PART I

ITEM 1. DESCRIPTION OF BUSINESS.

We have historically generated our revenues from fees earned by us from the rental of our Starting Point.com email list, and from fees paid directly by customers of our Florida Fountain of Youth Spa, an anti-aging day spa located in Stuart, Florida, which began operations in November 2004. During the fourth quarter of 2005 we determined to discontinue the operations of the Florida Fountain of Youth Spa. In December 2005 the Company completed the sale of the Starting Point.com website and all applicable content, trademarks, databases and domains.

STARTING POINT.COM

The Starting Point.com email list was derived from opt-ins to our former Starting Point web site located at www.stpt.com. This web site was designed to offer a variety of web searching tools. Users could also perform targeted searches utilizing Starting Point.com's database of directories and web sites that include 13 distinct sections covering topics from investments to entertainment to sports to weather and more, with each section having had its own easy-to-use, organized format. Starting Point was previously managed for us by a third party.

1

Prior to the year ended December 31, 2004 our sole customer was ResponseBase, a third party direct marketing company. In 2003 we were advised by ResponseBase that they were exiting that segment of their business. As a result, in both 2004 and 2005 we had no customers for our Starting Point.com email list and did not generate any revenue from this line of business. In December 2005 we completed the sale for \$90,000 of the Starting Point.com website and all applicable content, trademarks, databases and domains.

We also own Interplanner.com and InternetChic Marketing. Neither of these web site properties is generating revenues at this time. Interplanner.com was designed as a free online calendar and personal information management (PIM) service that offered a comprehensive set of features, including a personal calendar, group calendars, contact lists, appointment entry and tracking, and task lists, as well as a variety of content. Interplanner's original source code and documentation was developed for us by a third party. We own all intellectual property rights associated with Interplanner. InternetChic Marketing was a business-to-business marketing solution provider focused on developing and implementing Internet marketing and web site traffic building programs for Internet businesses and traditional brick and mortar companies.

Edgar Filing: TECHLABS INC - Form 10KSB

COMPETITION

We competed with a vast number of companies in the collection and rental of targeted opt-in email addresses. This business segment is intensely competitive and rapidly changing and has proven to be a very difficult business model. Many of our current and potential competitors have greater name recognition, longer operating histories, larger customer bases and significantly greater financial, technical, marketing, public relations, sales, distribution and other resources. Some of our potential competitors are among the largest and most well-capitalized companies in the world. Because of our small size, we experienced difficulty competing effectively in our market segment, which was among the reasons for our determination to sell Starting Point.

GOVERNMENT REGULATION

We are subject to general business regulations and laws, as well as regulations and laws specifically governing the Internet and eCommerce. Existing and future laws and regulations may impede the growth of the Internet or other online services. These regulations and laws may cover user privacy, email distribution, data protection, content, copyrights, and consumer protection. It is not clear how existing laws governing issues such as personal privacy apply to the Internet and eCommerce. Unfavorable resolution of these issues may harm our business.

INTELLECTUAL PROPERTY

We rely upon a combination of trade secret, copyright and trademark laws to protect our intellectual property. Except where we have granted third parties contractual rights to use our intellectual property, we limit access to, and distribution of, and other proprietary information. However, the steps we

2

take to protect our intellectual property may not be adequate to deter misappropriation of our proprietary information. In general, there can be no assurance that our efforts to protect our intellectual property rights through copyright, trademark and trade secret laws will be effective to prevent misappropriation of our intellectual property. Our failure or inability to protect our proprietary rights could materially adversely affect our business, financial condition and results of operations. We have also obtained the right to the Internet addresses www.stpt.com. As with phone numbers, we do not have and cannot acquire any property rights in an Internet address. We do not expect to lose the ability to use the Internet address; however, there can be no assurance in this regard and the loss of these addresses may have a material adverse affect on our ability to license the related products and services.

FLORIDA FOUNTAIN OF YOUTH SPA

In November 2004, we opened the Florida Fountain of Youth Spa, a 3,000-s.f. anti-aging day spa located on the St. Lucie River in Stuart, Florida. Our facility offered, on a day-use basis, hormone replacement therapies, electro-magnetic therapy, and sexual enhancement therapies under medical supervision. Additionally, the center's facility had a complete cosmetic and therapeutic day spa specializing in body wraps and facials. In addition to the aforementioned spa treatments and services, the facility also sold a variety of over-the-counter diet supplements and vitamins, as well as skin care products, including the Skin Fitness line of products. As previously noted, during the fourth quarter of 2005 we determined to discontinue the operations of the Florida Fountain of Youth Spa.

Edgar Filing: TECHLABS INC - Form 10KSB

COMPETITION

We competed with a significant number of competitors in the day spa business segment in the South Florida marketplace, including several located within close proximity to the Stuart, Florida area. Such locations include stand-alone day spas, as well as day spas located within health, beauty and fitness facilities, and within resorts and hotels. This business segment is becoming highly competitive with other local facilities offering substantially all, if not a greater number of the treatments and services that are offered at our facility. Given that our facility is relatively new in the marketplace, many of our current and potential competitors may have greater name recognition, longer operating histories, larger customer bases and significantly greater financial, technical, marketing, public relations, sales, distribution and other resources. Because of our small size and status as a recent start-up, we experienced difficulty competing effectively in our market segment, which was among our reasons for determining to discontinue these operations.

EMPLOYEES

As of December 31, 2005 we had one part-time employee, Jayme Dorrough, our sole officer and director.

3

OUR HISTORY

We were formed in the State of Florida in May 1998 under the name Coordinated Physician Services, Inc. to organize and operate primary care physician networks for managed medical care organizations. In February 1999 we abandoned this business due to excessive competition, changed our name to Techlabs, Inc. and embarked on a business strategy of a developer and incubator of start-up and emerging Internet companies and businesses.

PENDING NAME CHANGE

On July 28, 2004 Techlabs issued a press release stating its Board of Directors approved changing the corporate name to Siren International Corp. Techlabs anticipates filing an information statement with the SEC regarding this pending name change during 2006.

RISK FACTORS

An investment in our common stock involves a significant degree of risk. You should not invest in our common stock unless you can afford to lose your entire investment. You should consider carefully the following risk factors and other information in this prospectus before deciding to invest in our common stock.

WE HAVE A HISTORY OF LOSSES AND AN ACCUMULATED DEFICIT. WE DO NOT ANTICIPATE THAT WE WILL REPORT A PROFIT IN THE FORESEEABLE FUTURE.

For the year ended December 31, 2005, we reported a net loss of \$24,904 and at December 31, 2005 we had an accumulated deficit of \$8,451,735. While a significant portion of our accumulated losses from inception through December 31, 2005 are non-cash, we have never generated sufficient revenues to offset our operating costs. The recent sale of Starting Point.com and the discontinuing of operations of our day spa has resulted in the company not presently having any ongoing source of revenue. While we continue to seek new business that can be either acquired or started-up, there exist no assurances that we will be successful in this regard and that any new business interests will generate sufficient revenue to meet our operating expenses in future periods. Our

Edgar Filing: TECHLABS INC - Form 10KSB

principal stockholder has historically advanced certain funds to us to pay our expenses, and we believe that it will continue to pay these expenses for us until such time as we are able to generate sufficient revenues from our own operations. As a result of the uncertainty surrounding our revenues in the near future, you should not purchase shares of our common stock based upon our historical operations or financial results.

4

WE ARE DEPENDENT UPON OUR PRINCIPAL STOCKHOLDER FOR INTERIM CAPITAL.

We have no working capital with which to meet our cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. Our principal stockholder has agreed to advance any funds necessary to insure that we are able to meet our reporting obligations under the Securities Exchange Act of 1934. However, Yucatan has not agreed in writing to provide these funds and can only do so to the extent that it has available funds. No commitments to provide additional funds have been made by other stockholders or third parties. Accordingly, there can be no assurances that any funds will be available to us to allow it to cover our expenses. If we were unable to continue to meet our reporting requirements under the Securities Exchange Act of 1934, our common stock would be delisted from the OTCBB and there would be no market for our securities.

WE WILL NEED TO RAISE ADDITIONAL CAPITAL.

We will be required to raise additional working capital to fund any operations we may establish in the future. It has been very difficult for small companies to raise working capital in the past few years, and we cannot anticipate if the funding environment in the U.S. or abroad will improve during 2006 and beyond. Accordingly, we cannot offer any assurances that if we should need additional capital that it will be available to us on terms and conditions which are reasonably acceptable, if at all. Depending upon the financial condition of our ultimate merger or business combination partner, the lack of sufficient working capital could materially and adversely affect any revenues we may be able to generate in future periods.

OUR COMMON STOCK IS CURRENTLY QUOTED ON THE OTCBB, BUT TRADING IN OUR STOCK IS LIMITED.

The market for our common stock is extremely limited, and we do not anticipate that it there will be any increased liquidity in our common stock until such time as we consummate a merger or business combination. Even if we are successful in completing such a transaction, there are no assurances an active market for our common stock will ever develop. Accordingly, purchasers of our common stock cannot be assured any liquidity in their investment.

BECAUSE OUR STOCK CURRENTLY TRADES BELOW \$5.00 PER SHARE, AND IS QUOTED ON THE OTC BULLETIN BOARD, OUR STOCK IS CONSIDERED A "PENNY STOCK" WHICH CAN ADVERSELY EFFECT ITS LIQUIDITY.

If the trading price of our common stock remains less than \$5.00 per share, our common stock is considered a "penny stock," and trading in our common stock is subject to the requirements of Rule 15c-9 under the Securities Exchange Act of 1934. Under this rule, broker/dealers who recommend low-priced securities to persons other than established customers and accredited investors must satisfy special sales practice requirements. The broker/dealer must make an individualized written suitability determination for the purchaser and receive the purchaser's written consent prior to the transaction.

5

Edgar Filing: TECHLABS INC - Form 10KSB

SEC regulations also require additional disclosure in connection with any trades involving a "penny stock," including the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and its associated risks. These requirements severely limit the liquidity of securities in the secondary market because few broker or dealers are likely to undertake these compliance activities. In addition to the applicability of the penny stock rules, other risks associated with trading in penny stocks could also be price fluctuations and the lack of a liquid market.

It is unlikely that our common stock will trade above \$5.00 per share in the foreseeable future, accordingly, any liquidity in the market will be further hampered by the applicability of the Penny Stock Rules to trading in our common stock.

PROVISIONS OF OUR ARTICLES OF INCORPORATION AND BYLAWS MAY DELAY OR PREVENT A TAKE-OVER WHICH MAY NOT BE IN THE BEST INTERESTS OF OUR STOCKHOLDERS.

Provisions of our articles of incorporation and bylaws may be deemed to have anti-takeover effects, which include when and by whom special meetings of our stockholders may be called, and may delay, defer or prevent a takeover attempt. In addition, certain provisions of the Florida Business Corporations Act also may be deemed to have certain anti-takeover effects which include that control of shares acquired in excess of certain specified thresholds will not possess any voting rights unless these voting rights are approved by a majority of a corporation's disinterested stockholders.

In addition, our articles of incorporation authorize the issuance of shares of preferred stock with such rights and preferences as may be determined from time to time by our board of directors. Our board of directors may, without stockholder approval, issue preferred stock with dividends, liquidation, conversion, voting or other rights that could adversely affect the voting power or other rights of the holders of our common stock.

ITEM 2. DESCRIPTION OF PROPERTY.

The business and operations of our Florida Fountain of Youth Spa was conducted from a 3,033 square foot facility located in Stuart Florida, under a lease agreement expiring on April 30, 2006, which had base rent of \$39,429 per annum.

ITEM 3. LEGAL PROCEEDINGS.

In July 2004 Techlabs was named as a defendant in the matter Donald Kurth, Rosaly Kurth and Kristine Kurth v. Feingold & Kam, LLC, Feingold & Kam, David Feingold et al, filed in the Circuit Court for the 15th District in and for Palm Beach County, Florida. The portion of the suit which relates to Techlabs involves the purported actions by the unaffiliated third parties in the October 1999 private sales of shares of Techlabs in transactions in which Techlabs was neither a party nor received any proceeds therefrom. The plaintiffs are alleging that the shares of Techlabs' stock which were the subject of these purported private sales failed to bear the appropriate restrictive legends as required under the Securities Act of 1933, and the plaintiff's are further alleging conversion and civil theft against David Feingold and Feingold & Kam. Techlabs' does not believe that it violated any provisions of the Securities Act of 1933 as it relates to the shares of its common stock which are the subject of this complaint and is seeking to have Techlabs' dismissed as a defendant. During the fourth quarter of fiscal 2004, the suit was dismissed.

Edgar Filing: TECHLABS INC - Form 10KSB

On August 23, 2004 Techlabs filed a complaint against Addante and Associates, a Delaware corporation, in the U.S. District Court for the Eastern District of Tennessee, styled Techlabs, Inc. and Starting Point, Inc. v. Addante and Associates, Case No. 3:04-CV-385. Techlabs had previously engaged Addante and Associates to perform certain services for it in connection with its Starting Point.com web site. In this complaint Techlabs alleges a breach of contract by Addante and Associates and it is seeking \$500,000 in damages. Pursuant to an Asset Purchase Agreement dated December 2, 2005, the lawsuit was dismissed by the Company.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There were no submissions of matters to security holders in the period ended December 31, 2005.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF PLAN OF OPERATIONS.

As a result of the Company's decision to discontinue the operations of its Florida Fountain of Youth Spa, operating results for this business segment have been classified as a loss from discontinued operations for all periods presented. The Company is currently exploring opportunities in the micro-resort segment of the hospitality industry and believes that it will consummate transactions in fiscal 2006, with such business interests contributing to results from ongoing operations in fiscal 2006.

We reported revenues of \$0 and \$0 for the fiscal years 2005 and 2004, respectively, as results of operations from the Company's Florida Fountain of Youth Spa have been classified as discontinued operations. Net income (loss) for fiscal years 2005 and 2004, respectively, were \$(24,904) and \$(438,429) for those respective periods, as results of operations from the Company's Florida Fountain of Youth Spa have been classified as discontinued operations.

Cost of goods sold in fiscal 2005 totaled \$0, resulting in gross margin of \$0, as compared to cost of goods sold in fiscal 2004 of \$0 and a resulting gross margin of \$0, as results of operations from the Company's Florida Fountain of Youth Spa have been classified as discontinued operations.

Selling, general and administrative expenses increased to \$75,312 in fiscal 2005, from \$12,691 in fiscal 2004 primarily as a result of increased professional fees related to the sale of Starting Point.com, as well as compensation paid to our President. For fiscal 2005 and 2004 we also recorded depreciation and amortization of \$0 and \$69,778, respectively.

8

Total operating expenses in fiscal 2005 include \$63,000 for the amortization of deferred compensation, compared to \$293,000 in 2004. Total operating expenses in fiscal 2004 also includes a non-cash stock compensation expense of \$280,016, representing the value of common stock issued as compensation to our President (as described elsewhere herein) as well as the

Edgar Filing: TECHLABS INC - Form 10KSB

value of common stock issued as compensation for consulting services.

Other income (expense) for 2005 and 2004 was \$58,688 and \$4,120, respectively. Other income (expense) during 2005 includes a gain of \$60,000 from the sale of Starting Point.com, offset by interest expense of \$1,312.

We have an accumulated deficit of \$8,451,735 at December 31, 2005, and the report from our independent auditor on our audited financial statements at December 31, 2005 contains a going concern modification. We will continue to incur losses during the foreseeable future. Our principal shareholder has agreed to provide us sufficient funds to pay our direct expenses and corporate overhead until such time as we generate sufficient revenues to fund these costs.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The SEC's Financial Reporting Release No. 60, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies" ("FRR 60"), suggests companies provide additional disclosure and commentary on those accounting policies considered most critical. A critical accounting policy is one that is both very important to the portrayal of our financial condition and results, and requires management's most difficult, subjective or complex judgments. Typically, the circumstances that make these judgments difficult, subjective and/or complex have to do with the need to make estimates about the effect of matters that are inherently uncertain. We believe the accounting policies below represent our critical accounting policies as contemplated by FRR 60.

Value of long lived assets. We capitalize and amortize the costs incurred in the acquisition of capital equipment. We also carry other long lived assets on our balance sheet. We evaluate the carrying values of such assets and may be required to reduce the value in the event we determine if the value is impaired from the current carrying amount.

OBLIGATIONS AND COMMITMENTS

None.

ITEM 7. FINANCIAL STATEMENTS

The financial statements required by this report are included, commencing on page F-1.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On or about January 7, 2006, Webb & Company, our principal independent accountant resigned citing timing and financial considerations. None of the reports of Webb & Company, on the Company's financial statements for either of the past two years or subsequent interim period contained an adverse opinion or disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope or accounting principles, except that the report for the fiscal years ended December 31, 2003, and December 31, 2004 did contain a going concern paragraph.

There were no disagreements between the Company and Webb & Company on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Webb & Company, would have caused them to make reference to the subject matter of the disagreement in connection with its report.

In accordance with the requirements of Item 304 of Regulation S-B of the Securities Act of 1933, we provided Webb & Company with a copy of Item 4.01 of our Report on Form 8-K as filed on January 7, 2006. On February 27, 2006 they subsequently furnished us with a letter addressed to the SEC stating that such firm agreed with the statements made by us in that Report. A copy of such letter was filed as an exhibit to our Amended Report on Form 8-K filed on March 2, 2006.

On April 3, 2006, the Company engaged Baumann, Raymondo & Company, PA, as its new independent registered public accounting firm. The Company has not consulted with Baumann, Raymondo & Company, PA during the fiscal year ended December 31, 2005 and through April 3, 2006, on either the application of accounting principles or type of opinion Baumann, Raymondo & Company, PA might issue on the Company's financial statements. The engagement of Baumann, Raymondo & Company, PA was approved by our Board of Directors.

On March 9, 2004 we notified Dempsey Vantrease & Follis PLLC, our principal independent accountant, that we were terminating their services. Our decision to terminate their services was based upon their notification to us that such firm had decided not to register with the Public Company Accounting Oversight Board. The report of Dempsey Vantrease & Follis PLLC on our financial statements for the fiscal year ended December 31, 2002 contained an explanatory paragraph as to our ability to continue as a going concern. Other than such going concern modification, such report did not contain an adverse opinion or disclaimer of opinion, nor was it modified as to uncertainty, audit scope, or accounting principles. There were no disagreements between our company and Dempsey Vantrease & Follis PLLC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to Dempsey Vantrease & Follis PLLC's satisfaction, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report.

In accordance with the requirements of Item 304 of Regulation S-B of the Securities Act of 1933, we provided Dempsey Vantrease & Follis PLLC with a copy of Item 4 of our Report on Form 8-K as filed on March 31, 2004 and they furnished us a letter addressed to the SEC stating that such firm agreed with the statements made by us in that Report. A copy of such letter was filed as an exhibit to our Report on Form 8-K filed on March 31, 2004.

Edgar Filing: TECHLABS INC - Form 10KSB

On March 9, 2004 we engaged Webb & Company, P.A. to act as our principal independent accountant. Prior to such engagement, during the two most recent fiscal years and any subsequent interim period prior to engaging Webb & Company, P.A. we did not consult with such firm regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on our financial statements. The change in our principal independent accountants was approved by our board of directors. The change in our principal independent accountants was approved by our board of directors.

ITEM 8A. CONTROLS AND PROCEDURES

As required by Rule 13a-15 under the Securities Exchange Act of 1934, as of the end of the period covered by the annual report, being October 31, 2004, we have carried out an evaluation of the effectiveness of the design and operation of our company's disclosure controls and procedures. REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of:
Techlabs, Inc.

We have audited the accompanying consolidated statements of operations changes in stockholders' deficiency and cash flows of Techlabs, Inc. and subsidiaries for the year ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial

statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements of Techlabs, Inc. and subsidiaries referred to above present fairly in all material respects, the results of its operations and its cash flows for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company had a net loss of \$438,429, a working capital deficiency of \$133,013, has an accumulated deficit of \$8,426,831, a stockholders' deficiency of \$108,546 and used cash in operations of \$69,663. This raises substantial doubt about its ability to continue as a going concern. Management's plans concerning this matter are also described in Note 2. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

TECHLABS, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF DECEMBER 31, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Nature of Operations

Techlabs, Inc. ("Techlabs") was incorporated in the State of Florida in May 1998 under the name Coordinated Physician Services, Inc. to organize and operate primary care physician networks for managed medical care organizations. In February 1999 the Company abandoned this business due to excessive competition and changed its name to Techlabs, Inc. Prior to January 2004, the Company generated revenues through the rental of its list of targeted, opt-in email addresses which were generated from their website. During November 2004, the Company formed and opened Florida Fountain of Youth Spas, Inc. Florida Fountain of Youth Spa, a full service spa located in South Florida. The Company abandoned this business in October 2005 due to excessive competition.

(B) Basis of Consolidation

The accompanying consolidated financial statements for fiscal 2005 and 2004 include the accounts of Techlabs and its wholly-owned subsidiary Florida Fountain of Youth Spas from November 2004 to October 2005. All significant intercompany accounts and transactions have been eliminated in the consolidation.

(C) Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

(D) Cash Equivalents

Cash and cash equivalents consist of all highly liquid investments with original maturities of three months or less.

(E) Concentration of Credit Risk

The Company did not rely on any one significant customer for more than 10% of its revenues.

(F) Revenue Recognition

Revenue from Florida Fountain of Youth Spas was recognized upon delivery of services.

(H) Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation. Depreciation on assets placed in service is determined using the straight-line method over the estimated useful lives of the related assets which range from

Edgar Filing: TECHLABS INC - Form 10KSB

three to seven years. Significant improvements are capitalized while maintenance and repairs are expensed as incurred.

F-8

(I) Web Site Development Costs

The Company accounts for costs incurred in connection with the development of its web sites in accordance with Statement of Position SOP98-1, "Accounting for Costs of Computer Software Developed or Obtained for Internal Use" and Emerging Issues Task Force Issue No. 00-2, "Accounting for Web Site Development Costs." Accordingly, all costs incurred in planning the development of a web site are expensed as incurred. Costs, other than general and administrative and overhead costs, incurred in the web site application and infrastructure development stage, which involve acquiring hardware and/or developing software to operate the web site are capitalized. Fees paid to an Internet service provider for hosting the web site on its servers connected to the Internet are expensed. Other costs incurred during the operating stage, such as training administration costs, are expensed as incurred. Costs incurred during the operating stage for upgrades and enhancements of the web site are capitalized if it is probable that they will result in added functionality.

Capitalized web site development costs are amortized on a straight-line basis over their estimated useful life of five years. At December 31, 2005, all capitalized web site development costs had been fully amortized and or impaired.

(J) Intangibles

Intangible assets consist of domain names, trade names and contracts related to a purchased Internet web portal site and meta-search technology. Amortization for intangibles is determined using the straight-line method over the estimated useful life of five years.

(K) Long-Lived Assets

Long-lived assets and certain identifiable intangible assets (other than goodwill and intangible assets with indefinite lives) held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For purposes of evaluating the recoverability of long-lived assets (other than goodwill and intangible assets with indefinite lives), the recoverability test is performed using undiscounted net cash flows related to the long-lived assets. The Company reviews such long-lived assets to determine that carrying values are not impaired. Under Statement of Financial Accounting Standards ("SFAS") No. 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed for impairment. Intangible assets that are not deemed to have indefinite lives will continue to be amortized over their useful lives; however, no maximum life applied.

(L) Reclassification

Certain amounts from prior periods have been reclassified to conform to the current year presentation.

(M) Fair Value of Financial Instruments

SFAS No. 107, "Disclosure About Fair Value of Financial Instruments," requires certain disclosures regarding the fair value of financial instruments. Trade accounts receivable, accounts payable, and loans from stockholders are reflected in the financial statements at fair value because of the short-term maturity of the instruments.

(N) Income Taxes

The Company accounts for income taxes under SFAS No. 109, "Accounting for Income Taxes". Under SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(O) Income (Loss) Per Share

Basic and diluted income (loss) per share is calculated by dividing net income (loss) for the period by the weighted average number of shares of common stock outstanding during the period. The assumed exercise of stock options is only included in the calculation of diluted earnings per share, if dilutive. As of December 31, 2005 and 2004, the Company did not have any outstanding common stock equivalents.

(P) Business Segments

The Company currently operates in one segment and therefore segment information is not presented.

(Q) Stock-Based Compensation

In accordance with the Statement of Financial Accounting Standards ("SFAS") No. 123, Accounting for Stock Based Compensation, the Company has elected to account for stock options issued to employees under Accounting Principles Board Opinion No. 25 ("APB Opinion No. 25") and related interpretations. The Company accounts for stock options issued to consultants and for other services in accordance with SFAS No. 123.

(R) Advertising Costs

Advertising costs are expensed as incurred. Advertising expense included in discontinued operations totaled \$2,963 and \$1,395 for the years ended December 31, 2005 and 2004, respectively.

(S) New Accounting Pronouncements

Statement of Financial Accounting Standards ("SFAS") No. 151, "Inventory Costs - an amendment of ARB No. 43, Chapter 4" SFAS No. 152, "Accounting for Real Estate Time-Sharing Transactions - an amendment of FASB Statements No. 66 and 67," SFAS No. 153, "Exchanges of Non-monetary Assets - an amendment of APB Opinion No. 29," and SFAS No. 123 (revised 2004), "Share-Based Payment," were recently issued. SFAS No. 151, 152, 153 and 123 (revised 2004) have no current applicability to the Company and have no effect on the financial statements.

In May 2003, SFAS No. 150 "Accounting for Certain Financial Instruments with characteristics of both liabilities and equity" was issued. This Statement establishes standards for how an issuer classifies and measures certain

Edgar Filing: TECHLABS INC - Form 10KSB

financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). Many of those instruments were previously classified as equity. Some of the provisions of this Statement are consistent with the current definition of liabilities in FASB Concepts Statement No. 6, Elements of Financial Statements. The remaining provisions of this Statement are consistent with the Board's proposal to revise that definition to encompass certain obligations that a reporting entity can or must settle by issuing its own equity shares, depending on the nature of the relationship established between the holder and the issuer. While the Board still plans to revise that definition through an amendment to Concepts Statement 6, the Board decided to defer issuing that amendment until it has concluded its deliberations on the next phase of this project. That next phase will deal with certain compound financial instruments including puttable shares, convertible bonds, and dual-indexed financial instruments.

This statement was adopted effective January 1, 2004. The adoption of this pronouncement did not have a material effect on our financial position or results of operations.

NOTE 2 GOING CONCERN

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company had a net loss of \$24,904, a working capital deficiency of \$70,450, an accumulated deficit of \$8,451,735, a stockholders' deficiency of \$70,450 and used cash in operations of \$10,827. This raises substantial doubt about our ability to continue as a going concern. The accompanying financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Although there are no assurances, the Company believes that it will be able to raise additional capital and borrowings from its principal shareholder and will be able to continue as a going concern.

Included in property, plant & equipment at December 31, 2005 are:

Hardware & computer equipment	\$ 223,618
Less reserve for impairment	(55,904)

In addition, effective January 1, 2004 the Company began accruing compensation of \$15,000 annually for Mrs. Dorrough and in September 2004, the Company issued Mrs. Dorrough 60,000 shares of its common stock valued at \$168,000 in full satisfaction of \$12,984 of accrued unpaid compensation and for additional compensation for the remaining fiscal 2004 as well as for past services.

FEINGOLD & KAM, LLC, FEINGOLD & KAM, DAVID FEINGOLD ET AL, filed in the Circuit Court for the 15th District in and for Palm Beach County, Florida. The portion of the suit which relates to Techlabs involves the purported actions by the unaffiliated third parties in the October 1999 private sales of shares of Techlabs in transactions in which Techlabs was neither a party nor received any proceeds therefrom. The plaintiffs are alleging that the shares of Techlabs' stock which were the subject of these purported

private sales failed to bear the appropriate restrictive legends as required under the Securities Act of 1933, and the plaintiff's are further alleging conversion and civil theft against David Feingold and Feingold & Kam. Techlabs does not believe that it violated any provisions of the Securities Act of 1933 as it relates to the shares of its common stock which are the subject of this complaint and is seeking to have Techlabs' dismissed as a defendant. During the fourth quarter of fiscal 2004, the suit was dismissed.

Pursuant to an Asset Purchase Agreement dated December 2, 2005, the lawsuit was dismissed by the Company.

NOTE 7 GAIN ON SALE OF STARTING POINT

On December 2, 2005, The Company sold for \$90,000 the Starting Point website and all applicable content, trademarks, databases and domains resulting in a \$60,000 gain after attorney fees. The Company had no book basis in the Starting Point website in that the costs associated with the technology had been impaired in prior years.

NOTE 8 LOSS ON DISCONTINUED OPERATIONS

The consulting agreement calls for services to be performed through July 18, 2005. Amortization of deferred consulting was \$63,000 during the year ended December 31, 2005. During the year ended December 31, 2004, the Company issued 60,000 shares of restricted common stock to the Company's president having a fair value of \$168,000 on the date of grant and 100,000 shares of restricted common stock to a related party for services having a fair value of \$125,000 on the date of grant.

NOTE 10 STOCK INCENTIVE PLAN

In October 1999, the Company adopted its 1999 Stock Incentive Plan (the "Plan"). The purpose of the Plan is to promote our long-term success and the creation of shareholder value by encouraging employees, directors and consultants to focus on critical long-range objectives, encouraging the attraction and retention of employees, outside directors and consultants and linking those individuals directly to shareholder interests through increased stock ownership. Under the Plan the Company can make awards either in the form of restricted shares or options, which may be either incentive stock options or non-statutory stock options.

F-15

Initially the maximum number of shares of common stock issuable upon the exercise of restricted stock awards or stock options granted under the Plan was 1,500,000 shares. This amount is subject to increase on January 1 of each year beginning on January 1, 2000 by the lesser of 1.5% of the total number of shares of common stock then outstanding on a fully-diluted basis or 300,000 shares. As of December 31, 2005 the maximum number of shares of the Company's common stock available for issuance upon grants of restricted stock awards or stock options was 1,977,024 shares. To date, the Company has granted restricted stock awards or stock options which have been exercised for an aggregate of 380,416 shares of our common stock. Accordingly, the Company currently has 455,362 shares available under the Plan.

Edgar Filing: TECHLABS INC - Form 10KSB

The Plan is to be administered by a committee consisting of two or more outside directors who review management's recommendation as to the employees, outside directors and consultants who are to receive awards under the Plan, determine the type, number, vesting requirements and other features and conditions of the awards, interpret the Plan and make all other decisions related to the Plan. The Company's Board of Directors may also appoint a secondary committee of the Board, composed of one or more directors who need not be independent, who may administer the Plan with respect to employees and consultants who are not considered officers or directors of Techlabs. This secondary committee may grant awards under the Plan to such employees and consultants, and may determine all features and conditions of those awards.

Options granted under the Plan may either be options qualifying as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended, or non-statutory options. Incentive options can only be granted to a recipient who is our employee, and non-statutory options and restricted stock awards can be granted to employees, outside directors and consultants. Options granted to any optionee in a single fiscal year cannot exceed 1,000,000 shares, except that options granted to a new employee in his or her first year of employment cannot exceed 500,000 shares. Any incentive option granted under the Plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of such fair market value as determined on the date of the grant. The exercise price of non-statutory options cannot be less than 85% of the fair market value of the underlying shares on the date of the grant; however, the option agreement can provide that the exercise price varies in accordance with a pre-determined formula while the option is outstanding. The term of each Plan Option and the manner in which it may be exercised is determined by the board of the directors, provided that no Plan Option may be exercisable more than 10 years after the date of its grant.

Payment for incentive options can only be made as specified in the option agreement and the form of payment for non-statutory options may be accepted by the Board from time to time. The Plan permits cashless exercise of options, and the payment of the exercise price of options through a full-recourse promissory note and other forms which are consistent with applicable laws. Restricted stock awards may be sold or awarded under the Plan for such consideration as our board may determine, including cash, cash equivalents, full-recourse promissory notes, past services and future services. In the event of a recapitalization of our company, a spin-off or similar occurrence, or the declaration of a dividend payable in shares of our common stock, in the Board's sole discretion it will determine if any adjustments are to be made in the number of options and restricted shares available for future awards and certain other matters. The Plan will terminate on its tenth anniversary, unless earlier terminated by our Board of Directors.

There were no issues under the plan during 2005 and 2004.

F-16

NOTE 12 INCOME TAXES

As of December 31, 2005 and 2004, the Company had net operating loss ("NOL") carryforwards of approximately \$5,031,080 and \$5,005,700, respectively, available to reduce future federal and state taxable income. These NOL carryforwards will expire from 2022 through 2025. The Company had no other material temporary differences. Due to uncertainties related to the extent and timing of its future taxable income, the Company offset deferred tax assets of approximately \$1,350,000 and \$1,325,000 as of December 31, 2005 and 2004,

Edgar Filing: TECHLABS INC - Form 10KSB

respectively, by an equivalent valuation allowance as of December 31, 2005 and 2004.

NOTE 13 SUBSEQUENT EVENT

On July 28, 2004 Techlabs Board of Directors approved changing the corporate name to Siren International Corp. Techlabs anticipates filing an information statement with the SEC regarding this pending name change during the first quarter of fiscal 2006.
