**Section 1 - Registrant's Business and Operations****Item 1.01 Entry into a Material Definitive Agreement.****Section 2 - Financial Information****Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On June 7, 2007, IMTT entered into a Revolving Credit Agreement (the "Agreement") with Suntrust Bank, Citibank N.A., Regions Bank, Rabobank Nederland, Branch Banking & Trust Co., DNB NOR Bank ASA, Bank of America N.A., BNP Paribas, Bank of Montreal, The Royal Bank of Scotland PLC, Mizuho Corporate Bank Ltd and eight other banks establishing a \$600 million US dollar denominated revolving credit facility and a \$25 million equivalent Canadian dollar revolving credit facility. The Agreement also allows for an increase in the US dollar denominated revolving credit facility of up to \$300 million on the same terms at the election of IMTT. No commitments have been sought from lenders to provide this increase at this time.

At signing, IMTT borrowed \$168.5 million under the new US dollar denominated revolving credit facility to fully repay and extinguish the existing two tranches of fixed rate notes issued by IMTT and to replace letters of credit outstanding under the existing US dollar denominated revolving credit facility which has also been terminated. IMTT also borrowed \$10.1 million equivalent under the Canadian dollar denominated revolving credit facility to fully repay the existing Canadian dollar denominated revolving credit facility which has been terminated. The terms of the new revolving credit facilities are summarized in the table below. The new facilities will be used to fund IMTT's expansion program and are expected to be more than adequate to fully fund IMTT's existing and reasonably foreseeable growth capital expenditure plans.

To hedge the interest rate risk associated with IMTT's current and projected floating rate borrowings, IMTT has entered into the following interest rate swaps:

- 10 year fixed to quarterly LIBOR swap with an initial notional amount of \$50 million, increasing to \$200 million by December 31, 2012, at a fixed rate of 5.5070%.
- 10 year fixed to monthly 67% of LIBOR swap with an initial notional amount of \$75 million, increasing to \$215 million by December 31, 2008, at a fixed rate of 3.662%.

The second swap is intended to hedge the interest rate risk on an issue of tax-exempt debt that IMTT expects to incur in the near future.
