BEZEQ INTERNATIONAL GAINS BY MTS' INTERCONNECT BILLING

- LARGEST CARRIER IN ISRAEL USING THE MTS INTERCONNECT BILLING SOLUTION
TO MANAGE ITS INTERCONNECT PARTNER RELATIONSHIPS -

RA'ANANA, ISRAEL - JANUARY 9, 2007 - MTS - MER TELEMAGEMENT SOLUTIONS LTD. (NASDAQ CAPITAL MARKET: MTSL), a global provider of operations support systems (OSS) and customer care and billing (CC&B) solutions, announced that Bezeq International, a subsidiary of Bezeq, the largest telecommunications carrier in Israel, has been using MTS' interconnect billing solution to manage its interconnect partner relationships.

Mrs. Osnat Cohen the Manager of Internal Applications of Bezeq International stated: "Bezeq International determined that it required an Interconnect Billing solution that would support its increasing business growth. We conducted an extensive search and analysis of the various systems available and chose the MTS' interconnect solution because it fully addresses our current and future needs, and also because of its superior technology and future forward innovations. The MTS interconnect billing solution allows us to manage all our interconnect partners and agreements; handle all the daily activities, providing for the fast and accurate reconciliation of accounts with our worldwide partners. Using the MTS interconnect billing solution, we have reduced our operational expenses while increasing our data integrity, providing us a platform to improve relationships with our partners and leverage our business opportunities." Mr. Nissan Arie, V.P Global Businesses further added, "The MTS interconnect billing solution has increased our revenue by creating a new wholesale business of providing interconnect services to other service providers across the globe."

The interconnect billing solution is able to manage an unlimited number of contracts according to flexible and dynamically defined rating schemes. The MTS solution enables a carrier to manage its relationships with interconnect partners, from documenting and monitoring contracts to supporting all types of agreements, including hubbing, wholesale, bilateral, transit and custom agreements. This sophisticated system combines streamlining the entire invoicing process with the automation of such processes as destination rate loading, hubbing and wholesale rate determination and partner transaction reconciliation.

Eytan Bar, President and Chief Executive Officer of MTS commented: "The determination by Bezeq International to utilize our solution reflects the increased demand we are seeing for our billing solutions from carriers and

service providers around the world who recognize the strength and advantage of the MTS billing platforms. Our solutions are modular in design, accommodating the needs of all carriers and service providers regardless of size. A significant advantage of the MTS interconnect billing solution is its automatic resolution capability, which enables carriers and service providers to troubleshoot issues associated with "leakage" and/or faulty billing discrepancies, which have been major problems in the past."

The MTS interconnect billing solution can be installed as part of a converged solution or as a standalone module.
