Item 1.01. Entry into a Material Definitive Agreement.

On January 17, 2012, Positron Corporation (the “Company”) acquired Manhattan Isotope Technology LLC (“MIT”) upon consummation of a Membership Interest Purchase Agreement (the “Agreement”) with MIT and the interest-holders of MIT, whereby the Company acquired all of the issued and outstanding membership interests from the holders in exchange for: (i) the assumption of the liabilities of MIT; (ii) cash advances; (iii) earn-out payments equal to twenty percent (20%) of “Net Income” as defined in the Agreement; and (iv) entry into employment agreements with MIT’s employees.

In accordance with the transaction, the Company acquired the assets related to MIT’s business of refurbishing spent strontium-82/rubidium-82 and other radioisotope generators, recycling strontium-82 and other radioisotopes from generators, processing of strontium-82 and other radioisotopes, providing expertise in production of radioisotopes and radioisotopes services, including inventory, accounts receivable, certain supply and distribution and other vendor contracts, good will and other various assets and intangibles. In addition, the issuances did not involve any public offering; the Registrant made no solicitation in connection with the sale other than communications with the Investor; the Registrant obtained representations from the Investor regarding their investment intent, experience and sophistication; and the Investor either received or had

access to adequate information about the Registrant in order to make an informed investment decision.

At the time of their issuance, the securities will be deemed to be restricted securities for purposes of the Securities Act, and the certificates representing the securities shall bear legends to that effect.
