THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

DIRECTOR INDEPENDENCE AND RELATED PARTY TRANSACTIONS

The Board of Directors has determined that all Directors have met the independence standards of the NASDAQ Marketplace listing standards with the exception of James W. Everson, who is the Chief Executive Officer of the Corporation, and Scott A. Everson, who is a Senior Vice President and the Chief Operating Officer of the Corporation. Directors deemed independent by the Board of Directors include John M. Hoopingarner, Terry A. McGhee, Samuel J. Jones, Richard L. Riesbeck and Matthew C. Thomas. In making its determination regarding the independence of all directors and nominees for director, the Nominating and Governance Committee and the Board of Directors reviewed and the board considered the following related party transaction.

Director Riesbeck: On April 1, 1998, United Bancorp, through its subsidiary, The Citizens Savings Bank, entered into a lease agreement with Riesbeck Food Markets, Inc. for space used as an in-store banking location in St. Clairsville, Ohio. Pursuant to the terms of the lease, the Corporation paid Riesbeck Food Markets, Inc. \$30,000 in 2010. Over the current 5-year fixed term of the lease, which began on April 1, 2007 and is set to expire on April 1, 2012, lease payments will total approximately \$150,000. Mr. Riesbeck is an officer, director and shareholder of Riesbeck Food Markets, Inc. Management believes the lease between Riesbeck Food Markets, Inc. and the Corporation was made on an arms-length basis. Management employed a third party consulting firm that specializes in grocery store banking facilities to establish the terms of the lease.

In addition, the Corporation has engaged and intends to continue to engage in the lending of money through its subsidiary bank to several of its Directors, executive officers and corporations or other entities in which they may own a controlling interest. The loans to such persons (i) were made in the ordinary course of business, (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (iii) did not involve more than a normal risk of collectability or present other unfavorable features.

Except for the specific transactions described above no director, executive officer or beneficial owner of more than five percent of the Corporation's outstanding voting securities (or any member of their immediate families) engaged in any transaction with the Corporation during 2010 in which the amount involved exceeded \$120,000. It is, however, customary and routine for directors, officers and employees of community banks and their spouses, family members and associates to do business with their community bank. Such a relationship, including routine banking business, is viewed as beneficial to the Corporation and is encouraged, so long as such relationships are fair and reasonable to the Corporation and are entered into upon terms and conditions generally available to the public, or similar to that which could be obtained from an independent third party. In that regard, pursuant to the Corporation's Code of Ethics and business Conduct, United Bancorp may do business and have financial dealings

with directors, officers and employees and their respective spouses, family members and associates provided either of the following criteria is satisfied:

Such business or financial dealings involve United Bancorp's subsidiary bank or any other financial services subsidiary providing banking or financial services to such person in the ordinary course of business upon terms and conditions generally available to the public, to the extent such arrangements are made in compliance with all applicable banking and securities laws and regulations; or
The terms and conditions of such relationship have been presented to and approved by the Audit Committee of United Bancorp's Board of Directors, including any related party transaction requiring disclosure in United Bancorp's annual meeting proxy statement. In the event any member of the Audit Committee, any entity controlled by such member, or any associate or family member of such member, proposes to provide products or services to the Corporation, such member must recuse him or herself from the discussion and decision about the appropriateness of such arrangement.

CORPORATE GOVERNANCE AND COMMITTEES OF THE BOARD

The Board of Directors has adopted both the United Bancorp, Inc. Corporate Governance Guidelines and the United Bancorp, Inc. Code of Ethics and Business Conduct, both of which may be found on United Bancorp's website at www.unitedbancorp.com. The Board of Directors of United Bancorp has standing Executive, Audit, Compensation, and Nominating and Governance Committees. The Audit Committee has been established in accordance with section 3(a)(58)(A) of the Exchange Act. The membership and general function of these committees are noted below.

Executive Committee. Mr. James W. Everson, Chairman, and Messrs. Hoopingarner, McGhee and Riesbeck are the members of the Corporation's Executive Committee. The Executive Committee met 4 times during 2010. The functions of this committee are to act in the stead of the board between meetings, to receive formal vendor presentations and to review with management and set the agenda for each board meeting. The Executive Committee members also serve as advisory trustees to the Corporation's defined benefit pension plan and as trustees to the Corporation's 401(k) and ESOP plans.

The Executive Committee of the Board of Directors is also responsible for ensuring that an adequate risk management framework is in place and functioning as intended. A clear understanding and working knowledge of the material risks inherent to the Corporation's activities is an absolute necessity. Material risks routinely monitored by the Executive Committee include: market risk; credit risk; and compliance risk. A brief description of the Executive Committee's function in monitoring these risks follows below.

Market Risk: Market risk is the exposure to loss resulting from changes in interest rates and equity prices. The primary market risk to which we are subject is

interest rate risk. The majority of our interest rate risk arises from the instruments, positions and transactions entered into for purposes other than trading such as loans, available for sale securities, interest bearing deposits, short term borrowings and long term borrowings. Interest rate risk occurs when interest bearing assets and liabilities reprice at different times as market interest rates change.

The Board, through its Executive Committee, is responsible for monitoring interest rate risk within an overall asset/liability management framework, including monitoring the effectiveness of the processes and control procedures used by the Bank to monitor the relative mix of assets and liabilities. The principal components of asset/liability management include, but are not limited to liquidity planning, capital planning, gap management and spread management.

Credit Risk: The risk of nonpayment of loans, or credit risk, is inherent in commercial banking. The Board, through its Executive Committee, is also responsible for monitoring credit risk by periodically evaluating loan review reports generated both internally by the Bank and externally by a third party engaged to perform a loan review analysis. The Executive Committee attempts to reduce the Bank's credit exposure by carefully monitoring the concentration of its loans within specific industries and through loan application and approval procedures.

Compliance Risk: The banking industry is heavily regulated, and the activities and operations of the Bank are subject to a number of detailed, complex and sometimes overlapping laws and regulations. The Board, through its Executive Committee, is also responsible for overseeing the Bank's compliance with these various laws and regulations, which include without limitation state usury and consumer credit laws, state laws relating to fiduciaries, the Federal Truth-in-Lending Act (Regulation Z), the Federal Equal Credit Opportunity Act (Regulation B), the Fair Credit Reporting Act (Regulation V), the Truth in Savings Act (Regulation DD), the Community Reinvestment Act (Regulation BB), anti-redlining legislation and antitrust laws. As part of this process, the Executive Committee also monitors the effectiveness of the internal controls implemented to safeguard against operational risks, including, but not limited to, data processing system failures and errors, customer or employee fraud and catastrophic failures resulting from terrorist acts or natural disasters.

Audit Committee. Mr. Riesbeck, Chairman, and Messrs. Jones and Thomas are the members of the Audit Committee. The Audit Committee met 4 times during 2010. The functions of this Committee include the engagement of independent auditors, reviewing with those independent auditors the plans and results of the audit engagement of the Corporation, approving the annual audit plan and reviewing the results of the procedures for internal auditing, reviewing the independence of the independent auditors, reviewing the Corporation's financial results and Securities and Exchange Commission filings, reviewing the effectiveness of the Corporation's internal controls and similar functions and approving all auditing and non-auditing services performed by its independent auditors. The Board of Directors has adopted a written charter for the Audit Committee which may be found on the Corporation's website at www.unitedbancorp.com. All members of the Audit Committee meet the

independence standards of the NASDAQ Marketplace listing standards. The Board of Directors has determined that Richard L. Riesbeck is an audit committee financial expert for the Corporation and is independent as described in the preceding sentence. The report of the Audit Committee for 2010 appears under the caption Report of the Audit Committee .

Compensation Committee. Mr. Thomas, Chairman, and Messrs. Hoopingarner and McGhee are the members of the Compensation Committee. The Compensation Committee met twice during 2010. The Board of Directors has a Compensation Committee comprised entirely of independent Directors. Director and executive officer compensation are determined by this Committee of the Board of Directors. The Board of Directors has adopted a Compensation Committee Charter which may be found on the Corporation's website at www.unitedbancorp.com. Mr. James W. Everson, Chief Executive Officer of the Corporation, does not participate in any deliberations or decisions regarding his own compensation, but he may advise this committee with respect to the compensation of other executive officers.

Nominating and Governance Committee. The Nominating and Governance Committee is comprised entirely of independent Directors. Mr. Hoopingarner, Chairman, and Messrs. Jones and Riesbeck are the members of the Nominating and Governance Committee. The Board of Directors has adopted a Nominating and Governance Committee Charter which may be found on the Corporation's website at www.unitedbancorp.com. This Committee met once in 2010.

This Committee develops and recommends to the Board corporate governance policies and guidelines for the Corporation and for the identification and nomination of Director and committee member candidates and recommends director candidates to the Board of Directors for nomination in accordance with the Corporation's Amended Code of Regulations. In executing the latter function, the Committee will investigate and assess the background and skills of potential candidates. Upon identifying a candidate for serious consideration, one or more members of the Nominating and Governance Committee would initially interview such candidate. If a candidate merited further consideration, the candidate would subsequently interview with all other Nominating and Governance Committee members (individually or as a group), meet the Corporation's Chief Executive Officer and other executive officers and ultimately meet many of the other Directors. The Nominating and Governance Committee would elicit feedback from all persons who met the candidate and then determine whether or not to recommend the candidate to the Board of Directors for nomination.

United Bancorp's Corporate Governance Guidelines and Code of Ethics and Business Conduct set forth the following criteria for Directors: independence (a majority of the Directors must be independent); honesty and integrity; willingness to devote sufficient time to fulfilling duties as a Director; particular experience, skills or expertise relevant to the Corporation's business; depth and breadth of business and civic experience in leadership positions; and ties to United Bancorp's geographic markets. Solely for purposes of maintaining a diverse mix of individuals on the Board of Directors, special consideration is given to experience, skills or expertise, and the

depth and breadth of their business and civic experience in leadership positions. As currently comprised, the Board of Directors is a diverse group of individuals who are drawn from various market sectors and industry groups with a presence in the Bank's markets. Board members are individuals with knowledge and experience who serve and represent the Company's geographic footprint throughout the counties and communities served. Current board representation by outside directors demonstrates a background in regional government, insurance, manufacturing, and retail, with the expertise of these individuals covering a broad array of skills including corporate management, human resource management, strategic planning, business acquisitions, and retail and small business operations. In addition, generational attributes further broaden the diversity of the full board. What follows is a brief description of the particular experience and qualifications of each member of the Corporation's Board of Directors.

The Nominating and Governance Committee is empowered to engage a third party search firm to assist it in identifying candidates, but the Committee currently

believes that the existing directors and executive management of the Corporation and its subsidiaries have sufficient networks of business contacts to identify candidates. The Nominating and Governance Committee did not engage any director search firm in 2010 and, accordingly, paid no fees to any such company. United Bancorp's Corporate Governance Guidelines provide also that shareholders may propose nominees by submitting the names and qualifications of such persons to the Chairman of the Nominating and Governance Committee. Submissions are to be addressed to the Chairman of the Nominating and Governance Committee at the Corporation's executive offices, which submissions will then be forwarded to the Chairman. The Nominating and Governance Committee would then evaluate the possible nominee using the criteria outlined above and would consider such person in comparison to all other candidates. The submission should be made no later than December 31st of each year for consideration in regard to the next annual meeting of shareholders. The Nominating and Governance Committee is not obligated to recommend to the Board, nor the Board to nominate any such individual for election.

Neither the Board nor the Nominating and Governance Committee have implemented a formal policy regarding director attendance at the Annual Meeting. Typically, the Board holds its annual organizational meeting directly following the Annual Meeting, which results in most directors being able to attend the Annual Meeting. In 2010, all United Bancorp, Inc. Directors attended the Annual Meeting.

AUDIT COMMITTEE REPORT

The Audit Committee of the United Bancorp Board of Directors (the Committee) is composed of three directors, each of whom is independent as defined by the NASDAQ Marketplace listing standards, and operates under a written charter adopted by the Board of Directors.

Management is responsible for the Corporation's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and to issue a report thereon. The Committee's responsibility is to monitor and oversee the processes. In this context, the Committee has met and held discussions with management and the independent auditors. In discharging its oversight responsibility as to the audit process, the Committee: (i) obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Corporation that might bear on the auditors' independence consistent with the applicable requirements of Public Company Accounting Oversight Board (the PCAOB) regarding the independent accountant's communications with the audit committee concerning independence; (ii) discussed with the auditors any relationships that may impact their objectivity and independence; and (iii) satisfied itself as to the auditors' independence. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of United Bancorp's internal controls and the internal audit function's organization, responsibilities, budget and

staffing. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the PCAOB in Rule 3200T and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements.

The Committee reviewed the audited consolidated financial statements of United Bancorp as of and for the year ended December 31, 2010, with management and the independent auditors. Based on the aforementioned review and discussions with management and the independent auditors, the Committee recommended to the Board that United Bancorp's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission. The Committee also appointed the independent auditors.

PROPOSAL # 2
ADVISORY VOTE ON THE APPOINTMENT OF
THE INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

The Audit Committee of the Board of Directors proposes and recommends that the shareholders approve the selection by the Committee of the firm of BKD to serve as its independent registered public accounting firm for the Company for the year 2011. The firm has served as independent auditors for the Company since 2007. Action by the shareholders is not required by law in the appointment of an independent registered public accounting firm, but their appointment is submitted by the Audit Committee of the Board of Directors in order to give the shareholders a voice in the designation of auditors. If the resolution approving BKD as the Company's independent registered public accounting firm is rejected by the shareholders then the Committee will reconsider its choice of independent auditors. Even if the resolution is approved, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Proxies in the form solicited hereby which are returned to the Company will be voted in favor of this non-binding proposal unless otherwise instructed by the shareholder. Pursuant to the Company's Code of Regulations, and assuming a quorum is present, the affirmative vote of a majority of the votes entitled to be cast by the holders of the Company's Common Stock present or represented at the Annual Meeting and entitled to vote is required to approve the appointment of BKD. Shares which are present at the meeting but not cast for or against this proposal, such as abstentions, will have no effect on the outcome.

THE AUDIT COMMITTEE OF THE BOARD OF
DIRECTORS
RECOMMENDS A VOTE FOR THE ADOPTION OF
THIS NON-BINDING ADVISORY PROPOSAL

EXECUTIVE COMPENSATION AND OTHER INFORMATION

The following information relates to compensation of management for the year ended December 31, 2010, unless otherwise noted below. Mr. J. Everson principally serves as Chairman, President and Chief Executive Officer of United Bancorp, Inc. Mr. S. Everson principally serves as President and Chief Executive Officer of The Citizens Savings Bank which is the wholly owned subsidiary of the Company.

Compensation Overview

Introduction. The Compensation Committee administers our executive compensation program. The committee, which is composed entirely of independent directors, is responsible for reviewing and determining executive officer compensation, for evaluating the President and Chief Executive Officer, for overseeing the evaluation of all other officers and employees, for administering our incentive compensation programs, for approving and overseeing the administration of our employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the board with respect to director compensation. The President and Chief Executive Officer participates with respect to decisions concerning other executive officers of the Corporation.

The Compensation Committee operates under a charter adopted by the board of directors. The Compensation Committee annually reviews the adequacy of its charter and recommends changes to the board for approval. The charter grants the Committee the authority to retain and terminate advisors, including compensation consultants, accountants and legal counsel, to assist in discharging its duties. The Compensation Committee meets at scheduled times during the year and also acts upon occasion by electronic written consent. The chair of the committee reports on committee activities and makes committee recommendations at meetings of the board of directors.

Compensation Philosophy. Our executive compensation programs seek to achieve and maintain equity with respect to balancing the interests of shareholders and executive officers, while supporting our need to attract and retain competent executive management. The Board of Directors believes a key to attracting and retaining good management and directors is a competitive compensation program. Toward this end, the management compensation committee has developed an executive compensation policy, along with supporting executive compensation plans and programs, which are intended to attain the following objectives:

- Support a pay-for-performance policy that rewards Executive Officers for corporate performance.
- Motivate Executive Officers to achieve strategic business goals.
- Provide competitive compensation opportunities critical to the Corporation's long-term success.

The committee collects and analyzes comparative executive compensation information from relevant peer groups, then approves executive salary adjustments. Additionally, from time to time, the committee reviews other human resource issues, including qualified and non-qualified benefits, and management performance appraisals.

The Committee uses comparisons of competitive executive pay practices taken from banking industry compensation surveys and, from time-to-time, consultation with independent executive compensation advisors. Peer groups and competitive compensation practices are determined using executive compensation packages at bank holding companies and subsidiaries of comparable size to the Corporation and its subsidiaries.

There are two principal components of the compensation program for all Executive Officers of the Corporation and its commercial bank subsidiary: (i) a base salary component and (ii) a cash bonus incentive component. Until 2006, the Corporation also had a long-term incentive compensation component in the form of a stock option plan. Awards can no longer be made under the plan, but the final grants that were made under the plan will not expire until 2015. In 2008 the Corporation's shareholders approved The United Bancorp, Inc. 2008 Stock Incentive Plan. In accordance with the 2008 Plan, the Company issued 180,000 restricted common stock awards to certain Officers and Directors of the Company. The Corporation also has a 401(k) and employee stock ownership plan and a defined benefit pension plan.

In making its decisions regarding annual salary adjustments, the committee reviews quantitative and qualitative performance factors as part of an annual performance appraisal. These are established for each executive position and the performance of the incumbent executive is evaluated annually against these standards. This appraisal is then integrated with market-based adjustments to salary ranges to determine if a base salary increase is merited.

The accounting and tax treatment of particular forms of compensation materially do not affect the committee's compensation decisions. However, the committee evaluates the effect of such accounting and tax treatment on an ongoing basis and will make appropriate modifications to its compensation policies where appropriate.

Components of Compensation. The elements of total compensation paid by the Corporation to its senior officers, including the President and Chief Executive Officer (the CEO) and the other executive officers identified in the Summary Compensation Table which appears following this Compensation Overview (the CEO and the other executive officers identified in that Table are sometimes referred to collectively as the Named Executive Officers), include the following:

- Base salary;
- Awards under our cash and stock-based incentive compensation programs;
- Awards under our 401(k) and employee stock ownership plan; and

Benefits under our life, health and disability plans.

Base Salary. The base salaries of the Named Executive Officers are reviewed by the Committee annually as well as at the time of any promotion or significant change in job responsibilities. The committee reviews peer group data to establish a market-competitive executive base salary program, combined with a formal performance appraisal system that focuses on awards that are integrated with strategic corporate objectives. Salary income for each Named Executive Officer for calendar year 2010 is reported in Salary column of the Summary Compensation Table, which appears following this Compensation Overview. The base salary amounts shown in the Summary Compensation Table include directors fees paid in 2010 for service as a director of United Bancorp or its subsidiary bank in the following amounts for these executive officers:

Mr. James W. Everson	\$ 32,935
Mr. Scott A. Everson	\$ 21,350

Effective January 1, 2011, all executive officers of the Corporation received a cost of living increase for 2011 of 2.00% over their previous year's base salary.

Incentive Cash Compensation. United Bancorp has established a short-term incentive compensation plan that provides for cash awards upon the achievement of performance targets established for each executive officer. The cash-based plan is designed to reward achievement of short-term performance goals. For 2010, the Compensation Committee selected goals based on United Bancorp's earnings per share. At the bank level, the Committee selected goals based on growth in loans and deposits, return on assets and return on equity. Threshold, target and maximum performance goals were set.

The amount of the annual cash bonus that may be earned by an executive officer is based on his or her base salary and is weighted to reflect each participant's ability to affect the performance of United Bancorp, with the Chief Executive Officer having the largest weighting. Awards under the Corporation's cash incentive compensation plan are generally based on the Corporation's earnings per share for the year and the satisfaction of bank performance benchmarks. The exact weighting and mix of these goals varies among the executive officers. For more information regarding the structure of this plan, see the narrative disclosure that supplements the Summary Compensation Table provided below.

Long Term Restricted Stock Awards. In keeping with the Board's belief that key to attracting and retaining good management and directors is a competitive compensation program, in 2009 the Board, through the recommendation of its Compensation Committee, implemented a restricted stock awards program (the Awards Program) in accordance with the terms of the shareholder-approved United Bancorp, Inc. 2008 Stock Incentive Plan (the 2008 Plan). The Awards Program is designed to retain the services of participating individuals by requiring them to maintain a period of continued employment with the Company before the ownership of their respective stock award vests. No awards were granted in 2010. At the time of grant,

the receipt of the shares becomes a fully taxable event to participants based upon the current value of the shares, and the acceptance of the shares is subject to the participant's execution a non-compete agreement which will take effect if the participant chooses to leave employment with the Company. Under the 2008 Plan the Company has 320,000 shares remaining for future grants.

401(k) and Employee Stock Ownership Plan. The Corporation also offers a 401(k) plan, which covers all employees who have attained the age of 18 and have completed one year of service. Eligible employees may contribute up to \$16,500 in 2010 and employees who have attained the age of 50 years or older may contribute an additional \$5,500 in 2010. The Corporation may make a discretionary matching contribution equal to a percentage of each participant's elective deferral not to exceed 6% of the participant's annual compensation. Employer contributions are invested in the common stock of United Bancorp, Inc. under the Employee Stock Ownership Plan. Employee contributions are always vested. Employer contributions become 100% vested after 3 years of service. The Corporation's contributions to the Employee Stock Ownership Plan made on behalf of the Named Executive Officers are included in the "all other compensation" column in the Summary Compensation Table.

Defined Benefit Pension Plan. The Corporation has a defined benefit pension plan which covers all employees 21 or over who have completed 1,000 hours of service during an anniversary year, measured from date of hire. The plan calls for benefits to be paid to eligible employees at retirement, based primarily upon years of service and compensation rates near retirement. Benefits at retirement or vested termination of employment are based on years of credited service, and the average of the highest five consecutive years of compensation. The plan may provide monthly benefits commencing as early as age 50, but not later than age 70, for employees who terminate employment or retire with 5 or more years of credited service. The plan is integrated with social security covered compensation. In connection with his retirement as Chief Executive Officer of the Citizens Savings Bank subsidiary of United Bancorp on November 1, 2004, Mr. James Everson elected a lump sum distribution from the plan in 2004 reflecting his then 43 years of credited service under the plan. Under the plan provision Mr. Everson is not eligible to participate in the defined benefit plan since his 2004 distribution.

Group Life, Health and Disability Benefits. The Corporation provides healthcare, life and disability insurance and other employee benefits programs to its employees, including its senior officers, except that life insurance is not provided under the group plan to executive officers that participate in the split-dollar life insurance arrangements discussed more thoroughly below. The committee is responsible for overseeing the administration of these programs and believes that its employee benefits programs should be comparable to those maintained by other members of the relevant peer groups so as to assure that the Corporation is able to maintain a competitive position in terms of attracting and retaining officers and other employees.

Except for United Bancorp's split dollar life insurance arrangements with its executive officers and certain directors our employee benefits plans are provided on a non-discriminatory basis to all employees.

United Bancorp has split-dollar life insurance arrangements with its executive officers and certain directors that provide certain death benefits to the executive's beneficiaries upon his or her death. The agreements provide a pre- and post-retirement death benefit payable to the beneficiaries of the executive in the event of the executive's death. The Corporation has purchased life insurance policies on the lives of all participants covered by these agreements in amounts sufficient to provide the sums necessary to pay the beneficiaries, and the Corporation pays all premiums due on the policies. Under the arrangements, directors have the right to designate beneficiaries of death proceeds up to \$100,000, subject to forfeiture of that right upon the occurrence of certain events. The named executive officers have the right to designate beneficiaries of death proceeds up to four times the named executive officer's annual base salary, subject to forfeiture of that right upon the occurrence of certain events. The actual gross death benefit amounts payable under this plan are disclosed under Payments and Benefits in Connection with Termination or Change-in-Control. The economic benefit (the imputed income amount of this insurance) for the year 2010 to the named executive officers is included in the amounts for each of these executive officers set forth in the Summary Compensation Table under the column All Other Compensation. The economic benefit (the imputed income amount of this insurance) for the year 2010 to the directors is set forth in the Director Compensation Table under the column All Other Compensation.

2010 Executive Officer Compensation. For 2010 the executive officers named in the Summary Compensation Table received salaries that were intended to maintain their compensation at a competitive level. Adjustments in 2010 base salary were based upon each Named Executive's annual performance review, an annual review of peer compensation, and the overall performance of the company. These adjustments are consistent with the company's salary budget which is approved by the compensation committee and becomes part of the overall budget approved annually by the board of directors.

The Corporation provides a reasonable level of personal benefits, and perquisites to one or more named executive officers to support the business interests of the bank, provide competitive compensation, and to recognize the substantial commitment both professionally and personally expected from executive officers. The aggregate value of perquisites and personal benefits, as defined under SEC rules, provided to each named executive officer is less than the reporting threshold value of \$10,000.

As part of its compensation program the Corporation has entered into agreements with each of the Named Executive Officers pursuant to which they will be entitled to receive severance benefits upon the occurrence of certain enumerated events following a change in control. The events that trigger payment are generally those related to termination of employment without cause or detrimental changes in the executive's terms and conditions of employment. See Employment Contracts and Payments Upon

Termination or Change in Control below for a more detailed description of these events. the Corporation believes that this structure will help: (i) assure the executives full attention and dedication to the company, free from distractions caused by personal uncertainties and risks related to a pending or threatened change in control, (ii) assure the executives objectivity for shareholders interests, (iii) assure the executives of fair treatment in case of involuntary termination following a change in control, and (iv) attract and retain key talent during uncertain times.

Executive Compensation. The following table sets forth the annual and long-term compensation for United Bancorp's Chief Executive Officer and its three other highest paid executive officers, as well as the total compensation paid to each individual during United Bancorp's last completed fiscal year.
