### **Record Date and Quorum**

This Proxy Statement, the Proxy Form and the Corporation's Annual Report to Stockholders are being mailed on or about March 15, 2004 to holders of record of the Common Stock at the close of business on March 5, 2004 (the Record Date). Each outstanding share of Common Stock entitles the holder thereof as of the record date to one vote (or where a part share shall be owned a proportionate part of the vote of one share) on each matter to come before the Annual Meeting. As of the Record Date, excluding treasury stock, there were 12,348,718 shares of Common Stock outstanding. There are no other outstanding voting securities of the Corporation other than the Common Stock.

The presence at the Annual Meeting in person or by proxy of the holders of a majority of the shares of Common Stock outstanding and entitled to vote will constitute a quorum for the transaction of business. Abstentions and broker non-votes are treated as present and entitled to vote, and therefore are counted in determining the existence of a quorum. At the Annual Meeting, election inspectors will determine whether or not a quorum is present.

## **Table of Contents**

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner with respect to such item.

### **Proxies**

If the enclosed proxy form (the Proxy Form) is properly signed, dated and returned to the Corporation, the individuals identified as proxies thereon will vote the shares represented by the Proxy Form in accordance with the directions noted thereon. If you do not indicate how your shares should be voted on a matter, the shares represented by your properly completed Proxy Form will be voted as the Board of Directors recommends. The Corporation's management does not know of any matters other than those discussed in this Proxy Statement that will be presented at the Annual Meeting. If other matters are presented, all proxies will be voted in accordance with the recommendations of the Corporation's Board of Directors unless the stockholder otherwise specifies in the Proxy Form.

Returning your completed Proxy Form will not prevent you from voting in person at the Annual Meeting if you are present and wish to vote. In addition, you may revoke your proxy at any time before it is voted by sending written notice of revocation or by submission of a properly executed proxy bearing later date to the Secretary of the Corporation prior to the Annual Meeting at the Corporation's principal executive offices at the address above.

### **Required Votes**

*Proposal One (Election of Directors):* The election of directors is decided by the affirmative vote of a plurality of the votes duly cast by holders of all shares entitled to vote in the election. Abstentions and broker non-votes are not counted as votes cast for the purpose of electing directors. Accordingly, abstentions and broker non-votes will not be taken into account and, therefore, will not affect the outcome of the election of directors.

*Proposal Two (Ratification of Appointment of Independent Auditors):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2004. A broker or nominee has discretion to vote on this matter. Accordingly, both abstentions and broker non-votes will be treated as present and entitled to vote and, therefore, will have the effect of votes against this proposal.

*Proposal Three (Adoption of The Octel Corp. 2004 Non-Employee Directors' Stock Plan (2004 NEDs' Stock Plan)):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to adopt the 2004 NEDs' Stock Plan. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect of votes against this proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether the proposal has been approved.

*Proposal Four (Adoption of The Octel Corp. 2004 Executive Co-Investment Plan (2004 Co-Investment Plan)):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to adopt the 2004 Co-Investment Plan. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect

of votes against this proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether this proposal has been approved.

*Proposal Five A (Amendment of The Octel Corp. Performance Related Stock Option Plan (PRSOP))*: The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting

and entitled to vote on this proposal is required to re-approve the PRSOP, as amended. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect of votes against this proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether this proposal has been approved.

*Proposal Five B (Amendment of The Octel Corp. Company Share Option Plan (CSOP)):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to re-approve the CSOP, as amended. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect of votes against this proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether this proposal has been approved.

*Proposal Five C (Amendment of The Octel Corp. Non-Employee Directors Stock Option Plan (NEDs Stock Option Plan)):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to re-approve the NEDs Stock Option Plan, as amended. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect of votes against the proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether this proposal has been approved.

*Proposal Five D (Amendment of The Octel Corp. Savings Related Share Option Scheme (Savings Related Plan)):* The affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this proposal is required to re-approve the Savings Related Plan, as amended. Abstentions will be treated as being present and entitled to vote on this matter and, therefore, will have the effect of votes against this proposal. A broker non-vote is treated as not being entitled to vote on this matter and, therefore, is not counted for purposes of determining whether this proposal has been approved.

**Table of Contents**

**PROPOSAL ONE**

*(Item 1 on the Proxy Form)*

**Election of Directors**

The Bylaws of the Corporation provide that the number of directors shall be not less than three nor more than 12 members, the exact number of which shall be determined from time to time by resolution adopted by the Board of Directors, and that the Board shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. Currently, the Board has seven members, two in Class I, two in Class II and three in Class III and the appointments of the directors in such Classes expire at the Annual Meetings of the Corporation in 2005, 2006 and 2004, respectively.

Directors in Class III, Dr. Robert E. Bew, Mr. Dennis J. Kerrison and Mr. Martin M. Hale, whose terms expire at the upcoming Annual Meeting, have been nominated for re-election. See Management Nominees for Director for information with respect to Messrs. Bew, Kerrison and M. Hale. The Corporation believes that the nominees are willing to be elected and to serve. In the event that the nominees are unable to serve or are otherwise unavailable for election, which is not now contemplated, the incumbent Board may or may not select a substitute nominee. If a substituted nominee is selected, all proxies will be voted for the person selected.

The election of directors at the Annual Meeting requires a plurality of the votes actually cast by the stockholders present (in person or by proxy) at the meeting and entitled to vote. There is no cumulative voting as to any matter, including the election of directors.

**The Board of Directors recommends a vote FOR the election of the nominee directors.**

**PROPOSAL TWO**

*(Item 2 on the Proxy Form)*

**Ratification of Appointment of Independent Auditors**

The Audit Committee has appointed the accounting firm of PricewaterhouseCoopers LLP to serve as independent auditors of the Corporation with respect to the 2004 fiscal year to examine the financial statements of the Corporation for the fiscal year ending December 31, 2004 and to perform other appropriate accounting services. PricewaterhouseCoopers LLP served as the Corporation's independent auditors for fiscal year 2003.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to questions and to make a statement if such representative desires to do so. If the stockholders do not ratify this appointment by the affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting, the Audit Committee will consider other independent auditors.

The Board of Directors recommends a vote **FOR** ratification of the appointment of PricewaterhouseCoopers LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2004.

**PROPOSAL THREE**

*(Item 3 on the Proxy Form)*

**Adoption of The Octel Corp. 2004 Non-Employee Directors' Stock Plan**

On February 24, 2004, the Board of Directors approved for submission to the Corporation's stockholders a new stock plan, The Octel Corp. 2004 Non-Employee Directors' Stock Plan (the 2004 NEDs' Stock Plan), pursuant to which one-fourth of each non-employee director's annual retainer will be paid with shares of

## **Table of Contents**

Common Stock. Under this proposal, the Corporation seeks stockholder approval of the 2004 NEDs Stock Plan. The 2004 NEDs Stock Plan authorizes the Board to allocate from the Corporation's treasury shares an aggregate of 50,000 shares of Common Stock for issuance under this plan.

The Board approved the 2004 NEDs Stock Plan to increase the number of shares of Common Stock available for equity based compensation, to support the requirement for non-employee directors to hold stock in the Corporation, and to enable the Corporation to continue to attract, motivate and retain qualified non-employee directors. More specifically, the goals of the 2004 NEDs Stock Plan are:

- to more closely align non-employee director compensation with the interests of the stockholders; and
- to encourage stock ownership by non-employee directors.

The Board believes that the Corporation's future success will be enhanced by its ability to maintain a competitive position in attracting, motivating and retaining valuable non-employee directors through the use of this stock plan.

The summary of the 2004 NEDs Stock Plan which appears below is qualified in its entirety by reference to the 2004 NEDs Stock Plan, a copy of which is attached hereto as Appendix B.

### **Summary of the 2004 NEDs Stock Plan**

#### *Term*

The 2004 NEDs Stock Plan shall terminate on February 24, 2014, the tenth anniversary of the date of its approval by the Corporation's Compensation Committee (the Compensation Committee), or at any earlier time as may be determined by the Compensation Committee. Termination of the 2004 NEDs Stock Plan will not affect grants made prior to termination. No further grants will be made after termination.

#### *Grant of Shares*

The 2004 NEDs Stock Plan provides shares of Common Stock to non-employee directors of the Corporation (each a Participant) depending on such Participant's annual retainer (which does not include meeting or any other additional fees). The plan requires that one-fourth of each Participant's annual retainer be paid by the Corporation in the form of Common Stock equal in value to such Participant's third calendar quarter retainer. The numbers of shares will be determined by calculating the quotient of a Participant's third quarter retainer and the officially quoted closing price of a share of Common Stock on The New York Stock Exchange on the payment date (rounded down to the nearest whole number).

## Edgar Filing: OCTEL CORP - Form DEF 14A

Currently, six directors qualify for the 2004 NEDs' Stock Plan. Additional information relating to the annual retainer of Participants may be found under the heading "Corporate Governance - Compensation of Directors" in this Proxy Statement.

### *Number of Authorized, Issued, and Outstanding Shares*

The Board has authorized 50,000 shares of Common Stock to be allocated from the Corporation's treasury shares to be issued under this plan. As of the date hereof, no shares have been issued or are outstanding pursuant to this plan.

### *Restrictions on Shares*

Shares granted under the 2004 NEDs' Stock Plan may not be transferred, assigned, or charged until the retirement, resignation or death of the applicable Participant from the Corporation's Board.

## **Table of Contents**

### *Take-Over, Reconstruction and Amalgamation and Liquidation*

In the event of a voluntary winding up of the Corporation or if any company becomes a parent of the Corporation as a result of a tender offer for all of the shares of the Corporation, then all restrictions placed on shares issued pursuant to this plan shall be removed.

### *Administration*

The Corporation is required at all times to keep available either sufficient unissued shares or sufficient treasury shares of Common Stock to satisfy the awards of shares to Participants. The cost of introducing and administering the 2004 NEDs Stock Plan shall be borne by the Corporation.

This plan is administered by the Compensation Committee, whose members meet the current New York Stock Exchange standard for independence. The Compensation Committee may administer this plan as it deems fit so long as it acts within the rules of the plan. All Compensation Committee decisions are final and conclusive.

### *Alterations*

The Compensation Committee may alter the rules of the 2004 NEDs Stock Plan in any way it thinks fit so long as the subsisting rights of former and current Participants are neither abrogated nor adversely affected, provided that no such alteration shall be made without stockholder approval to the extent such approval is required by applicable law.

### *Governing Law*

The 2004 NEDs Stock Plan shall be governed by and construed in accordance with the laws of England and Wales.

## **New Plan Benefits**

The 2004 NEDs Stock Plan is available only to non-employee directors of the Corporation. During fiscal 2004 the non-employee chairman of the Board will receive an annual retainer of \$140,000 and each of the five other non-employee directors receive an annual retainer of \$33,000 each. Therefore, the non-employee directors, together as a group, will receive a total of \$305,000 in annual retainers during fiscal year 2004. Under this plan, one-fourth of the annual retainer will be paid in the form of Common Stock, and assuming a share price of \$19.69 (the December 31, 2003 closing price on The New York Stock Exchange) on the relevant quarterly retainer payment date, the non-employee directors, together as a group, would receive approximately 3,872 shares under this plan for such fiscal year. The assumed share price may not be indicative of the share price on any quarterly retainer payment date.

**The Board of Directors recommends a vote FOR the approval of the 2004 NEDs Stock Plan.**

**PROPOSAL FOUR**

*(Item 4 on the Proxy Form)*

**Adoption of The Octel Corp. 2004 Executive Co-Investment Plan**

On February 24, 2004, the Board of Directors approved for submission to the Corporation's stockholders a new stock plan, The Octel Corp. 2004 Executive Co-Investment Plan ( 2004 Co-Investment Plan ), pursuant to

## **Table of Contents**

which certain senior executives of the Corporation will be required to build their shareholdings in the Corporation. Each participant in the plan will be required to build his or her shareholdings in the Corporation as required by the Compensation Committee. The Compensation Committee has determined that initially, participants should acquire (and maintain) a holding of shares of Common Stock equal in value to his or her annual base salary over the next four years. Under this proposal, the Corporation seeks stockholder approval of the 2004 Co-Investment Plan. The 2004 Co-Investment Plan authorizes the Board to allocate from the Corporation's treasury shares an aggregate of 95,000 shares of Common Stock for issuance as matching shares (as defined below) under this plan.

The Corporation believes that its proposal to allocate from the Corporation's treasury shares the 95,000 shares for issuance under the 2004 Co-Investment Plan is, in terms of dilution, in line with competitive norms. At the request of the Corporation, a global management consulting firm advised the Corporation that the number of shares to be allocated under this plan, in conjunction with the other stock plans, would enable the Corporation to grant shares under its plans at levels consistent with median practice among companies of a similar size to the Corporation. Furthermore, the consultants determined that the aggregate number of shares that the Board has proposed to be allocated for issuance under the Corporation's equity based compensation plans (as set forth in Proposal Three, this Proposal Four and Proposal Five of this Proxy Statement) is consistent with typical practice among companies in similar industries. The Board believes that the Corporation's future success will be enhanced by its ability to maintain a competitive position in recruiting and retaining valuable senior executives through the use of such a stock plan.

The Board approved the 2004 Co-Investment Plan to increase the number of shares of Common Stock available for equity based compensation grants to enable the Corporation to continue to attract, motivate and retain qualified senior executives who are focused on delivering results which are aligned with stockholders' interests. More specifically, the goals of the 2004 Co-Investment Plan are:

- to more closely align senior executive compensation with the interests of the stockholders; and
- to encourage stock ownership by senior executives of a minimum of 100% of annual base salary.

The summary of the 2004 Co-Investment Plan which appears below is qualified in its entirety by reference to the 2004 Co-Investment Plan, a copy of which is attached hereto as Appendix C.

### **Summary of the 2004 Co-Investment Plan**

#### *Term*

The 2004 Co-Investment Plan shall terminate on February 24, 2014, the tenth anniversary of the date of its approval by the Compensation Committee, or at any earlier time as may be determined by the Compensation Committee. Termination of the 2004 Co-Investment Plan will not affect grants made prior to termination. No further grants will be made after termination.

#### *Grant of Shares*

## Edgar Filing: OCTEL CORP - Form DEF 14A

Under the 2004 Co-Investment Plan, certain senior executives (the Eligible Employees ) are allowed to elect, within 21 days after a bonus notification date, to utilize up to 50% of the annual bonus earned for the purchase of shares of the Corporation's Common Stock on the open market during the next available trading opportunity in accordance with the Corporation's trading policy (each a Purchased Share ). For every two Purchased Shares so acquired, the Corporation will provisionally allocate one additional share (a matching share ) to the Eligible Employee at no cost to such Eligible Employee. See Conditions Relating to Matching Shares below.

## **Table of Contents**

Each year, the Committee sets a target bonus for each Eligible Employee. If the Corporation's or an Eligible Employee's performance results in a bonus award that exceeds the target bonus, then such Eligible Employee must utilize at least one-third of the amount in excess of the target bonus amount and may utilize up to 100% percent of the excess over the target bonus amount, in each case, for the purchase of shares in the Corporation on the open market. For every Purchased Share so acquired, the Corporation will provisionally allocate one additional matching share to the Eligible Employee.

Currently, approximately seven senior executives qualify for the 2004 Co-Investment Plan. Additional information on the compensation of the Corporation's executives may be found under the heading "Executive Compensation and Other Information" in this Proxy Statement.

### *Conditions Relating to Matching Shares*

Matching shares will become vested and will be transferred to an Eligible Employee if such person continues to be employed by the Corporation on the third anniversary of the date on which he or she made the election to acquire the Purchased Shares.

Generally, if the Eligible Employee leaves the employment of the Corporation before the matching shares have been transferred to him, then such matching shares shall be forfeited.

### *Restrictions on Matching Shares*

Matching shares provisionally provided to Eligible Employees under this plan shall be personal to such Eligible Employee and shall not be capable of being sold, transferred, assigned, or charged until certain conditions are satisfied. Eligible Employees shall have no voting or other rights under the matching shares provisionally provided to such Eligible Employees until certain conditions are satisfied.

### *Take-Over, Reconstruction and Amalgamation and Liquidation*

In the event a resolution is passed for the voluntary winding-up of the Corporation or any company becomes a parent of the Corporation as a result of making a tender offer to acquire the whole of the Corporation's issued share capital (other than any shares already owned by the acquiring company or any subsidiary of the acquiring company) which is made on a condition that if it is satisfied the acquiring company will become the parent, then all restrictions placed on the matching shares pursuant to this plan shall be removed.

### *Administration*

The Corporation is required at all times to keep available either sufficient unissued shares or sufficient treasury shares of Common Stock to satisfy the share awards granted under this plan. The cost of introducing and administering this plan shall be borne by the Corporation.

The Committee may administer this plan as it deems fit so long as the Committee acts within the rules of the stock plan. All Committee decisions are final and conclusive.

*Alterations*

The Committee may alter the rules of the 2004 Co-Investment Plan in any way it thinks fit so long as the subsisting rights of former and current Eligible Employees are neither abrogated nor adversely affected, provided that no such alteration shall be made without stockholder approval to the extent such approval is required by applicable law.

**Table of Contents***Governing Law*

The 2004 Co-Investment Plan shall be governed by and construed in accordance with the laws of England and Wales.

*Number of Authorized, Issued, and Outstanding Shares*

The Board has authorized 95,000 shares of Common Stock to be allocated from the Corporation's treasury shares to be issued as matching shares under this plan. As of the date hereof, no shares have been issued and are outstanding pursuant to this plan.

**New Plan Benefits**

The 2004 Co-Investment Plan is available only to certain senior executive officers of the Corporation. The benefits or amounts that may be received by or allocated to each of the following persons or groups under the 2004 Co-Investment Plan for the upcoming fiscal year cannot be determined as they are dependent, in part, on business results, the discretion of the Eligible Employees and the fair market value of the Common Stock at a future date. However, for illustrative purposes and as required by applicable regulations, the table below states the benefits or amounts allocated to each of the following persons or groups during fiscal year 2003. These figures demonstrate, assuming a share price of \$19.69, the stock price on December 31, 2003, the number of matching shares that would have been allocated to each Eligible Employee had the 2004 Co-Investment Plan been in place during the last fiscal year and each Eligible Employee had acquired the maximum possible number of Purchased Shares (i.e., by utilizing 50% of his bonus up to the target, and 100% of his bonus above the target to acquire Purchased Shares). These figures may not be indicative of future grants under the 2004 Co-Investment Plan.

**The Board of Directors recommends a vote FOR the approval of the 2004 Co-Investment Plan.**

**Table of Contents****PROPOSALS FIVE A, B, C AND D****Re-Approval of the Stock Option Plans, as amended**

The Board of Directors initially adopted in May 1998, and the stockholders initially approved in May 1998 (and amended and re-approved in May 2000), the following stock option plans: The Octel Corp. Performance Related Stock Option Plan ( PRSOP ), The Octel Corp. Company Share Option Plan ( CSOP ), The Octel Corp. Non-Employee Directors' Stock Option Plan ( NEDs' Stock Option Plan ), and The Octel Corp. Savings-Related Share Option Scheme ( Savings Related Plan ) and collectively, the Current Stock Option Plans ). The Current Stock Option Plans provide for the issuance of stock options for an aggregate of 2,075,000 shares of Common Stock to directors, officers, and certain employees of the Corporation. The Corporation has granted options over substantially all of the shares available under the Current Stock Option Plans. As of February 3, 2004, option holders under the Current Stock Option Plans had exercised or currently hold an aggregate of 2,008,918 options and only 66,082 shares of Common Stock (the Remaining Shares ) remain authorized and approved for issuance by the Board under the Current Stock Option Plans.

On February 24, 2004 the Board approved for submission to the Corporation's stockholders amended and restated versions of each of the Current Stock Option Plans (collectively, the Amended Stock Option Plans ). Under subsections A, B, C and D of this proposal, the Corporation seeks stockholder re-approval of each of the Amended Stock Option Plans. Generally, the material amendments contained in the Amended Stock Option Plans: (i) increase the number of shares of Common Stock issuable from treasury stock under each plan and (ii) limit the maximum number of shares that may be issued pursuant to awards under each plan. In aggregate, the Board has proposed that 823,000 additional shares of Common Stock be authorized from the Corporation's treasury shares to be available to the Board for issuance under the Amended Stock Option Plans and that such shares be allocated to the Amended Stock Option Plans as follows:

- 560,000 shares of Common Stock allocated to the Amended PRSOP;
- 93,000 shares of Common Stock allocated to the Amended CSOP;

## Edgar Filing: OCTEL CORP - Form DEF 14A

- 50,000 allocated to the Amended NEDs Stock Option Plan; and
- 120,000 shares of Common Stock allocated to the Amended Savings Related Plan.

The Board has also proposed that:

- 36,000 of the Remaining Shares be allocated for issuance under the Amended CSOP; and
- 30,082 of the Remaining Shares be allocated for issuance under the Amended NEDs Stock Option Plan.

**Table of Contents**

The amendments are more fully described in each of the proposals below.

Notes:

- (1) This figure includes 36,000 Remaining Shares previously authorized by the Board and approved by the Corporation's stockholders and presently proposed to be allocated for issuance under the Amended CSOP.
- (2) This figure includes 30,082 Remaining Shares previously authorized by the Board and approved by the Corporation's stockholders and presently proposed to be allocated for issuance under the Amended NEDs Stock Option Plan.

The Board approved the Amended Stock Option Plans to increase the number of stock options available for equity based incentive grants to enable the Corporation to continue to attract, motivate, and retain qualified directors, officers, employees, and other individuals. More specifically, the goals of the Amended Stock Option Plans are:

- to more closely align director and employee compensation with the interests of the stockholders;
- to establish compensation levels that are necessary to attract and retain highly qualified executives;
- to increase focus on achievement of exceptional performance by providing performance share options, with demanding targets, as a reward for delivery of high performance and meeting strategic long-term objectives; and
- to encourage stock ownership by directors, executives and other employees.

The Corporation believes that its proposal to increase the number of shares subject to the Amended Stock Option Plans, and to reserve for issuance thereunder 823,000 treasury shares, will provide the Corporation with a reasonable number of shares with which to make grants under the Amended Stock Option Plans. At the request of the Corporation, a global management consulting firm advised that such a number of shares would enable the Corporation to grant stock options and performance shares at levels consistent with median practice among companies of a similar size to the Corporation. Furthermore, the consultants determined that this total number of shares was consistent with typical practice

among companies in similar industries.

### **Summary of Common Provisions of Amended Stock Option Plans**

The following is a summary of the common provisions of the Amended Stock Option Plans. A summary of the unique provisions of each plan is contained in the proposal relating to the amendment and re-approval of such plan. Both summaries are qualified in their entirety by reference to each of the Amended Stock Option Plans, copies of which are attached hereto as Appendices D through G.

#### *Administration*

The Amended Stock Option Plans are administered by the Compensation Committee, which is a committee of the Board consisting of three or more non-employee directors. Under the terms of the Amended CSOP and Savings Related Plan, the powers of administration are entrusted to the Board or a duly authorized committee thereof, and the Compensation Committee has been entrusted with the powers of administration. The Board or

Compensation Committee, as the case may be, may administer the Amended Stock Option Plans as it deems fit so long as it acts within the rules of the relevant stock plan. All Board or Compensation Committee decisions, as the case may be, are final and conclusive.

The Corporation is required at all times to keep available either sufficient unissued shares of Common Stock or sufficient treasury shares to satisfy the exercise of all of the options granted under the Amended Stock Option Plans which have neither lapsed nor been exercised or to ensure that sufficient issued shares of Common Stock will be available to satisfy the exercise of granted options.

The cost of introducing and administering the Amended Stock Option Plans shall be borne by the Corporation.

### *Take-Over, Reconstruction and Amalgamation and Liquidation*

In the event any company becomes a parent of the Corporation as a result of a tender offer for all of the shares of the Corporation or all of the shares of the same class as the shares underlying the options, options may be exercised within six months of the acquiring company becoming the parent provided conditions attached to the options have been satisfied, or the option holder may enter into an agreement with the new parent of the Corporation whereby options in a different company are exchanged for the current options.

In the event of a voluntary winding up of the Corporation, options may be exercised during the period of six months starting on commencement of such winding up, provided that such issuance is authorized by the liquidator or the court, if appropriate, at the sole cost and expense of the option holder.

### *Adjustments*

In the event the Corporation undergoes a capitalization issue, subdivision, consolidation, or reduction of share capital, the Committee may adjust the number of shares into which an option is granted.

### *Alterations*

The Committee or Board, as the case may be, may alter the rules of the Amended Stock Option Plans in any way it thinks fit so long as the subsisting rights of option holders are neither abrogated nor adversely affected, provided that no such alteration shall be made without stockholder approval to the extent such approval is required by applicable law.

### *Restrictions on Options*

## Edgar Filing: OCTEL CORP - Form DEF 14A

Options granted under the Amended Stock Option Plans may not be transferred, assigned, or charged.

### *Governing Law*

The Amended Stock Option Plans and all options granted under such plans shall be governed by and construed in accordance with the laws of England and Wales.

### **New Plan Benefits**

The benefits or amounts that may be received by or allocated to each of the following persons or groups under the Amended Stock Option Plans for the upcoming fiscal year cannot be determined as they are dependent upon a number of factors, including the discretion of the Board, the fair market value of the Common Stock at various future dates, the performance of the individuals, and, in the case of the Amended PRSOP, the attainment of certain demanding business performance conditions. Reference is made to the information provided under the heading *Executive Compensation and Other Information - Stock Option Grants* in this Proxy Statement, which sets forth certain additional information regarding the options granted under the Amended Stock Option Plans to each of the individuals listed below.

**Table of Contents**

For illustrative purposes and as required by the applicable regulations, the table below shows the grants made to each of the following persons or groups for the last completed fiscal year under each of the Amended PRSOP, Amended CSOP and Amended NEDs Stock Option Plan. As the benefits and amounts that may be received by or allocated to each of the following persons or groups under the Amended Savings Related Plan for the upcoming fiscal year cannot be determined at this point and as no benefits or amounts were allocated to any of the following persons or groups for the last completed fiscal year, no details are provided regarding such plan. These figures may not be indicative of future grants under the Amended Stock Option Plans.

**Table of Contents****Certain U.S. Federal Income Tax Consequences**

The following is a brief summary of certain U.S. federal income tax consequences to recipients of option awards under the Amended Stock Option Plans (the "Recipients") and such summary does not purport to be a complete enumeration or analysis of all potential relevant tax effects. This summary is based upon the current provisions of the Internal Revenue Code of 1986, as amended (the "Code"), the Treasury Department regulations promulgated thereunder, and administrative and judicial interpretations thereof, all of which are subject to change, possibly on a retroactive basis. This discussion is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the U.S., other than those individuals who are taxed on a residence basis in a foreign country. The U.S. federal income tax law is technical and complex and the discussion below represents only a general brief summary. Each Recipient of an option award is urged to consult his or her own tax advisor as to the specific tax consequences to such recipient of the grant and the disposition of Common Stock.

***Nonqualified Stock Options.*** A Recipient who is granted a nonqualified stock option, which generally is a stock option that is not an ISO as defined below (an "NQO"), generally does not recognize any taxable income upon the grant of the option, and the company that is deemed to grant such NQO is generally not entitled to a corresponding deduction. Upon exercising such NQO, the Recipient generally recognizes ordinary income (subject to wage and employment tax withholding) equal to the excess of the fair market value of the stock acquired over the option price of such NQO. The amount of such excess is generally determined by reference to the fair market value of the applicable stock on the date of exercise. The Recipient's basis in the stock received is generally equal to such stock's fair market value on the date of exercise. Generally, the company that is deemed to grant such NQO is entitled to a deduction equal to the ordinary compensation taxable to the Recipient.

***Incentive Stock Options.*** A Recipient who is granted, or exercises, an incentive stock option within the meaning of Code section 422 (an "ISO") generally does not recognize taxable income. However, when a Recipient exercises an ISO, the excess of the corresponding stock's fair market value on the exercise date over the option price of such ISO will be included in the Recipient's alternative minimum taxable income and thereby may subject the Recipient to an alternative minimum tax. Such alternative minimum tax may be payable even though the Recipient receives no cash upon the exercise of such ISO with which to pay such tax. Upon a Recipient's disposition of stock acquired pursuant to the exercise of an ISO (i) more than one year after the date of exercise of the ISO, and (ii) more than two years after the date of grant of the ISO (collectively, the "Required Holding Periods"), the Recipient generally recognizes long-term capital gain or loss, as the case may be, measured by the excess of the amount realized by the Recipient from such disposition over the exercise price of such ISO. The company that is deemed to grant such ISO is not entitled to any tax deduction by reason of the grant of exercise of such ISO, or a disposition of stock acquired upon the exercise of such ISO after the Required Holding Periods have been satisfied.

Generally, if a Recipient disposes of stock acquired pursuant to the exercise of an ISO before the expiration of the Required Holding Periods (a "Disqualifying Disposition"), the difference between the exercise price of such ISO and the lesser of (i) the fair market value of the corresponding stock upon the date of exercise, and (ii) the selling price of the corresponding stock, will constitute compensation taxable to the Recipient as ordinary income. The company that is deemed to grant such ISO generally is allowed a corresponding tax deduction equal to the amount of ordinary compensation taxable to the Recipient. Any such deduction may be subject to the limitations of section 162(m) of the Code. The excess, if any, of such selling price over such fair market value should be taxable to the Recipient as capital gain (long-term or short-term, depending upon whether the Recipient held the stock for more than one year). The company that is deemed to grant the ISO is not allowed a deduction with respect to any such capital gain recognized by the Recipient.

***General.*** The foregoing discussion deals only with certain U.S. federal income tax consequences to Recipients and the Corporation. The laws of any other jurisdiction that could be relevant either to the Corporation, a subsidiary of the Corporation, or a Recipient are not discussed herein. In particular, the tax consequences under the laws of the United Kingdom ("U.K."), where a substantial number of the Recipients will

## **Table of Contents**

reside and a substantial portion of the Corporation's operations occur, are not addressed herein. Moreover, the discussion above is relevant to the Corporation only to the extent option awards are made with respect to services performed in the United States, and is relevant to a Recipient only to the extent the Recipient either performs services for the Corporation in the United States or is a citizen or resident of the United States.

### **Approval by the United Kingdom Inland Revenue**

The CSOP and the Savings Related Plan have approved status for tax purposes in the U.K., which is valuable to both the group and the employee beneficiaries. Approved status could be lost if amendments are made to an approved plan and the Inland Revenue subsequently asserts that a key feature of the plan has been changed without its approval or conditions for the plan qualifying for approval are no longer met. Therefore, in accordance with best practice, the proposed plan amendments will be submitted to Inland Revenue for approval at the earliest opportunity. If the Inland Revenue approves amendments which the Board determines permit the revised plans to take effect in substantially the same form as presently proposed in Proposals Five B and Five D, those amendments shall take effect.

## **PROPOSAL FIVE A**

*(Item 5 on the Proxy Form)*

### **Re-Approval of The Octel Corp. Performance Related Stock Option Plan, as amended**

Under this proposal the Corporation seeks stockholder re-approval of the Performance Related Stock Option Plan, as amended (the Amended PRSOP). The proposed material amendments to the PRSOP plan:

- increase the number of shares of Common Stock to be reserved for issuance from treasury stock under this plan by 560,000 shares of Common Stock;
- limit the maximum number of shares that may be issued pursuant to awards under this plan to 1,076,051 shares of Common Stock; and
- require stockholder approval within 12 months for any adjustments to the maximum aggregate number of shares issuable under this plan, the definition of "Eligible Employee" under this plan, the company granting options, or the number of shares available under this plan.

In addition, under the Amended PRSOP, the Corporation may grant ISOs to certain individuals who are citizens or residents of the United States. For further information regarding ISOs, please refer to the section titled "Certain U.S. Federal Income Tax Consequences" in this Proposal Five.

### **Summary of the Amended PRSOP**

The description of the Amended PRSOP below is a summary of the principal provisions which are not common to the Amended Stock Option Plans and should be read in conjunction with *Summary of Common Provisions of Amended Stock Option Plans* above, and is qualified in its entirety by reference to the Amended PRSOP Plan, a copy of which is annexed hereto as Appendix D.

*Term*

The Amended PRSOP shall terminate on May 11, 2008, the tenth anniversary of the date of its original approval, or at any earlier time as may be determined by the Compensation Committee. Termination of the Amended PRSOP will not affect grants made prior to termination. No further grants will be made after termination.

## **Table of Contents**

### *Grant of Options*

The Amended PRSOP provides stock options to certain employees of the Corporation or its subsidiaries (each an Eligible Employee ). In general, an Eligible Employee is any employee of a participating company. Currently, there are approximately 55 employees qualify for the Amended PRSOP.

The Committee, in its absolute discretion, may grant the stock options at such exercise price as it shall determine under the Amended PRSOP, provided however, if an option is granted as an ISO, such option must be issued at an exercise price not less than the fair market value of the underlying share on the date of grant. The number of stock options that may be granted to each Eligible Employee is related to such person's salary (excluding benefits in kind, if any). Each Eligible Employee to whom a stock option is granted has the right to disclaim in whole or in part his rights under such a stock option.

### *Conditions Relating to the Grant of Options*

Stock options granted under the Amended PRSOP are exercisable subject to the Corporation meeting certain performance targets. The performance targets are set at the absolute discretion of the Committee, and may be amended, relaxed, waived, or substituted after the grant of the option by the Committee if existing constraints or conditions have become unfair or impractical. The targets that are set will stretch targets that focus on delivery of high performance and enhance stockholder value.

The Committee may also modify the terms and conditions of any stock option in order to comply with or take into account any securities, exchange control, or taxation laws, regulations, or practice of any jurisdiction as may be applicable. A holder of a stock option may be required by the Compensation Committee to make certain declarations or take such other actions as may be required to comply with or take into account such laws, regulations, or practice.

### *Rights of Exercise*

Stock options that have vested may only be exercised by a holder while he remains employed by the Corporation or its subsidiaries, and may not (subject to certain exceptions) be exercised before the later of: (a) the second anniversary of the date of the grant, (b) any date or dates determined by the Committee and set forth on the option certificate, and (c) the date upon which the relevant performance targets have been satisfied. The previous sentence does not apply if the holder ceases to be employed as a result of injury, ill-health, disability, redundancy, or employment with a firm not or no longer affiliated with the Corporation. In such cases, the Committee has absolute discretion in determining whether such holder's options shall lapse or become exercisable within a one year period following such holder's termination. In the event of a holder's death, his options may be exercised by a personal representative within one year following the date of death.

#### *Independent Board of Directors*

## Edgar Filing: OCTEL CORP - Form DEF 14A

The Board of Directors, after considering broadly all relevant facts and circumstances of which it is aware, including those matters set forth under **Certain Other Transactions and Relationships** and under **Management Family Relationships**, has determined that a majority of its members are independent within the meaning of The New York Stock Exchange listing rules applicable on the date hereof.

The Corporation adopted the following standards for director independence in compliance with the NYSE corporate governance listing standards.

1. No director qualifies as independent unless the Board affirmatively determines that the director has no material relationship with the Corporation or its wholly-owned subsidiaries (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Corporation). These determinations must be disclosed.

**Table of Contents**

2. The Board has established the following criteria for determining director independence:
- a. A director who is an employee, or whose immediate family member is an executive officer of the Corporation is not independent until three years after the end of such employment relationship;
  - b. A director who receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Corporation, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation;
  - c. A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Corporation is not independent until three years after the end of the affiliation or the employment or auditing relationship;
  - d. A director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Corporation's present executives serve on that company's compensation committee is not independent until three years after the end of such service or the employment relationship; and
  - e. A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Corporation for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent until three years after falling below such threshold.

The Board determined that each member of the Board, except for Mr. Kerrison, meets the aforementioned independence standards. Mr. Kerrison does not meet the aforementioned independence standards, because as the current President and Chief Executive Officer of the Corporation, he is an employee of the Corporation.

The Board made this determination based on Mr. M. ## **Compensation of Directors**

### *Retainer, Committee and Meetings Fees*

Non-employee directors receive compensation for their services in the form of an annual retainer, Committee Chairman fees and meeting fees. Corporation employees are not paid any fees or compensation for being on the Board or on any Board committee.

In fiscal 2003, the non-employee Chairman of the Board received an annual retainer of approximately \$115,000. All other non-employee directors received an annual retainer of approximately \$23,000. All non-employee directors received an annual retainer of \$5,000 for each committee (other than the Audit Committee) that they chair, \$1,650 per day for attendance at Board Meetings and \$825 per day for attendance at Committee Meetings and for special assignments. They were also reimbursed out-of-pocket expenses.

In November 2003, the Compensation Committee recommended, and the Board approved, increases to most fees paid to directors effective January 1, 2004. The annual retainer and per diem fees paid to the non-employee directors, as described above, had not been increased since the formation of the Board in 1998. The Board determined that an increase in non-employee director fees was appropriate in light of the increased

## Edgar Filing: OCTEL CORP - Form DEF 14A

duties and responsibilities of non-employee directors and the need to bring their compensation in line with market practice. In accordance with new Director fee structure as of January 1, 2004, the non-employee Chairman of the Board will receive an annual retainer of \$140,000 to recognize his responsibilities to the Corporation. All other non-employee directors will receive an annual retainer of \$33,000. All non-employee directors will receive an annual retainer of \$6,000 for each committee they chair, \$2,500 per day for attendance at Board Meetings and \$1,800 per day for attendance at Committee Meetings and for special assignments. The Chairman of Audit Committee will receive an additional annual retainer of \$10,000 and members of the Audit Committee will receive an additional annual retainer of \$5,000. The Board also approved for submission to the stockholders The Octel Corp. 2004 Non-Employee Directors Stock Plan, as proposed in Proposal Three of this Proxy Statement, pursuant to which (subject to approval) one-quarter of each non-employee director's annual retainer will be paid in shares of the Corporation's Common Stock.

In addition to their remuneration as a non-employee directors, Dr. Bew, Mr. Puckridge and Mr. Haubold also receive payments as described below, from the Corporation for consulting and other services rendered to the

**Table of Contents**

Corporation. In fiscal 2003 Dr. Bew received a retainer of GBP 60,000, which at the average exchange rate for fiscal 2003 is equal to approximately \$98,132, from the Corporation for providing consulting services in relation to certain corporate development matters. The consultancy fee, which was paid in pounds sterling, had been fixed over the past several years at GBP 60,000; any fluctuations in amounts reported as paid did not reflect an increase in the amount of the fees but rather are a result of the weakness of the U.S. dollar. Effective January 1, 2004, Dr. Bew's consulting arrangement was terminated. Mr. Puckridge is the Chairman of the Pension Fund Trustees and is paid an annual retainer of \$22,000 for providing services in connection with U.K. pension matters and \$825 per day for attendance at pensions meetings. Prior to June 2003 Mr. Haubold was a partner in the law firm Kirkland & Ellis International LLP where he provided legal services to the Corporation. After retiring from Kirkland & Ellis International LLP in June 2003, Mr. Haubold provided consulting services to the Corporation on a transitional and as-needed basis. Mr. Haubold was paid approximately \$62,800 in fiscal 2003 for providing such services. The Corporation does not anticipate that any substantial amounts will be paid to Mr. Haubold for future consulting services.

In addition to their annual retainer described above, non-employee directors are eligible to participate in The Octel Corp. Non-Employee Directors Stock Option Plan, as amended (more fully described in Proposal Five C), pursuant to which the Compensation Committee may, in its discretion, grant options under the plan to such non-employee directors.

The stock options granted to the non-employee directors during fiscal 2003 were:

	<u>March 17, 2003</u>
Martin M. Hale	415
Charles M. Hale	377

The options granted to Messrs. M. Hale and C. Hale on March 17, 2003 were granted, in each case, because they elected to receive stock in lieu of a cash payment they were each entitled to receive as part of their respective annual retainer for fiscal 2003. These options vest on March 18, 2006 and are exercisable until March 17, 2013.

*Deferred and Long-Term Compensation*

None were awarded or in place in the last fiscal year.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act 1934, as amended, requires the Corporation's directors and officers, and persons who beneficially own more than 10% of a registered class of the Corporation's Common Stock and other equity securities, to file initial reports of ownership and reports of changes in ownership of the Corporation's Common Stock or other equity securities with the SEC. Such persons are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms they file.

## Edgar Filing: OCTEL CORP - Form DEF 14A

Based solely upon a review of the copies of such forms furnished to the Corporation, or written representations that no Form 5 filings were required, the Corporation believes that each of its officers, directors and greater than 10% beneficial owners complied with all Section 16(a) filing requirements applicable to them during fiscal 2003.

### **TRANSACTIONS WITH EXECUTIVES, OFFICERS, DIRECTORS AND OTHERS**

During the past fiscal year, the Corporation and its subsidiaries had no transactions in which any director or any member of the immediate family of any director, had a material direct or indirect interest reportable under the applicable rules of the SEC. The Corporation has not made any charitable contributions to any charity on which any director serves as an executive officer.

**Table of Contents****CERTAIN OTHER TRANSACTIONS AND RELATIONSHIPS**

The Corporation has and continues to retain Kirkland & Ellis International LLP, a law firm in which Mr. Haubold was formerly a partner, to perform significant legal services for the Corporation. Mr. Haubold retired from Kirkland & Ellis International LLP in June 2003.

In the past, the Corporation has retained AT Kearney Limited, global consultancy organization in which Dr. Fiore is a part-time associate consultant, to perform consulting services, though Dr. Fiore has not performed such services himself.

In fiscal 2003 Dr. Bew, Mr. Puckridge and Mr. Haubold received payments from the Corporation for consulting and other services rendered to the Corporation, as more fully described in Compensation of Directors Retainer, Committee and Meeting Fees.

The percentage of the Corporation's Common Stock beneficially owned by a person assumes that the person has exercised all options and converted all convertible securities that the person holds which are exercisable or convertible within 60 days of December 31, 2003 for five percent holders and February 3, 2004 for executive officers of the Corporation. To the knowledge of the Corporation, each stockholder has sole voting and investment power with respect to the shares indicated as beneficially owned, unless otherwise indicated in a footnote. Unless otherwise indicated, the business address of each person is the Corporation's corporate address.

Details of The Octel Corp. Time Restricted Stock Option Plan and The Octel Corp. Profit Sharing Share Scheme are as follows:

i) *The Octel Corp. Time Restricted Stock Option Plan ( TRSOP )*

The TRSOP provided a limited number of senior managers and executives with stock bonuses in lieu of cash. The bonuses were designed to reward the management of the Corporation for managing the spin-off from Great Lakes Chemical Corporation ( Great Lakes ) and continuing to remain in employment through December 31, 1999. These awards were delivered in the form of options vesting on December 31, 1999 and exercisable by December 31, 2007. As of the date hereof, all the options issued pursuant to this plan have been exercised and no further grants will be made.

ii) *The Octel Profit Sharing Share Scheme ( Profit Sharing Plan )*

In order to encourage motivation and commitment to the new Corporation at the time of the spin-off from Great Lakes, the Compensation Committee granted every U.K. based employee an award of fifteen shares of Common Stock of the Corporation under this plan. On September 7, 2000 the Trustees made a market purchase of 7,620 shares which are currently held in trust for 508 employees. These shares were held in a trust for three years before being assigned to the individuals. The trust, approved by the U.K. Inland Revenue, allows the stock to be assigned

free of any income tax liability. No further awards will be made pursuant to this plan.

All Plans were approved by stockholders prior to the spin-off from Great Lakes and all, except The Octel Corp. Time Restricted Stock Option Plan and the Profit Sharing Plan, were amended, restated and re-approved at the 2000 Annual Meeting.

Options and the conditions relating thereto, granted under the above plans are determined by the Compensation Committee. The current limit for the number of shares of Common Stock which can be issued or awarded under the six plans listed above is 2,075,000. The Corporation has proposed in Proposal Five of this

Proxy Statement an increase in the maximum limit that can be issued pursuant to awards under the Amended Stock Option Plans from 2,075,000 to 2,898,000 (including 66,082 shares of Common Stock previously authorized and approved for issuance under the plans, but not allocated to a particular plan).

Notes:

- (1) In the event of a change of control of the Corporation, all options become fully vested and exercisable. In order to prevent dilution or enlargement of rights under the options, in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, distribution of assets or other change in the corporate structure of shares of the Corporation, the type and number of shares available upon exercise and the exercise price will be adjusted accordingly. The Compensation Committee may, subject to specified limitations, advance the date on which an option shall become exercisable.
- (2) Amounts reflect assumed rates of appreciation compounded annually from the fair market value on the date of grant in accordance with the Securities and Exchange Commission's executive compensation disclosure rules. Actual gains, if any, on stock option exercises depend on future performance of the Common Stock and overall stock market conditions. No assurance can be made that the amounts reflected in these columns will be achieved.
- (3) The exercise of these options is dependent on the Corporation and the individual achieving specific performance related targets over a three year period.
- (4) Mr. Jarvis retired effective April 30, 2003.
- (5) Mr. Hanslip retired effective December 31, 2003.

Notes:

- (1) The amounts in this column are the differences between the fair market value at the exercise date of the Octel Corp. shares acquired through the option exercises and the exercise price of the option.
- (2) The amounts in these columns are the differences between the fair market value of Octel Corp. shares at December 31, 2003 (\$19.69 per share), and the exercise price of the option. An option is considered in-the-money when the fair market value of the shares is greater than the exercise price of the option.
- (3) Mr. Kerrison was deemed to have exercised options in respect of 16,980 shares. However, as part of the Corporation's plan to repurchase shares in the open market, instead of issuing shares to Mr. Kerrison, the Corporation made a payment to him equivalent to the average closing price over the three previous days. Mr. Kerrison elected to receive this payment in order to use the proceeds to pay tax on the gain attributable to the maturing of certain other options held by him.

- (5) Mr. Hanslip retired effective December 31, 2003.

**Table of Contents****Pension Plans**

The Corporation operates four separate pension plans for executives. One of these is a defined benefit plan which, together with two top up defined contribution plans for the eligible executives, are designed to provide in total the equivalent of 1/40 of final salary (or the average of the last three years of service if higher) for each year of service (1/30 for the CEO) with the Corporation. The fourth plan is a stand alone defined contribution plan and the Corporation makes contributions, calculated as a percentage of base salary, to the plans for the eligible executives. The four plans are:

- i) The Octel Pension Plan;
- ii) The Octel Senior Management Plan;
- iii) The Octel Funded Unapproved Pension Plan; and
- iv) The Group Personal Pension.

The reason for having the top up defined contribution plans together with the defined benefit plan is to make maximum use of U.K. Inland Revenue approved pension arrangements to optimize both the Executive's and the Corporation's tax position.

Normal retirement age is the end of the month following the Executive's 65th birthday.

As of December 31, 2003, the final base pensionable salary of the Named Executives and eligible credited years under the pension plans were as follows:

***Change in Control and Severance Agreements***

The Corporation recognizes that establishing and maintaining a strong management team is essential in protecting and enhancing the interests of the Corporation and its stockholders. In order to ensure management

**Table of Contents**

stability and the continuity of key management personnel, the Corporation entered into a Change-in-Control agreement with the President and Chief Executive Officer, Mr. Kerrison at the time of the spin-off from Great Lakes. The agreement provides that in the event of a take-over or fundamental restructuring of the business, which results in the loss of Mr. Kerrison's position, he is entitled to compensation of three years' pay plus benefits and further that all stock options and grants to Mr. Kerrison shall vest immediately.

***Employment Agreements***

Each Executive also has an employment agreement which complies with U.K. employment law and which provides for, among other things, up to 30 days of annual vacation, the provision of a car, private health insurance, pension provision, life insurance, permanent health insurance and a rolling one year term of employment (two years for the CEO) which can be terminated by the Corporation upon twelve months notice (24 months for the CEO) and six months (12 months for the CEO) from the Executive.

***Life Insurance Cover***

Named Executives are covered by two basic plans. The Corporation's accidental death plan provides up to six times annual salary in the event of accidental death for whatever reason. Also, as a component of the pension plans, up to four times annual salary is payable for death while in service with the Corporation.

Non-employee directors have accidental cover while on Corporation business up to a maximum of \$500,000 in the case of death or injury. Cover ceases upon termination of employment with the Corporation and there are no cash surrender values.

**REPORT OF THE COMPENSATION COMMITTEE  
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

*Compensation Committee Report on Executive Compensation*

The Compensation Committee reviews and makes recommendations to the Board regarding salaries, compensation and benefits of executive officers and key employees of the Corporation with the assistance of external advisors and develops and administers programs providing stock-based incentives. After consideration of the Compensation Committee's recommendations, the full Board approves the salaries and bonuses and the stock and benefit programs for the Corporation's executive officers.

*Compensation Philosophy*

The compensation philosophy of the Corporation is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. The goals of the Corporation's executive compensation programs are to:

- Establish pay levels that are necessary to attract and retain highly qualified executives in light of the overall competitiveness of the market for high quality executive talent and the Corporation's unique business profile.
- Recognize superior individual performance, new responsibilities and new positions within the Corporation.
- Balance short-term and long-term compensation to complement the Corporation's annual and long-term business objectives and strategy and to encourage executive performance in the fulfillment of those objectives.
- Provide variable compensation opportunities based on the Corporation's performance.
- Encourage stock ownership by executives.
- Align executive remuneration with the interests of stockholders.
- Focus on and reward achievement of exceptional performance.

*Stock Ownership*

## Edgar Filing: OCTEL CORP - Form DEF 14A

The Compensation Committee believes that it can align the interests of stockholders and executives by providing those persons who have substantial responsibility over the management and growth of the Corporation with an opportunity to establish a meaningful ownership position in the Corporation. As part of this, effective January 1, 2004 the Board has established minimum share ownership guidelines for the members of the senior executive team, to encourage key employees to align their interest closely with those of other stockholders through their participation in The Octel Corp. 2004 Co-Investment Plan, if approved. Participants in the plan will be required to build their shareholdings in the Corporation to the level required by the Compensation Committee (which is currently to reach a share ownership level equivalent in value to 100% of their base annual salary within a four-year period). Currently, only Mr. Kerrison, President and Chief Executive Officer, holds sufficient shares to satisfy this guideline.

### *Compensation Components*

Corporate and individual performances are recognized through both short- and long-term incentive compensation plans designed to align the interests of executives and stockholders. The total compensation program consists of several components: base salary, which reflects the executive's level of responsibility and individual performance; annual incentive compensation awards in the form of cash bonuses, which reflect both corporate and individual performance; and long-term incentive compensation in the form of stock options. The

## **Table of Contents**

latter two components provide at risk compensation which is linked directly to financial results. In addition, the 2004 Co-Investment Plan proposed for stockholder approval in this Proxy Statement will, if approved, be linked to the annual cash bonus and hence overall corporate and personal performance, and will encourage the senior team to hold shares in the Corporation. The Committee considers all elements of compensation when determining an individual's total compensation. All compensation is paid in pounds sterling and has been translated into U.S. dollar amounts based on an exchange rate of 1.63554 (the average exchange rate for 2003).

### *Short-Term Incentive Compensation*

Each year the Committee reviews and determines along with the other independent directors the base salary of the President and Chief Executive Officer. In conjunction with this review, the Committee also reviews the base salaries of other corporate officers and makes the final compensation recommendations to the Board for Board approval concerning such officers. The median level of the executive market as assessed by external surveys is used as the main criterion in determining base salary. The levels and scope of responsibility, experience, and corporate and business unit performances, as well as individual performance, are also key criteria in base salary determination.

A Management Incentive Compensation Plan ( MICP ) provides incentive compensation in the form of cash bonuses to executive officers, managers and other selected key employees who have a broad impact on the Corporation's performance. The philosophy for incentive compensation is to provide awards when financial objectives are achieved or exceeded and provide no or reduced awards when the objectives are not achieved. The awards granted in 2003 were based on pre-established targets for corporate income, cash generation and business unit performance in addition to individual achievement against personal targets.

### *Long-Term Incentive Compensation*

Long-term incentive compensation is comprised of annual grants of stock options which are designed to encourage key employees to remain with the Corporation and deliver by providing them with a long-term interest in the Corporation's overall performance and, by focusing on the achievement of exceptional business results, to motivate them to maximize long-term stockholder value. The Corporation's stock option grant guidelines were designed with the assistance of external compensation consultants. The Committee administers the stock compensation plans. A combination of options at market value at the date of grant and performance related zero cost stock options, which cannot be exercised for at least three years from the date of grant and with a maximum of 10 year exercise from date of grant will generally be granted annually.

### *Chief Executive's Compensation*

Mr. Kerrison's compensation includes base salary, incentive compensation and stock options. In 2003, consistent with all other executive officers, the President and Chief Executive Officer's compensation was determined by the Board, based on the Compensation Committee recommendations in accordance with the salary policy, bonus programs and stock option guidelines, namely the Corporation and the President and Chief Executive's overall performance and motivation to maximize long-term stockholder value. Stock options, which cannot be exercised for at least three years from the date of grant, with a maximum of 10 year exercise from plan inception, will generally be granted annually. The Committee has available information as to the level of past awards and individual stock ownership of the President and Chief Executive Officer, as well as historical information on bonus payments and base salary.

## Edgar Filing: OCTEL CORP - Form DEF 14A

The Committee determined that in order to better align Mr. Kerrison's compensation with stockholder interests, a greater portion of his compensation would be at-risk and directly linked to financial results.

Mr. Kerrison's base salary effective as of January 2003 was approximately \$639,587. This salary has been verified by a global external compensation consultancy as in line with market rates for CEO's of similar sized businesses in the U.K. A bonus of approximately \$458,772 was granted to Mr. Kerrison in consideration of the

## Table of Contents

Corporation's cash generation and overall financial performance and Mr. Kerrison's leadership of the Corporation and achievement of specific business objectives during the fiscal year. Consistent with all other executive officers, the President and Chief Executive Officer's bonus was determined by the Board, based on the recommendation of the Compensation Committee taking into account three primary factors: achievement of an overall Corporation cash flow target, achievement of an overall Corporation income flow target and achievement of agreed personal objectives.

On March 17, 2003 pursuant to the Corporation Share Option Plan (CSOP), Mr. Kerrison was granted options in respect of 20,000 shares at an exercise price of \$13.91 which will vest on March 17, 2006 and must be exercised by March 17, 2013. On the same date, Mr. Kerrison was also granted 8,000 zero cost options pursuant to the Performance Related Stock Option Plan (PRSOP) which will vest on March 17, 2013, subject to the satisfaction of certain performance criteria specified by the Compensation Committee.

In line with normal U.K. practice, Mr. Kerrison also receives a fully expensed company car, certain tax payments paid by the Corporation on his behalf and pension benefits valued at \$381,564.

### *Summary*

With a significant portion of the Corporation's executive compensation linked directly to individual and corporate performance and paid in stock, the Committee believes that these compensation practices, together with the share ownership requirement for the senior team, will help ensure alignment with the interests of the Corporation's stockholders. While recognizing that fluctuations of the business cycles may negatively impact financial performance from time to time, the Committee believes that the focus on stretching performance measures through the stock plans, the strong leadership provided by the Corporation's senior executives and the infrastructure that they have put in place have positioned the Corporation to capitalize on the opportunities that lie ahead.

Based upon these reviews and discussions, the Audit Committee has (i) appointed PricewaterhouseCoopers LLP as the independent auditors for the 2004 fiscal year and (ii) recommended to the Board of Directors, and the Board of Directors has approved, that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 filed with the Securities and Exchange Commission.

**Table of Contents**

**1. SELECTION AND COMPOSITION OF THE BOARD**

- (a) **Board Membership Criteria.** The Board seeks to select Directors with the skills and experience to assist management in the operation of Octel's business and to act on behalf of the shareholder body as a whole. The Nominating and Governance Committee is responsible for reviewing on an annual basis the appropriate skills and characteristics required of Board members taking into account the attributes of the existing Board members. This assessment should include issues regarding judgment, experience as well as an understanding of the technology relevant to Octel's business activities. Independence, financial literacy, legal knowledge, personal integrity, sound business judgment, the location of the prospective Director's residence and the ability to devote significant time to Board activities are also factors to be taken into account.
- (b) **Board Membership Selection.** The Nominating and Governance Committee which is composed entirely of independent Directors is responsible for carrying out the screening process to identify individuals qualified to become board members and to recommend to the full Board the selection of Directors to fill new and existing positions as members of the Board and of Board committees.
- (c) **Director Orientation and Continuing Education.** The Board and management will conduct orientation for new Directors to become familiar with Octel's business operations, strategies, financial matters, ethics policies and corporate governance policies. It is the responsibility of management and the Nominating and Corporate Governance Committee to advise Directors about continuing education opportunities which they are encouraged to pursue.
- (d) **Term Limits.** The Board does not believe that it should establish term limits.

**2. BOARD OPERATIONS**

- (a) **Size of the Board.** The Board currently consists of 7 Directors but believes that a smaller or larger Board may be appropriate at any given time depending on the circumstances.
- (b) **Director Independence.** A majority of Board members shall be independent Directors who have no material relationship to Octel consistent with the standards promulgated with the listing standards of the New York Stock Exchange. The criteria that will be applied by the Board on an annual basis in affirmatively determining Director independence are set forth in Exhibit A.
- (c) **Director Responsibilities.** The basic responsibility of the Directors is to exercise their business judgment to act in what they reasonably believe to be in the best interests of Octel and its shareholders. In discharging their obligation, Directors are entitled to rely on the honesty and integrity of Octel's senior executives and its outside advisors and auditors. The Directors shall also be entitled to have the Octel purchase Directors' and officers' liability insurance on their behalf in an amount that is deemed by the Board to be adequate. The Board meets no less than quarterly and Directors are expected to attend all Board meetings and meetings of committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Information and data relevant to the Board's understanding of the business to be conducted at a Board or committee meeting should generally be distributed to the Directors well in advance of the meeting, in time for the Directors to review these materials in advance of the meeting. At the beginning of each year, the Board shall establish a schedule of Board meetings. The Chairman of the Board will establish the agenda for each Board meeting. Each Board member is free to suggest the inclusion of items on the agenda. Each Board member is also free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Company's long-term strategic plans and the principal issues that the Company will face in the future during at least one Board meeting each year.
- (d) **Executive Sessions.** The non-management Directors will meet in executive session at least quarterly. If non-management Directors include Directors who are not independent, there shall be held at least once yearly an executive session consisting only of

Edgar Filing: OCTEL CORP - Form DEF 14A

independent Directors. The presiding Director for purpose of leading these meetings shall be the Chairman of the Board unless the non-management Directors determine otherwise.

- (e) **Annual Performance Evaluation.** The Audit, Nominating & Corporate Governance and the Compensation Committees will perform a self-evaluation at least annually to determine whether it and its committees are functioning effectively. The purpose of the evaluation is to determine the effectiveness of the Board, the committees and the individual members.
- (f) **Director Compensation.** The Board will periodically review Director compensation in comparison with other similarly situated companies to ensure that Board and committee compensation is reasonable and competitive. Directors who are employees of Octel will not be separately compensated for Board membership. In order to align Board membership with the long-term interests of Octel's shareholders, the Board believes that a significant portion of Director compensation should be in the form of Octel stock.
- (g) **Director Access to Management.** Board members will have complete access to Octel management. Board members will ensure that this contact is not distracting to business operations and that the Chief Executive Officer is appropriately informed.

The Audit Committee's role is one of overseeing but it recognizes that Octel Corp.'s (the Company) management is responsible for preparing the Company's financial statements and that the external auditors are responsible for auditing those financial statements. Additionally, the Audit Committee (the Committee) recognizes that financial management, including the internal audit staff, as well as the external auditors, have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the external auditor's work.

The primary purpose of the Committee is to provide assistance to the Board of Directors (the Board) in fulfilling their responsibility relating to the Company's corporate accounting, reporting practices and the quality and integrity of the financial reports. In discharging the responsibilities described above, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the power to retain external counsel, auditors or other experts for this purpose. The Board and the Committee are in place to represent the interests of the Company s shareholders; accordingly, the external auditor is ultimately accountable to the Committee and the Board. The Audit Committee and the Board have the ultimate authority and responsibility to select, evaluate and where appropriate, replace the outside auditor (or to nominate the outside auditor to be proposed for shareholder approval in any proxy statement).

The Committee shall review and reassess the adequacy of this Charter on at least an annual basis and will obtain Board approval for the Charter. If an employee has any doubt about how an investment might be perceived, it should be disclosed to the Corporate Secretary.

### **6.8. Meaning of appropriate period**

For the purpose of Rule 6.4, the **appropriate period** is:

- (a) where Rules 6.1 or 6.4 apply, the periods mentioned in those Rules respectively; and
- (b) where Rule 6.2 applies, the period of six month beginning with the time when the Court sanctions the scheme of arrangement.

## **7. MANNER OF EXERCISE**

### **7.1. Funds which can be used to exercise Option**

An Option may only be exercised during the periods specified in Rules 5 and 6 and only with moneys not exceeding the amount of repayment (including any Bonus or interest) made under the related Savings Contract. For this purpose, repayment under the Savings Contract shall exclude the repayment of any Monthly Contributions the due date for payment of which falls more than one month after the date on which repayment is made.

### **7.2. Actions Required of the Option Holder**

An Option may be exercised, in whole or in part, by the delivery to the secretary of the Company, or his duly appointed agent, of an Option Certificate covering not less than all the Shares over which the Option is then to be exercised, with the notice of exercise in the prescribed form duly completed and signed by the Option Holder, together with a remittance for the Acquisition Price payable in respect of the Shares over which the Option is to be exercised.

### **7.3. Actions Required of the Company**

The relevant Shares shall be allotted or transferred (as the case may be) within 28 days following such delivery and, accordingly in cases where Shares are to be transferred, the Company shall use its best endeavours to ensure due transfer thereof. At the request of the Option Holder, the Shares may be allotted or transferred (as the case may be) to a nominee provided the Option Holder has beneficial ownership of the Shares at the

### **8.2. Admission to the New York Stock Exchange**

If and so long as the Shares are listed on the New York Stock Exchange the Company shall use its best endeavours to procure that as soon as practicable after the allotment of any Shares pursuant to the Scheme application shall be made to the New York Stock Exchange for permission to deal in these shares unless such application has already been made.

### **9. ADJUSTMENTS**

#### **9.1. General Power of Adjustment**

The number of Shares over which an Option is granted and the Share Price thereof may, subject to approval of the Inland Revenue, be adjusted in such manner as the Directors shall determine following any capitalisation issue, sub-division, consolidation or reduction of share capital and in respect of any discount element in any rights issue or other variation of share capital to the intent that (as nearly as may be possible without involving fractions of a Share or a Share Price calculated to more than two places of decimals) the Acquisition Price payable in respect of an Option shall remain unchanged **PROVIDED** that, save as provided in Rules 9.2 and 9.3, no adjustment made pursuant to this Rule 9.1 shall have the effect of reducing the Share Price below the nominal value of a Share.

#### **9.2. Adjustment which reduces Share Price to less than nominal value**

Where an Option subsists over both issued and unissued Share or over issued Shares only, an adjustment may be made under Rule 9.1 which would have the effect of reducing the Share Price to less than the nominal value of the Share provided that the Acquisition Price of such Option remains constant.

#### **9.3. Requirement to Capitalise Reserve**

Any adjustment made to the Share Price of unissued Shares which would have the effect of reducing the Share Price to less than the nominal value of the Share shall only be made if and to the extent that the Directors are authorised to capitalise from the reserves of the Company a sum equal to the amount by which the nominal value of the Shares in respect of which the Option is exercisable exceeds the adjusted Share Price. The Directors may apply such sum in paying up such amount on such Shares so that on the exercise of any Option in respect of which such a reduction shall have been made, the Directors shall capitalise such sum (if any) and apply the same in paying up such amount as aforesaid.

#### **9.4. Notification of Option Holder**

The Directors may take such steps as they may consider necessary to notify Option Holders of any adjustments made under Rule 9.1 and to call in, cancel, endorse, issue or re-issue any Option Certificate consequent upon such adjustment.

### **10. ADMINISTRATION**

#### **10.1. Delivery of Notices or Documents**

## Edgar Filing: OCTEL CORP - Form DEF 14A

Notices sent by first class post shall be deemed to have been given on the day following the date of posting.

### **10.2. Copies of Shareholder Communications**

The Company may distribute to Option Holders copies of any notices or document sent by the Company to its shareholders generally.

### **10.3. Maintenance of Unissued Share Capital**

The Company shall at all times either keep available sufficient unissued Shares to satisfy the exercise of all Options which have neither lapsed nor been exercised (taking account of any other obligations of the Company to allot unissued Shares) or shall ensure that sufficient issued Shares will be available to satisfy the exercise of such Options.

Subject to Rule 11.3, after the date on which the Scheme is approved by the Inland Revenue under the Act, the Directors may in their discretion, alter the Rules provided that no such alteration shall be effective until it has been approved by the Inland Revenue.

### **11.3. Alterations which affect Share Price and subsisting rights of Option Holders**

#### **12.2. No Compensation for loss of Option Rights**

If an Option Holder shall cease for any reason to be in the employment of a Participating Company or an Associated Company of a Participating Company, he shall not be entitled, by way of compensation for loss of office or otherwise howsoever, to any sum or any benefit to compensate him for the loss of any right or benefit accrued or in prospect under the Scheme.

#### **12.3. Governing Law**

**APPENDIX H**

**OCTEL CORP.**

---

**PRE-APPROVAL POLICIES AND PROCEDURES**

**FOR AUDIT AND NON-AUDIT SERVICES**

**Adopted March 4, 2004**

---

**I. PURPOSE OF POLICY**

Under the Sarbanes-Oxley Act of 2002 (the Act), and the rules of the Securities and Exchange Commission (the SEC), the Audit Committee of the Company's Board of Directors (the Audit Committee), is required to pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such services does not impair the auditor's independence. Accordingly, the Audit Committee is adopting this Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services to be performed by the independent auditor are to be pre-approved.

To implement the provisions of the Act, the SEC has issued rules specifying the types of services that an independent auditor may not provide to its audit client and governing the Audit Committee's administration of the engagement of the independent auditor. Unless a type of service to be provided by the independent auditor has received general pre-approval at the quarterly meeting of the Audit Committee, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels, as such levels are determined by the Audit Committee at the time such services are pre-approved, will require specific pre-approval by the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will periodically revise the list of pre-approved services, based on subsequent determinations.

**II. DELEGATION**

The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

### III. PROHIBITED SERVICES

The Audit Committee will not approve nor will the Company's independent auditor perform for the Company any services that constitute Prohibited Activities as defined by the Act or by regulations promulgated by the SEC. These prohibited activities include:

- (i) bookkeeping or other services related to the accounting records or financial statements of the audit client;
- (ii) financial information systems design and implementation;
- (iii) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
- (iv) actuarial services;
- (v) internal audit outsourcing services;

H-1

**Table of Contents**

- (vi) management functions or human resources;
- (vii) broker or dealer, investment adviser, or investment banking services;
- (viii) legal services and expert services unrelated to the audit; and
- (ix) any other service that the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

**IV. NON-PROHIBITED SERVICES**

(a) Audit Services

The annual Audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. The Audit Committee will monitor the audit services engagement throughout the year and will also approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters. The Audit Committee will request that the audit engagement letter with the independent auditor be addressed to the Chairman of the Audit Committee and that the Chairman of the Audit Committee execute the engagement letter on behalf of the Company. The Audit services include the following:

- the annual financial statement audit (including required quarterly reviews) and other procedures required to be performed by the independent auditor to be able to form an opinion on the Company's consolidated financial statements;
- services associated with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities offerings (e.g., comfort letters, consents), and assistance in responding to SEC comment letters; and
- consultations by the Company's management as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the SEC, Financial Accounting Standards Board, or other regulatory or standard setting bodies.

(b) Other Audit and Non-Audit Services

In addition to the annual Audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for other audit and non-audit services, which are those services that the Audit Committee believes that independent auditor reasonably can provide without impairing the independence of the auditor. The other audit and non-audit services set forth below shall be subject to the general pre-approval of the Audit Committee at the cost level as determined by the Audit Committee at the time of such approval. All other audit and non-audit services shall be specifically pre-approved by the Audit Committee.

(i) Audit-Related Services

## Edgar Filing: OCTEL CORP - Form DEF 14A

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and that are traditionally performed by the independent auditor. The Audit Committee believes that the provision of Audit-related services does not impair the independence of the auditor, and shall pre-approve the Audit-related services on a quarterly basis. All other Audit-related services not approved at the quarterly meeting of the Audit Committee, must be separately pre-approved by the Audit Committee. Audit-related services include the following:

- due diligence services pertaining to potential business acquisitions/dispositions;
- research and consultation regarding accounting and financial reporting transactions;
- financial statement audits of employee benefit plans;
- agreed-upon or expanded audit procedures related to accounting records required to respond to or comply with financial, accounting or regulatory reporting matters;

H-2

## **Table of Contents**

- internal control reviews and assistance with internal control reporting requirements;
- consultations by the Company's management as to the accounting or disclosure treatment of transactions or events and/or the actual or potential impact of final or proposed rules, standards or interpretations by the SEC, FASB, or other regulatory or standard-setting bodies; and
- attest services not required by statute or regulation.

### (ii) Tax Services

The Audit Committee believes that the independent auditor can provide Tax services to the Company such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee shall pre-approve the Tax services on a quarterly basis. All Tax services involving large and complex transactions not approved at the quarterly meeting of the Audit Committee, must be separately pre-approved by the Audit Committee. Tax services include the following:

- U.S. federal, state and local tax compliance, planning and advice and International tax compliance, planning and advice; and
- review of federal, state, local and international income, franchise, and other tax returns.

### (iii) Other Non-Audit Services

The Audit Committee may grant pre-approval to those permissible non-audit services classified as Other Non-audit services that it believes are routine and recurring services, and would not impair the independence of the auditor. The Audit Committee shall pre-approve the Other Non-audit services on a quarterly basis. Other Non-audit services which are not approved at the quarterly meeting of the Audit Committee must be separately pre-approved by the Audit Committee.

## **V. SUPPORTING DOCUMENTATION**

With respect to each proposed pre-approved service, the independent auditor will provide detailed back-up documentation, at the request of the Audit Committee, regarding the specific services to be provided.

## **VI. PROCEDURES**

## Edgar Filing: OCTEL CORP - Form DEF 14A

Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditor and the Company's Chief Financial Officer or other designated officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.
