Item 1.01. Entry into a Material Definitive Agreement

With respect to the mortgage loan agreement described below that was entered into on August 15, 2012, the information disclosed under Item 2.03 is incorporated by reference into this Item.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On August 15, 2012, subsidiaries of Pennsylvania Real Estate Investment Trust (the "Company") that own Cherry Hill Mall entered into a \$300.0 million non-recourse mortgage loan agreement with New York Life Insurance Company and Teachers Insurance and Annuity Association of America. The mortgage loan (the "Loan") has a 10 year term and an interest rate of 3.90%. For the first two years of the term of the loan, the payments will be interest-only, followed by payments reflecting principal amortization based on a 30 year schedule, with the remaining outstanding balance due at maturity. The Loan may not be prepaid for the first three years after closing, and may be prepaid thereafter subject to certain lender yield provisions.

The Company used a portion of the net proceeds of the Loan to repay the previous mortgage loans secured by the property, which had balances of approximately \$178.3 million (5.422% interest rate) and \$53.1 million (5.51% interest rate) at closing. The Company applied the remaining net proceeds toward the repayment of the outstanding balance under its Revolving Facility. After the Revolving Facility repayment, there was no outstanding balance thereunder, and the available capacity was \$250.0 million.

The loan contains various customary events of default, including, among other things, nonpayment of principal, interest, fees or other amounts; inaccuracy of representations and warranties; violation of covenants; and certain bankruptcy events of the borrower entities or PREIT Associates, L.P. If an event of default occurs under the mortgage loan agreement, then, subject to specified cure rights of the borrower entities, the lender may declare the entire outstanding balance of the Loan, including all accrued and unpaid interest, fees and other obligations of the borrower entities, to be immediately due and payable.
