ELECTION OF DIRECTORS

Our directors are elected annually by the stockholders to serve until the next annual meeting of stockholders and until their respective successors are duly elected. Our board of directors is recommending that the five incumbent directors named below be re-elected. If any

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

nominee becomes unavailable for any reason, a situation which is not anticipated, a substitute nominee may be proposed by the board, and any shares represented by proxy will be voted for the substitute nominee, unless the board reduces the number of directors.

None of our directors were elected at a meeting for which we solicited proxies. Mr. Perlysky was elected at director at the time of our organization in 2004. The other directors were elected in January 2006 in connection with our acquisition of Plaza Consulting Group, Inc.

Directors' Compensation

Pursuant to the 2005 long-term incentive plan, each newly-elected independent director receives at the time of his or her election, a five-year option to purchase 25,000 shares of common stock at the market price on the date of his or her election. Our business, property and affairs are managed by or under the direction of the board of directors. OUR RESTATED CERTIFICATE OF INCORPORATION

Our board of directors has proposed that we adopt the restated certificate of incorporation, and we are seeking consent to the adoption of the restated certificate of incorporation. The following discussion is a summary of the key changes affected by the restated certificate of incorporation, but this summary is qualified in its entirety by reference to the full text of the restated certificate of incorporation, a copy of which is included as Appendix B to this proxy statement.

Increase our authorized capital stock

Our certificate of incorporation presently provides for 12,000,000 shares of capital stock, of which 2,000,000 shares are preferred stock and 10,000,000 shares are common stock. We have the power to fix the voting powers, designations, powers, preferences and/or restrictions thereof, if any, with respect to each such class or series of preferred stock and the number of shares constituting each such class or series, and to increase or decrease the number of shares of any such class or series to the extent permitted by Delaware law.

The restated certificate of incorporation increases the number of shares of authorized preferred stock to 10,000,000 and the number of authorized shares of common stock to 50,000,000 shares. The par value of the preferred stock and the common stock, which is \$.0001 per share, is not changed. In addition to the general authority to determine voting powers, designations, powers, preferences and/or restrictions thereof, if any, with respect to each such class or series of preferred stock, the restated certificate of incorporation also gives specific authority to set:

(i) the designation of such series;

(ii) the dividend rate of such series, the conditions and dates upon which such dividends shall be payable, the preference or relation which such dividends

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

shall bear to the dividends payable on any other class or classes or of any other series of capital stock, whether such dividends shall be cumulative or non-cumulative, and whether such dividends may be paid in shares of any class or series of our capital stock or our other securities;

(iii) whether the shares of such series shall be subject to redemption by us, and, if made subject to such redemption, the times, prices and other terms and conditions of such redemption;

(iv) the terms and amount of any sinking fund provided for the purchase or redemption of the shares of such series;

(v) whether or not the shares of such series shall be convertible into or exchangeable for shares of any other class or classes or series of our capital stock or our other securities, and, if provision be made for conversion or exchange, the times, prices, rates, adjustment and other terms and conditions of such conversion or exchange;

(vi) the extent, if any, to which the holders of the shares of such series shall be entitled to vote, as a class or otherwise, with respect to the election of the directors or otherwise, and the number of votes to which the holder of each share of such series shall be entitled;

(vii) the restrictions, if any, on the issue or reissue of any additional shares or series of preferred stock; and

(viii) the rights of the holders of the shares of such series upon the dissolution of, or upon the distribution of assets of, us.

The adoption of the amendment would not effect any change in our outstanding common stock or preferred stock; however, by the terms of the certificate of designation which sets forth the rights, preferences, privileges and limitations on the holders of our series A convertible preferred stock, upon the filing of the restated certificate of incorporation, each share of series A convertible preferred stock would automatically become and be converted into 13.616 shares of common stock. There are 1,175,000 shares of series A convertible preferred stock outstanding which would be converted into 15,998,800 shares of common stock.

5

In addition to the 2,301,800 shares of common stock outstanding and the 15,998,800 shares of common stock issuable upon conversion of the series A convertible preferred stock, we have reserved the following shares of common stock:

- o 5,539,892 shares of common stock reserved for issuance pursuant to outstanding warrants, other than the warrants issued in our January 2006 private placement.
- o 7,999,400 shares of common stock issuable upon exercise of the warrants issued in the January 2006 private placement; o 2,500,000 shares reserved for issuance pursuant to the 2005 long-term incentive plan.

Pursuant to the agreement by we acquired Plaza Consulting Group in the reverse acquisition, we agreed that we would issue 100 shares of common stock to each of Plaza's eligible employees. Such shares will not be issued until we are eligible to use a Form S-8 registration statement in connection with the issuance of such shares. We may not be able to use Form S-8 until March 27, 2006. Approximately 16,500 shares of common stock may be issued pursuant to this

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

program.

Accordingly, we require an increase in authorized capital stock both to enable us to permit all of the holders of our options and warrants to exercise these rights.

The rights of the holders of common stock will not be affected by the amendment. However, as a result of the increase in authorized common stock, additional shares of common stock will be immediately issued, which will result in dilution to the holders of the common stock. The increase in the number of authorized common stock and preferred stock will give the board of directors the power to issue additional shares of either common stock or preferred stock.

Our board of directors has authority to issue authorized and unissued shares of capital stock of any class without obtaining approval from the holders of the common stock. The holders of our common stock and preferred stock do not have preemptive rights. Under the amended articles of incorporation, our board of directors has broad authority to issue shares of preferred stock in one or more series and to determine such matters as the dividend rate and preference, voting rights, conversion privileges, redemption provisions, liquidation preferences and other rights of each series. Each share of common stock is entitled to one vote. The holders of any series of preferred stock issued in the future will be entitled to such voting rights as may be specified by our board of directors.

Because of the broad powers granted to our board of directors to issue shares of preferred and common stock and determine the rights, preferences and privileges of the holders of such series, the board has the power to issue shares of preferred stock in a manner which could be used as a defensive measure against a hostile takeover or to keep the board of directors in power. However, our board of directors has no present plans to issue shares for such purpose.

Our board of directors believes it will benefit the stockholders to have additional unreserved shares available for issuance in order that adequate shares may be available for the possible issuance of common stock, convertible preferred stock or convertible debt securities in connection with a possible financing of the Company's business or an acquisition or to provide incentives for executive personnel, although we have no plans, arrangements, understanding or commitments with respect to the issuance of such shares.

6

Limitation on Liability

Our certificate of incorporation presently provides that the personal liability of our directors is limited to the extent set forth in Section 102(b)(7) of the Delaware General Corporation Law. That provision states that a corporation may include in its certificate of incorporation a provision which eliminates or limits the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director: (i) For any breach of the director's duty of loyalty to the corporation or its stockholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) under section 174 of the General Corporation Law, which prohibits unlawful dividends or stock purchase or redemption, or (iv) for any transaction from which the director derived an improper personal benefit. Our restated certificate of incorporation includes the language of Section 102(b)(7), and does not change the liability of directors.

Indemnification

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

Our certificate of incorporation presently provides that we may indemnify our officers and directors to the maximum extent permitted by Section 145 of the Delaware General Corporation Law. The restated certificate of incorporation includes a similar provision, but it also provides that these provision provide a contractual right of the indemnified party against us and expressly permits us to obtain officers and directors liability insurance.

Right to Amend Bylaws

Our restated certificate of incorporation gives the board of directors, the power to make, adopt, alter, amend or repeal from time to time our bylaws, subject to the right of the stockholders to alter and repeal bylaws made by the board and subject to the provisions of any bylaw limiting the right of the board to make certain modifications to the bylaws.

APPROVAL OF THE 2005 LONG-TERM INCENTIVE PLAN

The board of directors believes that in order to attract and retain the services of executive and other key employees, it is necessary for us to have the ability and flexibility to provide a compensation package which compares favorably with those offered by other companies. Accordingly, in October 2005, the board of directors adopted, subject to stockholder approval, the 2005 long-term incentive plan, covering 2,500,000 shares of common stock. Set forth below is a summary of the 2005 plan, as amended, but this summary is qualified in its entirety by reference to the full text of the 2005 plan, a copy of which is included as Appendix C to this proxy statement.

The 2005 plan provides for the grant of incentive and non-qualified options, stock grants, stock appreciation rights and other equity-based incentives to employees, including officers, and consultants. The 2005 plan is to be administered by a committee of independent directors. In the absence of a committee, the plan is administered by the board of directors. The 2005 plan is administered by the compensation committee. Independent directors are not eligible for discretionary options. However, each newly elected independent director receives at the time of his or her election, a five-year option to purchase 25,000 shares of common stock at the market price on the date of his or her election. In addition, the plan provides for the annual grant of an option to purchase 5,000 shares of common stock on the first trading day of January in each year, commencing January 2007. The options to directors have a term of five years and become exercisable cumulatively as to 50% of the shares subject to the option six months from the date of grant and as to the remaining 50% 18 months from the date of grant. Pursuant to this provision, on January 25, 2006, options to purchase 25,000 shares at \$.7344 per share, being the fair market value on the date of grant, were automatically granted to Messrs. Kirk Michel, Howard Spindel and Irving Wiesen. These option grants are subject to stockholder approval of the 2005 plan.

Options intended to be incentive stock options must be granted at an exercise price per share which is not less than the fair market value of the common stock on the date of grant and may have a term which is not longer than ten years. If the option holder holds 10% of our common stock, the exercise price must be at least 110% of the fair market value on the date of grant and the term of the option cannot exceed five years. On January 25, 2006, we granted incentive stock options to purchase an aggregate of 1,400,000 shares of common stock at an exercise price of \$.7344 per share, to 41 employees. These options are subject to stockholder approval of the 2005 plan.

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

The following is a brief summary of the federal income tax consequences as of the date hereof with respect to awards under the 2005 plan for participants who are both citizens and residents of the United States. This description of the federal income tax consequences is based upon law and Treasury interpretations in effect on the date of this proxy statement (including proposed and temporary regulations which may be changed when finalized), and it should be understood that this summary is not exhaustive, that the law may change and further that special rules may apply with respect to situations not specifically discussed herein, including federal employment taxes, foreign, state and local taxes and estate or inheritance taxes. In particular, this discussion does not deal with the tax status of option grants or other equity-based incentives under the tax laws of the Commonwealth of Puerto Rico. Accordingly, participants are urged to consult with their own qualified tax advisors.

Non-Qualified Options

No taxable income will be realized by the participant upon the grant of a non-qualified option. On exercise, the excess of the fair market value of the stock at the time of exercise over the option price of such stock will be compensation and (i) will be taxable at ordinary income tax rates in the year of exercise, (ii) will be subject to withholding for federal income tax purposes and (iii) generally will be an allowable income tax deduction to us. The participant's tax basis for stock acquired upon exercise of a non-qualified option will be equal to the option price paid for the stock, plus any amounts included in income as compensation. If the participant pays the exercise price of an option in whole or in part with previously-owned shares of common stock, the participant's tax basis and holding period for the newly-acquired shares is determined as follows: As to a number of newly-acquired shares equal to the number of previously-owned shares used by the participant to pay the exercise price, no gain or loss will be recognized by the participant on the date of exercise and the participant's tax basis and holding period for the previously-owned shares will carry over to the newly-acquired shares on a share-for-share basis, thereby deferring any gain inherent in the previously-owned shares. As to each remaining newly acquired share, the participant's tax basis will equal the fair market value of the share on the date of exercise and the participant's holding period will begin on the day after the exercise date. The participant's compensation income and our deduction will not be affected by whether the exercise price is paid in cash or in shares of common stock. Special rules, discussed below under "Incentive Stock Options - Disposition of Incentive Option Shares," will apply if a participant surrenders previously-owned shares acquired upon the exercise of an incentive option that have not satisfied certain holding period requirements in payment of any or all of the exercise price of a non-qualified option.

Disposition of Option Shares

When a sale of the acquired shares occurs, a participant will recognize capital gain or loss equal to the difference between the sales proceeds and the tax basis of the shares. Such gain or loss will be treated as capital gain or loss if the shares are capital assets. The capital gain or loss will be long-term capital gain or loss treatment if the shares have been held for more than 12 months. There will be no tax consequences to us in connection with a sale of shares acquired under an option.

Incentive Stock Options

The grant of an ISO will not result in any federal income tax to a participant. Upon the exercise of an incentive option, a participant normally will not recognize any income for federal income tax purposes. However, the excess of the fair market value of the shares transferred upon the exercise over

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

the exercise price of such shares (the "spread") generally will constitute an adjustment to income for purposes of calculating the alternative minimum tax of the participant for the year in which the option is exercised. As a result of the exercise a participant's federal income tax liability may be increased. If the holder of an incentive stock option pays the exercise price, in full or in part, with shares of previously acquired common stock, the exchange should not affect the incentive stock option tax treatment of the exercise. No gain or loss should be recognized on the exchange and the shares received by the participant, equal in number to the previously acquired shares exchanged therefor, will have the same basis and holding period as the previously acquired shares. The participant will not, however, be able to utilize the old holding period for the purpose of satisfying the incentive stock option holding period requirements described below. Shares received in excess of the number of previously acquired shares will have a basis of zero and a holding period, which commences as of the date the common stock is issued to the participant upon exercise of the incentive option. If an exercise is effected using shares previously acquired through the exercise of an incentive stock option, the exchange of the previously acquired shares will be considered a disposition of such shares for the purpose of determining whether a disqualifying disposition has occurred.

8

Disposition of Incentive Option Shares

If the incentive option holder disposes of the stock acquired upon the exercise of an incentive stock option (including the transfer of acquired stock in payment of the exercise price of another incentive stock option) either within two years from the date of grant or within one year from the date of exercise, the option holder will recognize ordinary income at the time of such disqualifying disposition to the extent of the difference between the exercise price and the lesser of the fair market value of the stock on the date the incentive option is exercised or the amount realized on such disqualifying disposition. Any remaining gain or loss is treated as a short-term or long-term capital gain or loss, depending on how long the shares were held prior to the disqualifying disposition. In the event of such disqualifying disposition, the incentive stock option alternative minimum tax treatment described above may not apply (although, where the disqualifying disposition occurs subsequent to the year the incentive stock option is exercised, it may be necessary for the participant to amend his return to eliminate the tax preference item previously reported).

Our Deduction

We are not entitled to a tax deduction upon either exercise of an incentive option or disposition of stock acquired pursuant to such an exercise, except to the extent that the option holder recognized ordinary income in a disqualifying disposition.

Stock Grants

A participant who receives a stock grant under the 2005 plan generally will be taxed at ordinary income rates on the fair market value of shares when they vest, if subject to vesting or other restrictions, or, otherwise, when received. However, a participant who, within 30 days after receiving such shares, makes an election under Section 83(b) of the Code, will recognize ordinary income on the date of issuance of the stock equal to the fair market value of the shares on that date. If a Section 83(b) election is made, the holding period for the shares will commence on the day after the shares are received and no additional taxable income will be recognized by the participant at the time the shares vest. However, if shares subject to a Section 83(b) election are forfeited, no tax deduction is allowable to the participant for the

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

forfeited shares. Taxes are required to be withheld from the participant at the time and on the amount of ordinary income recognized by the participant. We will be entitled to a deduction at the same time and in the same amount as the participant recognizes income.

Stock Appreciation Rights

The grant of stock appreciation rights will not result in any federal income tax to a participant. Upon the exercise of a stock appreciation or phantom stock right, a participant will recognize ordinary income in an amount equal to the cash or the fair market value of the stock, if any, received by the participant. At such time, we will be entitled to a tax deduction for the amount of income recognized by the participant. To date, we have not granted stock appreciation rights under any of our plans.

SELECTION OF INDEPENDENT AUDITOR

We are seeking consent to the selection of Kevane Soto Pasarell Grant Thornton, LLC ("Kevane") as our independent public accountant for the year ending October 31, 2006. The audit committee has approved the selection of Kevane as our independent public accountant.

Kevane has been the independent accountant for Plaza Consulting Group prior to our acquisition of Plaza in January 2006, and its report on the financial statements of Plaza Consulting Group at October 31, 2005 and for the two years then ended is included in our report on Form 8-K relating to our acquisition of Plaza Consulting Group in a transaction accounted for as a reverse acquisition.

At no time since its engagement by Plaza has Kevane Soto Pasarell Grant Thornton, LLC had any direct or indirect financial interest in or any connection with us, with Plaza Consulting Group or with any of our respective subsidiaries other than as independent accountant.

Our former auditor was Raich Ende Malter & Co. LLP ("Raich Ende"), who was replaced on March 6, 2006. Raich Ende was our independent accountant since August 25, 2005. From that date until the termination of Raich Ende's engagement, there were no disagreements with Raich Ende, whether or not resolved, on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure.

Audit Fees

General

We were billed by Kevane during 2005 as follows: \$22,000 for the audit of Plaza Consulting Group's financial statements for the fiscal year ended October 31, 2005, \$9,500 for review of the financial statement for the nine months ended July 31, 2005, and \$15,941 for services relating to the reverse merger.

Our total fees to Raich Ende were \$25,323, which covered the audit for our fiscal year ended June 30, 2005 and the period from inception (January 14, 2004) to June 30, 2004 and review of our quarterly financial statements.

Independence of Auditor

Our audit committee has determined that the provision of services by Kevane other than for audit related services is compatible with maintaining the independence of Kevane as our independent accountant.

Prior to the reverse acquisition, we did not pay any compensation to any executive officers. Set forth below is information for Plaza's chief executive officer and each of its other officers whose compensation exceeded \$100,000 for the fiscal year ended October 31, 2005.

Name and Position -----	Fiscal Year ----	Salary -----	Other Compensation -----
Elizabeth Plaza, president and chief executive officer	2005	--	\$281,500
Nelida Plaza, vice president	2005	\$84,723	54,688

Prior to the reverse acquisition, Plaza was taxed as a Subchapter N corporation under the Puerto Rico tax law, which is similar to treatment as an S Corporation under the Internal Revenue Code. As a result, Elizabeth Plaza was taxed on Plaza's income. We did not pay Elizabeth Plaza any salary during the year ended October 31, 2005, since we distributed \$8.0 million to Ms. Plaza with respect to that year. Since Plaza continued to be treated as a Subchapter N corporation until the reverse acquisition, Ms. Plaza will be taxed on Plaza's income from November 1, 2005 until January 24, 2006.

In our private placement of series A preferred stock and warrants, San Juan Holdings purchased three units. The purchase price for the three units was \$750,000. The broker, which is an affiliate of San Juan Holdings, waived the commission and non-accountable expense allowance with respect to such sales, and as a result, San Juan Holdings purchased, for a net payment of \$652,500, 75,000 shares of series A preferred stock and warrants to purchase 255,300 shares of common stock at \$1.10 per share and 255,300 shares of common stock at \$1.65 per share. SEVENTH: (a) Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter, a "proceeding"), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the Delaware General Corporation Law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such person in connection therewith and such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators; provided, however, that, except as provided in Paragraph (b) of this Article SEVENTH, the Corporation shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such proceeding (or part thereof) was authorized by the Board of Directors of the Corporation. The right to indemnification conferred in this Article SEVENTH shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition; provided, however, that, if the Delaware General Corporation Law requires, the payment of such expenses incurred by a director or officer in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer, including, without limitation, service to an employee benefit plan) in advance of the final disposition of a proceeding, shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified under this Article SEVENTH or otherwise. The Corporation may, by action of its Board of Directors, provide indemnification to employees and agents of the Corporation with the same scope and effect as the foregoing indemnification of directors and officers.

(b) Right of Claimant to Bring Suit. If a claim under Paragraph (a) of this Article SEVENTH is not paid in full by the Corporation within thirty (30) days after a written claim has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim, and, if successful in whole or in part,

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the Delaware General Corporation Law for the Corporation to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel or stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the Delaware General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel or stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard or conduct.

(c) Non-Exclusivity of Rights. The right to indemnification and the payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this Article SEVENTH shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, by-law, agreement, vote of stockholders or disinterested directors or otherwise.

24

(d) Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the Delaware General Corporation Law.

EIGHTH: In furtherance and not in limitation of the powers conferred upon the Board of Directors by law, the Board of Directors shall have power to make, adopt, alter, amend or repeal from time to time By-laws of the Corporation, subject to the right of the stockholders entitled to vote with respect thereto to alter and repeal By-laws made by the Board of Directors and subject to the provisions of any By-law limiting the right of the Board of Directors to make certain modifications to the By-laws.

4. Upon the filing of this Restated Certificate of Incorporation, each of the presently outstanding shares of Series A Convertible Preferred Stock, par value \$.0001 per share ("Series A Preferred Stock"), will, in accordance with the provisions of the Certificate of Designation creating the Series A Preferred Stock, automatically, without any action on the part of the holder, become and be converted into 13.616 shares of Common Stock, and the shares of Series A Preferred Stock shall have the status of authorized but unissued shares of Preferred Stock, without designation as to series until such stock is once more designated as part of a particular series by the Corporation's Board of Directors.

5. This Restated Certificate of Incorporation has been duly adopted in accordance with the provisions of Sections 242 and 245 of the General Corporation Law of Delaware.

6. The capital of the Corporation will not be reduced under or by reason of any amendment herein certified.

IN WITNESS WHEREOF, the Corporation has caused this Certificate to be

In particular, the Committee shall have the authority:

(i) to select the officers and other eligible persons to whom Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock, Stock Purchase Rights and/or Other Stock-Based Awards may from time to time be granted pursuant to the Plan;

(ii) to determine whether and to what extent Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock, Stock Purchase Rights and/or Other Stock-Based Awards, or any combination thereof, are to be granted pursuant to the Plan, to one or more eligible persons;

(iii) to determine the number of shares to be covered by each such award granted pursuant to the Plan;

(iv) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any award granted under the Plan, including, but not limited to, the share price or exercise price and any restriction or limitation, or any vesting, acceleration or waiver of forfeiture restrictions regarding any Stock Option or other award and/or the shares of Stock relating thereto, based in each case on such factors as the Committee shall, in its sole discretion, determine;

(v) to determine whether, to what extent and under what circumstances a Stock Option may be settled in cash, Restricted Stock and/or Deferred Stock under Section 5(b)(x) or (xi) of the Plan, as applicable, instead of Stock;

(vi) to determine whether, to what extent and under what circumstances Option grants and/or other awards under the Plan and/or other cash awards made by the Company are to be made, and operate, on a tandem basis with other awards under the Plan and/or cash awards made outside of the Plan in a manner whereby the exercise of one award precludes, in whole or in part, the exercise of another award, or on an additive basis;

(vii) to determine whether, to what extent and under what circumstances Stock and other amounts payable with respect to an award under this Plan shall be deferred either automatically or at the election of the participant, including any provision for any determination or method of determination of the amount (if any) deemed to be earned on any deferred amount during any deferral period;

(viii) to determine the terms and restrictions applicable to Stock Purchase Rights and the Stock purchased by exercising such Rights; and

28

(ix) to determine an aggregate number of awards and the type of awards to be granted to eligible persons employed or engaged by the Company and/or any specific Subsidiary, Affiliate or division and grant to management

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

the authority to grant such awards, provided that no awards to any person subject to the reporting and short-swing profit provisions of Section 16 of the Exchange Act may be granted awards except by the Committee.

(c) In the event that any officers or other participants have Employment Agreements with the Company which provide for the grant of options to such participants, unless the Committee or the Board otherwise determines, the options shall be treated for all purposes as if they were granted pursuant to this Plan as long as there is a sufficient number of shares available for grant pursuant to this Plan.

(d) The Committee shall have the authority to adopt, alter and repeal such rules, guidelines and practices governing the Plan as it shall, from time to time, deem advisable; to interpret the terms and provisions of the Plan and any award issued under the Plan and any agreements relating thereto, and otherwise to supervise the administration of the Plan.

(e) All decisions made by the Committee pursuant to the provisions of the Plan shall be made in the Committee's sole discretion and shall be final and binding on all persons, including the Company and Plan participants.

3. Stock Subject to Plan.

(a) The total number of shares of Stock reserved and available for distribution under the Plan shall be two million five hundred thousand (2,500,000) shares of Stock. In the event that awards are granted in tandem such that the exercise of one award precludes the exercise of another award then, for the purpose of determining the number of shares of Stock as to which awards shall have been granted, the maximum number of shares of Stock issuable pursuant to such tandem awards shall be used.

(b) Subject to Section 6(b)(v) of the Plan, if any shares of Stock that have been optioned cease to be subject to a Stock Option, or if any such shares of Stock that are subject to any Restricted Stock or Deferred Stock award, Stock Purchase Right or Other Stock-Based Award granted under the Plan are forfeited or any such award otherwise terminates without a payment being made to the participant in the form of Stock, such shares shall again be available for distribution in connection with future awards under the Plan.

(c) In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, stock distribution, reverse split, combination of shares or other change in corporate structure affecting the Stock, such substitution or adjustment shall be made in the aggregate number of shares reserved for issuance under the Plan, in the base number of shares, in the number and option price of shares subject to outstanding Options granted under the Plan, in the number and purchase price of shares subject to outstanding Stock Purchase Rights under the Plan, and in the number of shares subject to other outstanding awards granted under the Plan as may be determined to be appropriate by the Committee, in its sole discretion, provided that the number of shares subject to any award shall always be a whole number, and provided that the treatment of such options and rights shall be consistent with the nature of the event. Such adjusted option price shall also be used to determine the amount payable by the Company upon the exercise of any Stock Appreciation Right associated with any Stock Option.

4. Eligibility.

(a) Officers and other key employees and directors of, and consultants and independent contractors to, the Company and its Subsidiaries and Affiliates (but excluding, except as to Sections 4(b) and 4(c) of the Plan, Independent Directors) who are responsible for or contribute to the management, growth and/or profitability of the business of the Company and/or its Subsidiaries and

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

Affiliates are eligible to be granted awards under the Plan.

(b) On each the first trading day in January of each year, commencing in 2007, each person who is a Independent Director on such date shall automatically be granted a Non-Qualified Stock Option to purchase five thousand (5,000) shares of Stock (or such lesser number of shares of Stock as remain available for grant at such date under the Plan, divided by the number of Independent Directors at such date). Such Stock Options shall be exercisable at a price per share equal to the greater of the Fair Market Value on the date of grant or the par value of one share of Stock. The Non-Qualified Stock Options granted pursuant to this Section 4(b) and pursuant to Section 4(c) of the Plan shall become exercisable cumulatively as to fifty percent (50%) of the shares subject thereto six months from the date of grant and as to the remaining fifty percent (50%), eighteen months from the date of grant, and shall expire on the earlier of (i) five years from the date of grant, or (ii) seven (7) months from the date such Independent Director ceases to be a director if such Independent Director ceases to be a director other than as a result of his death or Disability. The provisions of this Section 4(b) and said Section 4(c) may not be amended more than one (1) time in any six (6) month period other than to comply with changes in the Code or the Employee Retirement Income Security Act ("ERISA") or the rules thereunder.

29

(c) At the time an Independent Director is first elected to the Board, such person shall automatically be granted a Non-Qualified Stock Option to purchase twenty five thousand (25,000) shares of Stock (or such lesser number of shares of Stock as remain available for grant at such date under the Plan, divided by the number of Independent Directors who are elected as directors at such date). Such Stock Options shall be exercisable at a price per share equal to the greater of the Fair Market Value on the date of grant or the par value of one share of Stock.

5. Stock Options.

(a) Administration. Stock Options may be granted alone, in addition to or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve. Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options. The Committee shall have the authority to grant to any optionee Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options (in each case with or without Stock Appreciation Rights).

(b) Option Grants. Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee, in its sole discretion, shall deem desirable:

(i) Option Price. The option price per share of Stock purchasable under a Stock Option shall be determined by the Committee at the time of grant.

(ii) Option Term. The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than ten (10) years after the date the Option is granted.

(iii) Exercisability. Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at or after grant. If the Committee provides, in its sole discretion, that any Stock Option is exercisable only in installments, the Committee may waive such installment exercise provisions at any time at or after

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

grant in whole or in part, based on such factors as the Committee shall, in its sole discretion, determine.

(iv) Method of Exercise.

(A) Subject to whatever installment exercise provisions apply under Section 5(b)(iii) of the Plan, Stock Options may be exercised in whole or in part at any time during the option period, by giving written notice of exercise to the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price, either by check, note or such other instrument, securities or property as the Committee may accept. As and to the extent determined by the Committee, in its sole discretion, at or after grant, payments in full or in part may also be made in the form of Stock already owned by the optionee or, in the case of the exercise of a Non-Qualified Stock Option, Restricted Stock or Deferred Stock subject to an award hereunder (based, in each case, on the Fair Market Value of the Stock on the date the option is exercised, as determined by the Committee).

30

(B) If payment of the option exercise price of a Non-Qualified Stock Option is made in whole or in part in the form of Restricted Stock or Deferred Stock, the Stock issuable upon such exercise (and any replacement shares relating thereto) shall remain (or be) restricted or deferred, as the case may be, in accordance with the original terms of the Restricted Stock award or Deferred Stock award in question, and any additional Stock received upon the exercise shall be subject to the same forfeiture restrictions or deferral limitations, unless otherwise determined by the Committee, in its sole discretion, at or after grant.

(C) No shares of Stock shall be issued until full payment therefor has been received by the Company. In the event of any exercise by note or other instrument, the shares of Stock shall not be issued until such note or other instrument shall have been paid in full, and the exercising optionee shall have no rights as a stockholder until such payment is made.

(D) Subject to Section 5(b)(iv)(C) of the Plan, an optionee shall generally have the rights to dividends or other rights of a stockholder with respect to shares subject to the Option when the optionee has given written notice of exercise, has paid in full for such shares, and, if requested, has given the representation described in Section 14(a) of the Plan.

(v) Non-Transferability of Options. No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee.

(vi) Termination by Death. Subject to Section 5(b)(ix) of the Plan with respect to Incentive Stock Options, if an optionee's employment by the Company and any Subsidiary or Affiliate terminates by reason of death, any Stock Option held by such optionee may thereafter be exercised, to the extent such option was exercisable at the time of death or on such accelerated basis as the Committee may determine at or after grant (or as may be determined in accordance with procedures established by the Committee), by the legal representative of the estate or by the legatee of the optionee under the will of the optionee, for a period of one year (or such other period as the Committee may specify at grant) from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.

(vii) Termination by Reason of Disability or Retirement. Subject to Section 5(b)(ix) of the Plan with respect to Incentive Stock Options, if an

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

optionee's employment by the Company and any Subsidiary or Affiliate terminates by reason of a Disability or Normal or Early Retirement, any Stock Option held by such optionee may thereafter be exercised by the optionee, to the extent it was exercisable at the time of termination or on such accelerated basis as the Committee may determine at or after grant (or as may be determined in accordance with procedures established by the Committee), for a period of one year (or such other period as the Committee may specify at grant) from the date of such termination of employment or until the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that, if the optionee dies within such one-year period (or such other period as the Committee shall specify at grant), any unexercised Stock Option held by such optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one year from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter. In the event of termination of employment by reason of Disability or Normal or Early Retirement, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(viii) Other Termination. Unless otherwise determined by the Committee (or pursuant to procedures established by the Committee) at or after grant, if an optionee's employment by the Company and any Subsidiary or Affiliate terminates for any reason other than death, Disability or Normal or Early Retirement, the Stock Option shall thereupon terminate; provided, however, that if the optionee is involuntarily terminated by the Company or any Subsidiary or Affiliate without Cause, including a termination resulting from the Subsidiary, Affiliate or division in which the optionee is employed or engaged, ceasing, for any reason, to be a Subsidiary, Affiliate or division of the Company, such Stock Option may be exercised, to the extent otherwise exercisable on the date of termination, for a period of three months (or seven months in the case of a person subject to the reporting and short-swing profit provisions of Section 16 of the Exchange Act) from the date of such termination or until the expiration of the stated term of such Stock Option, whichever is shorter.

31

(ix) Incentive Stock Options.

(A) Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the optionee(s) affected, to disqualify any Incentive Stock Option under such Section 422.

(B) To the extent required for "incentive stock option" status under Section 422(d) of the Code (taking into account applicable Treasury regulations and pronouncements), the Plan shall be deemed to provide that the aggregate Fair Market Value (determined as of the time of grant) of the Stock with respect to which Incentive Stock Options are exercisable for the first time by the optionee during any calendar year under the Plan and/or any other stock option plan of the Company or any Subsidiary or parent corporation (within the meaning of Section 425 of the Code) shall not exceed \$100,000. If Section 422 is hereafter amended to delete the requirement now in Section 422(d) that the plan text expressly provide for the \$100,000 limitation set forth in Section 422(d), then this Section 5(b)(ix)(B) shall no longer be operative and the Committee may accelerate the dates on which the incentive stock option may be exercised.

(C) To the extent permitted under Section 422 of the Code or

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

the applicable regulations thereunder or any applicable Internal Revenue Service pronouncement:

(I) If (x) a participant's employment is terminated by reason of death, Disability or Retirement and (y) the portion of any Incentive Stock Option that is otherwise exercisable during the post-termination period specified under Sections 5(b)(vi) and (vii) of the Plan, applied without regard to the \$100,000 limitation contained in Section 422(d) of the Code, is greater than the portion of such option that is immediately exercisable as an "incentive stock option" during such post-termination period under Section 422, such excess shall be treated as a Non-Qualified Stock Option; and

(II) if the exercise of an Incentive Stock Option is accelerated by reason of a Change in Control, any portion of such option that is not exercisable as an Incentive Stock Option by reason of the \$100,000 limitation contained in Section 422(d) of the Code shall be treated as a Non-Qualified Stock Option.

(x) Buyout Provisions. The Committee may at any time offer to buy out for a payment in cash, Stock, Deferred Stock or Restricted Stock an option previously granted, based on such terms and conditions as the Committee shall establish and communicate to the optionee at the time that such offer is made.

(xi) Settlement Provisions. If the option agreement so provides at grant or is amended after grant and prior to exercise to so provide (with the optionee's consent), the Committee may require that all or part of the shares to be issued with respect to the spread value of an exercised Option take the form of Deferred or Restricted Stock which shall be valued on the date of exercise on the basis of the Fair Market Value (as determined by the Committee) of such Deferred or Restricted Stock determined without regard to the deferral limitations and/or forfeiture restrictions involved.

6. Stock Appreciation Rights.

(a) Grant and Exercise.

(i) Stock Appreciation Rights may be granted in conjunction with all or part of any Stock Option granted under the Plan. In the case of a Non-Qualified Stock Option, such rights may be granted either at or after the time of the grant of such Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of the grant of such Stock Option.

(ii) A Stock Appreciation Right or applicable portion thereof granted with respect to a given Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the related Stock Option, subject to such provisions as the Committee may specify at grant where a Stock Appreciation Right is granted with respect to less than the full number of shares covered by a related Stock Option.

32

(iii) A Stock Appreciation Right may be exercised by an optionee, subject to Section 6(b) of the Plan, in accordance with the procedures established by the Committee for such purpose. Upon such exercise, the optionee shall be entitled to receive an amount determined in the manner prescribed in said Section 6(b). Stock Options relating to exercised Stock Appreciation Rights shall no longer be exercisable to the extent that the related Stock Appreciation Rights have been exercised.

(b) Terms and Conditions. Stock Appreciation Rights shall be subject to

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(i) Stock Appreciation Rights shall be exercisable only at such time or times and to the extent that the Stock Options to which they relate shall be exercisable in accordance with the provisions of this Section 6 and Section 5 of the Plan; provided, however, that any Stock Appreciation Right granted to an optionee subject to Section 16(b) of the Exchange Act subsequent to the grant of the related Stock Option shall not be exercisable during the first six months of its term, except that this special limitation shall not apply in the event of death or Disability of the optionee prior to the expiration of the six-month period. The exercise of Stock Appreciation Rights held by optionees who are subject to Section 16(b) of the Exchange Act shall comply with Rule 16b-3 thereunder to the extent applicable.

(ii) Upon the exercise of a Stock Appreciation Right, an optionee shall be entitled to receive an amount in cash and/or shares of Stock equal in value to the excess of the Fair Market Value of one share of Stock over the option price per share specified in the related Stock Option multiplied by the number of shares in respect of which the Stock Appreciation Right shall have been exercised, with the Committee having the right to determine the form of payment. When payment is to be made in shares of Stock, the number of shares to be paid shall be calculated on the basis of the Fair Market Value of the shares on the date of exercise. When payment is to be made in cash, such amount shall be based upon the Fair Market Value of the Stock on the date of exercise, determined in a manner not inconsistent with Section 16(b) of the Exchange Act and the rules of the Commission thereunder.

(iii) Stock Appreciation Rights shall be transferable only when and to the extent that the underlying Stock Option would be transferable under Section 5(b)(v) of the Plan.

(iv) Upon the exercise of a Stock Appreciation Right, the Stock Option or part thereof to which such Stock Appreciation Right is related shall be deemed to have been exercised only to the extent of the number of shares issued under the Stock Appreciation Right at the time of exercise based on the value of the Stock Appreciation Right at such time.

(v) In its sole discretion, the Committee may grant Stock Appreciation Rights that become exercisable only in the event of a Change in Control and/or a Potential Change in Control, subject to such terms and conditions as the Committee may specify at grant; provided that any such Stock Appreciation Rights shall be settled solely in cash.

(vi) The Committee, in its sole discretion, may also provide that, in the event of a Change in Control and/or a Potential Change in Control, the amount to be paid upon the exercise of a Stock Appreciation Right shall be based on the Change in Control Price, subject to such terms and conditions as the Committee may specify at grant.

7. Restricted Stock.

(a) Administration. Shares of Restricted Stock may be issued either alone, in addition to or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. The Committee shall determine the eligible persons to whom, and the time or times at which, grants of Restricted Stock will be made, the number of shares to be awarded, the price (if any) to be paid by the recipient of Restricted Stock, subject to Section 7(b) of the Plan, the time or times within which such awards may be subject to forfeiture, and all other terms and conditions of the awards. The Committee may condition the grant of Restricted Stock upon the attainment of specified performance goals or such other factors as the Committee may, in its sole discretion, determine. The

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

provisions of Restricted Stock awards need not be the same with respect to each recipient.

33

(b) Awards and Certificates.

(i) The prospective recipient of a Restricted Stock award shall not have any rights with respect to such award unless and until such recipient has executed an agreement evidencing the award and has delivered a fully executed copy thereof to the Company, and has otherwise complied with the applicable terms and conditions of such award.

(ii) The purchase price for shares of Restricted Stock may be equal to or less than their par value and may be zero.

(iii) Awards of Restricted Stock must be accepted within a period of 60 days (or such shorter period as the Committee may specify at grant) after the award date, by executing a Restricted Stock Award Agreement and paying the price, if any, required under Section 7(b)(ii).

(iv) Each participant receiving a Restricted Stock award shall be issued a stock certificate in respect of such shares of Restricted Stock. Such certificate shall be registered in the name of such participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such award.

(v) The Committee shall require that (A) the stock certificates evidencing shares of Restricted Stock be held in the custody of the Company until the restrictions thereon shall have lapsed, and (B) as a condition of any Restricted Stock award, the participant shall have delivered a stock power, endorsed in blank, relating to the Restricted Stock covered by such award.

(c) Restrictions and Conditions. The shares of Restricted Stock awarded pursuant to this Section 7 shall be subject to the following restrictions and conditions:

(i) Subject to the provisions of the Plan and the award agreement, during a period set by the Committee commencing with the date of such award (the "Restriction Period"), the participant shall not be permitted to sell, transfer, pledge or assign shares of Restricted Stock awarded under the Plan. Within these limits, the Committee, in its sole discretion, may provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions in whole or in part, based on service, performance and/or such other factors or criteria as the Committee may determine, in its sole discretion.

(ii) Except as provided in this Section 7(c)(ii) and Section 7(c)(i) of the Plan, the participant shall have, with respect to the shares of Restricted Stock, all of the rights of a stockholder of the Company, including the right to vote the shares and the right to receive any regular cash dividends paid out of current earnings. The Committee, in its sole discretion, as determined at the time of award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested, subject to Section 14(e) of the Plan, in additional Restricted Stock to the extent shares are available under Section 3 of the Plan, or otherwise reinvested. Stock dividends, splits and distributions issued with respect to Restricted Stock shall be treated as additional shares of Restricted Stock that are subject to the same restrictions and other terms and conditions that apply to the shares with respect to which such dividends are issued, and the Committee may require the participant to deliver an additional stock power covering the shares issuable pursuant to such stock dividend, split or distribution. Any

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

other dividends or property distributed with regard to Restricted Stock, other than regular dividends payable and paid out of current earnings, shall be held by the Company subject to the same restrictions as the Restricted Stock.

(iii) Subject to the applicable provisions of the award agreement and this Section 7, upon termination of a participant's employment or other services with the Company and any Subsidiary or Affiliate for any reason during the Restriction Period, all shares still subject to restriction will vest, or be forfeited, in accordance with the terms and conditions established by the Committee at or after grant.

34

(iv) If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock subject to such Restriction Period, certificates for an appropriate number of unrestricted shares, and other property held by the Company with respect to such Restricted Shares, shall be delivered to the participant promptly.

(d) Minimum Value Provisions. In order to better ensure that award payments actually reflect the performance of the Company and service of the participant, the Committee may provide, in its sole discretion, for a tandem Stock Option or performance-based or other award designed to guarantee a minimum value, payable in cash or Stock to the recipient of a Restricted Stock award, subject to such performance, future service, deferral and other terms and conditions as may be specified by the Committee.

8. Deferred Stock.

(a) Administration. Deferred Stock may be awarded either alone, in addition to or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. The Committee shall determine the eligible persons to whom and the time or times at which Deferred Stock shall be awarded, the number of shares of Deferred Stock to be awarded to any person, the duration of the period (the "Deferral Period") during which, and the conditions under which, receipt of the Stock will be deferred, and the other terms and conditions of the award in addition to those set forth in Section 8(b). The Committee may condition the grant of Deferred Stock upon the attainment of specified performance goals or such other factors or criteria as the Committee shall, in its sole discretion, determine. The provisions of Deferred Stock awards need not be the same with respect to each recipient.

(b) Terms and Conditions. The shares of Deferred Stock awarded pursuant to this Section 8 shall be subject to the following terms and conditions:

(i) Subject to the provisions of the Plan and the award agreement referred to in Section 8(b)(vi) of the Plan, Deferred Stock awards may not be sold, assigned, transferred, pledged or otherwise encumbered during the Deferral Period. At the expiration of the Deferral Period (or the Elective Deferral Period referred to in Section 8(b)(v) of the Plan, where applicable), share certificates representing the shares covered by the Deferred Stock award shall be delivered to the participant or his legal representative.

(ii) Unless otherwise determined by the Committee at grant, amounts equal to any dividends declared during the Deferral Period with respect to the number of shares covered by a Deferred Stock award will be paid to the participant currently, or deferred and deemed to be reinvested in additional Deferred Stock, or otherwise reinvested, all as determined at or after the time of the award by the Committee, in its sole discretion.

(iii) Subject to the provisions of the award agreement and this

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

Section 8, upon termination of a participant's employment with the Company and any Subsidiary or Affiliate for any reason during the Deferral Period for a given award, the Deferred Stock in question will vest, or be forfeited, in accordance with the terms and conditions established by the Committee at or after grant.

(iv) Based on service, performance and/or such other factors or criteria as the Committee may determine, the Committee may, at or after grant, accelerate the vesting of all or any part of any Deferred Stock award and/or waive the deferral limitations for all or any part of such award.

(v) A participant may elect to further defer receipt of an award (or an installment of an award) for a specified period or until a specified event (the "Elective Deferral Period"), subject in each case to the Committee's approval and to such terms as are determined by the Committee, all in its sole discretion. Subject to any exceptions adopted by the Committee, such election must generally be made at least twelve months prior to completion of the Deferral Period for such Deferred Stock award (or such installment).

(vi) Each award shall be confirmed by, and subject to the terms of, a Deferred Stock agreement executed by the Company and the participant.

(c) Minimum Value Provisions. In order to better ensure that award payments actually reflect the performance of the Company and service of the participant, the Committee may provide, in its sole discretion, for a tandem Stock Option or performance-based or other award designed to guarantee a minimum value, payable in cash or Stock to the recipient of a deferred stock award, subject to such performance, future service, deferral and other terms and conditions as may be specified by the Committee.

35

9. Stock Purchase Rights.

(a) Awards and Administration. The Committee may grant eligible participants Stock Purchase Rights which shall enable such participants to purchase Stock (including Deferred Stock and Restricted Stock):

(i) at its Fair Market Value on the date of grant;

(ii) at a percentage of such Fair Market Value on such date, such percentage to be determined by the Committee in its sole discretion;

(iii) at an amount equal to Book Value on such date; or

(iv) at an amount equal to the par value of such Stock on such date.

The Committee shall also impose such deferral, forfeiture and/or other terms and conditions as it shall determine, in its sole discretion, on such Stock Purchase Rights or the exercise thereof. The terms of Stock Purchase Rights awards need not be the same with respect to each participant. Each Stock Purchase Right award shall be confirmed by, and be subject to the terms of, a Stock Purchase Rights Agreement.

(b) Exercisability. Stock Purchase Rights shall generally be exercisable for such period after grant as is determined by the Committee not to exceed sixty (60) days. However, the Committee may provide, in its sole discretion, that the Stock Purchase Rights of persons potentially subject to Section 16(b) of the Exchange Act shall not become exercisable until six months and one day after the grant date, and shall then be exercisable for ten trading days at the purchase price specified by the Committee in accordance with Section 9(a) of the

Plan.

10. Other Stock-Based Awards.

(a) Administration.

(i) Other awards of Stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, Stock ("Other Stock-Based Awards"), including, without limitation, performance shares, convertible preferred stock (to the extent a series of preferred stock has been or may be created by, or in accordance with a procedure set forth in, the Company's certificate of incorporation), convertible debentures, warrants, exchangeable securities and Stock awards or options valued by reference to Fair Market Value, Book Value or performance of the Company or any Subsidiary, Affiliate or division, may be granted either alone or in addition to or in tandem with Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock or Stock Purchase Rights granted under the Plan and/or cash awards made outside of the Plan.

(ii) Subject to the provisions of the Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such award shall be made, the number of shares of Stock to be awarded pursuant to such awards, and all other conditions of the awards. The Committee may also provide for the grant of Stock upon the completion of a specified performance period. The provisions of Other Stock-Based Awards need not be the same with respect to each recipient.

36

(b) Terms and Conditions. Other Stock-Based Awards made pursuant to this Section 10 shall be subject to the following terms and conditions:

(i) Subject to the provisions of the Plan and the award agreement referred to in Section 10(b)(v) of the Plan, shares of Stock subject to awards made under this Section 10 may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

(ii) Subject to the provisions of the Plan and the award agreement and unless otherwise determined by the Committee at grant, the recipient of an award under this Section 10 shall be entitled to receive, currently or on a deferred basis, interest or dividends or interest or dividend equivalents with respect to the number of shares covered by the award, as determined at the time of the award by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Stock or otherwise reinvested.

(iii) Any award under Section 10 and any Stock covered by any such award shall vest or be forfeited to the extent so provided in the award agreement, as determined by the Committee, in its sole discretion.

(iv) In the event of the participant's Retirement, Disability or death, or in cases of special circumstances, the Committee may, in its sole discretion, waive in whole or in part any or all of the remaining limitations (if any) imposed with respect to any or all of an award pursuant to this Section 10.

(v) Each award under this Section 10 shall be confirmed by, and subject to the terms of, an agreement or other instrument by the Company and by the participant.

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

(vi) Stock (including securities convertible into Stock) issued on a bonus basis under this Section 10 may be issued for no cash consideration.

11. Change in Control Provisions.

(a) Impact of Event. In the event of a "Change in Control," as defined in Section 11(b) of the Plan, or a "Potential Change in Control," as defined in Section 11(c) of the Plan, except to the extent otherwise determined by the Committee or the Board at or after grant (subject to any right of approval expressly reserved by the Committee or the Board at the time of such determination), the following acceleration and valuation provisions shall apply:

(i) Any Stock Appreciation Rights outstanding for at least six months and any Stock Options awarded under the Plan not previously exercisable and vested shall become fully exercisable and vested and any Incentive Stock Options may, with the consent of the holders thereof, be treated as Non-Qualified Stock Options.

(ii) The restrictions and deferral limitations applicable to any Restricted Stock, Deferred Stock, Stock Purchase rights and Other Stock-Based Awards, in each case to the extent not already vested under the Plan, shall lapse and such shares and awards shall be deemed fully vested.

(iii) The value of all outstanding Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock, Stock Purchase Rights and Other Stock-Based Awards, in each case to the extent vested (including such rights which shall have become vested pursuant to Sections 11(a)(i) and (ii) of the Plan), shall be purchased by the Company ("cashout") in a manner determined by the Committee, in its sole discretion, on the basis of the "Change in Control Price" as defined in Section 11(d) of the Plan as of the date such Change in Control or such Potential Change in Control is determined to have occurred or such other date as the Committee may determine prior to the Change in Control, unless the Committee shall, contemporaneously with or prior to any particular Change of Control or Potential Change of Control, determine that this Section 11(a)(iii) shall not be applicable to such Change in Control or Potential Change in Control.

(b) Definition of "Change in Control." For purposes of Section 11(a) of the Plan, a "Change in Control" means the happening of any of the following after the completion of the acquisition of Plaza Consulting Group, Inc., a Puerto Rico corporation (the "Acquisition Effective Date"):

(i) When any "person" (as defined in Section 3(a)(9) of the Exchange Act and as used in Sections 13(d) and 14(d) of the Exchange Act, including a "group" as defined in Section 13(d) of the Exchange Act, but excluding the Company and any Subsidiary and any employee benefit plan sponsored or maintained by the Company or any Subsidiary and any trustee of such plan acting as trustee) directly or indirectly becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act, as amended from time to time), of securities of the Company representing thirty percent (30%) or more of the combined voting power of the Company's then outstanding securities; provided, however, that a Change of Control shall not arise if such acquisition is approved by the board of directors or if the board of directors or the Committee determines that such acquisition is not a Change of Control or if the board of directors authorizes the issuance of the shares of Stock (or securities convertible into Stock or upon the exercise of which shares of Stock may be issued) to such persons; or

(ii) When, during any period of twenty-four consecutive months

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

during the existence of the Plan, the individuals who, at the beginning of such period, constitute the Board (the "Incumbent Directors") cease for any reason other than death, Disability or Retirement to constitute at least a majority thereof, provided, however, that a director who was not a director at the beginning of such 24-month period shall be deemed to have satisfied such 24-month requirement (and be an Incumbent Director) if such director was elected by, or on the recommendation of, or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually (because they were directors at the beginning of such 24-month period) or by prior operation of this Section 11(b) (ii); provided, however, that all directors who are elected to the board not later than six months after the Acquisition Effective Date shall be deemed to be an Incumbent Director and shall be deemed to have satisfied the 24-month requirement set forth in this Section 11(b) (ii); or

(iii) The occurrence of a transaction requiring stockholder approval for the acquisition of the Company by an entity other than the Company or a Subsidiary through purchase of assets, or by merger, or otherwise unless approved by a majority of Incumbent Directors.

(c) Definition of Potential Change in Control. For purposes of Section 11(a) of the Plan, a "Potential Change in Control" means the happening of any one of the following:

(i) The approval by stockholders of an agreement by the Company, the consummation of which would result in a Change in Control of the Company as defined in Section 11(b) of the Plan; or

(ii) The acquisition of beneficial ownership, directly or indirectly, by any entity, person or group (other than the Company or a Subsidiary or any Company employee benefit plan or any trustee of such plan acting as such trustee) of securities of the Company representing five percent or more of the combined voting power of the Company's outstanding securities and the adoption by the Board of Directors of a resolution to the effect that a Potential Change in Control of the Company has occurred for purposes of the Plan.

(d) Change in Control Price. For purposes of this Section 11, "Change in Control Price" means the highest price per share paid in any transaction reported on the principal stock exchange on which the Stock is traded or the average of the highest bid and asked prices as reported by the principal stock exchange or market on which the Stock is traded, or paid or offered in any bona fide transaction related to a Potential or actual Change in Control of the Company at any time during the sixty-day period immediately preceding the occurrence of the Change in Control (or, where applicable, the occurrence of the Potential Change in Control event), in each case as determined by the Committee except that, in the case of Incentive Stock Options and Stock Appreciation Rights relating to Incentive Stock Options, such price shall be based only on transactions reported for the date on which the optionee exercises such Stock Appreciation Rights, Incentive Stock Options or, where applicable, the date on which a cashout occurs under Section 11(a) (iii).

12. Amendments and Termination.

(a) The Board may amend, alter, or discontinue the Plan, but no amendment, alteration, or discontinuation shall be made which would impair the rights of an optionee or participant under a Stock Option, Stock Appreciation Right, Restricted or Deferred Stock award, Stock Purchase Right or Other Stock-Based Award theretofore granted, without the optionee's or participant's consent, and no amendment will be made without approval of the stockholders if such amendment requires stockholder approval under state law or if stockholder approval is necessary in order that the Plan comply with Rule 16b-3 of the Commission under

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

the Exchange Act or any substitute or successor rule or if stockholder approval is necessary in order to enable the grant pursuant to the Plan of options or other awards intended to confer tax benefits upon the recipients thereof.

(b) The Committee may amend the terms of any Stock Option or other award theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any holder without the holder's consent. The Committee may also substitute new Stock Options for previously granted Stock Options (on a one for one or other basis), including previously granted Stock Options having higher option exercise prices.

38

(c) Subject to the provisions of Sections 12(a) and (b) of the Plan, the Board shall have broad authority to amend the Plan to take into account changes in applicable securities and tax laws and accounting rules, as well as other developments, and, in particular, without limiting in any way the generality of the foregoing, to eliminate any provisions which are not required to be included as a result of any amendment to Rule 16b-3 of the Commission pursuant to the Exchange Act.

13. Unfunded Status of Plan.

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a participant or optionee by the Company, nothing contained in this Plan shall give any such participant or optionee any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments in lieu of or with respect to awards under this Plan; provided, however, that, unless the Committee otherwise determines with the consent of the affected participant, the existence of such trusts or other arrangements shall be consistent with the "unfunded" status of the Plan.

14. General Provisions.

(a) The Committee may require each person purchasing shares pursuant to a Stock Option or other award under the Plan to represent to and agree with the Company in writing that the optionee or participant is acquiring the shares without a view to distribution thereof. The certificates for such shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. All certificates or shares of Stock or other securities delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Commission, any stock exchange upon which the Stock is then listed, and any applicable Federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(b) Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

(c) Neither the adoption of the Plan nor the grant of any award pursuant to the Plan shall confer upon any employee of the Company or any Subsidiary or Affiliate any right to continued employment with the Company or a Subsidiary or Affiliate, as the case may be, nor shall it interfere in any way with the right of the Company or a Subsidiary or Affiliate to terminate the employment of any of its employees at any time.

Edgar Filing: Pharma-Bio Serv, Inc. - Form DEF 14C

(d) No later than the date as of which an amount first becomes includible in the gross income of the participant for Federal income tax purposes with respect to any award under the Plan, the participant shall pay to the Company, or make arrangements satisfactory to the Committee regarding the payment of, any Federal, state, or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Committee, withholding obligations may be settled with Stock, including Stock that is part of the award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional on such payment or arrangements and the Company and its Subsidiaries or Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant.

(e) The actual or deemed reinvestment of dividends or dividend equivalents in additional Restricted Stock (or in Deferred Stock or other types of Plan awards) at the time of any dividend payment shall only be permissible if sufficient shares of Stock are available under Section 3 of the Plan for such reinvestment (taking into account then outstanding Stock Options, Stock Purchase Rights and other Plan awards).
