Further, there remained an employment contract with its former President, as described below, which called for a salary of \$100,000 per annum through 2003.

In 2003, the base compensation increased to \$175,000 for its CEO, \$150,000 each for its CFO and COO, \$90,000 each for its CAO and VP of Network Operations.

In 2004, the base compensation increases to \$200,000 for its CEO, \$175,000 each for its CFO and COO, \$120,000 for the Controller (formerly the CAO) and \$110,000 for its VP of Network Operations. Also, GlobeTel hired a new President at an annual compensation of \$125,000 in June 2004, a Senior Vice President (Sr. VP) at an annual compensation of \$100,000 in August 2004, and a Chief Technology Officer (CTO) at an annual compensation of \$125,000 in November 2004.

As of December 31, 2003 and 2002, the executives all agreed not to receive bonuses they are entitled to pursuant to the employment agreements. For 2004, the executives did receive the bonuses as entitled to under the agreements. The following officers received options for restricted shares in the following percentages: CEO - 3%, COO - 2%, CFO - 1.5%, Director and former President - 1.0%, current President - 1%, and CTO - 1%.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

AUTHORIZATION FOR THE BOARD OF DIRECTORS OF THE COMPANY TO EFFECTUATE A REVERSE STOCK SPLIT OF ONE-FOR-FIFTEEN OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK

REVERSE STOCK SPLIT

The Board of Directors of the Company, at a special meeting, authorized and approved, subject to shareholder approval, a reverse stock split of one-for-fifteen (the "Reverse Stock Split") of the Company's issued and outstanding shares of common stock. The Reverse Stock Split may be effectuated by the Board as soon as legally possible. The intent of the Reverse Stock Split is to decrease the number of outstanding authorized shares of the Common Stock of the Company.

Holder representing a majority of the shares having a right to vote on this matter have approved the Reverse Stock Split pursuant to the execution of a Written Consent of Shareholders. The Reverse Stock Split will become effective on any date (the "Effective Date") selected by the Board of Directors on or after to May 23, 2005, upon filing appropriate documentation with all applicable regulatory authorities and providing notice to shareholders.

Purpose and Effect of the Reverse Stock Split

Effectuation of the Reverse Stock Split will reduce the number of shares of Common Stock outstanding from 1,078,145,447 to approximately 71,876,364. The actual number of shares may be different due to rounding of fractional shares. The number of authorized shares will likewise become 100,000,000.

The Common Stock is listed for trading on the OTC Bulletin Board under the symbol "GTEL." On the date hereof, the reported closing price of the common stock on the OTC Bulletin Board was \$0.228 per share. Management intends to effectuate a Reverse Stock Split at a level of one-for-15 which it believes is sufficient to attain its goal of decreasing the number of shares outstanding of the Company's common stock. The reduction will allow for the Company to meet the listing standards of the American Stock Exchange and commence with the listing

Edgar Filing: GLOBETEL COMMUNICATIONS CORP - Form PRER14C

on the Exchange which is approved subject to the reverse split and that the Company remains compliant with the listing standards of the Exchange.

The Reverse Stock Split would have the following effects upon the number of shares of common stock outstanding (1,078,145,447 shares as of the date hereof) and no effect upon the number of authorized and unissued shares of common stock (assuming that no additional shares of common stock are issued by the Company after the Record Date and that the Reverse Stock Split is effected and without taking into account any increase in the number of outstanding shares resulting from the exercise of outstanding options and warrants). The common stock will continue to be \$0.00001 par value common stock following any Reverse Stock Split, and the number of shares of common stock outstanding will be decreased. The following example is intended for illustrative purposes.

Reverse Stock Split	Common Stock Outstanding	Authorized Common Stock	Common Stock Outstanding After Reverse Split
-----	-----	-----	-----
1 for 15	1,078,145	1,500,000,000	71,876,364 (approximate)

At the Effective Date, each share of the common stock issued and outstanding immediately prior thereto (the "Old Common Stock"), will be reclassified as and changed into the appropriate number of shares of the Company's Common Stock, \$0.00001 par value per share (the "New Common Stock"). Shortly after the Effective Date, the Company will send transmittal forms to the holders of the Old Common Stock to be used in forwarding their certificates formerly representing shares of Old Common Stock for surrender and exchange for certificates representing shares of New Common Stock.

Federal Income Tax Consequences of the Reverse Stock Split

The following is a summary of the material federal income tax consequences of the proposed Reverse Stock Split. This summary does not purport to be complete and does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. This summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations and proposed regulations, court decisions and current administrative rulings and pronouncements of the Internal Revenue Service ("IRS"), all of which are subject to change, possibly with retroactive effect, and assumes that the New Common Stock will be held as a "capital asset" (generally, property held for investment) as defined in the Code. Holders of Old Common Stock are advised to consult their own tax advisers regarding the federal income tax consequences of the proposed Reverse Stock Split in light of their personal circumstances and the consequences under state, local and foreign tax laws.

The reverse Stock Split will qualify as a recapitalization described in Section 368(a)(1)(E) of the Code. No gain or loss will be recognized by the Company in connection with the Reverse Stock Split. No gain or loss will be recognized by a shareholder who exchanges all of his shares of Old Common Stock solely for shares of New Common Stock.

The aggregate basis of the shares of New Common Stock to be received in the Reverse Stock Split will be the same as the aggregate basis of the shares of Old Common Stock surrendered in exchange therefore. The holding period of the shares of New Common Stock to be received in the Forward Stock Split will include the holding period of the shares of the Old Common Stock surrendered in exchange therefor.

Edgar Filing: GLOBETEL COMMUNICATIONS CORP - Form PRER14C

THE FOREGOING SUMMARY IS INCLUDED FOR GENERAL INFORMATION ONLY. ACCORDINGLY, EACH HOLDER OF COMMON STOCK OF THE COMPANY IS URGED TO CONSULT WITH HIS OWN TAX ADVISER WITH RESPECT TO THE TAX CONSEQUENCES OF THE PROPOSED REVERSE STOCK SPLIT, INCLUDING THE APPLICATION AND EFFECT OF THE LAWS OF ANY STATE, MUNICIPAL, FOREIGN OR OTHER TAXING JURISDICTION.

AUTHORIZATION TO DECREASE OR INCREASE SHARES
