Restructuring Update
Results of Members' and Creditors' meetings

British Energy plc today held the Members' and Creditors' meetings convened by the circulars to shareholders and creditors dated 29 November 2004 (the "Circulars"). The requisite majorities of creditors and shareholders duly approved the Creditors' Scheme, Members' Scheme and Disposal (as such terms are defined in the circulars) at these meetings.

The Company will now seek Court sanction for the Creditors' Scheme and the Members' Scheme. The indicative timetable for the Agreed Restructuring anticipates these hearings will be held in mid-January 2005. If the Schemes are sanctioned by the Court completion of the Agreed Restructuring and admission of the New Shares, Warrants and New Bonds to the Official List of the UKLA and to trading on the London Stock Exchange are expected to follow shortly thereafter. However, the indicative timetable is the best case expectation and may be subject to change.

Furthermore the Agreed Restructuring remains subject to a number of important conditions and risks factors described in the Circulars.

Shareholders should note that under the proposals, unless they elect to receive new shares and/or warrants by returning a form of election by 6.00pm on 13 January 2005, any new shares and warrants to which they would be entitled will be sold in the market and the proceeds remitted to them.

If both the Creditors' Scheme and Members' Scheme become effective, shareholders will receive 2.5 per cent. of issued ordinary share capital of British Energy Group plc and warrants to subscribe approximately GBP29 million for further ordinary shares representing 5 per cent. of its thereby diluted share capital immediately following completion of the Agreed Restructuring.

If for any reason the Members' Scheme lapses but the Creditors' Scheme becomes effective the Company will proceed with the Disposal and existing shareholders will only receive the warrants.

If for any reason the Creditors' Scheme lapses and the Company is unable to implement the Proposed Restructuring prior to the present long stop date of 31 March 2005 or any extended long stop dates and a replacement standstill cannot be agreed with creditors shortly thereafter, it would be unable to meet its financial obligations as they fall due, in which case it may have to take appropriate insolvency proceedings. If the Company were to commence insolvency proceedings, distributions, if any, to unsecured creditors may represent only a small fraction of their unsettled liabilities and it is highly unlikely there would be any return to shareholders.
