# Stock Exchange Announcement

25 March 2003

## Annual General Meeting at Novo Nordisk A/S

At the Annual General Meeting of Novo Nordisk A/S today, the shareholders adopted

The Annual Report and discharged Management and the Board of Directors.

The application of profits according to the adopted Annual Report. Thus the dividend will be DKK 3.60 per share of DKK 2, an increase of 7% compared with 2001.

Re-election of Niels Jacobsen and Jørgen Wedel to the Board of Directors.

Election of Sten Scheibye to the Board of Directors.

Re-election of auditors PricewaterhouseCoopers and Ernst & Young, Statsautoriseret Revisionsaktieselskab.

Amendment of the Articles of Association, §§ 8f, 12, 15f and 19a.

Authorisation to the Board of Directors, until the next Annual General Meeting, to allow the company to acquire own shares of up to 10% of the share capital and at the price quoted on the date of purchase with a deviation of up to 10%.

In his oral report Mads Øvlisen, chairman of the Board, commented on the proposed EU Directive on takeover bids, which is currently being discussed in the EU institutions.

The final content of the directive is as yet unknown, but unfortunately proposals are afoot to revoke the Danish differentiated voting rights system of A and B shares in connection with takeover bids for listed companies. Let me say it loud and clear: Novo Nordisk wishes to maintain a differentiated voting rights system with A and B shares. Novo Nordisk's ownership structure with a foundation as the majority shareholder was established in the 1950s and was thus already in place at the listing of the company in 1974. A revocation of the current voting rights differentiation cannot be implemented as this would violate the Articles of Association of the Novo Nordisk Foundation as approved by the Danish foundation authorities. This structure has proved to be an efficient way of promoting continuity and expansion, as it has enabled the founders to raise capital for developing the company while at the same time retaining control of it. This stability enables the company to continue to develop in accordance with its long-term visions rather than governed by short-term interests while at the same time serving the shareholders' interests, as demonstrated by Novo Nordisk over the years.
