Forward-looking statements provide our current expectations or forecasts of future events and are not statements of historical fact. These forward-looking statements include information about possible or assumed future events, including, among other things, discussion and analysis of our future financial condition, results of operations and funds from operations, our strategic plans and objectives, cost management, occupancy and leasing rates and trends, liquidity and ability to refinance our indebtedness as it matures, anticipated capital expenditures (and access to capital) required to complete projects, amounts of anticipated cash distributions to our stockholders in the future and other matters. Words such as anticipates, expects, intends, plans, believes, seeks, estimates and of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control, are difficult to predict and/or could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements.

Forward-looking statements involve inherent uncertainty and may ultimately prove to be incorrect or false. You are cautioned to not place undue reliance on forward-looking statements. Except as otherwise may be required by law, we undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or actual operating results. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors, including, but not limited to:

risks and uncertainties related to the current recession, the national and local economies, and the real estate industry in general and in our specific markets (including university enrollment conditions and admission policies and our relationship with these universities);

volatility in the capital markets;
rising interest and insurance rates;

competition from university-owned or other private student housing and our inability to obtain new tenants on favorable terms, or at all, upon the expiration of existing leases;
availability and terms of capital and financing, both to fund our operations and to refinance our indebtedness as it matures;

legislative or regulatory changes, including changes to laws governing student housing, construction and real estate investment trusts;

our possible failure to qualify as a REIT and the risk of changes in laws affecting REITs;

our dependence upon key personnel whose continued service is not guaranteed;

our ability to identify, hire and retain highly-qualified executives in the future;

availability of appropriate acquisition and development targets;

failure to integrate acquisitions successfully;

the financial condition and liquidity of, or disputes with, our joint venture and development partners;

impact of ad valorem, property and income taxes;

changes in generally accepted accounting principles;

construction delays, increasing construction costs or construction costs that exceed estimates;

potential liability for uninsured losses and environmental liabilities;

lease-up risks; and

the potential need to fund improvements or other capital expenditures out of operating cash flow.

This list of risks and uncertainties, however, is only a summary of some of the most important factors and is not intended to be exhaustive. You should carefully review the risks and information contained, or incorporated by reference, in this prospectus or in any accompanying prospectus supplement, including, without limitation, the Risk Factors incorporated by reference herein from our most recent Annual Report on Form 10-K, our Quarterly Reports on Form 10-Q and other reports and information that we file with the SEC. New factors may also emerge from time to time that could materially and adversely affect us.

THE COMPANY

We are a self-managed and self-advised real estate investment trust, or REIT, organized in July 2004 to develop, acquire, own and manage high quality student housing communities located near university campuses. We were formed to continue and expand upon the student housing business of Allen & O Hara, Inc., a company with over 40 years of experience as an owner, manager and developer of student housing. We own and operate student housing communities, provide third-party management services for student housing communities, selectively develop student housing communities for our own account and provide third-party development consulting services on student housing development projects for universities and other third parties.

Our primary business objectives are to maximize cash flow available for distribution to our stockholders and to achieve sustainable long-term growth in cash flow per share in order to maximize long-term stockholder value. We intend to achieve these objectives by (i) acquiring student housing communities nationwide that meet our focused investment criteria, (ii) maximizing net operating income from the operation of our owned properties through proactive and goal-oriented property management strategies, (iii) building our third-party business of management services and development consulting services and (iv) selectively developing properties for our own account.

All of our assets are held by, and we have conducted substantially all of our activities through, Education Realty Operating Partnership, LP, or the Operating Partnership, and its wholly owned subsidiaries. We are the sole general partner of our Operating Partnership, and, as a result, our board of directors effectively directs all of the Operating Partnership's affairs. As of June 30, 2009, we owned 96.0% of the outstanding partnership units of the Operating Partnership. In addition, University Towers Operating Partnership, LP, or the University Towers Partnership, which is our affiliate, owns and operates our University Towers property located in Raleigh, North Carolina. As of June 30, 2009, we owned 72.7% of the units in the University Towers Partnership.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus involves substantial risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K, our subsequent Quarterly Reports on Form 10-Q and the other information contained in this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in any accompanying prospectus supplement before acquiring any of such securities. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities. Please also refer to the section entitled "Forward-Looking Statements" beginning on page 1 of this prospectus.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

Our consolidated ratios of earnings to fixed charges for the six months ended June 30, 2009 and the years ended December 31, 2004, 2005, 2006, 2007, and 2008 are set forth below. Information presented for periods prior to January 31, 2005, the date of our initial public offering, relate to Allen & O Hara, Inc., our predecessor. For purposes of calculating the ratio of earnings to fixed charges, earnings consist of income before taxes, noncontrolling interest and equity in earnings of equity investees, plus fixed charges less capitalized interest. Fixed charges include interest expense, capitalized interest, amortization of premiums, discounts, and deferred financing costs related to debt and an estimate of the interest component of rent expense.

	Year Ended December 31,					Six Months
	2004	2005	2006	2007	2008	Ended June 30, 2009
Ratio of earnings to fixed charges	1.11	*	*	*	*	1.09

* For the years ended December 31, 2005, 2006, 2007 and 2008, fixed charges exceeded earnings by \$16,492, \$12,780, \$6,936 and \$6,801, respectively (dollar amounts in thousands).

USE OF PROCEEDS

Unless we specify otherwise in an accompanying prospectus supplement, we intend to use the net proceeds from the sale of securities by us to provide additional funds for general corporate purposes. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the accompanying supplement to this prospectus.

TABLE OF CONTENTS

DESCRIPTION OF CAPITAL STOCK

General

We were formed under the laws of the State of Maryland. Rights of our stockholders are governed by the Maryland General Corporation Law, or MGCL, our charter and our bylaws. The following is a summary of the material provisions of our capital stock.

Authorized Stock

Our charter provides that we may issue up to 200,000,000 shares of common stock, par value \$0.01 per share, and 50,000,000 shares of preferred stock, par value \$0.01 per share. In addition, our charter provides that our board of directors, without any action by our stockholders, may amend our charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class that we have authority to issue. As of August 1, 2009, there were 56,697,966 shares of common stock issued and outstanding and no shares of preferred stock issued and outstanding.

Common Stock

Subject to the preferential rights of any other class or series of stock and to the provisions of the charter regarding the restrictions on transfer of stock, holders of shares of our common stock are entitled to receive distributions on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all known debts and liabilities of our company, including the preferential rights on dissolution of any class or classes of preferred stock.

Subject to the provisions of our charter regarding the restrictions on transfer of stock and except as may otherwise be specified in the terms of any class or series of common stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors and, except as provided with respect to any other class or series of stock, the holders of such shares will possess the exclusive voting power. There is no cumulative voting in the election of our board of directors, which means that the holders of a majority of the outstanding shares of our common stock can elect all of the directors then standing for election and the holders of the remaining shares will not be able to elect any directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund or redemption rights, have no preemptive rights to subscribe for any securities of our company and generally have no appraisal rights unless our board of directors determines that appraisal rights apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which holders would otherwise be entitled to exercise appraisal rights. Subject to the provisions of the charter regarding the restrictions on transfer of stock, shares of our common stock will have equal distribution, liquidation and other rights.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, transfer all or substantially all of its assets, engage in a statutory share exchange or engage in similar transactions outside the ordinary course of business unless declared advisable by the board of directors and approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter unless a lesser percentage (but

not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides for a lesser percentage for these matters. Therefore, except for certain charter amendments, any such action will be effective and valid if declared advisable by our board of directors and taken or approved by the affirmative vote of stockholders entitled to cast a majority of all the votes entitled to be cast on the matter. In addition,

Maryland law permits a corporation to transfer all or substantially all of its assets without the approval of the stockholders of the corporation to one or more persons if all of the equity interests of the person or persons are owned, directly or indirectly, by the corporation. Maryland law also does not require approval of the stockholders of a parent corporation to merge or sell all or substantially all of the assets of a subsidiary entity. Because operating assets may be held by a corporation's subsidiaries, as in our situation, this may mean that a subsidiary of a corporation can transfer all of its assets without a vote of the corporation's stockholders.

TABLE OF CONTENTS

Our charter authorizes our board of directors to reclassify any unissued shares of our common stock into other classes or series of classes of stock and to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption for each such class or series.

Preferred Stock

Our charter authorizes our board of directors to classify any unissued shares of preferred stock and to reclassify any unissued shares of common stock and any previously classified but unissued shares of preferred stock of any series. Prior to issuance of shares of each series, our board of directors is required by the MGCL and our charter to set the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each such series. Thus, our board of directors could authorize the issuance of shares of common or preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change of control in EDR that might involve a premium price for holders of our common stock or otherwise be in their best interest. If we offer shares of preferred stock, the accompanying prospectus supplement will describe each of the following terms that may be applicable in respect of any preferred stock offered and issued pursuant to this prospectus:

the specific designation, number of shares, seniority and purchase price;

any liquidation preference per share;

any maturity date;

any mandatory or optional redemption or repayment dates and terms or sinking fund provisions;

any dividend rate or rates and the dates on which any dividends will be payable (or the method by which such rates or dates will be determined);

any voting rights;

any rights to convert the preferred stock into other securities or rights, including a description of the securities or rights into which such preferred stock are convertible (which may include other shares of preferred stock) and the terms and conditions upon which such conversions will be effected, including, without limitation, conversion rates or formulas, conversion periods and other related provisions;

the place or places where dividends and other payments with respect to the preferred stock will be payable; and any additional voting, dividend, liquidation, redemption and other rights, preferences, privileges, limitations and restrictions, including restrictions imposed for the purpose of maintaining our qualification as a REIT under the Internal Revenue Code of 1986, as amended, or the Code.

Power to Increase Authorized Stock and Issue Additional Shares of Our Common Stock and Preferred Stock

We believe that the power of our board of directors, without stockholder approval, to amend our charter to increase the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue, to issue additional authorized but unissued shares of our common stock or preferred stock and to classify or reclassify unissued shares of our common stock or preferred stock and thereafter to cause us to issue such classified or reclassified shares of stock will provide us with flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. The additional classes or series, as well as the common stock, will be available for issuance without further action by our stockholders, unless stockholder consent is required by appli
