This information contains forward-looking statements and other forward-looking information relating to the company (the "forward-looking statements"). The forward-looking statements are not historical facts and include, reflect or are otherwise based upon, among other things, the company's current estimations, projections, views, policies, business strategies, targets, expectations, assumptions and evaluation with respect to general economic conditions, the results of operations, the financial condition, the company's management in general and other future events. Accordingly, they are inherently susceptible to uncertainties, risks and changes in circumstances and are not guarantees of future performance.

Some forward-looking statements represent targets that the company's management will strive to achieve through the successful implementation of the company's business strategies. The company may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons.

In light of the many risks, uncertainties and possible changes, you are advised not to put undue reliance on the forward-looking statements. The company is under no obligation - and expressly disclaims any obligation - to update or alter the forward-looking statements, except as may be required by any applicable laws and regulations or stock exchange rules.

For detailed information relating to uncertainties, risks and changes regarding the forward-looking statements, please see the company's latest annual report and other disclosure documents.
