, all of which are difficult to predict and many of which are beyond Wabtec's or GE's control and may not be realized; do not take into account any transactions, circumstances or events occurring after the date they were prepared, including the Transactions, or the effect of any failure of the Merger or the other Transactions to occur; are not necessarily indicative of current market conditions or values or future performance, which may be significantly more or less favorable than as set forth in the Financial Projections; and are not, and should not be regarded as, a representation that any of the expectations contained in, or forming a part of, the Financial Projections will be achieved.

Wabtec management believes that the assumptions used as a basis for the Financial Projections were reasonable based on the information available to Wabtec management at the time prepared. However, the Financial Projections are not a guarantee of future actual performance. The future financial results of GE Transportation and Wabtec's business, respectively, may differ materially from those expressed in the Financial Projections due to factors that are beyond Wabtec's or GE's ability to control or predict.

Although the Financial Projections were prepared with numerical specificity, they are forward-looking statements that involve inherent risks and uncertainties. Further, the Financial Projections cover multiple years and such information by its nature becomes less predictive with each successive quarter and year. Stockholders are urged to read the section of this proxy statement entitled *Cautionary Statement on Forward-Looking Statements* for additional information regarding the risks inherent in forward-looking information such as the Financial Projections. Wabtec stockholders also should review the factors described in the section of this proxy statement entitled *Risk Factors* and those risk factors incorporated in this proxy statement by reference from Item 1A of Wabtec's annual report on Form 10-K for the fiscal year ended December 31, 2017.

None of Wabtec, GE or SpinCo or any of their respective affiliates intends to, and, except to the extent required by applicable law, each of them expressly disclaims any obligation to, update, revise or correct the Financial Projections to reflect circumstances existing or arising after the date such projections were generated or to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying the projections are shown to be in error or any of the Financial Projections otherwise would not be realized. Neither GE nor SpinCo made any representations to Wabtec in the Merger Agreement or otherwise concerning the GE Transportation Financial Projections or the Wabtec Adjusted GE Transportation Financial Projections.

Certain of the financial information contained in the Financial Projections, including EBITDA, may be considered non-GAAP financial measures. Wabtec management provided this information to the Wabtec Board and Wabtec's financial advisor because Wabtec management believed it could be useful in evaluating GE Transportation, in the case of the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, and Wabtec's business, in the case of the Wabtec Financial Projections. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as used by Wabtec or GE may not be comparable to similarly titled amounts used by

other companies.

For the foregoing reasons, the inclusion of the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections in this proxy statement should not be regarded as an indication that Wabtec, GE, SpinCo or their respective affiliates or representatives considered or consider the Wabtec Adjusted GE Transportation Financial Projections or the Wabtec Financial Projections to be necessarily predictive of actual

future events, and the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections should not be relied upon as such. The Wabtec Adjusted GE Transportation Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding GE Transportation contained elsewhere in this proxy statement, and the Wabtec Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding Wabtec's business contained elsewhere in this proxy statement. In light of the foregoing factors and the uncertainties inherent in financial projections, stockholders are cautioned not to place undue, if any, reliance on these projections.

The Wabtec Adjusted GE Transportation Financial Projections

Wabtec was provided with non-public financial projections prepared by management of GE and GE Transportation with respect to GE Transportation. Subsequently, Wabtec management made certain adjustments to these financial projections based on its judgment and experience in the industry to reflect Wabtec management's alternative perspectives regarding GE Transportation. These changes resulted in the Wabtec Adjusted GE Transportation Financial Projections.

The following is a summary of the Wabtec Adjusted GE Transportation Financial Projections:
