**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrator of

The Nielsen Company Profit-Sharing Retirement and 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of The Nielsen Company Profit-Sharing Retirement and 401(k) Plan (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002 and the changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**RETIREMENT AND 401(K) PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**YEARS ENDED DECEMBER 31, 2003 AND 2002**

**1. DESCRIPTION OF THE PLAN**

The following description of The Nielsen Company Profit-Sharing Retirement and 401(k) Plan (the Plan ) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan s provisions.

**General** The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ). The Plan was established for the purpose of providing savings incentives and security for the retirement of employees who become members, benefits for totally and permanently disabled members, and death benefits for beneficiaries of deceased members.

A fund was created to receive, hold and invest contributions payable by The Nielsen Company (the Company ), a wholly-owned subsidiary of Moore Wallace Incorporated. The retirement committee of the Board of Directors of Moore Wallace Incorporated controls and manages operations and administration of the Plan. Fidelity Investments serves as the trustee and recordkeeper of the Plan.

**Eligibility** Employees are eligible to participate in the Plan if they are 21 years old and have completed one year (a minimum of 1,000 hours during the year) of credited service to the Company.

**Contributions** Eligible employees may elect to contribute up to 18% of their annual compensation to the Plan, thereby deferring income tax on those contributions. Employer contributions to the Plan are determined at the discretion of the Board of Directors, not to exceed amounts allowable under the Internal Revenue Code. Company contributions, as well as forfeitures of nonvested account balances, are allocated among participant accounts as provided by the Plan.

In 2003, certain participants contributed more than those amounts allowable under the Internal Revenue Code. A payable of \$22,099 has been recorded at December 31, 2003 and participants will be refunded those amounts in the Plan year 2004.

**Participant Accounts** Each participant s account is credited with the participant s contribution and an allocation of the Company s contribution, forfeitures and Plan earnings. Participants of the Plan can change investment and contribution allocations on a daily basis. Company contributions are invested according to the contribution allocation of a participant s tax deferred contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Participants may also contribute amounts distributed from other qualified defined benefit plans.

**Table of Contents**

**Vesting** Participants are at all times fully vested and have a nonforfeitable interest in their before-tax contributions account and rollover contributions account. Participants other than Litho employees shall be vested in the contributions made to the Plan by the Company as follows:

The loans are repayable via payroll deduction over no more than five years, bear interest according to bank rates at the time of issue and are collateralized by the participant's account balance.

**Payment of Benefits** Participants who terminate employment before retirement will be entitled to receive the vested amount in their Plan account at the time of termination. Participants eligible for benefits upon retirement, death or disability may elect to receive payments in a lump sum or approximately equal installments over the participant's tabular life expectancy. **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

***Basis of Accounting*** The accounting records of the Plan are maintained on the accrual basis of accounting.

***Investment Valuation*** The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Income (loss) on sales of investments is recognized on the trade date; dividend and interest income is recognized when declared and accrued. Participant loans are valued at the outstanding loan balance.

***Use of Estimates*** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various securities including mutual funds. Investment securities in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

***Payments of Benefits*** Benefits are recorded when paid. There were no amounts for which participants withdrew from the Plan but were unpaid as of December 31, 2003 or 2002.
