The Company's Annual Report on Form 10-KSB for the annual period ended December 31, 2006 cannot be filed within the prescribed time period because the Company requires additional time for compilation and review to insure adequate disclosure of certain information required to be included in the Form 10-KSB. by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reason why a reasonable estimate of the results cannot be made.

Digicorp (the "Company") anticipates that its revenue, operating expenses and net loss for the year ended December 31, 2006 are significantly greater than the revenue, expenses and net loss for the year ended December 31, 2005. The increase in revenue is primarily the result of an increase in the direct sales of licensed content during the year ended December 31, 2006 by the Company's subsidiary Rebel Crew Films, Inc. The Company did not have any direct sales in the prior year. Operating expenses increased primarily due to an increase in compensation paid for legal and accounting fees during the year ended December 31, 2006, and also due to increases in rent expense, amortization expense related to the increased number of license agreements, stock based compensation expense attributed to options granted to employees and directors, and due to an increase in general and administrative expenses attributed to the overall expansion of the Company's business during the year ended December 31, 2006. Net loss increased as a result of the above factors.

A reasonable estimate of the results cannot be made at this time due to the fact that the compilation, dissemination and review of the information required to be presented in the Form 10-KSB has not been completed.
