ITEM 1 BUSINESS

HISTORY

Comjoyful International Company (the "Company"), formerly known as Camelot Corp., was incorporated in Colorado on September 5, 1975, and completed a \$500,000 public offering of its common stock in March 1976. The Company made several acquisitions and divestments of businesses. The Company was delisted from NASDAQ's Small Cap Market on February 26, 1998. In July 1998 all employees of the Company were terminated.

On November 6, 2009, the Company's common stock was accepted for quotation, effective November 9, 2009, on the OTC Bulletin Board ("OTCBB").

On November 24, 2009, the Company filed with the Securities and Exchange Commission (the "SEC") a Current Report on Form 8-K reporting a sale of a majority of the Company's common stock from Danny Wettreich to Jeffrey Rochlin, the resignation of Danny Wettreich as officer of the Company and the election of Jeffrey Rochlin as President, Chief Executive Officer, Secretary and Treasurer of the Company effective November 20, 2009.

On May 12, 2010, the sole director of the Company, Danny Wettreich, appointed Jeffrey Rochlin as a director of the Company. Concurrent with the appointment, Mr. Wettreich resigned as a director, with Mr. Rochlin to serve as director until the next annual meeting of shareholders and until the election and qualification of his successor or his earlier removal or resignation. The Company reported Mr. Rochlin's appointment and Mr. Wettreich's resignation on a Current Report on Form 8-K filed with the SEC on May 12, 2010.

On April 28, 2011, a majority of the shareholders of the Company approved the adoption of a proposal to reincorporate the Company, then a Colorado corporation, in the State of Nevada by merger with and into a Nevada corporation with the name Camelot Corporation (the "Migratory Merger"). On May 23, 2011, FINRA affected the Migratory Merger.

On May 5, 2012, Andrea Lucanto ("Ms. Lucanto") entered into a Stock Purchase Agreement with Jeffrey Rochlin, pursuant to which Jeffrey Rochlin sold 1,710,152 shares of common stock of the Company (the "Common Stock") to

Ms. Lucanto, par value \$0.01, representing approximately 85.23% of the total issued and outstanding shares of Common Stock.

On December 12, 2012, the Company, Comjoyful International Ltd., a company incorporated under the laws of the British Virgin Islands ("Comjoyful BVI"), and Ms. Lucanto entered into a Stock Purchase Agreement pursuant to which Ms. Lucanto sold to Comjoyful BVI 1,784,497 shares of the Common Stock, representing approximately 85.76% of the total issued and outstanding shares of Common Stock (the "Transaction"). At the closing of the Transaction, Ms. Lucanto resigned from her positions as officer and director of the Company. As a result, Comjoyful BVI attained voting control of the Company, and Mr. Yazhong Liao became the Chief Executive Officer, President and Chief Financial Officer, and was also appointed the sole director of the Company.

On December 28, 2012, the Company and its wholly-owned subsidiary (the "Company Sub") entered into an Agreement and Plan of Merger and on January 2, 2013 filed with the Secretary of State of Nevada Articles of Merger, pursuant to which the Company Sub was merged with and into the Company (the "Name Change Merger"). The legal existence of the Company Sub, which had no assets or operations on the date of the Name Change Merger, was terminated effective as of the consummation of the Name Change Merger. Under Nevada law (NRS Section 92A.180), the Company may merge the Company Sub into itself without stockholder approval and effectuate a name change without stockholder approval. As a result, the Company changed its name to Comjoyful International Company.

BUSINESS OF THE COMPANY

The Company entered into a mineral lease agreement with Timberwolf Minerals, Ltd. on June 11, 2010. The cost of the initial lease payment was capitalized in accordance with accounting standards. On June 8, 2011, the Company and Timberwolf entered into an Amended Mineral Lease Agreement (the "Amended Lease"). Under the terms of the Lease and the Amended Lease, the Company paid an annual rental payment of \$4,000 on the first anniversary of the Lease, June 11, 2011, and was obligated to pay to Timberwolf minimum subsequent annual rental payments as follows: \$20,000 on or before the second anniversary of the Lease, \$25,000 on or before the third anniversary of the Lease, \$50,000 on or before the fourth anniversary of the Lease and \$50,000 on or before the fifth anniversary of the Lease. The Company was able to terminate the lease by giving Lessor a 30 day written notice. In November 2011 the Company determined it was in its best interests to terminate the lease.

ITEM 1A RISK FACTORS

RISKS RELATING TO OUR COMPANY

WE DEPEND ON OUR PRINCIPAL EXECUTIVE OFFICER AND THE LOSS OF THIS INDIVIDUAL COULD ADVERSELY AFFECT OUR BUSINESS.

Edgar Filing: Comjoyful International Co - Form 10-K

Our Company is completely dependent on Yazhong Liao, our President, Chief Executive Officer, Chief Financial Officer and Director. As of the date of this Report, Yazhong Liao was our sole executive officer and director. The loss of his services would significantly and adversely affect our business. We have no life insurance on the life of Yazhong Liao.

THE COSTS TO MEET OUR REPORTING AND OTHER REQUIREMENTS AS A PUBLIC COMPANY SUBJECT TO THE SECURITIES EXCHANGE ACT OF 1934 WILL BE SUBSTANTIAL AND MAY RESULT IN US HAVING INSUFFICIENT FUNDS TO EXPAND OUR BUSINESS OR EVEN TO MEET ROUTINE BUSINESS OBLIGATIONS.

Since having become subject to the reporting requirements of the Securities Exchange Act of 1934, we will incur ongoing expenses associated with professional fees for accounting, legal and a host of other expenses for annual reports and proxy statements. These obligations will reduce our ability and resources to fund other aspects of our business and may prevent us from meeting our normal business obligations.

RISKS ASSOCIATED WITH OUR COMMON STOCK

TRADING ON THE OTC BULLETIN BOARD MAY BE VOLATILE AND SPORADIC, WHICH COULD DEPRESS THE MARKET PRICE OF OUR COMMON SHARES AND MAKE IT DIFFICULT FOR OUR SHAREHOLDERS TO RESELL THEIR SHARES.

Our common shares are quoted on the OTC Bulletin Board service of the Financial Industry Regulatory Authority (FINRA). Trading in stock quoted on the OTC Bulletin Board is often thin and characterized by wide fluctuations in trading prices due to many factors that may have little to do with our operations or business prospects. This volatility could depress the market price of our common shares for reasons unrelated to operating performance. Moreover, the OTC Bulletin Board is not a stock exchange, and trading of securities on the OTC Bulletin Board is often more sporadic than the trading of securities listed on a quotation system like NASDAQ or a stock exchange like the American Stock Exchange. Accordingly, our shareholders may have difficulty reselling any of their shares.

OUR STOCK IS A PENNY STOCK. TRADING OF OUR STOCK MAY BE RESTRICTED BY THE SEC'S PENNY STOCK REGULATIONS AND FINRA'S SALES PRACTICE REQUIREMENTS, WHICH MAY LIMIT A STOCKHOLDER'S ABILITY TO BUY AND SELL OUR STOCK.

Our stock is a penny stock. The Securities and Exchange Commission has adopted Rule 15c-9 which generally defines "penny stock" to be any equity security that has a market price (as defined) less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exceptions. Our securities are covered by the penny stock rules; which impose additional sales practice requirements on broker-dealers who sell to persons other than established customers and "accredited investors". The term "accredited investor" refers generally to institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouse. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document in a form prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker-dealer and salesperson compensation information, must be given to the customer orally or in writing prior to effecting the transaction and must be given to the customer in writing before or with the customer's confirmation. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from these rules; the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for the stock that is subject to these penny stock rules. Consequently, these penny stock rules may affect the ability of broker-dealers to trade our securities. We believe that the penny stock rules discourage investor interest in, and limit the marketability of, our common shares.

FINRA'S SALES PRACTICE REQUIREMENTS MAY ALSO LIMIT A STOCKHOLDER'S ABILITY TO BUY AND SELL OUR STOCK.

In addition to the "penny stock" rules promulgated by the Securities and Exchange Commission (see above for a discussion of penny stock rules), FINRA rules require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer's financial status, tax status, investment objectives and other information. Under interpretations of these rules, FINRA believes that there is a high probability that speculative low priced securities will not be suitable for at least some customers. FINRA requirements make it more difficult for broker-dealers to recommend that their customers buy our common shares, which may limit your ability to buy and sell our stock and have an adverse effect on the market for our shares.

ONE SHAREHOLDER OWNS 85.76% OF OUR OUTSTANDING COMMON STOCK, WHICH LIMITS OTHER SHAREHOLDERS' ABILITY TO INFLUENCE THE OUTCOME OF ANY SHAREHOLDER VOTE.

Our sole executive officer and a director beneficially owns 85.76% of our outstanding common stock as of July 26, 2013. Under our Certificate of Incorporation and the laws of the State of Nevada, the vote of a majority of the shares voting at a meeting at which a quorum is present is generally required to approve most shareholder action. As a result, he is able to control the outcome of shareholder votes, including votes concerning the election of directors, amendments to our Certificate of Incorporation or proposed mergers or other significant corporate transactions.

CERTAIN COMPANY ACTIONS AND THE INTERESTS OF STOCKHOLDERS MAY DIFFER.

The voting control of the Company could discourage others from initiating a potential merger, takeover or another change-of-control transaction that could be beneficial to stockholders. As a result, the value of stock could be harmed.

WE HAVE NEVER PAID A DIVIDEND ON OUR COMMON STOCK AND WE DO NOT ANTICIPATE PAYING ANY IN THE FORESEEABLE FUTURE.

We have not paid a cash dividend on our common stock to date, and we do not intend to pay cash dividends in the foreseeable future. Our ability to pay dividends will depend on our ability to successfully develop one or more properties and generate revenue from operations. Notwithstanding, we will likely elect to retain earnings, if any, to finance our growth. Future dividends may also be limited by bank loan agreements or other financing instruments that we may enter into in the future. The declaration and payment of dividends will be at the discretion of our Board of Directors.

WE HAVE NOT VOLUNTARILY IMPLEMENTED VARIOUS CORPORATE GOVERNANCE MEASURES, IN THE ABSENCE OF WHICH, SHAREHOLDERS MAY HAVE MORE LIMITED PROTECTIONS AGAINST INTERESTED DIRECTOR TRANSACTIONS, CONFLICTS OF INTEREST AND SIMILAR MATTERS.

Recent U.S. legislation, including the Sarbanes-Oxley Act of 2002, has resulted in the adoption of various corporate governance measures designed to promote the integrity of the corporate management and the securities markets. Some of these measures have been adopted in response to legal requirements. Others have been adopted by companies in response to the requirements of national securities exchanges, such as the NYSE or NASDAQ Stock Market, on which their securities are listed. Among the corporate governance measures required under the rules of national securities exchanges and NASDAQ are those that address board of directors' independence, audit committee oversight and the adoption of a code of ethics. We have not yet adopted any of these corporate governance measures and, since our securities are not listed on a national securities exchange or NASDAQ, we are not required to do so. It is possible that if we were to adopt some or all of these corporate governance measures, shareholders would benefit from somewhat greater assurances that internal corporate decisions were being made by disinterested directors and that policies had been implemented to define responsible conduct. For example, in the absence of nominating and compensation committees comprised of at least a majority of independent directors, decisions concerning matters such as compensation packages to our senior officers and recommendations for director nominees may be made by a majority of directors who have an interest in the outcome of the matters being decided. Prospective investors should bear in mind our current lack of corporate governance measures in formulating their investment decisions.

THE COMPANY

The Company was incorporated pursuant to the laws of the State of Colorado on September 5, 1975, and completed a \$500,000 public offering of its common stock in March 1976. The Company made several acquisitions and divestments of businesses. The Company was delisted from NASDAQ's Small Cap Market on February 26, 1998. In July 1998 all employees of the Company were terminated. Its directors and officers have since provided unpaid services on a part-time basis to the Company.

On April 28, 2011, at the special meeting, a majority of the shareholders of the Company approved the adoption of a proposed Agreement and Plan of Merger, to reincorporate the Company, then a Colorado corporation, in the State of Nevada by merger with and into a Nevada corporation with the name Camelot Corporation (the "Migratory Merger").

On September 21, 2012, Andrea Lucanto ("Ms. Lucanto"), the sole officer and director of the Company agreed to assume the debt of \$74,345 owed by the Company to a third party. In exchange Ms. Lucanto was issued 74,345 shares of the Company's Common Stock. The stock was valued at \$1.00 per share which was the last price at which the stock was traded. Upon issuance of the shares Ms. Lucanto owns 1,784,497 shares of Common Stock, or approximately 85.76% of the total issued and outstanding Common Stock.

On December 12, 2012, Comjoyful International Ltd., a company incorporated under the laws of the British Virgin Islands (the "Purchaser") and Andrea Lucanto (the "Seller" or "Ms. Lucanto") entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") pursuant to which the Seller sold to the Purchaser 1,784,497 shares of Common Stock, representing approximately 85.76% of the total issued and outstanding shares of Common Stock, for a total consideration of \$300,000, of which \$212,381.21 was used to pay off certain liabilities of the Company. The source of the purchase price was from personal funds of certain of the shareholders of the Purchaser's parent company. We refer to the transaction consummated under the Stock Purchase Agreement as the "Transaction". Upon the closing of such Transaction, the Purchaser acquired 1,784,497 shares of Common Stock, or approximately 85.76% of the issued and outstanding Common Stock and attained voting control of the Company.

On December 13, 2012, the former sole director and officer, Ms. Lucanto resigned from her positions, and upon closing of the Transaction Mr. Yazhong Liao ("Mr. Liao") was appointed as Chief Executive Officer, President, Chief Financial Officer and sole director of the Company.

On December 28, 2012, the Company and its wholly-owned subsidiary (the "Company Sub") entered into an Agreement and Plan of Merger and on January 2, 2013 filed with the Secretary of State of Nevada Articles of Merger, pursuant to which the Company Sub was merged with and into the Company (the "Name Change Merger"). The legal existence of the Company Sub, which had no assets or operations on the date of the Name Change Merger, was

terminated effective as of the consummation of the Name Change Merger. Under Nevada law (NRS Section 92A.180), the Company may merge the Company Sub into itself without stockholder approval and effectuate a name change without stockholder approval. As a result, the Company changed its name to Comjoyful International Company.

In November 2011, the Company determined it was in its best interests to terminate the mineral lease entered into with Timberwolf Minerals, Ltd on June 11, 2010. The Company is now seeking an operating company to acquire.

LIQUIDITY AND CAPITAL RESOURCES

The financial statements have been prepared on the basis that the Company will continue to operate throughout the next twelve months as a going concern. The Company has recurring losses and an accumulated deficit of \$33,224,206 and \$33,152,053 as of April 30, 2013 and 2012, respectively. The Company currently does not have any revenue generating operations. These factors raise substantial doubt about the Company's ability to continue as a going concern. In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company through advances from existing shareholders. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. In the event that the Company is not able to obtain funding, it will not be able to implement or may be required to delay all or part of the business plan, and the ability to attain profitable operations, generate positive cash flows from operating and investing activities and materially expand the business will be materially adversely affected. The accompanying financial statements do not include any adjustments relating to the classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

Net cash used by operating activities for the year ended April 30, 2013 was \$49,131 compared with \$31,643 for the year ended April 30, 2012. This was mainly attributable to the increase of net loss. Net cash provided by investing activities for the year ended April 30, 2013 was nil compared with \$11,457 for the year ended April 30, 2012. This was mainly due to mineral rights lease only occurred for the year ended April 30, 2012. Net cash provided by financing activities for year ended April 30, 2013 was \$47,000 compared with \$15,000 provided for the year ended April 30, 2012. This was mainly due to increase advance from a related party for professional service.

The Company does not have any plans for capital expenditures. The Company has negligible cash resources and will experience liquidity problems over the next twelve months due to its lack of revenue unless it is able to raise funds from outside sources. There are no known trends, demands, commitments or events that would result in or that are reasonably likely to result in the Company's liquidity increasing or decreasing in a material way.

RESULTS OF OPERATIONS

The Company's revenue for years ended April 30, 2013 and 2012 were both nil. For the year ended April 30, 2013 the Company incurred a net loss from operations of \$65,029, and a net loss of \$72,153. For year ended April 30, 2012 the Company incurred a net loss from operations of \$28,283 and a net loss of \$54,429. The increase of net loss is due to the increase of professional services.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

To the Board of Directors and Stockholders of

Comjoyful International Company

We have audited the accompanying balance sheet of Comjoyful International Company (the "Company") as of April 30, 2013, and the related statements of operations, changes in stockholders' deficit, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of April 30, 2013, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Edgar Filing: Comjoyful International Co - Form 10-K

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As described in Note 2, the Company has recurring losses and an accumulated deficit as of April 30, 2013, which raises substantial doubts about its ability to continue as a going concern. Management's plan in regard to this matter is also discussed in Note 2. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Board of Directors

Comjoyful International Company (formerly Camelot Corporation)

We have audited the accompanying balance sheet of Comjoyful International Company (formerly Camelot Corporation), as of April 30, 2012, and the related statements of operations, stockholders' (Deficit), and cash flows for the year ended April 30, 2012. These financial Statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Comjoyful International Company (formerly Camelot Corporation), as of April 30, 2012, and the results of its operations and cash flows for the year ended April 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As described in Note 2, the Company has recurring losses, and has a total stockholders' deficit, which raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to this matter are also discussed in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

COMJOYFUL INTERNATIONAL COMPANY

Notes to the Financial Statements

NOTE 1. BASIS OF PRESENTATION

Camelot Corporation ("Camelot Colorado") was incorporated pursuant to the laws of the State of Colorado on September 5, 1975, and completed a \$500,000 public offering of its common stock in March 1976. The Company made several acquisitions and divestments of businesses. The Company was delisted from NASDAQ's Small Cap Market on February 26, 1998. In July 1998 all employees of Camelot Colorado were terminated. Its directors and officers have since provided unpaid services on a part-time basis to the Company.

On April 28, 2011, at the special meeting, a majority of the shareholders of Camelot Corporation approved the adoption of a proposed Agreement and Plan of Merger, to reincorporate Camelot Corporation, a Colorado corporation in the State of Nevada by merger with and into a Nevada corporation with the name Camelot Corporation ("Camelot Nevada") (the "Migratory Merger"). Camelot Colorado formed Camelot Nevada expressly for the purpose of the Migratory Merger.

On September 21, 2012, Andrea Lucanto ("Ms. Lucanto"), the sole officer and director of the Company agreed to assume the debt of \$74,345 owed by the company to a third party. In exchange Ms. Lucanto was issued 74,345 shares of the company's common stock. The stock was valued at \$1.00 per share. Upon issuance of the shares Ms. Lucanto owns 1,784,497 shares of Common Stock, or approximately 85.76% of the issued and outstanding Common Stock.

On December 12, 2012, Comjoyful International Ltd., a company incorporated under the laws of the British Virgin Islands (the "Purchaser") and Andrea Lucanto (the "Seller" or "Ms. Lucanto") entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") pursuant to which the Seller sold to the Purchaser 1,784,497 shares of Camelot Nevada's common stock, par value \$0.01 per share (the "Common Stock"), representing approximately 85.76% of the total issued and outstanding shares of Common Stock, for a total consideration of \$300,000, of which amount \$212,381.21 was used to pay off certain liabilities of the Camelot Nevada. The source of the purchase price was from personal funds of certain of the shareholders of the Purchaser's parent company. We refer to the transaction consummated under the Stock Purchase Agreement as the "Transaction". Upon the closing of such Transaction, the Purchaser acquired 1,784,497 shares of Common Stock, or approximately 85.76% of the issued and outstanding Common Stock and attained voting control of Camelot Nevada.

On December 13, 2012, our sole director and officer, Ms. Lucanto resigned from her officer positions, and Mr. Yazhong Liao ("Mr. Liao") was appointed as Chief Executive Officer, President and Chief Financial Officer of the

Company and as a director.

On December 28, 2012, Camelot Nevada set up a subsidiary, Comjoyful International Company, which is incorporated pursuant to the laws of the State of Nevada. On the same day, Camelot Nevada and its wholly-owned subsidiary, Comjoyful International Company entered into an Agreement and Plan of Merger (the "Merger") and on January 2, 2013 filed with the Secretary of State of Nevada Articles of Merger, pursuant to which the Comjoyful International Company was merged with and into Camelot Nevada. The legal existence of the Comjoyful International Company, which had no assets or operations on the date of the Merger, was terminated effectively as of the consummation of the Merger. Under Nevada law (NRS Section 92A.180), Camelot Nevada may merge Comjoyful International Company into itself without stockholder approval and effectuate a name change without stockholders' approval. As a result, Camelot Nevada was the survivor of the Merger and changed its name to Comjoyful International Company (the "Company").

In November 2011, the Company determined it was in its best interests to terminate the mineral lease entered into with Timberwolf Minerals, Ltd on June 11, 2010. The Company is now seeking an operating company to acquire.

The accompanying financial statements have been presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2. GOING CONCERN

The Company's financial statements are prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of obligations in the normal course of business. However, the Company has recurring losses and an accumulated deficit of \$33,224,206 and \$33,152,053 as of April 30, 2013 and 2012, respectively. The Company currently does not have any revenue generating operations. These conditions raise substantial doubt about the ability of the Company to continue as a going concern.

In view of these matters, continuation as a going concern is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to, meet its financial requirements, raise additional capital, and the success of its future operations. The financial statements do not include any adjustments to the amount and classification of assets and liabilities that may be necessary should the Company not continue as a going concern.

Management plans to fund the operations of the Company through advances from existing shareholders. There are no written agreements in place for such funding or issuance of securities and there can be no assurance that such will be available in the future. Management believes that this plan provides an opportunity for the Company to continue as a going concern.

NOTE 3. RECENT ACCOUNTING PRONOUNCEMENTS

There were various accounting standards and updates recently issued, none of which are expected to have a material impact on the Company's financial position, operations, or cash flows.

NOTE 4. BASIC EARNINGS/(LOSS) PER SHARE

ASC No. 260, "Earnings (loss) Per Share", specifies the computation, presentation and disclosure requirements for earnings (loss) per share for entities with publicly held common stock. The Company has adopted the provisions of ASC No. 260.

Basic earnings (loss) per share are computed by dividing the net income or loss by the weighted average number of common shares outstanding during the period. Diluted earnings (loss) per share were the same as basic earnings per share due to the lack of dilutive items in the Company and the fact that Company is in net loss position.

NOTE 5. RELATED PARTY TRANSACTIONS

Through April 30, 2012, the Company's former President has advanced the Company \$65,025. The advances bear an annual interest rate of six percent and have no specific repayment terms. During the years ended April 30, 2013 and 2012, the Company recorded interest of \$2,395 and \$3,669, respectively.

On December 12, 2012, advances from related party and related accrued interest payable have been paid off by the Purchaser in accordance with the Stock Purchase Agreement.

Through April 30, 2013, Wuxi KangJiaFu Royal Traditional Health Management Co., Ltd (the "Wuxi KJF") has advanced the Company \$47,000 which is non-interest bearing. The Company's President Mr. Liao owned 60.004% equity interest of Wuxi KJF.

NOTE 6. NOTE PAYABLE

Effective October 20, 2009, the Company gave a demand promissory note, in exchange for payables, to Daniel Wettreich, its former CEO and majority shareholder, for \$116,511 without interest. On November 20, 2009, Mr. Wettreich sold the demand promissory note to an unrelated third party. On July 20, 2010, the demand promissory note was cancelled and a new interest-bearing promissory note was issued as a substitute. The July 20, 2010 Promissory Note is in the principal amount of \$117,000, bears an annual interest rate of six percent, is due and payable on November 30, 2015 and is collateralized by all the assets of the Company. During the years ended April, 2013 and 2012, the Company recorded interest of \$4,729 and \$7,020, respectively.

On December 12, 2012, the note payable and related accrued interest payable have been paid in full by the Purchaser in accordance with the Stock Purchase Agreement.

NOTE 7. INCOME TAX

The Company has not recorded tax provision for U.S tax purposes as we have no assessable profits. The Company has a deferred tax asset consisted entirely of the benefit from net operating loss (NOL) carry forwards. The ultimate realization of deferred tax assets depends on the generation of future taxable income during the periods in which those net operating losses are available.

The Company's deferred tax assets, valuation allowance, and change in valuation allowance are as follows:

Period Ending	NOL Carry-forward	Estimated Tax Benefit from NOL	Valuation Allowance	Change in Valuation Allowance	Net Tax Benefit
April 30, 2013	\$ 392,880	\$ 72,683	\$ (72,683)	\$ (13,349)	\$ -
April 30, 2012	\$ 320,727	\$ 59,334	\$ (59,334)	\$ (10,069)	\$ -

The Company considers projected future taxable income and tax planning strategies in making its assessment. At present, the Company does not have a sufficient operation to conclude that it is more-likely-than-not that the Company will be able to realize all of its tax benefits in the near future and therefore a valuation allowance was established for the full value of the deferred tax asset. A valuation allowance will be maintained until sufficient positive evidence exists to support the reversal of any portion or all of the valuation allowance. Should the Company start operations in future periods with a supportable trend, the valuation allowance will be reversed accordingly. No tax returns have been filed and all years are subject to IRS audit.

The impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant tax authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. Interest and penalties on income taxes will be classified as a component of the provisions for income taxes. The Company did not recognize any income tax due to uncertain tax position or incur any interest and penalties related to potential underpaid income tax expenses during the years ended April 30, 2013 and 2012 as management believes there were none as of April 30, 2013 and 2012, respectively.

NOTE 8. SUBSEQUENT EVENTS

Management has considered all events occurring through the date the financial statements have been issued, and has determined that there are no such events that are material to the financial statements.

ITEM 9 CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On March 21, 2013, the Company dismissed Schumacher & Associates, Inc. ("Schumacher"), as its former principal accountant, and engaged Marcum Bernstein & Pinchuk LLP ("MarcumBP") as its new independent registered public accounting firm. The decision to dismiss Schumacher and to retain MarcumBP was approved by the Company's sole director, Mr. Yazhong Liao, on March 21, 2013.

Schumacher was engaged by the Company on June 9, 2010. The former independent accountant's reports on the Company's financial statements for the last two fiscal years contained a modification to the effect that there was substantial doubt as to the Company's ability to continue as a going concern. Except for that modification, the reports did not contain any adverse opinion or disclaimer of opinion, nor were the reports qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the review of the Company's financial statements for the period from Schumacher's engagement and through the fiscal years of the Company ended April 30, 2012 and 2011 and subsequently up to the date of dismissal, there were: (i) no disagreements between the Company and Schumacher on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Schumacher, would have caused Schumacher to make reference to the subject matter of the disagreement in its reports, and (ii) no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended April 30, 2012 and 2011 and through the subsequent interim periods prior to the engagement of MarcumBP, the Company did not consult MarcumBP with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed; or (ii) the type of audit opinion that might be rendered on the Company's consolidated financial statements, and neither a written report nor oral advice was provided to the Company that MarcumBP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (iii) any matter that was the subject of either a disagreement as defined in Item 304(a)(1)(iv) of Regulation S-K or a reportable event as described in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Schumacher with a copy of this disclosure on March 22, 2013, providing Schumacher with the opportunity to furnish the Company with a letter addressed to the Securities and Exchange Commission (the "SEC") containing any new information, clarification of the Company's expression of its views, or the respect in which Schumacher does not agree with the statements contained herein. A copy of the letter dated March 25, 2013, furnished by Schumacher in response to that request is filed as Exhibit 16.1 to the Report on Form 8-K.

ITEM 9A CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

As of the end of the period covered by this Annual Report, our sole officer performed an evaluation of the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act. Based on the evaluation and the identification of the material weaknesses in internal control over financial reporting described below, our sole officer concluded that, as of April 30, 2013, the Company's disclosure controls and procedures were not effective.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with GAAP. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projection of any evaluation of effectiveness to future periods is subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Yazhong Liao, our President, has conducted an assessment of our internal control over financial reporting as of April 30, 2013. Management's assessment of internal control over financial reporting was conducted using the criteria in Internal Control over Financial Reporting - Guidance for Smaller Public Companies issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO").

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. In connection with management's assessment of our internal control over financial reporting as required under Section 404 of the Sarbanes-Oxley Act of 2002, we identified the following material weaknesses in our internal control over financial reporting as of April 30, 2013:

1. The Company has not established adequate financial reporting monitoring procedures to mitigate the risk of management override, specifically because there are no employees and only one officer and director with management functions and therefore there is lack of segregation of duties. In addition, the Company does not have accounting software to prevent erroneous or unauthorized changes to previous reporting periods. The lack of effective controls resulted in deficient financial reporting which was corrected in the audit process.

2. In addition, there is insufficient oversight of accounting principles implementation and insufficient oversight of external audit functions.

3. There is a strong reliance on the external attorneys to review and edit the annual and quarterly filings and to ensure compliance with SEC disclosure requirements.

Because of the material weaknesses noted above, management has concluded that we did not maintain effective internal control over financial reporting as of April 30, 2013, based on Internal Control over Financial Reporting - Guidance for Smaller Public Companies issued by COSO.

REMEDIATION OF MATERIAL WEAKNESSES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

As a small business, without a viable business and revenues, the Company does not have the resources to install a dedicated staff with deep expertise in all facets of SEC disclosure and GAAP compliance. As is the case with many small businesses, the Company will continue to work with its external consultants as it relates to new accounting principles and changes to SEC disclosure requirements. The Company has found this approach worked well in the past and believes it to be the most cost effective solution available for the foreseeable future.

The Company will conduct a review of existing sign-off and review procedures as well as document control protocols for critical accounting spreadsheets. The Company will also increase management's review of key financial documents and records.

As a small business, the Company does not have the resources to fund sufficient staff to ensure a complete segregation of responsibilities within the accounting function. However, Company management does review, and will increase the review of, financial statements on a monthly basis.

This Annual Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes in our internal control over financial reporting during the period ended April 30, 2013 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B OTHER INFORMATION

Not applicable.
