AMPER, POLITZINER & MATTIA, LLP

Report of Independent Registered Public Accounting Firm

To the 401(k) Administrative Committee of
Sterling Bancorp/Sterling National Bank 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of Sterling Bancorp/Sterling National Bank 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 and the supplemental schedule of delinquent participant contributions for the year ended December 31, 2009 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN**

**Notes to Financial Statements
December 31, 2009 and 2008**

(1) Description of the Plan

The following brief description of the Sterling Bancorp/Sterling National Bank 401(k) Plan (the Plan) is presented for information purposes only and is not intended as a summary plan description for participants. Participants should refer to the Plan document for more complete information.

(a) General

The Plan is a defined contribution plan covering all employees of Sterling Bancorp and subsidiaries (the Company or Plan Sponsor), to help supplement participants' retirement income. The Plan was established effective January 1, 1990, amended and restated effective September 1, 2007.

Effective January 1, 2008, the Sterling National Bank Subsidiaries 401(k) Plan merged into the Sterling Bancorp/Sterling National Bank 401(k) Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a committee and such committee acts as the Plan's administrator. Sterling Bancorp is a bank holding company and its common shares are listed on the New York Stock Exchange. Sterling National Bank (the Bank) is a wholly owned subsidiary of Sterling Bancorp.

(b) Contributions

Employees are eligible to join the Plan as an active participant for purposes of contributions other than matching contributions on the first day of the month following their date of employment. Participants may contribute a minimum of 1% of salary to the maximum allowable under the Internal Revenue Code regulations, which is \$16,500 and \$15,500 for the 2009 and 2008 plan year, respectively.

Employees who have attained the age of 50 years may make catch-up contributions of \$5,500 and \$5,000 for 2009 and 2008, respectively, which increases the maximum allowable contribution to \$22,000 and \$20,500 in 2009 and 2008, respectively.

Employees hired on or after January 2, 2006 are eligible for matching contributions on the first day of the month after one year of service in which the employee has worked 1,000 or more hours except for employees who are also participants in the Sterling Bancorp/Sterling National Bank Employees' Retirement Plan.

Participants may elect to change their contributions effective as of the first day of each calendar month. Participants may discontinue their contributions at any time.

STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN

Notes to Financial Statements
December 31, 2009 and 2008

(c) *Vesting*

Participants are fully vested in their own contributions and earnings. Company's contributions are vested based on the following schedule:

Years of vesting service	Percent vested
Less than 1 year	—
1 year	33
2 years	66
3 or more years	100

(d) *Forfeited Accounts*

Forfeited balances of terminated participants' nonvested accounts are used to reduce the Plan's administrative expenses or future company contributions as further defined by the Plan. The amounts of forfeitures used to reduce Company contributions and pay administrative expenses were approximately \$18,400 for the year ended December 31, 2009. In 2008, approximately \$24,300 of forfeitures were used to reduce Company contributions. The forfeitures account balance as of December 31, 2009 and 2008 was approximately \$330 and \$6,700, respectively.

(e) *Participant Accounts*

Each participant's account is credited with the participant's contributions and its share of the Company's contribution, if any, and investment earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Each participant is entitled only to the benefits that can be provided from that participant's vested account.

(f) *Participant Loans*

Under the Plan, a participant may borrow up to the lesser of 50% of his or her vested account balance or \$50,000, subject to a minimum amount of \$1,000. Interest is charged to participants at rates that provide a return commensurate with the prevailing rate of interest that would be charged by independent lenders for similar loans. The period of repayment of any loan shall not exceed five years unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, in which case the loan term may not exceed 30 years. A participant may not have more than one loan outstanding at a time.

(g) *Payments of benefits*

A participant may withdraw his or her vested account balance on their retirement date, or make withdrawals based on hardship, death, disability, loans, and termination of employment, as defined in the Plan agreement.

When participation in the Plan terminates for any reason other than death, the participant's vested account balance, as defined in the Plan agreement, shall be distributed to such participant. When participation in the Plan is terminated by reason of death, the participant's entire account balance, as defined in the Plan agreement, shall be distributable to his or her designated beneficiary or executor. Distributions may be elected to be made in a lump sum, fixed period annuity, fixed period installment, or fixed payment installment option. The portion of a participant's vested account that is held in the Employer Securities Fund may be distributed in kind.

401(k) PLAN

Notes to Financial Statements
December 31, 2009 and 2008

(2) **Summary of Significant Accounting Policies**

(a) ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) ***Use of Estimates***

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) ***Codification***

In June 2009, the Financial Accounting Standards Board ("FASB") issued "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162", ("FASB Codification") which is effective for reporting periods ending after September 15, 2009. The FASB Codification is the single source of authoritative nongovernmental U.S. generally accepted accounting principles ("GAAP"), superseding existing FASB, American Institute of Certified Public Accountants ("AICPA"), Emerging Issues Task Force ("EITF") and related accounting literature. The FASB Codification reorganizes the thousands of GAAP pronouncements into roughly 90 accounting topics and displays them using a consistent structure. The adoption of the FASB Codification did not impact the Plan's financial position or results of operations.

(d) ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

As required by the Fair Value Measurements and Disclosure Topic of the FASB Accounting Standards Codification, fair value is to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such is a market-based measurement, not an entity-specific measurement.

This Topic establishes a three-level valuation hierarchy based upon observable and non-observable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN

Notes to Financial Statements
December 31, 2009 and 2008

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Participant loans: Valued at estimated fair value using amortized cost which management believes is an accurate reflection of fair value.

Pooled separate accounts (PSA): Valued at net asset value as reported by the investment manager of the fund.

Guaranteed interest accounts (GIA): Fair value represents the value the Plan would receive if the contract was terminated, which is book value less an early withdrawal charge.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Effective September 2008, the U.S. Property Separate Account is subject to withdrawal limitations due to economic conditions adversely affecting the commercial real estate market in which this separate account invests. As a result, death, disability, retirement and hardship withdrawals are being paid out while requests to transfer out of the separate account, take a loan, or termination distributions are subject to limitations. The related annuity contract allows withdrawal limitation to be applied for up to three years.

Level 3 Summary of Changes

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008.

**STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN**

**Notes to Financial Statements
December 31, 2009 and 2008**

Level 3 Assets for year ended December 31, 2009

	January 1, 2009	Realized/ Unrealized Gains (Losses)	Purchases, Sales, Issuances and Settlements (Net)	December 31, 2009
Guaranteed Interest Accounts	\$ 720,081	\$ (8,346)	\$ 126,910	\$ 838,645
Pooled Separate Account	414,126	(136,488)	43,491	321,129
Participant Loans	442,056	—	262,398	704,454
Total	\$ 1,576,263	\$ (144,834)	\$ 432,799	\$ 1,864,228

Level 3 Assets for year ended December 31, 2008

	January 1, 2008	Realized/ Unrealized Gains (Losses)	Purchases, Sales, Issuances and Settlements (Net)	December 31, 2008
Guaranteed Interest Accounts	\$ 736,347	\$ 27,492	\$ (43,758)	\$ 720,081
Pooled Separate Account	989,417	(66,207)	(509,084)	414,126
Participant Loans	382,345	—	59,711	442,056
Total	\$ 2,108,109	\$ (38,715)	\$ (493,131)	\$ 1,576,263

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net depreciation in fair value of investments in the statements of changes in net assets available for benefits.

(e) Accounting for Uncertainty in Income Taxes

The Income Taxes Topic of the FASB Accounting Standards Codification clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and is effective for fiscal years beginning after December 15, 2008. The Plan adopted the provisions of the Topic and the adoption did not impact the amounts reported in the Plan's financial statements.

(f) Payments of Benefits

Benefit payments to participants are recorded when paid.

(g) Expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as provided in the Plan document.

(h) Reclassifications

Certain amounts in 2008 financial statements have been reclassified to conform with the 2009 presentation.

**STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN**

**Notes to Financial Statements
December 31, 2009 and 2008**

(3) Investment Account with Insurance Company

The Plan provides an investment option to invest in a non benefit-responsive guaranteed interest account with Principal Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by Principal.

The guaranteed interest account is non benefit-responsive, and therefore fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account.

The guaranteed interest account promises contract value for a benefit event, such as a termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event, such as a withdrawal from the account for a change in investment option.

The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For the years ended December 31, 2009 and 2008, the interest rate in the guaranteed interest account was 3.45% and 3.60%, respectively.

(4) Investments

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Principal Global Investors Money Market Sep Account	\$ 3,488,631	\$ 3,499,702
Sterling Bancorp Common Stock	2,827,276	5,130,162

The net appreciation (depreciation) of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) for the years ended December 31, 2009 and 2008, is as follows:

	<u>2009</u>	<u>2008</u>
Sterling Bancorp Common Stock	\$ (2,504,629)	\$ 195,249
Mutual Funds	752,156	(1,300,415)
Pooled Separate Accounts	1,558,793	(3,793,095)
Guaranteed Interest Accounts	(8,346)	1,336
	<u>\$ (202,026)</u>	<u>\$ (4,896,925)</u>

Edgar Filing: STERLING BANCORP - Form 11-K

Dividends from Sterling Bancorp Common Stock are earned by the Plan quarterly. Dividends are used to purchase additional shares of stock.

**STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN**

**Notes to Financial Statements
December 31, 2009 and 2008**

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2009 may not necessarily be indicative of amounts that could be realized in a current market exchange.

(6) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue and terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination or partial termination, the participant account balances shall become fully vested, and net assets distributed to participants and beneficiaries in proportion to their respective account balances.

(7) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 27, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the tax determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

During the Plan years 2002 through 2008, the operation of the Plan was based on incorrectly determined eligible compensation. To correct this operational defect, Management had estimated that an additional contribution of approximately \$671,000 was required to be made to the Plan by the Company and was reflected as an employer contribution receivable within the Plan's statement of net assets available for benefits as of December 31, 2008. During 2009 the Company finalized the calculation and contributed \$643,640 for the correction. The Company believes that the operational defect has been properly corrected by making the Plan whole.

(8) Parties-in-interest Transactions

Certain Plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal. Principal is the record keeper and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Also, the Plan offers as one of the investments, the common stock of Sterling Bancorp, the Plan Sponsor. Sterling Bancorp is the trustee and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

**STERLING BANCORP/STERLING NATIONAL BANK
401(k) PLAN**

**Notes to Financial Statements
December 31, 2009 and 2008**

(9) Transfer from Related Plan

Effective January 1, 2008, participant balances of Sterling National Bank Subsidiaries 401(k) Plan (the "Sub Plan") were transferred into the Plan. Sterling National Bank Subsidiaries 401(k) Plan covered all eligible employees of Sterling National Mortgage Co., Inc. and Sterling Resource Funding Corp. All participants of the Sub Plan received past service credits for purposes of eligibility, vesting and employer matching contribution under the Plan.

(10) Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

(11) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Net assets available for benefits per the financial statements	\$ 20,840,210	\$ 19,501,678
Employer contribution receivable	—	(671,000)
Participant loan amounts deemed distributed for tax purposes	(4,055)	(3,700)
	<u> </u>	<u> </u>
Net assets available for benefits per the Form 5500	\$ 20,836,155	\$ 18,826,978

The following is a reconciliation of net increase (decrease) in net assets available for benefits prior to transfer from related plan per the financial statements to the Form 5500 for the years ended December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Net increase (decrease) in net assets available for benefits prior to transfer from related plan per the financial statements	\$ 1,338,532	\$ (3,637,619)
Employer contribution receivable	671,000	(671,000)
Change in participant loan amounts deemed distributed for tax purposes	(355)	(3,700)
Life insurance cash surrender value	—	(4,190)
	<u> </u>	<u> </u>

Edgar Filing: STERLING BANCORP - Form 11-K

Net increase (decrease) in net assets available for benefits prior to transfer from related plan per Form 5500	\$ 2,009,177	\$ (4,316,509)

**Notes to Financial Statements
December 31, 2009 and 2008**

(12) Subsequent Events

Effective January 1, 2010, the Plan was amended with respect to its provisions for employer matching contributions. Plan participants are eligible for matching contribution on the first payroll period following their completion of six months of service. The matching contributions will be made and allocated to participant accounts on the last day of the Plan year. Eligible employees who are Plan participants on the last day of the year and those who participated during the year but reached age 65, became disabled or died during the year, will receive the matching contribution.
