Under this shelf process, we may sell different types of the securities described in this prospectus in one or more offerings up to a total offering amount of \$10,000,000.

The rules and regulations of the SEC allow us to omit from this prospectus certain information that is included in the registration statement. For further information about us and our securities, you should review the registration statement and the exhibits filed with the registration statement. In addition, the SEC allows us to incorporate by reference into this prospectus information in the reports and other documents that we file with the SEC, which means that we can disclose important information to you by referring you to those reports and other documents. The information incorporated by reference is considered to be part of this prospectus, and information that we later file with the SEC will automatically update and, where applicable, modify or supersede that information. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and the prospectus supplement together with the additional information described under the heading “Incorporation of Certain Information by Reference.” To the extent that any information in the prospectus supplement is inconsistent with the information in this prospectus, the information in the prospectus supplement will modify or supersede this prospectus.

This prospectus and the related prospectus supplement do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the registered securities to which they relate, nor do this prospectus and the prospectus supplement constitute an offer to sell or the solicitation of an offer to buy securities in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. You should not assume that the information contained in this prospectus and the prospectus supplement is accurate as of any date subsequent to the date set forth on the front of the document or that any information we have incorporated by reference is correct as of any date subsequent to the date of the document incorporated by reference, even though this prospectus and the prospectus supplement is delivered or securities are sold on a later date.

You should rely only on the information contained in this prospectus, in the prospectus supplement and in any document incorporated by reference into this prospectus. Global Securities

Certain series of the debt securities may be issued as permanent global debt securities to be deposited with a depositary with respect to that series. Unless otherwise indicated in the prospectus supplement, the following is a summary of the depositary arrangements applicable to debt securities issued in permanent global form and for which The Depositary Trust Company (“DTC”) acts as depositary.

Each global debt security will be deposited with, or on behalf of, DTC, as depositary, or its nominee and registered in the name of a nominee of DTC. Except under the limited circumstances described below, global debt securities are not exchangeable for definitive certificated debt securities.

Ownership of beneficial interests in a global debt security is limited to institutions that have accounts with DTC or its nominee, which we refer to as “participants” or persons that may hold interests through participants. In addition, ownership of beneficial interests by participants in a global debt security will be evidenced only by, and the transfer of that ownership interest will be effected only through, records maintained by DTC or its nominee for a global debt security. Ownership of beneficial interests in a global debt security by persons that hold through participants will be evidenced only by, and the transfer of that ownership interest within that participant will be effected only through, records maintained by that participant. DTC has no knowledge of the actual beneficial owners of the debt securities. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the participants through which the beneficial owners entered the transaction. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such laws may impair the ability to transfer beneficial interests in a global debt security.

Payment of principal of, and interest on, debt securities represented by a global debt security registered in the name of or held by DTC or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner and holder of the global debt security representing those debt securities. We have been advised by DTC that upon receipt of any payment of principal of, or interest on, a global debt security, DTC will immediately credit accounts of participants on its book-entry registration and transfer system with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global debt security as shown in the records of DTC. Payments by participants to owners of beneficial interests in a global debt security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, any trustee nor any of our respective agents will be responsible for any aspect of the records of DTC, any nominee or any participant relating to, or payments made on account of, beneficial interests in a permanent global debt security or for maintaining, supervising or reviewing any of the records of DTC, any nominee or any participant relating to such beneficial interests.

A global debt security is exchangeable for definitive debt securities registered in the name of, and a transfer of a global debt security may be registered to, any person other than DTC or its nominee, only if:

- DTC notifies us that it is unwilling or unable to continue as depositary for that global debt security or at any time DTC ceases to be registered under the Securities Exchange Act of 1934;
- we determine in our discretion that the global debt security shall be exchangeable for definitive debt securities in registered form; or
- there shall have occurred and be continuing an event of default or an event which, with notice or the lapse of time or both, would constitute an event of default under the debt securities.

Any global debt security that is exchangeable pursuant to the preceding sentence will be exchangeable in whole for definitive debt securities in registered form, of like tenor and of an equal aggregate principal amount as the global debt security, in denominations specified in the applicable prospectus supplement (if other than \$1,000 and integral multiples of \$1,000). The definitive debt securities will be registered by the registrar in the name or names instructed by DTC. We expect that these instructions may be based upon directions received by DTC from its participants with

respect to ownership of beneficial interests in the global debt security.

8

Except as provided above, owners of the beneficial interests in a global debt security will not be entitled to receive physical delivery of debt securities in definitive form and will not be considered the holders of debt securities for any purpose under the indentures. No global debt security shall be exchangeable except for another global debt security of like denomination and tenor to be registered in the name of DTC or its nominee. Accordingly, each person owning a beneficial interest in a global debt security must rely on the procedures of DTC and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under the global debt security or the indentures.

We understand that, under existing industry practices, in the event that we request any action of holders, or an owner of a beneficial interest in a global debt security desires to give or take any action that a holder is entitled to give or take under the debt securities or the indentures, DTC would authorize the participants holding the relevant beneficial interests to give or take that action, and those participants would authorize beneficial owners owning through those participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

DTC has advised us that DTC is a limited purpose trust company organized under the laws of the State of New York, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered under the Securities Exchange Act of 1934. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in those securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC’s participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the Financial Industry Regulatory Authority. Access to DTC’s book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

DESCRIPTION OF WARRANTS

We may offer warrants to purchase our Common Shares as well as warrants to purchase our debt securities. If the warrants are issued pursuant to warrant agreements, we will so specify in the prospectus supplement relating to the warrants.

The following description will apply to the warrants offered by this prospectus unless we provide otherwise in the prospectus supplement. The prospectus supplement for a particular series of warrants may specify different or additional terms. The forms of any warrant certificates or warrant agreements evidencing the warrants that we issue will be filed with the SEC and incorporated by reference into this prospectus, and you should carefully review such documents.

The prospectus supplement will describe the following terms of warrants to purchase our Common Shares or debt securities, to the extent applicable:

- the title of the warrants;
- the price at which the warrants will be issued and the exercise price of the warrants;
- the aggregate number of warrants offered;

- the number of our Common Shares or the principal amount of our debt securities that may be purchased upon the exercise of each warrant, as well as the terms of any such debt securities;
 - the terms of any right by us to redeem the warrants;
- the date on which the right to exercise the warrants will commence and the date on which this right will expire;
 - the procedures for exercising the warrants;
 - the terms on which the warrants may be amended;
- with respect to warrants to purchase shares of our Common Shares, the terms of any adjustments in the warrant exercise price and the number of shares of our Common Shares purchasable upon the exercise of each warrant to be made in certain events, including the issuance of a stock dividend to holders of our Common Shares or a stock split, reverse stock split, combination, subdivision or reclassification of our Common Shares;
- the effect on the warrants of our merger or consolidation with another entity or our sale of all or substantially all of our assets;
 - the maximum or minimum number of warrants which may be exercised at any time; and
 - the material United States income tax consequences applicable to the warrants and their exercise.

Holders of warrants to purchase shares of our Common Shares will not be entitled, by virtue of being such warrant holders, to vote, consent, receive dividends, receive notice as stockholders with respect to any meeting of stockholders for the election of our directors or any other matter, or to exercise any rights whatsoever as stockholders. Holders of warrants to purchase debt securities will not be entitled, by virtue of being such warrant holders, to payment of principal of or any premium, if any, or interest on the debt securities purchasable upon exercise of the warrants or any of the other rights of holders of the debt securities.

Warrants may be exercised at any time up to the close of business on the expiration date set forth in the prospectus supplement relating to the warrants offered thereby. After the close of business on the expiration date, unexercised warrants will become void. Upon our receipt of the exercise price of the warrants upon the due exercise of the warrants, we will, as soon as practicable, forward the securities purchasable upon exercise. If less than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining warrants.

We currently do not have any warrants to purchase Common Shares or debt securities outstanding.

DESCRIPTION OF UNITS

We may offer units that consist of a combination of two or more of the other securities described in this prospectus. For example, we may elect to issue units for a specified price per unit, with each unit consisting of one of our Common Shares and one warrant to purchase one additional Common Share at a specified price. The holder of a unit also will hold each security that is included in the unit.

We have provided in the preceding sections of this prospectus a general description of our Common Shares and of the debt securities and warrants that we may offer. If we elect to offer units, we will describe the specific terms of the units in a supplement to this prospectus. Among other things, the prospectus supplement will describe, to the extent applicable:

- the price of each unit;
- the securities comprising each unit;
- the aggregate number of units offered;

- any transfer restrictions on the units, including whether the securities comprising the units may be transferred separately;
 - the terms on which the units, or debt securities or warrants forming part of the units, may be amended;
- with respect to any debt securities forming part of the units, the other matters listed above under “Description of Debt Securities”;
- with respect to any warrants forming part of the units, the other matters listed above under “Description of Warrants”;
and
 - the material United States income tax consequences applicable to the units.

PLAN OF DISTRIBUTION

We may sell the securities through underwriters or dealers, agents, directly to one or more purchasers, or through a combination of these methods of sale. We will set forth in the applicable prospectus supplement:

- the terms of the offering of the securities;
- the names of any underwriters, dealers or agents involved in the sale of the securities;
- the principal amount or number of securities any underwriters will subscribe for;
 - any delayed delivery arrangements;
- any applicable underwriting commissions or discounts or other items constituting underwriter’s compensation, including the percentage such commissions represents of the total amount of the offering and the amount of discounts or commissions per share;
 - any initial public offering price;
 - any discounts or concessions allowed or reallocated or paid to dealers;
 - any commissions paid to agents; and
 - any securities exchange on which the securities may be listed.

The securities offered by us may be sold from time to time in one or more transactions at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, varying prices determined at the time of sale, or negotiated prices.

We may solicit directly offers to purchase the securities being offered by this prospectus. We may also designate agents to solicit offers to purchase the securities from time to time.

If we utilize one or more dealers in the sale of the securities being offered by this prospectus, we will sell the securities to the dealers, as principal. The dealers may then resell the securities to the public at varying prices to be determined by the dealers at the time of resale.

If we utilize one or more underwriters in the sale of the securities being offered by this prospectus, we may execute an underwriting agreement with the underwriters at the time of sale and we will provide the name of any underwriters in the prospectus supplement which the managing underwriters will use to make resales of the securities to the public. The underwriters may agree to purchase the securities from us either on a firm-commitment or best efforts basis. In connection with the sale of the securities, we, or the purchasers of securities for whom the underwriters may act as agents, may compensate the underwriters in the form of underwriting discounts or commissions. The underwriters may sell the securities to or through dealers, and the underwriters may compensate those dealers in the form of discounts, concessions or commissions.

With respect to underwritten public offerings, negotiated transactions and block trades, we will describe in the applicable prospectus supplement any compensation we pay to underwriters, dealers or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act of 1933, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We may enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments they may be required to make in respect thereof.

If we grant warrants as compensation to a dealer, agent or underwriter in connection with any particular offering, the warrants issued as compensation will be substantially on the same terms as the warrants offered to investors in such offering, except that the warrants issued as compensation will comply with FINRA Rule 2710(g)(1) in that for a period of six months after the issuance date of those warrants (which shall not be earlier than the closing date of the offering pursuant to which the warrants issued as compensation are being issued), neither the warrants issued as compensation nor any warrant shares issued upon exercise of those warrants shall be sold, transferred, assigned, pledged, or hypothecated, or be the subject of any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the securities by any person for a period of 180 days immediately following the date of effectiveness or commencement of sales of the offering pursuant to which the warrants issued as compensation are being issued, subject to certain exceptions.

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. These transactions may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than we sold to them. In such circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

The underwriters, dealers and agents may engage in other transactions with us, or perform other services for us, in the ordinary course of their business.

Unless otherwise set forth in any applicable prospectus supplements, there are no major shareholders, officers, directors or members of our management, supervisory or administrative bodies that intend to subscribe to the

securities covered hereby, there are no groups of targeted potential investors to whom the securities offered hereby will be made, and none of the securities covered hereby have been reserved for allocation to any group of targeted investors.

This prospectus does not cover the resale of securities by selling security holders.

12

DILUTION

The specific transaction or terms upon which securities covered by this prospectus may be issued is not known at this time. Each time we sell securities under this prospectus, we will provide a prospectus supplement that will contain certain specific information about the terms of that offering. In the event that there is substantial disparity between the public offering price of the securities to be issued and the effective cost to directors or senior management or affiliated persons of equity securities acquired by them during the last five years, or which they have the right to acquire, a comparison of the public contribution in the proposed public offering and the effective cash contributions of such persons, as well as the amount and percentage of immediate dilution resulting from the offering, will be contained in the prospectus supplement. We will also disclose the amount and percentage of immediate dilution resulting from the offering, computed as the difference between the offering price per share and the net book value per share for the equivalent class of security, as of the latest balance sheet date.

EXPENSES OF ISSUANCE AND DISTRIBUTION

The following table sets forth the estimated costs and expenses payable by us in connection with the registration of the securities being registered hereunder, other than any underwriting discounts and commission and expenses reimbursed by us. All of the amounts shown are estimates, except for the SEC Registration Fee.

Description	Amount
SEC Registration Fee	\$ 713.00
Legal Fees and Expenses	\$ 15,500.00
Accounting Fees and Expenses	\$ 5,000.00
Printing and Filing Expenses	\$ 3,000.00
Transfer Agent and Registrar	\$ 1,000.00
Miscellaneous	\$ 1,000.00
TOTAL	\$ 26,213.00

SHARE CAPITAL

Our authorized capital consists of 20,000,000 Common Shares, \$0.01 par value per share. As of March 31, 2010 and December 2, 2010, there were 3,779,674 and 3,741,874 Common Shares, respectively, outstanding, all of which were fully paid. The number of shares outstanding as of December 2, 2010 decreased from the amount of shares outstanding as of March 31, 2010 as a result of the Company's retirement of 37,800 treasury shares in April 2010. Other than as disclosed elsewhere in this Registration Statement or in our Annual Report on Form 20-F for the fiscal year ended March 31, 2010, which is incorporated by reference into this prospectus, there have been no events in the last three years, which have changed the amount, the number of classes, or voting rights, of our issued capital.

The number of shares outstanding could increase by the shares issued upon the exercise of currently issued and outstanding options. We have adopted the 1996 Stock Option Plan that covered 600,000 Common Shares, and the 2010 Stock Option and Restricted Stock Plan that currently covers 600,000 Common Shares. We no longer grant shares under the 1996 Stock Option Plan. However, as of March 31, 2010, options granted under the 1996 Stock Option Plan to purchase a total of 197,500 Common Shares were still outstanding. Both stock option plans provide for the grant of options to purchase Common Shares to our employees, officers, directors and consultants. The 2010 Stock Option and Restricted Stock Plan is administered by the Compensation Committee appointed by our Board of Directors, which determines the terms of the options granted, including the exercise price, the number of Common Shares subject to the option and the option's exercisability. The weighted-average exercise price of all outstanding options to purchase our Common Shares on March 31, 2010 was \$3.32 per share.

As of the date of this prospectus, no debt securities or warrants were outstanding.

As a foreign private issuer, we are exempt from the rules under the Exchange Act that prescribe the furnishing and content of proxy statements, and our officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act. We are not currently required under the Exchange Act of 1934 to publish financial statements as frequently or as promptly as are United States companies subject to the Exchange Act of 1934. We will, however, continue to furnish our shareholders with annual reports containing audited financial statements and will issue quarterly press releases containing unaudited results of operations as well as such other reports as may from time to time be authorized by our Board of Directors or as may be otherwise required.

SERVICE OF PROCESS AND ENFORCEMENT OF LIABILITIES

We are organized in the British Virgin Islands to take advantage of certain benefits associated with being an exempted British Virgin Islands company, such as political and economic stability, an effective judicial system, a favorable tax system, the absence of exchange control or currency restrictions, and the availability of professional and support services.

However, certain disadvantages accompany organization in the British Virgin Islands. The British Virgin Islands has a less developed body of securities laws as compared to the United States and these securities laws provide significantly

less protection to investors; and British Virgin Islands companies do not have standing to sue before the federal courts of the United States.

15

It may be difficult for investors in the securities to effect service of process within the United States upon us or to enforce against it, in courts outside the United States, judgments of courts of the United States predicated upon civil liabilities under the U.S. federal securities or other laws. Furthermore, because all of our assets and all of our directors and officers are located outside the United States, any judgment obtained in the United States against us or any of our directors and officers may not be collectible within the United States.

In addition, our Articles of Association provides that any differences between us and our members or their legal representatives relating to the intent, construction, incidences or consequences of our Articles of Association or the British Virgin Islands International Business Companies Act, including any breach or alleged breach of our Articles of Association or the International Business Companies Act, or relating to our affairs shall be resolved by arbitration before two arbitrators (unless the parties agree to arbitrate before one arbitrator), who shall jointly appoint an umpire.

There is doubt as to the enforceability of civil liabilities under the Securities Act of 1933 and the Exchange Act of 1934 in original actions instituted in the Peoples Republic of China (PRC), where the majority of our operations are located. PRC courts may refuse to hear a claim based on a violation of U.S. securities laws including because the PRC is not the most appropriate forum to bring such a claim. In addition, even if a PRC court agrees to hear a claim, it may determine that PRC law, and not U.S. law, is applicable to the claim. If U.S. law is found to be applicable, the content of applicable U.S. law may have to be proved in court as a fact, which can be a time-consuming and costly process. Certain matters of procedure will also be governed by PRC law. There is little binding case law in PRC addressing the matters described above. Many of the same doubts apply to similar suits that may be brought in the British Virgin Islands, and as to the enforceability of any judgment rendered by a court in the British Virgin Islands. Moreover, we have no assets in the British Virgin Islands that may be used to satisfy a judgment rendered by a court located there.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

ITEM 8. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Our Memorandum and Articles of Association include provisions for the protection of directors and officers. Articles 102 through 107 of the Articles of Association state:

102. Subject to the limitations hereinafter provided the Company may indemnify against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings any person who

(a) is or was a party or is threatened to be made a party to any threatened, pending or completed proceedings, whether civil, criminal, administrative or investigative, by reason of the fact that the person is or was a director, an officer or a liquidator of the Company; or

(b) is or was, at the request of the Company, serving as a director, officer or liquidator of, or in any other capacity is or was acting for, another company or a partnership, joint venture, trust or other enterprise.

103. The Company may only indemnify a person if the person acted honestly and in good faith with a view to the best interests of the Company and, in the case of criminal proceedings, the person had no reasonable cause to believe that his conduct was unlawful.

104. The decision of the directors as to whether the person acted honestly and in good faith and with a view to the best interests of the Company and as to whether the person had no reasonable cause to believe that his conduct was unlawful, is, in the absence of fraud, sufficient for the purposes of these Articles, unless a question of law is involved.

105. The termination of any proceedings by any judgment, order, settlement, conviction or the entering of a nolle prosequi does not, by itself, create a presumption that the person did not act honestly and in good faith and with a view to the best interests of the Company or that the person had reasonable cause to believe that his conduct was unlawful.

106. If a person to be indemnified has been successful in defense of any proceedings referred to above the person is entitled to be indemnified against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred by the person in connection with the proceedings.

107. The Company may purchase and maintain insurance in relation to any person who is or was a director, an officer or a liquidator of the Company, or who at the request of the Company is or was serving as a director, an officer or a liquidator of, or in any capacity is or was acting for, another company or a partnership, joint venture, trust or other enterprise, against any liability asserted against the person and incurred by the person in that capacity, whether or not the Company has or would have had the power to indemnify the person against the liability as provided in these Articles.

ITEM 10. UNDERTAKINGS.

Item 10. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

II-3

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of a registrant under the Securities Act to any purchaser in the initial distribution of the securities, each undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of an undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned registrant to the purchaser.

(7) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(8) That for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(9) That for purposes of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(10) If offering debt securities, to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of a registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
