Gilat Announces First Quarter 2006 Results

Petah Tikva, Israel, May 10, 2006 Gilat Satellite Networks Ltd. (Nasdaq: GILT), a worldwide leader in satellite networking technology, solutions and services, today reported its results for the quarter ending March 31, 2006.

Commencing the first quarter of fiscal year 2006, Gilat implemented the Statement of Financial Accounting Standard No. 123(R) (SFAS 123(R)), Share-based Payments , which requires Gilat to expense the fair value of grants made under stock option programs over the vesting period of the options beginning on January 1, 2006. The expense is a non-cash transaction. Gilat will report its net income and earnings per share during 2006 on both Generally Accepted Accounting Principles (GAAP) and non-GAAP (which excludes the non-cash stock option expense) in order to provide meaningful period-to-period comparisons.

Revenues for the first quarter of 2006 were \$58.6 million, up from \$53.0 million in the comparable quarter of 2005. Net income for the first quarter of 2006 was \$1.2 million or \$0.05 per diluted share, up from a net loss of \$1.9 million or \$0.09 per diluted share in the comparable quarter of 2005.

Non-GAAP net income for the first quarter of 2006 was \$2.7 million, or \$0.12 per diluted share, up from a net loss of \$1.9 million or \$0.09 per diluted share in the comparable quarter of 2005. Non-GAAP EBITDA⁽³⁾ was \$8.7 million, up from \$4.7 million in the first quarter of 2005.

Gilat's Chief Executive Officer and Chairman of the Board Amiram Levinberg said, The first quarter was a strong quarter, with improvements across all key financial indicators and we remain on track in achieving our 2006 management financial objectives. Within our main markets of enterprise, government and rural communications, we have shown an increase in deals for larger networks and also maintain a steady flow of deals addressing smaller networks. We are also selling higher value solutions to our customers, and as such, continuing the implementation of our business strategy.

Recently Announced Agreements

Gilat combined its equipment and services to provide a satellite solution for the Mexican Ministry of Education s Enciclomedia project. Under this program, Gilat will be providing over 15,000 SkyEdge VSATs to approximately 33,000 classrooms for five out of eleven regions which have commenced implementation.

Six Continents Hotels, Inc. (SCH), a member of InterContinental Hotels Group, the world s largest hotel group by number of rooms, extended its enterprise network services contract with Gilat s Spacenet subsidiary through December 31, 2008. Spacenet serves more than 2,500 locations across the United States and Canada. SCH will also utilize Spacenet s SmartCare enterprise-grade managed network services.

China Satellite Communications Corp. (China Satcom) completed deployment of approximately 1,000 Gilat SkyEdge VSATs for rural telephony applications in Gansu Province and Inner Mongolia Autonomous Region. China Satcom is one of China s largest satellite operators and the network will fulfill its Universal Service Obligation (USO).

Gilat delivered a SkyEdge VSAT network to the Telecommunications Cooperative of Santa Cruz de la Sierra (COTAS), Bolivia s second-largest telecommunication operator. COTAS deployment of the network will fulfill its USO to meet the modern telecommunications requirements of rural communities.

About Gilat Satellite Networks Ltd.

Gilat Satellite Networks Ltd. (Nasdaq: GILT) is a leading provider of products and services for satellite-based communications networks. The Company operates under three business units: (i) Gilat Network Systems (GNS), which is a provider of network systems and associated professional services to service providers and operators worldwide; (ii) Spacenet Inc., which provides managed services in North America for businesses and governments through its Connexstar service brand and for consumers through its StarBand service brand; (iii) Spacenet Rural Communications, which offers rural telephony and Internet access solutions to remote areas primarily in Latin America.

Gilat was founded in 1987 and has shipped over 600,000 Very Small Aperture Terminals (VSATs) to more than 85 countries across six continents. Gilat's headquarters is located in Petah Tikva, Israel. The Company has 14 local offices and three service facilities worldwide. Gilat markets the SkyEdge Product Family which includes the SkyEdge Pro, SkyEdge IP, SkyEdge Call, SkyEdge DVB-RCS and SkyEdge Gateway. In addition, the Company markets numerous other legacy products. Visit Gilat at www.gilat.com.

Notes:

1) Certain statements made herein that are not historical are forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. The words estimate, project, intend, expect, believe and similar expressions are intended to identify forward-looking statements. The forward-looking statements involve known and unknown risks and uncertainties. Many factors could cause the actual results, performance or achievements of Gilat to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, among others, changes in general economic and business conditions, inability to maintain market acceptance to Gilat's products, inability to timely develop and introduce new technologies, products and applications, rapid changes in the market for Gilat's products, loss of market share and pressure on prices resulting from competition, introduction of competing products by other companies, inability to manage growth and expansion, loss of key OEM partners, inability to attract and retain qualified personnel, inability to protect the Company's proprietary technology and risks associated with Gilat's international operations and its location in Israel. For additional information regarding these and other risks and uncertainties associated with Gilat's business, reference is made to Gilat's reports filed from time to time with the Securities and Exchange Commission.

2) The attached summary financial statements were prepared in accordance with U.S. GAAP. The attached summary financial statements for Q1 2006 are unaudited. To supplement the consolidated financial statements presented in accordance with GAAP, the Company presents Gilat's net income, EBITDA and earnings per diluted share, before the share-based payment charge, which is the non-cash stock option expense. This non-GAAP presentation of net income, EBITDA and earnings per share is provided to enhance the understanding of the Company's historical financial performance and comparability between periods.

3) Operating income (loss) before depreciation, amortization, non cash stock option expenses as per SFAS 123(R) and exceptional items, (Non-GAAP EBITDA) is presented because it is a measure commonly used and is presented solely in order to improve the understanding of the Company's operating results and to provide further perspective on these results. Non-GAAP EBITDA, however, should not be considered as an alternative to operating income (loss) or net income (loss) for the period as an indicator of the operating performance of the Company. Similarly, Non-GAAP EBITDA should not be considered as an alternative to cash flows from operating activities as a measure of liquidity. Non-GAAP EBITDA is not a measure of financial performance under generally accepted accounting principles and may not be comparable to other similarly titled measures for other companies. Non-GAAP EBITDA may not be indicative of the historic operating results of the Company; nor is it meant to be predictive of potential future results. Reconciliation between the Company's Operating income (loss) and Non-GAAP EBITDA is presented in the attached summary financial statements.
