Letter to Shareholders

Dear Shareholders:

It is a pleasure to report to you highlights for the funds of the WisdomTree Trust for the fiscal year ended March 31, 2007. The Trust's initial year of operations was marked by several milestones and industry firsts.

In less than a year, WisdomTree launched 36 exchange traded funds (ETFs) and quickly established itself as a market leader, with the broadest menu of fundamentally weighted ETFs issued in the U.S. WisdomTree believes that fundamentally weighted index funds, where initial index weights are anchored to a measure of fundamental value, such as earnings or dividends, have the potential to overcome what WisdomTree believes is an inherent flaw of market capitalization-weighted index funds: their tendency to overweight overvalued stocks, overvalued sectors and overvalued regions of the world. The historic launch of 20 ETFs on a single day in June of 2006 was a testament to WisdomTree's conviction in this idea. The June listing gave U.S. investors the opportunity, for the first time, to invest in dividend-weighted portfolios throughout the developed world. WisdomTree's international small cap and international high-yielding offerings were the first of their kind. In October of 2006, WisdomTree pioneered another industry first by launching ten pure international sector ETFs. These are derived from the WisdomTree DEFA Index, which measures the performance of dividend-paying companies in the developed world outside the U.S. and Canada. In February of 2007, WisdomTree unveiled six new domestic earnings-based ETFs to complement its existing domestic dividend family. Although weighting indexes by fundamental factors is not a new concept, it was commercialized nearly two decades ago, WisdomTree's application of the idea in the ETF format broke new ground. By March 31, 2007, assets under management in the WisdomTree Trust stood at approximately \$3 billion, up from \$1.5 billion at the end of 2006. Moreover, in the first quarter of 2007, WisdomTree took in approximately 13% of the net inflows into the U.S. ETF industry, according to an April 2007 Morgan Stanley report.

Just as our products have found quick acceptance in the market, WisdomTree's unique perspective is also changing the way advisors, fiduciaries and self-directed investors view indexing. WisdomTree is engaged in a pivotal debate that could redefine the direction of equity index investing, a debate which pivots on a key question: do fundamentally weighted index funds better serve

Edgar Filing: WisdomTree Trust - Form N-CSR

investors than market capitalization-weighted index funds? In the years to come, fund performance data included in these reports will provide some of the real-time results necessary to help resolve this debate.

In the interim, WisdomTree is committed to leading the fundamentally weighted index category, giving equity investors a fundamental choice in every major region where they currently use a market capitalization-weighted index fund. We have resolved to do so through competitively priced ETFs designed to provide the transparency, liquidity and tax advantages that have made exchange traded funds so popular.

Although launching any new enterprise is never easy, our work has been aided by the conviction that we are serving investors and by the confidence you have shown in us. Thank you for your continued support.

Best Regards,

/s/ Jonathan Steinberg

WisdomTree Domestic Dividends Funds 1

Management's Discussion of Funds' Performance

The six domestic dividend-based ETFs introduced by the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in all major market capitalization segments of the U.S. equity market. The six ETFs discussed in this report track specific indexes that are derived from the WisdomTree Dividend Index, which measures the performance of dividend-paying companies in the United States. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's dividend-based ETFs are designed to track indexes that are weighted based on the dividends that companies pay. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable benchmark index.

The U.S. equity market experienced a sustained rally in 2006 that continued through the first quarter of 2007. From inception of the Funds on June 16, 2006 through March 31, 2007, the Russell 3000 Index*, a broad measure of the U.S. stock market, advanced 15.66% on a total return basis. Expanding economic activity and moderate inflation have provided a supportive backdrop for U.S. financial markets. Although weakness in the housing market and concerns about rising energy prices have weighed on consumer sentiment, the Federal Reserve has slowed the pace of interest rate increases after several years of sustained rate hikes.

WisdomTree's domestic ETFs have participated in the broad-based U.S. rally. Five of the six WisdomTree domestic dividend-based ETFs had higher cumulative returns than their comparable market capitalization-weighted index for the period from their inception on June 16, 2006 to the close of the fiscal year ended March 31, 2007. The broadest WisdomTree domestic dividend-based ETF, the WisdomTree Total

Edgar Filing: WisdomTree Trust - Form N-CSR

Dividend Fund (DTD), had a cumulative total return of 16.84% from its inception on June 16, 2006 to March 31, 2007. DTD outperformed the Russell 3000 Index* by 1.2 percentage points over that period. The WisdomTree High-Yielding Equity Fund (DHS), which is comprised of higher dividend-yielding stocks selected from the WisdomTree Dividend Index, was the only domestic dividend-based WisdomTree ETF to underperform its comparable market capitalization-weighted benchmark since inception. DHS returned 18.23% for the period, trailing the Russell 1000 Value Index* by approximately half a percentage point since the Fund's inception. The best performing size segment of the WisdomTree Dividend Index for this period was the mid-cap portion. The WisdomTree MidCap Dividend Fund (DON) returned 17.71% for the period, surpassing the return of the S&P MidCap 400 Index* by 1.98 percentage points.

Smallcap stocks continues to outpace large-capitalization companies in the period. The WisdomTree SmallCap Dividend Fund (DES) returned 16.88% since its inception, slightly ahead of the Russell 2000 Index*, which returned 16.66% through March 31, 2007. The WisdomTree LargeCap Dividend Fund (DLN) advanced by 16.77% since its inception, outpacing the S&P 500 Index* by 1.55 percentage points through March 31, 2007. The WisdomTree Dividend Top 100 (DTN) exhibited the highest returns of all the WisdomTree domestic ETFs for the period, returning 20.99% since inception.

Management's Discussion of Funds' Performance (concluded)

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. For the most recent month end performance information visit www.wisdomtree.com.

The Russell 3000 Index measures the performance of the 3000 largest stocks in the U.S. market by market value; the Russell 1000 Value Index measures the performance of Russell 1000 companies with lower price to book ratios and lower forecasted growth values; the Russell 2000 Index measures the performance of the smallest 2000 companies in the Russell 3000 Index the Russell 2000 Index measures the performance of the smallest 2000 companies in the Russell 3000 Index; the S&P 500 Index is the Standard & Poor's composite index of 500 stocks; the S&P MidCap 400 Index is an unmanaged group of 400 domestic stocks chosen for market size, liquidity and industry group representation. Index performance information assumes the reinvestment of gross dividends and excludes management fees, transaction costs and expenses. You cannot invest directly in an index.

Performance Summary

WisdomTree Total Dividend Fund

WisdomTree Total Dividend Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Dividend Index.

The WisdomTree Total Dividend Fund (DTD) returned 16.84% at NAV, since its inception on 6/16/2006 (for more complete performance information, please see below). Financials contributed most significantly to this performance; the sector comprised on average 33.48% of the Fund and returned 13.32% over the period. AT&T Inc. was the top contributor to performance for the period. Information Technology was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

WisdomTree Domestic Dividend Funds 9

Performance Summary

WisdomTree Dividend Top 100 Fund

WisdomTree Dividend Top 100 Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Dividend Top 100 Index.

The WisdomTree Dividend Top 100 Fund (DTN) returned 20.99% at NAV, since its inception on 6/16/2006 (for more complete performance information, please see below). Financials contributed most significantly to this performance; the sector comprised on average 35.36% of the Fund and returned 16.47% over the period. Southern Copper Corp. was the top contributor to performance for the period. Industrials was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, such as brokerage commissions on purchases and sales of your Fund shares and (2) ongoing Fund costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2006 to March 31, 2007.

Actual expenses

The first line under each Fund in the table below provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/06 to 3/31/07" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table below provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

- (1) Commencement of investment operations.
- (2) Based on average shares outstanding.
- (3) Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment advisor (Note 3).
- (4) Annualized.
- (5) Portfolio turnover rate is not annualized and excludes the value of portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares.

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2007, the Trust offered 36 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds commenced operations on June 16, 2006, with the exception of the international dividend sector funds and domestic

Edgar Filing: WisdomTree Trust - Form N-CSR

earnings funds that commenced operations on October 13, 2006 and February 23, 2007, respectively.

These financial statements relate only to the WisdomTree Dividend Top 100 Fund ("Dividend Top 100 Fund"), WisdomTree High-Yielding Equity Fund ("High-Yielding Equity Fund"), WisdomTree LargeCap Dividend Fund ("LargeCap Dividend Fund"), WisdomTree MidCap Dividend Fund ("MidCap Dividend Fund"), WisdomTree SmallCap Dividend Fund ("SmallCap Dividend Fund"), and WisdomTree Total Dividend Fund ("Total Dividend Fund"), together the "Domestic Dividend Funds."

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("Wisdom Tree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", and "Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Investment Income - Dividend income is recognized on the ex-dividend date. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

Edgar Filing: WisdomTree Trust - Form N-CSR

(d) Expenses/Reimbursements - WisdomTree Asset Management ("WTA") has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements

60 WisdomTree Domestic Dividend Funds

Notes to Financial Statements (continued)

in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTA. Pursuant to a separate contractual arrangement WTA has agreed to pay the expenses described in (iii), (iv) and (v) through July 31, 2007.

(e) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(f) Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified

Edgar Filing: WisdomTree Trust - Form N-CSR

within the components of net assets based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

(g) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES AND TRANSACTIONS

Adviser Fees - WTA provides investment management services to each Fund pursuant to an Investment Advisory Agreement between the Trust and WTA. As compensation for services rendered, facilities furnished, and expenses borne by WTA, each Fund pays WTA a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund.

Fund	Fee Rate
Total Dividend Fund	0.28%
High-Yielding Equity Fund	0.38
LargeCap Dividend Fund	0.28
Dividend Top 100 Fund	0.38
MidCap Dividend Fund	0.38
SmallCap Dividend Fund	0.38

For the period ended March 31, 2007, the advisory expense reimbursements were as follows:

Fund	Advisory Expense Reimbursements
Total Dividend Fund	\$14,096
High-Yielding Equity Fund	13,952
LargeCap Dividend Fund	14,054
Dividend Top 100 Fund	13,930

Edgar Filing: WisdomTree Trust - Form N-CSR

MidCap Dividend Fund	14,021
SmallCap Dividend Fund	14,200

Each Fund may purchase shares of an affiliated exchange traded fund(s) in secondary market transactions. For the period ending March 31, 2007, the following affiliated transactions occurred:

Fund	Correlated Investment	Purchases	Sales Proceeds	Interest Inc
Total Dividend Fund	LargeCap Dividend Fund	\$ 39,088	\$ 39,829	\$--
High-Yielding Equity Fund	Dividend Top 100 Fund	152,281	154,975	--

MidCap Dividend Fund	Total Dividend Fund	223,061	228,753	--
SmallCap Dividend Fund	Total Dividend Fund	22,205	22,663	--

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2007, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

Notes to Financial Statements (concluded)

These differences are primarily due to redemptions-in-kind and the tax treatment of income earned from investments in partnerships.

7. NEW ACCOUNTING PRONOUNCEMENTS

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing a fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. On December 22, 2006, the Securities and Exchange Commission notified the industry that the implementation of FIN 48 must be incorporated no later than the last day on which a NAV is calculated preceding a fund's 2007 semi-annual report (i.e. September 28, 2007 for the funds). At this time, management is evaluating the implications of FIN 48 and its impact on the financial statements has not yet been determined.

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007. At this time, management is evaluating the implications of FAS 157 and its impact in the financial statements has not yet been determined.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree Total Dividend Fund, WisdomTree High-Yielding Equity Fund, WisdomTree LargeCap Dividend Fund, WisdomTree Dividend Top 100 Fund, WisdomTree MidCap Dividend Fund and WisdomTree SmallCap Dividend Fund (six of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2007, and the related statements of operations and changes in net assets and financial highlights for the period June 16, 2006 (commencement of investment operations) through March 31, 2007. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial

Edgar Filing: WisdomTree Trust - Form N-CSR

statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2007, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree Total Dividend Fund, WisdomTree High-Yielding Equity Fund, WisdomTree LargeCap Dividend Fund, WisdomTree Dividend Top 100 Fund, WisdomTree MidCap Dividend Fund and WisdomTree SmallCap Dividend Fund of WisdomTree Trust at March 31, 2007, the results of their operations, the changes in their net assets and the financial highlights for the period June 16, 2006 (commencement of investment operations) through March 31, 2007, in conformity with U.S. generally accepted accounting principles.

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve the Trust's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement (the "Advisory Agreement"). At meetings held on February 21, 2006 and May 25, 2006, the Board of Trustees, including a majority of the Independent Trustees, approved the Investment Advisory Agreement with WisdomTree Asset Management ("WTA") with respect to the Funds. In approving the Advisory Agreement with WTA, the Board reviewed and analyzed the factors it deemed relevant, including: (1) the nature, quality and extent of the services to be provided to the Funds by WTA; (2) WTA's personnel and operations; (3) WTA's financial condition; (4) the level and method of

Edgar Filing: WisdomTree Trust - Form N-CSR

computing each Fund's advisory fee; (5) the possibility of "fall-out" benefits to WTA and its affiliates (i.e., ancillary benefits that may be realized by WTA or its affiliates from WTA's relationship with the Funds); (6) the anticipated effect of growth and size on each Fund's performance and expenses; and (7) possible conflicts of interest.

The Board also considered the nature and quality of the services to be provided by WTA to the Funds, recognizing WTA's operational capabilities and resources. The Board also noted the extensive responsibilities that WTA has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTA, the Board concluded that the level of the fees paid to WTA with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using the same criteria it used for WTA. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board also evaluated the performance of comparable funds managed by BNYIA in comparison to a peer group, and the expertise and performance of the BNYIA personnel. The Board also noted that The Bank of New York ("BNY"), an affiliate of BNYIA, was proposed to serve as the Funds' administrator, accountant, custodian and transfer agent and will receive compensation for acting in these capacities and will be responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodying Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTA, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTA and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each

Edgar Filing: WisdomTree Trust - Form N-CSR

Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Investors should consider the investment objectives, risks, charges and expenses of the funds carefully before investing. A prospectus, containing this and other information, is available at wisdomtree.com, or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you can not invest directly in an index.

In addition to the normal risks associated with investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Funds focusing on a single country, sector, and/or funds that emphasize investments in smaller companies may experience greater price volatility. Transactions in fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the funds only in large amounts of 50,000 shares or more.

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report to you highlights for the funds of the WisdomTree Trust for the fiscal year ended March 31, 2007. The Trust's initial year of operations was marked by several milestones and industry firsts.

In less than a year, WisdomTree launched 36 exchange traded funds (ETFs) and quickly established itself as a market leader, with the broadest menu of fundamentally weighted ETFs issued in the U.S. WisdomTree believes that fundamentally weighted index funds, where initial index weights are anchored to a measure of fundamental value, such as earnings or dividends, have the potential to overcome what WisdomTree believes is an inherent flaw of market capitalization-weighted index funds: their tendency to overweight overvalued stocks, overvalued sectors and overvalued regions of the world. The historic launch of 20 ETFs on a single day in June of 2006 was a testament to WisdomTree's conviction in this idea. The June listing gave U.S. investors the opportunity, for the first time, to invest in dividend-weighted portfolios throughout the developed world. WisdomTree's international small cap and international high-yielding offerings were the first of their kind. In October of 2006, WisdomTree pioneered another industry first by launching ten pure international sector ETFs. These are derived from the WisdomTree DEFA Index, which measures the performance of dividend-paying companies in the developed world outside the U.S. and Canada. In February of 2007, WisdomTree unveiled six

Edgar Filing: WisdomTree Trust - Form N-CSR

new domestic earnings-based ETFs to complement its existing domestic dividend family. Although weighting indexes by fundamental factors is not a new concept, it was commercialized nearly two decades ago, WisdomTree's application of the idea in the ETF format broke new ground. By March 31, 2007, assets under management in the WisdomTree Trust stood at approximately \$3 billion, up from \$1.5 billion at the end of 2006. Moreover, in the first quarter of 2007, WisdomTree took in approximately 13% of the net inflows into the U.S. ETF industry, according to an April 2007 Morgan Stanley report.

Just as our products have found quick acceptance in the market, WisdomTree's unique perspective is also changing the way advisors, fiduciaries and self-directed investors view indexing. WisdomTree is engaged in a pivotal debate that could redefine the direction of equity index investing, a debate which pivots on a key question: do fundamentally weighted index funds better serve investors than market capitalization-weighted index funds? In the years to come, fund performance data included in these reports will provide some of the real-time results necessary to help resolve this debate.

In the interim, WisdomTree is committed to leading the fundamentally weighted index category, giving equity investors a fundamental choice in every major region where they currently use a market capitalization-weighted index fund. We have resolved to do so through competitively priced ETFs designed to provide the transparency, liquidity and tax advantages that have made exchange traded funds so popular.

Although launching any new enterprise is never easy, our work has been aided by the conviction that we are serving investors and by the confidence you have shown in us. Thank you for your continued support.

Best Regards,

/s/ Jonathan Steinberg

WisdomTree Domestic Earnings Funds 1

Management's Discussion of Funds' Performance

The six domestic earnings-based ETFs introduced by the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in all major market capitalization segments of the U.S. equity market. The six ETFs discussed in this report track specific indexes that are derived from the WisdomTree Earnings Index, which measures the performance of generally profitable companies in the United States. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's earnings-based ETFs are designed to track indexes that are weighted based on the earnings that companies produce. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable benchmark index.

WisdomTree's earnings-based ETFs were launched on February 23, 2007, just a few

Edgar Filing: WisdomTree Trust - Form N-CSR

days before equity markets around the world were jolted by a precipitous drop in the Chinese stock market. Over the few remaining weeks of the fiscal year ended March 31, 2007, two of the six WisdomTree earnings-based funds outperformed their comparable market capitalization-weighted benchmark.

The broadest WisdomTree domestic earnings-based ETF, the WisdomTree Total Earnings Fund (EXT), had a cumulative total return of negative 1.79% from its inception on February 23, 2007 to March 31, 2007. EXT outperformed the Russell 3000 Index* by 0.30 percentage points over this time period. The best performing size segment of the WisdomTree Earnings Index for this period was the large-cap segment. The WisdomTree Earnings 500 Fund (EPS) lost 1.67% for the period, versus a 1.92% decline for the S&P 500 Index* over the same period. The worst-performing size segment for the earnings-based family over this period was the WisdomTree SmallCap Earnings Fund (EES). EES lost 3.92% of its value since its inception on February 23, 2007 through March 31, 2007, compared to a 2.98% decline in the Russell 2000 Index*.

The WisdomTree MidCap Earnings Fund (EZM) declined by 2.37% since its inception through March 31, 2007, underperforming the S&P MidCap 400 Index* by 0.29 percentage points over this period. Both the WisdomTree Low P/E Fund (EZY) and the WisdomTree Earnings Top 100 Fund (EEZ) lagged the Russell 1000 Value Index*, which declined by 1.29% over this period. EZY lost 1.69% of its value, underperforming the Russell 1000 Value Index by 0.4 percentage points; EEZ lost 1.39% of its value, underperforming the Russell 1000 Value Index by 0.1 percentage point for the period ended March 31, 2007.

The views expressed in this report reflect those of the portfolio managers only through the end of the period of the report as stated on the cover. The portfolio managers' views are subject to change at any time based on market and other conditions and should not be construed as a recommendation. Past performance is no guarantee of future results.

Fund returns are shown at NAV. Please see Performance Summaries on the subsequent pages for more complete performance information.

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. Performance Summary

WisdomTree Total Earnings Fund

WisdomTree Total Earnings Fund seeks investment results that correspond to the price and yield performance, before fees and expenses, of the WisdomTree Earnings Index.

The WisdomTree Total Earnings Fund (EXT) returned -1.79% at NAV, since its inception on 2/23/2007 (for more complete performance information, please see below). Energy contributed most significantly to this performance; the sector comprised on average 14.09% of the Fund and returned 2.68% over the period. Chevron Corp. was the top contributor to performance for the period. Financials was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Performance Summary

WisdomTree MidCap Earnings Fund

WisdomTree MidCap Earnings Fund seeks investment results that correspond to the price and yield performance, before fees and expenses, of the WisdomTree MidCap Earnings Index.

The WisdomTree MidCap Earnings Fund (EZM) returned -2.37% at NAV, since its inception on 2/23/2007 (for more complete performance information, please see below). Energy contributed most significantly to this performance; the sector comprised on average 8.54% of the Fund and returned 3.44% over the period. ImClone Systems Inc. was the top contributor to performance for the period. Financials was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total

Edgar Filing: WisdomTree Trust - Form N-CSR

assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following Example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from February 23, 2007* to March 31, 2007.

Actual expenses

Edgar Filing: WisdomTree Trust - Form N-CSR

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 2/23/07* to 3/31/07" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2007, the Trust offered 36 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds commenced operations on June 16, 2006, with the exception of the international dividend sector funds and domestic earnings funds that commenced operations on October 13, 2006 and February 23, 2007, respectively.

These financial statements relate only to the WisdomTree Total Earnings Fund ("Total Earnings Fund"), WisdomTree Earnings 500 Fund ("Earnings 500 Fund"), WisdomTree MidCap Earnings Fund ("MidCap Earnings Fund"), WisdomTree SmallCap Earnings Fund ("SmallCap Earnings Fund"), WisdomTree Earnings Top 100 Fund ("Earnings Top 100 Fund"), and WisdomTree Low P/E Fund ("Low P/E Fund"), together the "Domestic Earnings Funds".

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("WisdomTree Investments"). Each Index consists of equity securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. The securities in each Index are weighted based on earnings or earnings yield. "WisdomTree" and "WisdomTree Investments" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds. In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and

Edgar Filing: WisdomTree Trust - Form N-CSR

losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Investment Income - Dividend income is recognized on the ex-dividend date. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

(d) Expenses/Reimbursements - WisdomTree Asset Management ("WTA") has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements

Notes to Financial Statements (continued)

in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTA. Pursuant to a separate contractual arrangement WTA has agreed to pay the expenses described in (iii), (iv) and (v) through July 31, 2007.

(e) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds would be disclosed on the Statements of Operations. However, there was no securities lending for the period ended March 31, 2007.

(f) Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust

Edgar Filing: WisdomTree Trust - Form N-CSR

reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

(g) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES AND TRANSACTIONS

Adviser Fees - WTA provides investment management services to each Fund pursuant to an Investment Advisory Agreement between the Trust and WTA. As compensation for services rendered, facilities furnished, and expenses borne by WTA, each Fund pays WTA a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund.

Fund	Fee Rate
Total Earnings Fund	0.28%
Earnings 500 Fund	0.28
MidCap Earnings Fund	0.38
SmallCap Earnings Fund	0.38
Earnings Top 100 Fund	0.38
Low P/E Fund	0.38

For the period ended March 31, 2007, the advisory expense reimbursements were as follows:

Advisory Expense

Edgar Filing: WisdomTree Trust - Form N-CSR

Fund	Reimbursements
Total Earnings Fund	\$1,750
Earnings 500 Fund	1,750
MidCap Earnings Fund	1,750
SmallCap Earnings Fund	1,750
Earnings Top 100 Fund	1,750
Low P/E Fund	1,750

Each Fund may purchase shares of an affiliated exchange traded fund(s) in secondary market transactions. For the period ending March 31, 2007, there were no affiliated transactions.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2007, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

5. INVESTMENT PORTFOLIO TRANSACTIONS

Purchases and sales of investments (excluding in-kind purchases and redemptions and short-term investments) for the period ended March 31, 2007 were as follows:

Fund	Purchases	Sales
Total Earnings Fund	\$333,755	\$333,510
Earnings 500 Fund	348,122	156,442

7. NEW ACCOUNTING PRONOUNCEMENTS

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing a fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. On December 22, 2006, the Securities and Exchange Commission notified the industry that the implementation of FIN 48 must be incorporated no later than the last day on which a NAV is calculated preceding a fund's 2007 semi-annual report (i.e. September 28, 2007 for the funds). At this time, management is evaluating the implications of FIN 48 and its impact on the financial statements has not yet been determined.

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007. At this time, management is evaluating the implications of FAS 157 and its impact in the financial statements has not yet been determined.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree Total Earnings Fund, WisdomTree Earnings 500 Fund, WisdomTree MidCap Earnings Fund, WisdomTree SmallCap Earnings Fund, WisdomTree Earnings Top 100 Fund and WisdomTree Low P/E Fund (six of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2007, and the related statements of operations and changes in net assets and financial highlights for the period February 23, 2007 (commencement of investment operations) through March 31, 2007. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting.

Edgar Filing: WisdomTree Trust - Form N-CSR

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2007, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree Total Earnings Fund, WisdomTree Earnings 500 Fund, WisdomTree MidCap Earnings Fund, WisdomTree SmallCap Earnings Fund, WisdomTree Earnings Top 100 Fund and WisdomTree Low P/E Fund of WisdomTree Trust at March 31, 2007, the results of their operations, the changes in their net assets and the financial highlights for the period February 23, 2007 (commencement of investment operations) through March 31, 2007, in conformity with U.S. generally accepted accounting principles.

WisdomTree Domestic Earnings Funds 75

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve the Trust's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement (the "Advisory Agreement"). At a meeting held on December 4, 2006, the Board of Trustees, including a majority of the Independent Trustees, approved the Investment Advisory Agreement with WisdomTree Asset Management ("WTA") with respect to the Funds. In approving the Advisory Agreement with WTA, the Board reviewed and analyzed the factors it deemed relevant, including: (1) the nature, quality and extent of the services to be provided to the Funds by WTA; (2) WTA's personnel and operations; (3) WTA's financial condition; (4) the level and method of computing each Fund's advisory fee; (5) the possibility of "fall-out" benefits to WTA and its affiliates (i.e., ancillary benefits that may be realized by WTA or its affiliates from WTA's relationship with the Funds); (6) the anticipated effect of growth and size on each Fund's performance and expenses; and (7) possible conflicts of interest.

Edgar Filing: WisdomTree Trust - Form N-CSR

The Board also considered the nature and quality of the services to be provided by WTA to the Funds, recognizing WTA's operational capabilities and resources. The Board also noted the extensive responsibilities that WTA has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTA, the Board concluded that the level of the fees paid to WTA with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using the same criteria it used for WTA. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board also evaluated the performance of comparable funds managed by BNYIA in comparison to a peer group, and the expertise and performance of the BNYIA personnel. The Board also noted that The Bank of New York ("BNY"), an affiliate of BNYIA, was proposed to serve as the Funds' administrator, accountant, custodian and transfer agent and will receive compensation for acting in these capacities and will be responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodying Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTA, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTA and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the

Edgar Filing: WisdomTree Trust - Form N-CSR

market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report to you highlights for the funds of the WisdomTree Trust for the fiscal year ended March 31, 2007. The Trust's initial year of operations was marked by several milestones and industry firsts.

In less than a year, WisdomTree launched 36 exchange traded funds (ETFs) and quickly established itself as a market leader, with the broadest menu of fundamentally weighted ETFs issued in the U.S. WisdomTree believes that fundamentally weighted index funds, where initial index weights are anchored to a measure of fundamental value, such as earnings or dividends, have the potential to overcome what WisdomTree believes is an inherent flaw of market capitalization-weighted index funds: their tendency to overweight overvalued stocks, overvalued sectors and overvalued regions of the world. The historic launch of 20 ETFs on a single day in June of 2006 was a testament to WisdomTree's conviction in this idea. The June listing gave U.S. investors the opportunity, for the first time, to invest in dividend-weighted portfolios throughout the developed world. WisdomTree's international small cap and international high-yielding offerings were the first of their kind. In October of 2006, WisdomTree pioneered another industry first by launching ten pure international sector ETFs. These are derived from the WisdomTree DEFA Index, which measures the performance of dividend-paying companies in the developed world outside the U.S. and Canada. In February of 2007, WisdomTree unveiled six new domestic earnings-based ETFs to complement its existing domestic dividend

Edgar Filing: WisdomTree Trust - Form N-CSR

family. Although weighting indexes by fundamental factors is not a new concept, it was commercialized nearly two decades ago, WisdomTree's application of the idea in the ETF format broke new ground. By March 31, 2007, assets under management in the WisdomTree Trust stood at approximately \$3 billion, up from \$1.5 billion at the end of 2006. Moreover, in the first quarter of 2007, WisdomTree took in approximately 13% of the net inflows into the U.S. ETF industry, according to an April 2007 Morgan Stanley report.

Just as our products have found quick acceptance in the market, WisdomTree's unique perspective is also changing the way advisors, fiduciaries and self-directed investors view indexing. WisdomTree is engaged in a pivotal debate that could redefine the direction of equity index investing, a debate which pivots on a key question: do fundamentally weighted index funds better serve investors than market capitalization-weighted index funds? In the years to come, fund performance data included in these reports will provide some of the real-time results necessary to help resolve this debate.

In the interim, WisdomTree is committed to leading the fundamentally weighted index category, giving equity investors a fundamental choice in every major region where they currently use a market capitalization-weighted index fund. We have resolved to do so through competitively priced ETFs designed to provide the transparency, liquidity and tax advantages that have made exchange traded funds so popular.

Although launching any new enterprise is never easy, our work has been aided by the conviction that we are serving investors and by the confidence you have shown in us. Thank you for your continued support.

Best Regards,

/s/ Jonathan Steinberg

WisdomTree International Dividend Funds 1

Management's Discussion of Funds' Performance

Solid economic growth, low inflation, strong profit gains, combined with high levels of merger and acquisition activity and abundant liquidity, fueled financial markets around the globe in the fiscal year ended March 31, 2007. Since the inception of the WisdomTree Funds, Europe showed surprisingly healthy growth, with Germany leading the way. Japan also showed renewed vigor, breaking out of a prolonged period of sub-par economic performance. Economic growth in many regions accelerated even as the pace of expansion in the U.S. slowed. As a result, inflows into internationally-based funds have continued to grow as U.S. investors looked for increased exposure to overseas markets. Moreover, continued weakness in the dollar has reinforced the appeal of investing abroad among dollar-based investors.

Edgar Filing: WisdomTree Trust - Form N-CSR

WisdomTree's broad-based international ETFs benefited from this environment, with many of the WisdomTree Funds generating solid, double-digit returns since their inception. For example, in the fiscal year that ended March 31, 2007, the WisdomTree DEFA Fund (DWM), a broad-based ETF consisting of dividend-paying companies outside the United States and Canada, returned 28.94% since the inception of the fund on June 16, 2006. This was 3.5 percentage points higher than the total return generated over the same time period by the MSCI EAFE Index*, a market capitalization-weighted index that measures the performance of stocks in the developed world outside of the U.S. and Canada. The performance of WisdomTree's broad-based international ETFs was aided by appreciation in the British pound, the Australian dollar and the euro, all of which increased in value relative to the U.S. dollar for the period ended March 31, 2007.

In all, 11 of the first 14 international funds introduced by WisdomTree in June of 2006 outperformed their comparable market capitalization-weighted benchmark through the fiscal year ended March 31, 2007. The best performing region of the developed world for this period was the Pacific Region, excluding Japan. In this part of the world, WisdomTree's Pacific ex-Japan Total Dividend Fund (DND) returned 36.80% from inception of the Fund through March 31, 2007, approximately 2.7 percentage points higher than the total return generated by the capitalization-weighted MSCI Pacific ex-Japan Index over the same period*. International small-cap stocks exhibited the highest returns for any size segment of the industrialized world. The WisdomTree International SmallCap Dividend Fund (DLS) returned 35.21% since inception, outpacing the MSCI EAFE SmallCap Index by more than 11 percentage points for the period ended March 31, 2007*.

The WisdomTree Europe SmallCap Dividend Fund recorded the best absolute performance, returning 40.14% since inception, 2.6 percentage points higher than the MSCI Europe SmallCap Index over the same time period. The lowest returns for the period occurred in the small company segment of the Japanese stock market. WisdomTree's Japan SmallCap Dividend Fund (JSC) returned 3.34% since inception through March 31, 2007, approximately 4 percentage points higher than the MSCI Japan SmallCap Index for the same period. Although WisdomTree's Europe Total Dividend Fund (DEB) and Europe High-Yielding Equity Fund (DEW) both generated returns that exceeded 27% since inception, both ETFs lagged their comparable MSCI benchmarks for the period, by 1.2 percentage points and 1.5 percentage points, respectively. This marked the worst relative performance for any of WisdomTree's non-sector international funds for the period that ended March 31, 2007.

The views expressed in this report reflect those of the portfolio managers only through the end of the period of the report as started on the cover. The portfolio managers' views are subject to change at any time based on market and other conditions and should not be construed as a recommendation. Performance Summary

WisdomTree DEFA Fund

WisdomTree Dividend Index of Europe, Far East Asia and Australasia (DEFA) Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Dividend Index of Europe, Far East Asia and Australasia Index (WisdomTree DEFA Index).

The WisdomTree DEFA Fund (DWM) returned 28.94% at NAV, since its inception on 6/16/2006 (for more complete performance information, please see below). Financials contributed most significantly to this performance; the sector comprised on average 33.79% of the Fund and returned 29.76% over the period.

Edgar Filing: WisdomTree Trust - Form N-CSR

DaimlerChrysler AG was the top contributor to performance for the period. Information Technology was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Performance Summary

WisdomTree DEFA High-Yielding Equity Fund

WisdomTree DEFA High-Yielding Equity Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree DEFA High-Yielding Equity Index.

The WisdomTree DEFA High-Yielding Equity Fund (DTH) returned 28.41% at NAV, since its inception on 6/16/2006 (for more complete performance information, please see below). Financials contributed most significantly to this performance; the sector comprised on average 42.95% of the Fund and returned 29.97% over the period. ABN AMRO Holdings N.V. was the top contributor to performance for the period. Information Technology was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Performance Summary

WisdomTree Japan High-Yielding Equity Fund

Edgar Filing: WisdomTree Trust - Form N-CSR

WisdomTree Japan High-Yielding Equity Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Japan High-Yielding Equity Index.

The WisdomTree Japan High-Yielding Equity Fund (DNL) returned 19.22% at NAV, since its inception on 6/16/2006 (for more complete performance information, please see below). Utilities contributed most significantly to this performance; the sector comprised on average 17.08% of the Fund and returned 28.17% over the period. Toyota Motor Corp. was the top contributor to performance for the period. Financials was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Edgar Filing: WisdomTree Trust - Form N-CSR

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

Edgar Filing: WisdomTree Trust - Form N-CSR

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2006 to March 31, 2007.

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/06 to 3/31/07" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

WisdomTree International Dividend Funds 109

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2007, the Trust offered 36 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds commenced operations on June 16, 2006, with the exception of the international dividend sector funds and domestic earnings funds that commenced operations on October 13, 2006 and February 23, 2007, respectively.

These financial statements relate only to the WisdomTree DEFA Fund ("DEFA Fund"), WisdomTree DEFA High-Yielding Equity Fund ("DEFA High-Yielding Equity Fund"), WisdomTree Europe Total Dividend Fund ("Europe Total Dividend Fund"), WisdomTree Europe High-Yielding Equity Fund ("Europe High-Yielding Equity Fund"), WisdomTree Europe SmallCap Dividend Fund ("Europe SmallCap Dividend Fund"), WisdomTree Japan Total Dividend Fund ("Japan Total Dividend Fund"), WisdomTree Japan High-Yielding Equity Fund ("Japan High-Yielding Equity Fund"), WisdomTree Japan SmallCap Dividend Fund ("Japan SmallCap Dividend Fund"), WisdomTree Pacific ex-Japan Total Dividend Fund ("Pacific ex-Japan Total Dividend Fund"), WisdomTree Pacific ex-Japan High-Yielding Equity Fund ("Pacific ex-Japan High-Yielding Equity Fund"), WisdomTree International LargeCap Dividend Fund ("International LargeCap Dividend Fund"), WisdomTree International Dividend Top 100 Fund ("International Dividend Top 100 Fund"), WisdomTree International MidCap Dividend Fund ("International MidCap Dividend Fund"), and WisdomTree International SmallCap Dividend Fund ("International SmallCap Dividend Fund"), together the "International Dividend Funds".

Edgar Filing: WisdomTree Trust - Form N-CSR

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("WisdomTree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", "WisdomTree DEFA", and "International Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation -- The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

Notes to Financial Statements (continued)

(b) Investment Transactions -- Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Foreign Currency Translation -- The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities

Edgar Filing: WisdomTree Trust - Form N-CSR

and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser. Realized and unrealized foreign exchange gains or losses on investments are included as a component of net realized and unrealized gain or loss on foreign currency transactions in the Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in or are a reduction of ordinary income in accordance with U.S. Federal income tax regulations.

(d) Investment Income -- Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

(e) Expenses/Reimbursements -- WisdomTree Asset Management, Inc. ("WTA") has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTA. Pursuant to a separate contractual arrangement WTA has agreed to pay the expenses described in (iii), (iv) and (v) through July 31, 2007.

(f) Security Lending -- Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(g) Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed

Edgar Filing: WisdomTree Trust - Form N-CSR

income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the

WisdomTree International Dividend Funds 111

Notes to Financial Statements (continued)

extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

(h) Short-Term Investments -- Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES AND TRANSACTIONS

Adviser Fees -- WTA provides investment management services to each Fund pursuant to an Investment Advisory Agreement between the Trust and WTA. As compensation for services rendered, facilities furnished, and expenses borne by WTA, each Fund pays WTA a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2007, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in capital shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consist of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities involved in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

7. NEW ACCOUNTING PRONOUNCEMENTS

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing a fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. On December 22, 2006, the Securities and Exchange Commission notified the industry that the implementation of Fin 48 must be incorporated no later than the last day on which a NAV is calculated preceding a fund's 2007 semi-annual report (i.e. September 28, 2007 for the funds). At this time, management is evaluating the implications of FIN 48 and its impact on the financial statements has not yet been determined.

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007. At this time, management is evaluating the implications of FAS 157 and its impact in the financial statements has not yet been determined.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree DEFA Fund, WisdomTree DEFA High-Yielding Equity Fund, WisdomTree Europe Total Dividend Fund, WisdomTree Europe High-Yielding Equity Fund, WisdomTree Europe SmallCap Dividend Fund, WisdomTree Japan Total Dividend Fund, WisdomTree Japan High-Yielding Equity Fund, WisdomTree Japan SmallCap Dividend Fund, WisdomTree Pacific ex-Japan Total Dividend Fund, WisdomTree Pacific ex-Japan High-Yielding Equity Fund, WisdomTree International LargeCap Dividend Fund, WisdomTree International Dividend Top 100 Fund, WisdomTree International MidCap Dividend Fund and WisdomTree International SmallCap Dividend Fund (fourteen of the investment funds constituting the WisdomTree Trust (the Trust)) as of March 31, 2007, and the related statements of operations and changes in net assets and financial highlights for the period June 16, 2006 (commencement of investment operations) through March 31, 2007. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2007, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree DEFA Fund, WisdomTree DEFA High-Yielding Equity Fund, WisdomTree Europe Total Dividend Fund, WisdomTree Europe High-Yielding Equity Fund, WisdomTree Europe SmallCap Dividend Fund, WisdomTree Japan Total Dividend Fund, WisdomTree Japan High-Yielding Equity Fund, WisdomTree Japan SmallCap Dividend Fund, WisdomTree Pacific ex-Japan Total Dividend Fund, WisdomTree Pacific ex-Japan High-Yielding Equity Fund, WisdomTree International LargeCap Dividend Fund, WisdomTree International Dividend Top 100 Fund, WisdomTree International MidCap Dividend Fund and WisdomTree International SmallCap Dividend Fund of WisdomTree Trust at March 31, 2007, the results of their operations, the changes in their net assets and the financial highlights for the period June 16, 2006 (commencement of investment operations) through March 31, 2007, in conformity with U.S. generally accepted accounting principles.

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve the Trust's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement (the "Advisory Agreement"). At meetings held on February 21, 2006, May 3, 2006 and May 25, 2006, the Board of Trustees, including a majority of the Independent Trustees, approved the Investment Advisory Agreement with WisdomTree Asset Management ("WTA") with respect to the Funds. In approving the Advisory Agreement with WTA, the Board reviewed and analyzed the factors it deemed relevant, including: (1) the nature, quality and extent of the services to be provided to the Funds by WTA; (2) WTA's personnel and operations; (3) WTA's financial condition; (4) the level and method of computing each Fund's advisory fee; (5) the possibility of "fall-out" benefits to WTA and its affiliates (i.e., ancillary benefits that may be realized by WTA or its affiliates from WTA's relationship with the Funds); (6) the anticipated effect of growth and size on each Fund's performance and expenses; and (7) possible conflicts of interest.

The Board also considered the nature and quality of the services to be provided by WTA to the Funds, recognizing WTA's operational capabilities and resources. The Board also noted the extensive responsibilities that WTA has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTA, the Board concluded that the level of the fees paid to WTA with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using the same criteria it used for WTA. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board also evaluated the performance of comparable funds managed by BNYIA in comparison to a peer group, and the expertise and performance of the BNYIA

Edgar Filing: WisdomTree Trust - Form N-CSR

personnel. The Board also noted that The Bank of New York ("BNY"), an affiliate of BNYIA, was proposed to serve as the Funds' administrator, accountant, custodian and transfer agent and will receive compensation for acting in these capacities and will be responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodying Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTA, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTA and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Differences between the closing times of U.S. and non-U.S. markets may contribute to differences between the NAV and market price of Fund shares. Many non-U.S. markets close prior to the close of the U.S. securities exchanges. Developments after the close of such markets as a result of ongoing price discovery may be reflected in a Fund's market price but not in its NAV (or vice versa).

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report to you highlights for the funds of the WisdomTree Trust for the fiscal year ended March 31, 2007. The Trust's initial year of operations was marked by several milestones and industry firsts.

In less than a year, WisdomTree launched 36 exchange traded funds (ETFs) and quickly established itself as a market leader, with the broadest menu of fundamentally weighted ETFs issued in the U.S. WisdomTree believes that fundamentally weighted index funds, where initial index weights are anchored to a measure of fundamental value, such as earnings or dividends, have the potential to overcome what WisdomTree believes is an inherent flaw of market capitalization-weighted index funds: their tendency to overweight overvalued stocks, overvalued sectors and overvalued regions of the world. The historic launch of 20 ETFs on a single day in June of 2006 was a testament to WisdomTree's conviction in this idea. The June listing gave U.S. investors the opportunity, for the first time, to invest in dividend-weighted portfolios throughout the developed world. WisdomTree's international small cap and international high-yielding offerings were the first of their kind. In October of 2006, WisdomTree pioneered another industry first by launching ten pure international sector ETFs. These are derived from the WisdomTree DEFA Index, which measures the performance of dividend-paying companies in the developed world outside the U.S. and Canada. In February of 2007, WisdomTree unveiled six new domestic earnings-based ETFs to complement its existing domestic dividend family. Although weighting indexes by fundamental factors is not a new concept, it was commercialized nearly two decades ago, WisdomTree's application of the idea in the ETF format broke new ground. By March 31, 2007, assets under management in the WisdomTree Trust stood at approximately \$3 billion, up from

Edgar Filing: WisdomTree Trust - Form N-CSR

\$1.5 billion at the end of 2006. Moreover, in the first quarter of 2007, WisdomTree took in approximately 13% of the net inflows into the U.S. ETF industry, according to an April 2007 Morgan Stanley report.

Just as our products have found quick acceptance in the market, WisdomTree's unique perspective is also changing the way advisors, fiduciaries and self-directed investors view indexing. WisdomTree is engaged in a pivotal debate that could redefine the direction of equity index investing, a debate which pivots on a key question: do fundamentally weighted index funds better serve investors than market capitalization-weighted index funds? In the years to come, fund performance data included in these reports will provide some of the real-time results necessary to help resolve this debate.

In the interim, WisdomTree is committed to leading the fundamentally weighted index category, giving equity investors a fundamental choice in every major region where they currently use a market capitalization-weighted index fund. We have resolved to do so through competitively priced ETFs designed to provide the transparency, liquidity and tax advantages that have made exchange traded funds so popular.

Although launching any new enterprise is never easy, our work has been aided by the conviction that we are serving investors and by the confidence you have shown in us. Thank you for your continued support.

Best Regards,

/s/ Jonathan Steinberg

WisdomTree International Dividend Sector Funds 1

Management's Discussion of Funds' Performance

The 10 international sector ETFs introduced by the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in major economic sectors of the industrialized world outside of the U.S. equity market. All of the WisdomTree international sector ETFs track specific indexes that are derived from the WisdomTree Dividend Index of Europe, Far East Asia and Australasia (WisdomTree DEFA). The WisdomTree DEFA Index measures the performance of dividend-paying companies in developed countries outside of the United States and Canada. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's international sector ETFs are designed to track indexes that are weighted based on the dividends that companies pay. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable benchmark index.

Solid economic growth, low inflation, strong profit gains, combined with high levels of merger and acquisition activity and abundant liquidity, fueled financial markets around the globe in the fiscal year that ended March 31, 2007. Since the inception of the WisdomTree international sector Funds in October

Edgar Filing: WisdomTree Trust - Form N-CSR

2006, Europe has sustained surprisingly healthy growth, with Germany leading the way. Japan also showed renewed vigor, breaking out of a prolonged period of sub-par economic performance. Economic growth in many regions accelerated even as the pace of expansion in the U.S. slowed. As a result, inflows into internationally-based funds have continued to grow as U.S. investors looked for increased exposure to overseas markets. Moreover, continued weakness in the dollar has reinforced the appeal of investing abroad among dollar-based investors.

WisdomTree's international sector ETFs benefited from this environment, with eight of the ten WisdomTree international sector Funds generating solid, double-digit returns since their inception on October 13, 2006. Six of the ten WisdomTree international sector Funds outperformed the MSCI EAFE Index*, which generated a total return of 13.20% from October 13, 2006 to March 31, 2007. The performance of WisdomTree's international sector ETFs was aided by appreciation in the British pound, the Australian dollar and the euro, all of which increased in value relative to the U.S. dollar for the period that ended March 31, 2007.

The WisdomTree International Basic Materials Sector Fund (DBN) generated the highest return of any of WisdomTree's international sector Funds for the period that ended March 31, 2007. DBN returned 25.81% from inception of the Fund through March 31, 2007. The lowest return was recorded by the WisdomTree International Technology Sector Fund (DBT), which gained just 4.51% for the period that ended March 31, 2007.

Management's Discussion of Funds' Performance (concluded)

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. For the most recent month end performance information visit www.wisdomtree.com.

The MSCI EAFE Index is a market capitalization-weighted index composed of companies representative of the developed market structure of 21 developed countries in Europe, Australasia and Japan. Performance information for the MSCI indexes assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot invest directly in an index.

Performance Summary

WisdomTree International Basic Materials Sector Fund

WisdomTree International Basic Materials Sector Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International Basic Materials Sector Index.

The WisdomTree International Basic Materials Sector Fund (DBN) returned 25.81% at NAV, since its inception on 10/13/2006 (for more complete performance information, please see below). Germany contributed most significantly to this performance; companies from this country comprised on average 16.31% of the Fund and returned 34.78% over the period. BASF AG was the top contributor to performance for the period. Denmark was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Performance Summary

WisdomTree International Energy Sector Fund

WisdomTree International Energy Sector Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International Energy Sector Index.

The WisdomTree International Energy Sector Funds (DKA) returned 12.36% at NAV, since its inception on 10/13/2006 (for more complete performance information, please see below). Norway contributed most significantly to this performance; companies from this country comprised on average 8.87% of the Fund and returned 30.12% over the period. Norsk Hydro ASA was the top contributor to performance for the period. Singapore was the biggest detractor to the Fund for the period.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for

The Fund's per share net asset value ("NAV") is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been

Edgar Filing: WisdomTree Trust - Form N-CSR

reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions.

Performance quoted represents past performance and past performance does not guarantee future results. Current performance may be higher or lower than the performance quoted. For the most recent month end performance information visit www.wisdomtree.com. Investment in the Fund poses investment risk including the possible loss of principal. The investment return and principal value of an investment will fluctuate, so that shares, when sold or redeemed, may be worth more or less than their original cost. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period less than one year have not been annualized. Index returns do not reflect expenses paid by the Fund.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. This following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 13, 2006* to March 31, 2007.

Edgar Filing: WisdomTree Trust - Form N-CSR

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/13/06* to 3/31/07" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratios and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

WisdomTree International Dividend Sector Funds 63

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2007, the Trust offered 36 investment funds (each a "Fund", collectively, the "Funds"). Each

Edgar Filing: WisdomTree Trust - Form N-CSR

Fund is considered to be non-diversified. The Funds commenced operations on June 16, 2006, with the exception of the international dividend sector funds and domestic earnings funds that commenced operations on October 13, 2006 and February 23, 2007, respectively.

These financial statements relate only to the WisdomTree International Basic Materials Sector Fund ("International Basic Materials Sector Fund"), WisdomTree International Communications Sector Fund ("International Communications Sector Fund"), WisdomTree International Consumer Cyclical Sector Fund ("International Consumer Cyclical Sector Fund"), WisdomTree International Consumer Non-Cyclical Sector Fund ("International Consumer Non-Cyclical Sector Fund"), WisdomTree International Energy Sector Fund ("International Energy Sector Fund"), WisdomTree International Financial Sector Fund ("International Financial Sector Fund"), WisdomTree International Health Care Sector Fund ("International Health Care Sector Fund"), WisdomTree International Industrial Sector Fund ("International Industrial Sector Fund"), WisdomTree International Technology Sector Fund ("International Technology Sector Fund") and WisdomTree International Utilities Sector Fund ("International Utilities Sector Fund"), together the "International Dividend Sector Funds."

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("Wisdom Tree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", and "WisdomTree DEFA", and "International Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds. In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Assets Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the

Edgar Filing: WisdomTree Trust - Form N-CSR

Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

64 WisdomTree International Dividend Sector Funds

Notes to Financial Statements (continued)

(c) Foreign Currency Translation - The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser. Realized and unrealized foreign exchange gains or losses on investments are included as a component of net realized and unrealized gain or loss on foreign currency transactions in the Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

(d) Investment Income - Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

(e) Expenses/Reimbursements - WisdomTree Asset Management ("WTA") has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTA. Pursuant to a separate contractual arrangement WTA has agreed to pay the expenses described in (iii), (iv) and (v) through July 31, 2007.

(f) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's

Edgar Filing: WisdomTree Trust - Form N-CSR

securities if the borrower defaults.

The securities leading income earned by the Funds is disclosed on the Statements of Operations.

(g) Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

(h) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include

short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES AND TRANSACTIONS

Adviser Fees - WTA provides investment management services to each Fund pursuant to an Investment Advisory Agreement between the Trust and WTA. As compensation for services rendered, facilities furnished, and expenses borne by WTA, each Fund pays WTA a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund.

Fund	Fee Rate
International Basic Materials Sector Fund	0.58%

Edgar Filing: WisdomTree Trust - Form N-CSR

International Communications Sector Fund	0.58
International Consumer Cyclical Sector Fund	0.58
International Consumer Non-Cyclical Sector Fund	0.58

Each Fund may purchase shares of an affiliated exchange traded fund(s) in secondary market transactions. For the period ending March 31, 2007, there were no affiliated transactions.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2007, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in capital shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of securities involved in the relevant Fund's underlying index

Edgar Filing: WisdomTree Trust - Form N-CSR

and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

7. NEW ACCOUNTING PRONOUNCEMENTS

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet a more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. On December 22, 2006, the Securities and Exchange Commission notified the industry that the implementation of FIN 48 must be incorporated no later than the last day on which a NAV is calculated preceding a fund's 2007 semi-annual report (i.e. September 28, 2007 for the funds). At this time, management is evaluating the implications of FIN 48 and its impact to the financial statements has not yet been determined.

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007. At this time, management is evaluating the implications of FAS 157 and its impact in the financial statements has not yet been determined.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree International Basic Materials Sector Fund, WisdomTree International Communications Sector Fund, WisdomTree International Consumer Cyclical Sector Fund, WisdomTree International Consumer Non-Cyclical Sector Fund, WisdomTree International Energy Sector Fund, WisdomTree International Financial Sector Fund, WisdomTree International Health Care Sector Fund, WisdomTree International Industrial Sector Fund, WisdomTree International Technology Sector Fund and WisdomTree International Utilities Sector Fund (ten of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2007, and the related statements of operations and changes in net assets and financial highlights for the period October 13, 2006 (commencement of investment operations) through March 31, 2007. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we

Edgar Filing: WisdomTree Trust - Form N-CSR

plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2007, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree International Basic Materials Sector Fund, WisdomTree International Communications Sector Fund, WisdomTree International Consumer Cyclical Sector Fund, WisdomTree International Consumer Non-Cyclical Sector Fund, WisdomTree International Energy Sector Fund, WisdomTree International Financial Sector Fund, WisdomTree International Health Care Sector Fund, WisdomTree International Industrial Sector Fund, WisdomTree International Technology Sector Fund and WisdomTree International Utilities Sector Fund of WisdomTree Trust at March 31, 2007, the results of their operations, the changes in their net assets and the financial highlights for the period October 13, 2006 (commencement of investment operations) through March 31, 2007, in conformity with U.S. generally accepted accounting principles.

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve the Trust's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement (the "Advisory Agreement").

Edgar Filing: WisdomTree Trust - Form N-CSR

At meetings held on May 3, 2006 and May 25, 2006, the Board of Trustees, including a majority of the Independent Trustees, approved the Investment Advisory Agreement with WisdomTree Asset Management ("WTA") with respect to the Funds. In approving the Advisory Agreement with WTA, the Board reviewed and analyzed the factors it deemed relevant, including: (1) the nature, quality and extent of the services to be provided to the Funds by WTA; (2) WTA's personnel and operations; (3) WTA's financial condition; (4) the level and method of computing each Fund's advisory fee; (5) the possibility of "fall-out" benefits to WTA and its affiliates (i.e., ancillary benefits that may be realized by WTA or its affiliates from WTA's relationship with the Funds); (6) the anticipated effect of growth and size on each Fund's performance and expenses; and (7) possible conflicts of interest.

The Board also considered the nature and quality of the services to be provided by WTA to the Funds, recognizing WTA's operational capabilities and resources. The Board also noted the extensive responsibilities that WTA has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTA, the Board concluded that the level of the fees paid to WTA with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using the same criteria it used for WTA. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board also evaluated the performance of comparable funds managed by BNYIA in comparison to a peer group, and the expertise and performance of the BNYIA personnel. The Board also noted that The Bank of New York ("BNY"), an affiliate of BNYIA, was proposed to serve as the Funds' administrator, accountant, custodian and transfer agent and will receive compensation for acting in these capacities and will be responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodial Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTA, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTA and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Differences between the closing times of U.S. and non-U.S. markets may contribute to differences between the NAV and market price of Fund shares. Many non-U.S. markets close prior to the close of the U.S. securities exchanges. Developments after the close of such markets as a result of ongoing price discovery may be reflected in a Fund's market price but not in its NAV (or vice versa).

The WisdomTree Funds are exchange traded funds ("ETFs") registered with the United States Securities and Exchange Commission ("SEC") as series of WisdomTree Trust ("Trust"). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the WisdomTree Trust. None of the WisdomTree entities are affiliated with ALPS Distributors, Inc., the Funds' distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, or delays, or for any actions taken in reliance on information contained herein.

Investors should consider the investment objectives, risks, charges and expenses of the funds carefully before investing. A prospectus, containing this and other information, is available at wisdomtree.com, or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you can not invest directly in an index.

In addition to the normal risks associated with investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Funds focusing on a single country, sector, and/or funds that emphasize investments in smaller companies may experience greater price volatility. Transactions in fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the funds only in large amounts of 50,000 shares or more.

This is not part of the Annual Report.

WisdomTree Fund shares are distributed by ALPS Distributors, Inc.

Item 2. Code of Ethics.

The Registrant has adopted a code of ethics (the "Code of Ethics") that applies to persons appointed by the Registrant's Board of Trustees as the President and Chief Executive Officer, Chief Financial Officer, Treasurer and/or Chief Accounting Officer, and any persons performing similar functions. For the fiscal year ended March 31, 2007, there were no amendments to any provision of the Code of Ethics. A copy of this code is filed with this Form N-CSR under Item 12(a) (1).

Item 3. Audit Committee Financial Expert.

The Registrant's Board of Trustees has determined that the Registrant has one audit committee financial expert, as that term is defined under Item 3(b) and 3(c), serving on its audit committee. The audit committee financial expert serving on the Registrant's audit committee is Greg Barton, who is an independent Trustee of the Trust, as that term is defined under Item 3(a) (2).

Item 4. Principal Accountant Fees and Services.

The principal accountant fees disclosed in item 4(a), 4(b), 4(c), 4(d) and 4(g) are for the thirty-six funds of the Registrant for which the fiscal year-end is March 31, 2007 and whose annual financial statements are reported in Item 1.

(a) Audit Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2007 for professional services rendered by the principal accountant for the audit of the Trust's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements are as follows:

Edgar Filing: WisdomTree Trust - Form N-CSR

2007: \$686,000

(b) Audit-Related Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2007 for professional services rendered for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the Trust's financial statements and are not reported above in Item 4(a) are as follows:

2007: \$0

(c) Tax Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2007 for professional services rendered by the principal accountant for tax compliance, tax advice and tax planning are as follows:

2007: \$60,000

(d) All Other Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2007 for products and services provided by the principal accountant, other than the services reported above in Items 4(a) through (c) are as follows:

2007: \$37,500

(e) Audit Committee Pre-Approval Policies and Procedures.

(i) Per Rule 2-01(c) (7) (A), the Registrant's audit committee charter provides that the audit committee shall select and approve in advance the retention of independent accountants to annually audit and provide their opinion on the Registrant's financial statements. The audit committee must also approve prior to appointment the engagement of the principal accountant to provide other audit services to the Registrant or to provide non-audit services to the Registrant, its investment adviser, or any entity controlling, controlled by, or under common control with its investment adviser ("adviser/affiliate") that provides ongoing services to the Registrant, if the engagement by the investment adviser or adviser affiliate relates directly to the operations and financial reporting of the Registrant. The audit committee must also, prior to appointment of the engagement of the principal accountant, review and approve the fees proposed to be charged to the Registrant by the auditors for each audit and non-audit service. The audit committee must also consider whether non-audit services provided by the Registrant's principal accountant to the Registrant's investment adviser, or adviser/affiliate that provides ongoing services to the Trust are compatible with maintaining the auditor's independence.

(ii) The Registrant's Audit Committee has approved 100% of services described in each of Items 4(b) through (d) pursuant to paragraph (c) (7) (A) of Rule 2-01 of Regulation S-X.

(f) The percentage of hours expended on the principal accountant's engagement to audit the Trust's financial statements for the most recent fiscal year attributable to work performed by persons other than the principal accountant's full-time, permanent employees was 0%.

(g) The aggregate non-audit fees billed by the Trust's accountant for services rendered to the Trust, the Advisor or any entity controlling, controlled by, or under common control with the Advisor that provides ongoing services to the Trust (except for any sub-advisor whose role is primarily portfolio management and is sub-contracted with or overseen by another investment advisor) that for the fiscal year ended March 31, 2007 are as follows:

Edgar Filing: WisdomTree Trust - Form N-CSR

2007: \$97,500

(h) Not applicable.

Item 5. Audit Committee of Listed Registrants.

The Registrant is an issuer as defined in Rule 10A-3 under the Exchange Act and has a separately-designated standing audit committee established in accordance with Section 3(a) (58)A of the Exchange Act. The Registrant's audit committee members are Greg Barton, Toni Massaro and Victor Ugolyn.

Item 6. Schedule of Investments.

The schedule is included as part of the report to shareholders filed under Item 1 of this form.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Not applicable.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

Not applicable.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

Not applicable.

Item 10. Submission of Matters to a Vote of Security Holders.

Not applicable.

Item 11. Controls and Procedures.

(a) Based on their evaluation of the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) as of a date within 90 days prior to the filing date of this report, the President and Treasurer of the Registrant have concluded that such disclosure controls and procedures are reasonably designed and effective to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to them by others within those entities.

(b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30 a-3(d) under the Investment Company Act of 1940) that occurred during the Registrant's second fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Exhibits.

(a)(1) Code of Ethics for Senior Officers that is the subject of Item 2 is attached.

(a)(2) Certification of each principal executive officer and principal financial officer of the Registrant as required by Rule 30a-2 under the Act (17 CFR 270.30a-2) is attached hereto as a part of EX-99.CERT.

Edgar Filing: WisdomTree Trust - Form N-CSR

(a) (3) Not applicable.

(b) Certification of each principal executive officer and principal financial officer of the Registrant as required by Section 906 of the Sarbanes-Oxley Act of 2002 is attached hereto as a part of EX-99.906CERT.
