NATCO Group Inc. awards annual cash bonus incentive opportunities under its annual bonus plans to senior executives and other key employees. The amount of an executive's bonus opportunity, which is expressed as a percentage of base salary in effect at the beginning of the year, depends primarily on that individual's position and responsibilities. The range of these percentages for our senior executive officers is from 50% to 100%.

The Board of Directors determined on January 17, 2008 the parameters for bonus payouts to senior executives and other key employees for 2008, which parameters are generally consistent with those used in our prior annual bonus plans. The plan is designed to unify management's efforts by using consolidated results as the primary measure of performance while recognizing segment results, business unit results and individual contribution in determining final awards. For senior officers and corporate-level personnel, 80% of the bonus will be based on NATCO's corporate financial performance and 20% will be based on segment performance and specific business unit and individual objectives. For other plan participants, 20% of the bonus will be based on corporate performance and 80% will be based on segment performance, business unit goals and individual performance.

The 2008 target bonuses for our named executive officers are as follows:
