CANARA BANK, HSBC AND ORIENTAL BANK OF COMMERCE TO ESTABLISH LIFE INSURANCE COMPANY IN INDIA

Canara Bank, HSBC Insurance (Asia-Pacific) Holdings Limited and Oriental Bank of Commerce (OBC) have today signed a non-binding Memorandum of Understanding to jointly establish a life insurance company in India.

The new company will have exclusive access to the customer bases of both of the State-owned banks, Canara Bank and OBC, and of HSBC in India. This comprises more than 40 million people and a nationwide network of 3,600 branches. This formidable distribution capability will be used by the company to become a significant player in the country's rapidly expanding life insurance industry.

Under the proposed agreement, Canara Bank will take a 51 per cent stake in the new company, HSBC a 26 per cent interest and OBC the remaining 23 per cent. The new life insurance company will be capitalised at INR3,250 million (approximately US\$73 million), of which HSBC will contribute INR1,770 million (approximately US\$40 million), Canara Bank INR1,020 million (approximately US\$23 million) and OBC INR460 million (approximately US\$10 million). Under the terms of the agreement, HSBC will provide a range of management services, which may include providing executives for senior roles.

Life insurance premiums in India grew at an annual rate of 21 per cent in the

## Edgar Filing: HSBC HOLDINGS PLC - Form 6-K

six years following the opening of the market to private players in 1999, exceeding US\$20 billion in 2005. From April to November 2006, new life insurance premiums grew by 155 per cent, according to the business figures released by India's Insurance Regulatory and Development Authority. However, with a penetration rate of only 2.5 per cent in 2005, India's nascent life insurance market has considerable long-term growth potential.

Shri M B N Rao, Chairman and Managing Director, Canara Bank, said: "Canara Bank, which has built up a distinguished track record of performance and service excellence over 100 years, has emerged as a front ranking banking institution in India. Recognised as a financial conglomerate with a strong presence across varied financial markets, the Bank has been providing a wide array of need based banking and financial services to its fast growing cross section clientele. Among others, Canara Bank has already established its presence in Mutual Fund, Factoring, Housing and Venture Capital Financing activities through its subsidiary companies and insurance domain by distributing insurance products - both life and non-life through its network of branches.

"The signing of the MoU today to promote a life insurance company with HSBC Insurance and Oriental Bank of Commerce marks a significant step forward for Canara Bank in terms of creating and delivering value added insurance products not only to the existing customers but also to the customers and prospects of our partner institutions. By collaborating with HSBC we shall be in a position to bring the best of international insurance products to the fast growing Indian markets.

"I have no doubt indeed that the domain expertise of HSBC with the strong network and presence of the Indian Public Sector Banks augurs well for the success of our alliance."

David Fried, Regional Head of Insurance Asia Pacific for HSBC, said: "This is a unique opportunity to expand HSBC's footprint in one of our major emerging markets and to bring to the partnership considerable insurance experience, product range and our proven bancassurance capabilities. HSBC has an extensive and successful bancassurance operation in over 40 countries around the world serving more than 30 million customers, in both developed and emerging markets. HSBC has been in the insurance business since 1808, employs over 6,000 staff in the manufacturing and sourcing of insurance products globally and has 40,000 staff involved in selling insurance. HSBC Insurance also has a long history in Asia and we are recognised in the industry for our prudent management and high quality of service. In Hong Kong, HSBC Insurance has won industry awards such as Asia Insurance Review's Life Insurance Company of the Year in 2006, for being a pioneer in product and service excellence as well as for our effective and sound financial management.

"The financial services industry in India has seen remarkable development over the past few years and life insurance has been a key part of that success story. Working closely with our two partners, and by bringing our rich experience to India, we believe we can build a significant presence in India's life insurance industry. The sector has experienced rapid development since it was opened up in 1999 and we expect to see that robust growth continue over the next decade. It is an extremely promising time to be entering this market."

Shri Prithviraj, Chairman Oriental Bank of Commerce, said: "OBC has a strong presence in rural and semi-urban areas of northern India with 1,350 branches and extension counters in all important centres across India. Our 14,500 strong work-force is dedicated and committed to exploring new business activities. Around 950 employees have already been handling life and general insurance businesses for the past three years. With this alliance, OBC will augment its revenue streams by improving return on equity after breakeven and commission earnings from premia mobilized. Since OBC understands the needs of the local populace, our input into the design of customer-friendly life insurance products

## Edgar Filing: HSBC HOLDINGS PLC - Form 6-K

will enable the partners to garner market share. OBC will help formulate products for Inclusive Growth for the needy sectors of society, so as to extend the Social Security net to the deserving."

Completion of the transaction is subject to various conditions including obtaining regulatory and other approvals and agreeing final terms among the partners.

Notes to editors
