PART I

ITEM 1. DESCRIPTION OF BUSINESS

BUSINESS DEVELOPMENT OF ADVANCED HEALTHCARE TECHNOLOGIES, INC.

Advanced Healthcare Technologies, Inc. was incorporated on March 28, 2000 under the laws of the State of Colorado. It was originally organized to focus on the marketing of first and second mortgages, primarily through our website, www.emailmortgage.com. Advanced Healthcare was not successful with its mortgage business and, in 2002, it discontinued operations, liquidated its loan inventory and paid off its then existing liabilities.

Since that time, Advanced Healthcare has pursued the acquisition and development of products, technologies and/or companies involved in the health care industry with limited success. In 2002, Advanced Healthcare changed its state of domicile from Colorado to Nevada and changed its name to Advanced Healthcare Technologies, Inc.

In 2002, Advanced Healthcare commenced acquisition of Advanced Hyperbaric Industries, Inc., a New Jersey based company engaged in the manufacture and marketing of rigid extremity hyperbaric chambers and a sacral patch device, both of which utilize oxygen therapy for the treatment of open wounds and sores, including bedsores. The acquisition agreement was modified on March 27, 2003.

On December 4, 2003, Advanced Healthcare acquired a 100% interest in NutraTek, L.L.C., a Utah limited liability company which was engaged in the wholesale distribution of dietary supplements to healthcare professionals in exchange for one hundred and one million (101,000,000) shares of Advanced Healthcare common stock. In connection with the acquisition of NutraTek, Advanced Healthcare made plans to spin off and sell the intellectual properties relating to Advanced Hyperbaric and its oxygen therapy products and business in exchange for the assumption of the ongoing obligations of that business. The sale of those assets and assumption of those liabilities were complete on March 31, 2004.

As a result of the acquisition transaction, NutraTek's business and operations became the principal business and operations of Advanced Healthcare. NutraTek researches, develops, and thereafter contracts with third parties to manufacture its own line of nutritional dietary supplements, functional food products and natural sweeteners. Since Advanced Healthcare acquired NutraTek, it had intended to expand its business operations. However, expansion was subject to Advanced Healthcare's ability to obtain additional debt or equity financing. Advanced Healthcare was unable to obtain financing for its NutraTek operations, and this inability to raise money to finance the healthcare related business and the liabilities of NutraTek resulted in the decision to dispose of the NutraTek's operations.

On June 30, 2004, Richard Mangiarelli purchased 126,000,000 shares of Advanced Healthcare common stock from its former President, Chief Executive Officer, Director, and majority stockholder, Johnny Sanchez. As a result, Mr. Mangiarelli now holds approximately 52.5% of the issued and outstanding common

Edgar Filing: ADVANCED HEALTHCARE TECHNOLOGIES INC - Form 10KSB

stock of Advanced Healthcare.

In connection with this change in control, Mr. Sanchez resigned as Advanced Healthcare's President and Chief Executive Officer, Joel Rockwood resigned as its Vice President and Chief Scientific Officer, and Michael MacArthur resigned as its Secretary. The board of directors appointed Mr. Mangiarelli as the new President, Chief Financial Officer, and Secretary. In addition, Mr. Sanchez, Mr. Rockwood, Virginia Sanchez, Carmen Sanchez, and Joe V. Overcash resigned as directors of Advanced Healthcare. The outgoing directors appointed Richard Mangiarelli to fill the vacancies on the board.

On June 30, 2004, Advanced Healthcare entered into a Release and Indemnity Agreement with Johnny Sanchez, its former President, Chief Executive Officer, Director, and majority stockholder, pursuant to which Advanced Healthcare sold the all of its membership interest in NutraTek to Mr. Sanchez in exchange for Mr. Sanchez's agreement to do the following: (a) release Advanced Healthcare from any and all claims that Mr. Sanchez may have had against Advanced Healthcare; (b) indemnify Advanced Healthcare for any and all claims against or liabilities of Advanced Healthcare that existed before June 30, 2004, and (c) to cooperate with and assist Advanced Healthcare in connection with its reporting obligations or filing requirements under the Securities Act of 1933,

2

as amended, and Securities Exchange Act of 1934, as amended, and to deliver such other instruments and take such other actions as may be reasonably requested by Advanced Healthcare in order to carry out the intent of the agreement.

BUSINESS OF ADVANCED HEALTHCARE

As a result of the spin-off of Nutratak, Advanced Healthcare currently has no operations. Advanced Healthcare intends to either commence operations or acquire another business with operations in which Mr. Mangiarelli may have an equity interest. It is possible that, as a result of any acquisition of a business in which Mr. Mangiarelli has an equity interest, Advanced Healthcare may issue additional shares of capital stock to Mr. Mangiarelli.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Advanced Healthcare's common stock trades on the OTC Bulletin Board under the symbol "AVHC." The following table shows the high and low bid prices for our common stock for each quarter since April 1, 2002 as reported by the OTC Bulletin Board. All share prices have been adjusted to provide for the five for one stock split which was effected in May, 2002 (i.e. they have been decreased five times to compare them to current prices). Advanced Healthcare considers its stock to be "thinly traded" and any reported sale prices may not be a true market-based valuation of the stock. Some of the bid quotations from the OTC Bulletin Board set forth below may reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

2002 (OTC Bulletin Board)	High Bid	Low Bid
Second quarter	\$ 1.05	\$ 0.22
Third quarter	1.01	0.31
Fourth quarter	0.45	0.08
2003 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.15	\$ 0.03
Second quarter	0.07	0.02
Third quarter	0.17	0.04
Fourth quarter	0.10	0.04
2004 (OTC Bulletin Board)	High Bid	Low Bid
First quarter	\$ 0.06	\$ 0.01

As of June 30, 2004, there were approximately 125 record holders of our common stock.

Advanced Healthcare has not paid any cash dividends since its inception and does not contemplate paying dividends in the foreseeable future. It is anticipated that earnings, if any, will be retained to retire debt and for the operation of the business.

Shares eligible for future sale could depress the price of Advanced Healthcare's common stock, thus lowering the value of a buyer's investment. Sales of substantial amounts of common stock, or the perception that such sales could occur, could adversely affect prevailing market prices for shares of Advanced Healthcare's common stock.

The revenues and operating results of Advanced Healthcare may fluctuate significantly from quarter to quarter, which can lead to significant volatility in the price and volume of its stock. In addition, stock markets have experienced extreme price and volume volatility in recent years. This volatility has had a substantial effect on the market prices of securities of many smaller public companies for reasons unrelated or disproportionate to the operating performance of the specific companies. These broad market fluctuations may adversely affect the market price of the common stock.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS. The following provides information concerning compensation plans under which

- (1) 2003 STOCK COMPENSATION PLAN. The board of directors of Advanced Healthcare adopted the 2003 Stock Compensation Plan on February 3, 2003 and amended the same on June 3, 2003. The purpose of the Plan is to enable Advanced Healthcare to offer to its key employees, officers, directors and consultants whose past, present and/or potential contributions to Advanced Healthcare and its subsidiaries have been, are or will be important to the success of Advanced Healthcare, an opportunity to acquire a proprietary interest in Advanced Healthcare. Advanced Healthcare is permitted to issue up to 5,500,000 shares of common stock under the plan, and to date, it has issued 5,187,500 shares.

ITEM 6. PLAN OF OPERATION

The following discussion and analysis should be read in conjunction with Advanced Healthcare's audited consolidated financial statements and related notes included in this report. This report contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The statements contained in this report that are not historic in nature, particularly those that utilize terminology such as "may," "will," "should," "expects," "anticipates," "estimates," "believes," or "plans" or comparable terminology are forward-looking statements based on current expectations and assumptions.

Various risks and uncertainties could cause actual results to differ materially from those expressed in forward-looking statements. All forward-looking statements in this document are based on information currently available to Advanced Healthcare as of the date of this report, and Advanced Healthcare assumes no obligation to update any forward-looking statements. GENERAL

Edgar Filing: ADVANCED HEALTHCARE TECHNOLOGIES INC - Form 10KSB

On June 30, 2004, Richard Mangiarelli purchased 126,000,000 shares of Advanced Healthcare common stock from its former President, Chief Executive Officer, Director, and majority stockholder, Johnny Sanchez. As a result, Mr. Mangiarelli now holds approximately 52.5% of the issued and outstanding common stock of Advanced Healthcare.

In connection with this change in control, Mr. Sanchez resigned as Advanced Healthcare's President and Chief Executive Officer, Joel Rockwood resigned as its Vice President and Chief Scientific Officer, and Michael MacArthur resigned as its Secretary. The board of directors appointed Mr. Mangiarelli as the new President, Chief Financial Officer, and Secretary. In addition, Mr. Sanchez, Mr. Rockwood, Virginia Sanchez, Carmen Sanchez, and Joe V. Overcash resigned as directors of Advanced Healthcare. The outgoing directors appointed Richard Mangiarelli to fill the vacancies on the board.

On June 30, 2004, Advanced Healthcare entered into a Release and Indemnity Agreement with Johnny Sanchez, its former President, Chief Executive Officer, Director, and majority stockholder, pursuant to which Advanced Healthcare sold the all of its membership interest in NutraTek to Mr. Sanchez in exchange for Mr. Sanchez's agreement to do the following: (a) release Advanced Healthcare from any and all claims that Mr. Sanchez may have had against Advanced Healthcare; (b) indemnify Advanced Healthcare for any and all claims against or liabilities of Advanced Healthcare that existed before June 30, 2004, and (c) to cooperate with and assist Advanced Healthcare in connection with its reporting obligations or filing requirements under the Securities Act of 1933, as amended, and Securities Exchange Act of 1934, as amended, and to deliver such other instruments and take such other actions as may be reasonably requested by Advanced Healthcare in order to carry out the intent of the agreement.

As a result of the spin-off of Nutratak, Advanced Healthcare currently has no operations. Advanced Healthcare intends to either commence operations or acquire another business with operations in which Mr. Mangiarelli may have an equity interest. It is possible that, as a result of any acquisition of a business in which Mr. Mangiarelli has an equity interest, Advanced Healthcare may issue additional shares of capital stock to Mr. Mangiarelli.

Advanced Healthcare moved its principal executive offices to the following address:

Advanced Healthcare Technologies, Inc.
2820 La Mirada, Suite H
Vista, CA 92081
(760) 599-0775

Before the change of control described above, Advanced Healthcare's principal business and operations were those of NutraTek. NutraTek researched, developed, and thereafter contracted with third parties to manufacture its own line of nutritional dietary supplements, functional food products and natural sweeteners. As a result of the spin-off of Nutratak, Advanced Healthcare's new management has decided to terminate the nutritional products business and focus on other opportunities. Management is currently evaluating various business opportunities, including operating opportunities, joint ventures, acquisitions or other business combinations. Some of the opportunities being evaluated are ones in which management has a current interest, and it is possible that, if Advanced Healthcare pursues one of these opportunities, management may receive additional capital stock of Advanced Healthcare in connection therewith.

Edgar Filing: ADVANCED HEALTHCARE TECHNOLOGIES INC - Form 10KSB

Advanced Healthcare currently has limited working capital with which to satisfy its cash requirements, and it will require additional capital in order to conduct operations. Advanced Healthcare anticipates that we will at least \$250,000 in additional working capital in order to sustain operations for the next 12 months. This requirement may increase substantially, depending on the nature and capital requirements of the business opportunities it elects to pursue. In order to obtain the necessary working capital, Advanced Healthcare intends to seek private equity financing in 2004. Such financing may not be available to Advanced Healthcare, when and if needed, on acceptable terms or at all. In the event that Advanced Healthcare is unable to obtain such financing, management may provide additional financing for Advanced Healthcare.

In the next twelve months, Advanced Healthcare intends to hire from six to up to fifty employees, depending on the nature of the business opportunities it elects to pursue. Advanced Healthcare may establish a new equity compensation plan in order to attract and retain employees and to provide employees who make significant and extraordinary contributions to Advanced Healthcare's long-term growth and performance with equity-based compensation incentives. Advanced Healthcare may lease these employees from an employment leasing agency rather than hire the employees directly, and the employment leasing agency may be affiliated with our new management.

Advanced Healthcare intends to retain any future earnings to finance the expansion of its business and any necessary capital expenditures, and for general corporate purposes.

OFF BALANCE SHEET ARRANGEMENTS

Advanced Healthcare does not have any off-balance sheet financing arrangements.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Advanced Healthcare Technologies, Inc.
(A Development Stage Company)
South Jordan, Utah

We have audited the accompanying consolidated balance sheet of Advanced Healthcare Technologies, Inc and Subsidiary (a development stage company) as of March 31, 2004, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for the period from inception on March 3, 2003, through March 31, 2004. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Advanced Healthcare Technologies, Inc. and Subsidiary (a development stage company) as of March 31, 2004 and the results of their operations and their cash flows for the period from inception on March 3, 2003 through March 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 5 to the financial statements, the Company's deficit in working capital and losses raises substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 5. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Business

Advanced Healthcare Technologies, Inc. (Advanced) was incorporated in Colorado on March 28, 2000 and began operations on May 25, 2000. The Company's activities to date have been limited to organization and capital formation. The Company plans to engage in the healthcare equipment business. The Company had engaged in the mortgage lending business on a limited basis.

NutraTek, LLC was organized in Utah on March 3, 2003, as a limited liability company. It later changed to a "C" Corporation in connection with its acquisition of Advanced Healthcare Resources, Inc. and from its inception has researched and developed and thereafter contracted with third parties to manufacture its own line of nutritional dietary supplements, functional food products and proprietary natural sweeteners.

On December 4, 2003, pursuant to an agreement and plan of reorganization, Advanced Healthcare Technologies, Inc. completed a

reverse merger with the members of NutraTek, LLC. in which it acquired 100% of NutraTek, LLC, a Utah Limited Liability Company in exchange for 140,000,000 common shares of Advanced Healthcare Technologies, Inc. The terms of the acquisition are detailed in an 8-K filing dated December 5, 2003. Under the terms of the agreement, the president of NutraTek, LLC became the president of the Company and was elected to the Board of Directors, the acquisition was accounted for as a recapitalization of NutraTek, LLC because the members of NutraTek, LLC controlled Advanced Healthcare Technologies, Inc. after the acquisition. There was no adjustment to the carrying values of the assets or liabilities of NutraTek, LLC and no goodwill was recorded. The Company issued 140,000,000 shares of common stock for the acquisition. Prior to the acquisition, the Company had 110,000,000 shares of common stock outstanding. Prior to the reverse merger, NutraTek, LLC had a stockholders deficit of \$25,422. e. Provision for Taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Provision for Taxes (Continued)

As a limited liability company, NutraTek's taxable income or loss is allocated to members in accordance with their respective percentage ownership. Therefore, no provision or liability for income taxes has been included in the financial statements.

f. Revenue Recognition and Cost of Goods

Revenues from the sale of the Company's products and services are recognized upon shipment or when the services are provided, provided that no significant obligations remain outstanding and collection of the receivable is probable.

During 2003 the Company received income from five sources; from the sale of nutritional supplements, from the sale of a doctor training program, which trained doctors on how to use the Company's product,

Edgar Filing: ADVANCED HEALTHCARE TECHNOLOGIES INC - Form 10KSB

from the Company's product formulation development, from freight income, and for the sale or lease of their IQS System, which is a device that doctors use to test patients and determine what products are needed for those patients.

During 2003 the Company had \$103,058 in cost of goods, which consisted of costs of supplements and other associated costs.

g. Contributed Capital

Prior to the Company's inception an officer contributed product research to the company which has been recorded at its predecessor cost of \$0. Additionally there were a number of individuals who contributed capital to aide in the start-up of the organization, however, these individuals were paid back during 2003, therefore no liabilities were recorded for these contributions as of March 31, 2004.

h. Fixed Assets

Fixed assets are stated at cost and are depreciated using the straight line method and their useful life. As of December 31, 2003, the Company had net assets of \$11,037. During the year ended December 31, 2003 depreciation expense was \$821.

NOTE 4 - COMMITMENTS & CONTINGENCIES

Employment Agreement

On November 1, 2003, the Company entered into a new employment agreement with Mr. Sanchez. The agreement provides for a two-year term

Edgar Filing: ADVANCED HEALTHCARE TECHNOLOGIES INC - Form 10KSB

and provides for an annual base compensation of \$180,000.

Lease Agreement

On June 4, 2003, the Company entered into a new lease agreement for office space at the South Point Business Park in South Jordan, Utah. The agreement provides for a forty eight month term and provides for a monthly rent expense of \$2,000 per month for the first 12 month period, \$2,050 per month for the second 12 month period, \$2,101 per month for the third 12 month period and \$2,154 per month for the fourth 12 month period.

NOTE 5 - GOING CONCERN

The Company's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has had a change in control and has changed its business plan and it has not generated any revenues. The future of the Company is dependent upon its ability to obtain financing and upon future profitable operations from the development of its new business opportunities. Management plans to research possible acquisitions of various entities and an officer of the Company has agreed to loan the Company funds as needed to sustain business for a period of twelve months. However, the Company is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful, without sufficient financing it would be unlikely for the Company to continue as a going concern.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might arise from this uncertainty.

All assets are associated with the discontinued operations as well as all of the liabilities except for \$247,546 which was associated with Advanced. See Note 8 for a discussion on the settlement of this debt associated with Advanced.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

CHANGE OF CONTROL AND SPIN-OFF OF NUTRATEK. On June 30, 2004, Richard Mangiarelli purchased 126,000,000 shares of Advanced Healthcare common stock from its former President, Chief Executive Officer, Director, and majority stockholder, Johnny Sanchez. As a result, Mr. Mangiarelli now holds approximately 52.5% of the issued and outstanding common stock of Advanced Healthcare.

In connection with this change in control, Mr. Sanchez resigned as Advanced Healthcare's President and Chief Executive Officer, Joel Rockwood resigned as its Vice President and Chief Scientific Officer, and Michael MacArthur resigned as its Secretary. The board of directors appointed Mr. Mangiarelli as the new President, Chief Financial Officer, and Secretary. In addition, Mr. Sanchez, Mr. Rockwood, Virginia Sanchez, Carmen Sanchez, and Joe V. Overcash resigned as directors of Advanced Healthcare. The outgoing directors appointed Richard Mangiarelli to fill the vacancies on the board.

On June 30, 2004, Advanced Healthcare entered into a Release and Indemnity Agreement with Johnny Sanchez, its former President, Chief Executive Officer, Director, and majority stockholder, pursuant to which Advanced Healthcare sold the all of its membership interest in NutraTek to Mr. Sanchez in exchange for Mr. Sanchez's agreement to do the following: (a) release Advanced Healthcare from any and all claims that Mr. Sanchez may have had against Advanced Healthcare; (b) indemnify Advanced Healthcare for any and all claims against or liabilities of Advanced Healthcare that existed before June 30, 2004, and (c) to cooperate with and assist Advanced Healthcare in connection with its reporting obligations or filing requirements under the Securities Act of 1933, as amended, and Securities Exchange Act of 1934, as amended, and to deliver such other instruments and take such other actions as may be reasonably requested by Advanced Healthcare in order to carry out the intent of the agreement.

NUTRATEK ACQUISITION. On December 4, 2003, pursuant to an Agreement and Plan of Reorganization which closed on the date shares were authorized by an increase in the capital structure of Advanced Healthcare, Johnny and Virginia Sanchez are to receive 101,000,000 common voting shares of the Company's common stock in exchange for 100% of the ownership interest in NutraTek. Under the

terms of the agreement and plan of reorganization, Daniel Motsinger and Dan Starzcewski resigned as directors of Advanced Healthcare, being replaced by Johnny Sanchez, Virginia Sanchez, Carmen Sanchez and Joe V. Overcash. Randy Sulhoff remained a director of Advanced Healthcare. The 101,000,000 shares going to Johnny and Virginia Sanchez represented 45.39% of the outstanding shares of common stock of Advanced Healthcare following the acquisition of NutraTek. Under the terms of the agreement and plan of reorganization, 39,000,000 common shares of Advanced Healthcare were issued to affiliates of Advanced Healthcare, all of whom agreed to assign the voting rights to said 39,000,000 shares to Johnny Sanchez. The combination of the 101,000,000 shares owned by Johnny and Virginia Sanchez and the 39,000,000 shares being voted by Johnny Sanchez gave voting rights for 140,000,000 shares to Johnny and Virginia Sanchez, which represented 53% of the outstanding shares of Advanced Healthcare following the acquisition of NutraTek. Under the terms of the agreement, the former owner and president of NutraTek, Johnny Sanchez, became the President of Advanced Healthcare and was elected to its board of directors.

Included in the agreement and plan of reorganization was a provision which allowed the spin off and sale of the intellectual properties relating to Advanced Healthcare's oxygen therapy products and business to then-existing management for assumption of the ongoing obligations of that business and shares of the newly created Advanced Oxygen Therapy, Inc.

OTHER MATTERS. As of March 31, 2004, Advanced Healthcare owed money to Johnny Sanchez for various advances made to Advanced Healthcare to cover operating expenses. These advances were forgiven in connection with the spin-off of NutraTek to Mr. Sanchez.
