Section 1-Conflict Minerals Disclosure

Advanced Photonix, Inc. (API) evaluated its current product lines and determined that many of them contain tin, tungsten, tantalum or gold (3TG). Accordingly, we surveyed our suppliers that are likely to provide us components with potential conflict materials. Given we have not received 100% of the surveys back from our suppliers, we have had to conclude we are Conflict Free Undeterminable. Consequently, we have filed a Conflict Minerals Report.

Item 1.01 Conflict Minerals Disclosure and Report

A copy of the API Conflict Minerals Report is provided as Exhibit 1.01 hereto and is publicly available at [www.advancedphotonix.com](http://www.advancedphotonix.com) under the Corporate Governance section of the website.

Section 2- Exhibits

Exhibit 1.01- Conflict Minerals Report as required by Items 1.01 and 1.02 of this Form
