Dr. Rachesky is the managing member of Institutional Advisors III. In such capacity, Dr. Rachesky may be

Fund Management has an investment management agreement with Institutional Partners III pursuant to which it has the power to vote or direct the vote and to dispose or to direct the disposition of the shares held for the account of Institutional Partners III and, accordingly, Fund Management may be deemed to beneficially own the shares held for the account of Institutional Partners III.
- (6) Forward Transaction, dated as of June 6, 2012, by and between Deutsche Bank AG, London Branch ("DB"), with Deutsche Bank Securities Inc. as agent, and Master Account (the "DB Master Account Forward Transaction").
- (7) Forward Transaction, dated as of June 6, 2012, by and between DB, Deutsche Bank Securities Inc. as agent, and Capital Partners (100) (the "DB Capital Partners (100) Forward Transaction").
- (8) Amended and Restated Forward Transaction, dated as of June 12, 2012, by and between DB, Deutsche Bank Securities Inc. as agent, and Institutional Partners III (the "DB Institutional Partners III Forward Transaction" and, together with the DB Master Account Forward Transaction and the DB Capital Partners (100) Forward Transaction, the "DB Forward Transactions").

In the event that Master Account, Capital Partners (100) or Institutional Partners III elect to physically settle their respective DB Forward Transactions, such MHR entity is required to pay the DB Forward Price per Share to DB in exchange for each share of Common Stock underlying the DB Forward Transaction. The "DB Forward Price per Share" is initially \$25.5399 and increases each day based on a formula that generally equals the initial DB Forward Price per Share multiplied by an interest rate generally equal to one-month LIBOR plus 0.85% per annum compounded monthly. If any DB Forward Transaction is settled in cash, Master Account, Capital Partners (100) or Institutional Partners III will generally obtain the gain from any positive price performance and suffer the loss from any negative price performance when compared to the DB Forward Price per Share on the notional number of shares of Common Stock subject to the DB Forward Transactions, subject to certain fees payable to DB.

- (9)
- (10) Each of the DB Master Account Forward Transaction and the DB Capital Partners (100) Forward Transaction may be settled at any time, at the election of Master Account or Capital Partners (100), as the case may be, in cash or by delivery of Common Stock.

The DB Institutional Partners III Forward Transaction may be settled at any time at the election of Institutional Partners III in cash. In addition, the DB Institutional Partners III Forward Transaction may be settled at any time, at the election of Institutional Partners III, following the date that all required filings and any applicable waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 have been made or have expired (the "HSR Act Condition"), by delivery of Common Stock in exchange for payment by Institutional Partners III of the Forward Price per Share (as defined above).

- (11)
- (12) The shares of Common Stock underlying the DB Forward Transactions generally must be settled in either cash or physical delivery of such shares of Common Stock (subject, in the case of the DB Institutional Partners III Forward Transaction, to satisfaction of the HSR Act Condition) by June 12, 2013 or at such earlier date at the election of Master Account, Capital Partners (100) or Institutional Partners III, as the case may be. If the relevant MHR fund elects physical settlement, the settlement date will occur on the fifth business day following the date of such election. If the relevant MHR fund elects cash settlement, the cash settlement date will occur three business days following the expiration of a fifteen (15) business day price averaging period commencing two business days following the date of such election.

- (13) Forward Transaction, dated as of June 14, 2012, by and between Societe Generale ("SG") and Master Account (the "SG Master Account Forward Transaction").

- (14) Forward Transaction, dated as of June 14, 2012, by and between SG and Capital Partners (100) (the "SG Capital Partners (100) Forward Transaction").

- (15) Forward Transaction, dated as of June 14, 2012, by and between SG and Institutional Partners III (the "SG Institutional Partners III Forward Transaction" and, together with the SG Master Account Forward Transaction and the SG Capital Partners (100) Forward Transaction, the "SG Forward Transactions").

In the event that Master Account, Capital Partners (100) or Institutional Partners III elect to physically settle their respective SG Forward Transactions, such MHR entity is required to pay the SG Forward Price per Share to SG in exchange for each share of Common Stock underlying the SG Forward Transaction. The "SG Forward Price per Share" will equal a weighted average of the VWAP price of the shares of Common Stock obtained during SG's hedging period multiplied by 1.10% per annum plus certain fees payable to SG, and thereafter, the SG Forward Price per Share will increase generally at a rate equal to one-month LIBOR plus 0.85% per annum compounded monthly. (Continued in footnote 17)

- (16)
- (17) (Continued from footnote 16) The weighted average of the VWAP price of the shares obtained during SG's hedging on June 14, 2012 was \$27.0661. If any SG Forward Transaction is settled in cash, Master Account, Capital Partners (100) or Institutional Partners III will

Edgar Filing: NAVISTAR INTERNATIONAL CORP - Form 4

generally obtain the gain from any positive price performance and suffer the loss from any negative price performance when compared to the SG Forward Price per Share on the notional number of shares of Common Stock subject to the SG Forward Transactions, subject to certain fees payable to SG.

- (18) Each of the SG Master Account Forward Transaction and the SG Capital Partners (100) Forward Transaction may be settled at any time, at the election of Master Account or Capital Partners (100), as the case may be, in cash or by delivery of Common Stock.

- (19) The SG Institutional Partners III Forward Transaction may be settled at any time at the election of Institutional Partners III in cash. In addition, the SG Institutional Partners III Forward Transaction may be settled at any time, at the election of Institutional Partners III, following the satisfaction of the HSR Act Condition, by delivery of Common Stock.

- (20) The shares of Common Stock underlying the SG Forward Transactions generally must be settled in either cash or physical delivery of such shares of Common Stock (subject, in the case of the SG Institutional Partners III Forward Transaction, to satisfaction of the HSR Act Condition) no later than the date that is 12 months from the "Trade Date" (as defined below). The "Trade Date" is the earlier to occur of (i) the date on which SG or its affiliate completes its hedges in connection with the applicable SG Forward Transaction, and (ii) the date designated by the relevant MHR fund by written notice to SG, in each case which must occur not later than September 14, 2012. If the relevant MHR fund elects physical settlement, the settlement date will occur on the fifth business day following the date of such election. If the relevant MHR fund elects cash settlement, the cash settlement date will occur three business days (Continued in footnote 21)

- (21) (Continued from footnote 20) following the expiration of a fifteen (15) business day price averaging period commencing two business days following the date of such election.
