Board of Directors
NIC Inc. 1999 National Information Consortium
Employee Stock Purchase Plan
Olathe, Kansas

We have audited the accompanying statement of financial condition of the NIC Inc. 1999 National Information Consortium Employee Stock Purchase Plan (the Plan) as of March 31, 2013 and the related statement of operations and changes in plan equity for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audit also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of the NIC Inc. 1999 National Information Consortium Employee Stock Purchase Plan as of March 31, 2013 and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The 2012 and 2011 financial statements were audited by other accountants and their report thereon, dated June 27, 2012, expressed an unmodified opinion on those statements.

Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
1999 National Information Consortium Employee Stock Purchase Plan

In our opinion, the accompanying statement of financial condition and the related statements of operations and changes in plan equity present fairly, in all material respects, the financial position of the 1999 National Information Consortium Employee Stock Purchase Plan (the "Plan") at March 31, 2012, and the results of its operations and changes in plan equity for the years ended March 31, 2012 and 2011 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

1999 National Information Consortium Employee Stock Purchase Plan

Notes to Financial Statements

March 31, 2013, 2012 and 2011

1. Description of Plan

The purpose of the 1999 National Information Consortium Employee Stock Purchase Plan (the “Plan”) is to provide employees of NIC Inc., formerly National Information Consortium, Inc., a Delaware corporation (the “Company”), an opportunity to purchase common stock of the Company. By means of the Plan, the Company seeks to attract and retain the services of persons of ability as employees and motivate such employees to exert their best efforts on behalf of the Company, any affiliate or other stockholder of the Company. Participants should refer to the Plan document for a more complete description of the Plan.

The Plan was adopted by the Board of Directors of the Company on April 14, 1999 and by the stockholders at its Annual Meeting on May 4, 1999.

The Plan year end is March 31. The date of inception was April 1, 2001.

Common stock for the Plan is issued directly from the Company’s authorized but unissued shares. The aggregate number of shares that may be issued under the Plan cannot exceed 2,321,688. At March 31, 2013, there are 1,446,136 shares remaining that are available to be purchased through the Plan.

Eligibility

An offering period is a twelve-month period beginning on April 1 of each year and ending on March 31 of each year (the “Offering Period”). Each eligible employee may enroll in the Plan during the open enrollment period, which is typically two weeks prior to the start of an Offering Period.

Employees of the Company are eligible to participate in the Plan if the employee has been continuously employed for three months as of the start of an Offering Period. In addition, the employee must work at least 20 hours per week for at least five months during a calendar year.

Contributions

A Plan participant may contribute from 1% to 15% of the participant’s “compensation,” as defined in the Plan, through after-tax payroll deductions during the Offering Period. Participants can increase, decrease or suspend their withholding percentage during an Offering Period. Additionally, a participant cannot accrue at a rate that exceeds \$25,000 for a calendar year, as measured by the fair market value of shares (based on the fair market value of a share on the first day of an Offering Period). The Company holds contributions until the end of the Offering Period at which point the Company issues shares for the contributions received. Contributions received in excess of the \$25,000 limit are refunded to participants as soon as administratively practicable. No interest is paid or accrued on the participants’ payroll deductions. Contributions from participant payroll deductions are held by the Company and are used for general corporate purposes. In accordance with the Plan, the Company has no obligation to segregate employee payroll deductions from any other funds of the Company or to hold funds representing the same pending application of such amount to the purchase of shares at the end of each Offering Period.

Any accumulated contribution amount that is insufficient to purchase a whole share of common stock at the end of an Offering Period is carried forward and applied to the purchase of whole shares of stock in future Offering Periods or refunded to the participant upon withdrawal from the Plan. Such amounts are recorded as “Payable to participants” in

the Statements of Financial Condition.

1999 National Information Consortium Employee Stock Purchase Plan

Notes to Financial Statements

March 31, 2013, 2012 and 2011

Participant withdrawals

Participants may choose to withdraw from the Plan at any time during an Offering Period. Participants who terminate their employment with the Company are not eligible to continue participation in the Plan. Upon withdrawal, termination from employment or death, any accumulated contributions during an Offering Period are distributed to the employee or beneficiary, without interest, by the Company.

As of March 31, 2013 and 2012, amounts due to participants who withdrew from the Plan or who reached the \$25,000 limit as described above totaled \$2,645 and \$9,900, respectively. As of March 31, 2012, the amount due to participants included approximately \$4,197 of excess contributions recorded as a payable to participants, which were paid to participants after the Plan year.

Stock purchase provisions

On the first day of the Offering Period (the "Grant Date"), eligible employees are granted the option to purchase whole shares of the Company's common stock. On the last day of the Offering Period (the "Purchase Date"), the Company issues common stock to the participants. The purchase price per share of common stock issued by the Company is 85% of the lower of either the fair market value of the Company's common stock on the Grant Date or the Purchase Date. Fair market value is determined using the closing price of the Company's common stock as listed on the NASDAQ Global Select Market.

Shares purchased pursuant to the Plan for the Offering Periods ended March 31, 2013, 2012, and 2011 were 87,578 shares, 78,045 shares, and 103,593 shares, respectively. For the Offering Periods ended March 31, 2013, 2012, and 2011, the purchase price per share of common stock was \$10.328, \$10.328, and \$6.290, respectively.

Plan administration

The Plan is administered by the Compensation Committee of the Company's Board of Directors. The Company pays all expenses of the Plan. Administrative expenses related to the Plan amounted to approximately \$14,500, \$13,200 and \$10,500 for the periods ended March 31, 2013, 2012 and 2011, respectively.

Plan termination

Although the Board of Directors of the Company has not expressed any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan is terminated, all funds contributed to the Plan that have not been used to purchase shares will be returned without interest to the participants.

2. Accounting Policy

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

March 31, 2013, 2012 and 2011

3. Federal Income Taxes

The Plan is intended to constitute an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code (the "Code"). Issuance of shares under this Plan is not intended to result in taxable income to participants in the Plan based on provisions of the Code. The Plan's management believes that the Plan has been operated in accordance with the Code and therefore no provision for income taxes has been reflected in the accompanying financial statements. The Plan does not file a tax return; therefore, all years are open to examination. The Plan does not have any uncertain tax positions for the periods ended March 31, 2013, 2012 or 2011.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the trustees (or other persons who administer the employee benefit plan) have duly caused this annual report to be signed on its behalf by the undersigned hereunto duly authorized.
