CONNECTED AND DISCLOSEABLE TRANSACTION AIRCRAFT FINANCE LEASE

On 14 November 2014, the Company entered into the Finance Lease Framework Agreement with CES Lease Company, pursuant to which CES Lease Company agreed to provide finance leasing to the Company in relation to the 14 Aircraft in accordance with the terms and conditions of the Finance Lease Framework Agreement and the relevant implementation agreements.

CES Lease Company is a non-wholly owned subsidiary of CEA Holding, which in turn is the controlling shareholder of the Company. Each of CES Lease Company and the Lessor(s), which are wholly-owned subsidiaries of CES Lease Company, is thus a connected person of the Company. Therefore, the Aircraft Finance Lease constitutes a connected transaction of the Company under Chapter 14A of the Listing Rules.

As the relevant applicable percentage ratios set out in the Listing Rules in respect of the Aircraft Finance Lease exceed 5% but are less than 25%, the Aircraft Finance Lease: (a) is subject to the reporting, announcement and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules; and (b) constitutes a discloseable transaction under Chapter 14 of the Listing Rules.

A circular containing further information in relation to the Aircraft Finance Lease and other related matters under the Listing Rules, will be issued by the Company and despatched to its shareholders no later than 15 December 2014 in accordance with Listing Rule 19A.39A, because additional time is required to prepare and finalise the information to be included in the circular.

The principal amount and the interest rate under the Aircraft Finance Lease in relation to the 14 Aircraft are negotiated and determined between the Company and CDB Shanghai. The principal amount of the Aircraft Finance Lease in relation to the 14 Aircraft is 90% of the total consideration for the purchase of the 14 Aircraft. The applicable interest rate will be 6-month USD LIBOR plus 1% to 3%. In order to further reduce aggregate financing costs, the Company proposes to use a finance lease structure in the PRC domestic bonded zone to introduce the 14 Aircraft, the principal amount and the interest rate remaining unchanged.

The Company invited handling fee quotations for the Aircraft Finance Lease in relation to the 14 Aircraft from domestic finance lease companies. After evaluating the various quotations received from such finance lease companies, the handling fee quotation of CES Lease Company has significant pricing competitive advantages as compared to the handling fee quotations of the other finance lease companies. The total handling fee for the 14 Aircraft shall not exceed RMB40 million. Further, CES Lease Company intends to incorporate wholly-owned subsidiaries in the China (Shanghai) Pilot Free Trade Zone or the Tianjin Dongjiang Bonded Zone of the PRC for the purpose of acting as the Lessor(s) in the Aircraft Finance Lease. By utilising a finance lease structure in the PRC domestic bonded zone with CES Lease Company, the Company will reduce its financing costs by approximately USD13 million (equivalent to approximately RMB79.95 million) after deducting the handling fee payable to CES Lease Company. Therefore, the Company eventually selected CES Lease Company to provide finance leasing services to the Company for the introduction of the 14 Aircraft.

By utilising a finance lease structure in the PRC domestic bonded zone with CES Lease Company to introduce the 14 Aircraft, CES Lease Company can provide value added tax invoices for the interest payments under the Aircraft Finance Lease to the Company, and therefore, the Company can use it to deduct value added tax. Moreover, the handling fee charged by CES Lease Company under the Aircraft Finance Lease is far less than the deductible value added tax in respect of the interest payments, thereby reducing the Company's aggregate financing costs in introducing the 14 Aircraft.

The terms and conditions of the Aircraft Finance Lease are agreed after arm's length negotiations between the parties. The Directors (excluding, at present, the independent non-executive Directors) are of the view that the Aircraft Finance Lease is on normal commercial terms, and that the terms of the Aircraft Finance Lease are fair and reasonable and in the interests of the Company and its shareholders as a whole.

BACKGROUND

Reference is made to: (i) the announcement of the Company dated 23 November 2012 in relation to, among others, the purchase of 60 brand new Airbus A320 series aircraft from Airbus SAS; (ii) the announcement of the Company dated 17 October 2011 in relation to, among others, the purchase of 45 brand new Boeing B737 series aircraft from Boeing Company; (iii) the announcement of the Company dated 30 December 2010 in relation to the purchase of 50 brand new Airbus A320 series aircraft from Airbus SAS; (iv) the announcement of the Company dated 30 January 2008 in relation to the purchase of 30 brand new Boeing 737 series aircraft from Boeing Company.

On 14 November 2014, the Company entered into the Finance Lease Framework Agreement with CES Lease Company, pursuant to which CES Lease Company agreed to provide finance leasing to the Company in relation to the 14 Aircraft in accordance with the terms and conditions of the Finance Lease Framework Agreement and the relevant implementation agreements.

Principal amount of the Aircraft Finance Lease : 90% of the total consideration for the purchase of the 14 Aircraft.

Rental fee/Interest payment : Under the Aircraft Finance Lease, the applicable interest rate will be 6-month USD LIBOR plus 1% to 3%, which is the same as the interest rate negotiated and determined between the Company and CDB Shanghai.

The rental fee is the repayment of the principal amount and the interest under the Aircraft Finance Lease.

Based on the present LIBOR, for a 120 month lease term, the total amount of the rental fees for the 14 Aircraft payable by the Company to the Lessor(s) is not expected to be more than USD900 million (which is equivalent to approximately RMB5.5 billion).

The rental fee is payable semi-annually in arrears, commencing on the Delivery Date of each of the 14 Aircraft and concluding on the date of the 20th payment for such Aircraft.

On the date of payment of each rental fee, the Company deposits the rental fee only in the Lessor(s)' permitted bank account with CDB Shanghai. CDB Shanghai maintains strict control and supervision over the said bank account and will automatically debit the rental fee (the amount of which is equal to the principal and interest of the Bank Loans) from the said bank account to its own account on the same day or the next day of the date of payment of each rental fee.

On the Delivery Date of each of the Remaining 12 Aircraft, CDB Shanghai will pay the loan amount to the Aircraft Manufacturer(s) directly.
- The principal amount, interest rate and amounts, and loan term under the Bank Loans are respectively identical to the principal amount, interest rate and amounts, and lease term under the Aircraft Finance Lease.
- The material rights and obligations (including the right to obtain delivery of aircraft, the obligation to pay consideration, etc.) of the Company as a purchaser under the relevant aircraft sale and purchase agreement(s) are transferred to the Lessor(s), and the 14 Aircraft are mortgaged to CDB Shanghai as security for the Bank Loans.
- Handling fee** : The respective handling fee for each of the 14 Aircraft shall be paid by the Company in one lump sum prior to the commencement of the respective Delivery Date. The Lessor(s) are entitled to a total handling fee for the 14 Aircraft of no more than RMB40 million.
- Buy-back** : Upon the expiry of the lease term of each of the 14 Aircraft, the Company is entitled to purchase such Aircraft back from the Lessor(s) at a nominal purchase price of USD100 for such Aircraft.
- Effectiveness and conditions** : The Finance Lease Framework Agreement is effective upon execution by the parties and approval of the Finance Lease Framework Agreement and the transactions contemplated thereunder by the Independent Shareholders at the EGM.

Other arrangements

Pursuant to the relevant agreements between the Company and Airbus SAS, the First Two Aircraft are scheduled to be delivered to the Company in November 2014. The Company will arrange for payment of the aircraft purchase price of the First Two Aircraft to Airbus SAS by bank loans provided by CDB Shanghai. After the approval of the Aircraft Finance Lease by Independent Shareholders at the EGM, the Company will enter into sale and purchase agreements with the Lessor(s) in respect of each of the First Two Aircraft at a consideration of 90% of the aircraft purchase price of the First Two Aircraft between the Company and Airbus SAS. REASONS FOR ENTERING INTO THE AIRCRAFT FINANCE LEASE AND BENEFITS EXPECTED TO ACCRUE TO THE COMPANY

The principal amount and the interest rate under the Aircraft Finance Lease in relation to the 14 Aircraft are negotiated and determined between the Company and CDB Shanghai. The principal amount of the Aircraft Finance Lease in relation to the 14 Aircraft is 90% of the total consideration for the purchase of the 14 Aircraft. The applicable interest rate will be 6-month USD LIBOR plus 1% to 3%. In order to further reduce aggregate financing costs, the Company proposes to use a finance lease structure in the PRC domestic bonded zone to introduce the 14 Aircraft, the principal amount and the interest rate remaining unchanged.

The Company invited handling fee quotations for the Aircraft Finance Lease in relation to the 14 Aircraft from domestic finance lease companies. After evaluating the various quotations received from such finance lease companies, the handling fee quotation of CES Lease Company has significant pricing competitive advantages as compared to the handling fee quotations of the other finance lease companies. The total handling fee for the 14 Aircraft shall not exceed RMB40 million. Further, CES Lease Company intends to incorporate wholly-owned subsidiaries in the China (Shanghai) Pilot Free Trade Zone or the Tianjin Dongjiang Bonded Zone of the PRC for the purpose of acting as the Lessor(s) in the Aircraft Finance Lease. By utilising a finance lease structure in the PRC domestic bonded zone with CES Lease Company, the Company will reduce its financing costs by approximately USD13 million (equivalent to approximately RMB79.95 million) after deducting the handling fee payable to CES Lease Company. Therefore, the Company eventually selected CES Lease Company to provide finance leasing services to the Company for the introduction of the 14 Aircraft.

By utilising a finance lease structure in the PRC domestic bonded zone with CES Lease Company to introduce the 14 Aircraft, CES Lease Company can provide value added tax invoices for the interest payments under the Aircraft

Finance Lease to the Company, and therefore, the Company can use it to deduct value added tax. Moreover, the handling fee charged by CES Lease Company under the Aircraft Finance Lease is far less than the deductible value added tax in respect of the interest payments, thereby reducing the Company's aggregate financing costs in introducing the 14 Aircraft.

The terms and conditions of the Aircraft Finance Lease are agreed after arm's length negotiations between the parties. The Directors (excluding, at present, the independent non- executive Directors) are of the view that the Aircraft Finance Lease is on normal commercial terms, and that the terms of the Aircraft Finance Lease are fair and reasonable and in the interests of the Company and its shareholders as a whole.
