**Independent Accountants Review Report**

**To the Board of Directors and Shareholders of**

**Woori Finance Holdings Co., Ltd.**

We have reviewed the accompanying non-consolidated balance sheet of Woori Finance Holdings Co., Ltd. (the Company) as of June 30, 2004 and the related non-consolidated statements of income and cash flows for the three-month and six-month periods ended June 30, 2004 and 2003, all expressed in Korean won. These financial statements are the responsibility of the Company's management. Our responsibility is to issue a report on these financial statements based on our reviews.

We conducted our reviews in accordance with the standards for review of interim financial statements in the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the non-consolidated interim financial statements as of and for the three-month and six-month periods ended June 30, 2004 and 2003 are not presented fairly, in all material respects, in accordance with the financial accounting standards in the Republic of Korea.

We have previously audited, in accordance with auditing standards generally accepted in the Republic of Korea, the non-consolidated balance sheet of the Company as of December 31, 2003 and the related non-consolidated statements of income, appropriations of retained earnings and cash flows for the year then ended (not presented herein) and in our report dated February 17, 2004, we expressed an unqualified opinion on those non-consolidated financial statements. The accompanying non-consolidated balance sheet as of December 31, 2003 comparatively presented does not differ, in material respects, from such audited non-consolidated balance sheet.

Our reviews also comprehended the translation of the Korean won amounts into U.S. dollar amounts and nothing has come to our attention that cause us to believe that such translation is not made in conformity with the basis stated in Note 2 to the accompanying non-consolidated interim financial statements. Such U.S. dollar amounts are presented solely for the convenience of readers outside of Korea.

**Table of Contents**

Without affecting our conclusion, we draw attention to the following:

As explained in Notes 1 and 26 to the accompanying non-consolidated interim financial statements, Woori Bank, a subsidiary of the Company, merged with Woori Credit Card Co., Ltd. ( WCC ), a subsidiary of the Company, on March 31, 2004. Woori Bank took over substantially all of the assets and liabilities of WCC by exchanging one common share of WCC with 0.3581 share of Woori Bank and (Won) 330.3 billion (US\$ 286.6 million) of the difference between (Won) 657.2 billion (US\$ 570.2 million) of net assets acquired from WCC and (Won) 326.9 billion (US\$ 283.6 million) of consideration for the merger was recorded as capital surplus of Woori Bank. As a result, the number of issued common shares of Woori Bank increased from 570.6 million to 636.0 million and contributed capital of Woori Bank increased from (Won) 2,852.8 billion (US\$ 2,475.3 million) to (Won) 3,179.8 billion (US\$ 2,759.0 million) as of June 30, 2004.

As explained in Notes 1 and 27 to the accompanying non-consolidated interim financial statements, on June 18, 2004 the Company issued 8.6 million new common shares and exchanged them for 15.6 million common shares of Woori Securities, a subsidiary of the Company, in order to wholly own the subsidiary. As a result, the number of issued common shares of the Company increased from 775.5 million to 784.1 million and contributed capital of the Company increased from (Won) 3,877.5 billion (US\$ 3,364.4 million) to (Won) 3,920.4 billion (US\$ 3,401.6 million) as of June 30, 2004.

Accounting principles and review standards and their application in practice vary among countries. The accompanying non-consolidated financial statements are not intended to present the financial position, results of operations or cash flows in accordance with accounting principles and practices generally accepted in countries other than the Republic of Korea. In addition, the procedures and practices utilized in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying financial statements are for use by those knowledgeable about Korean accounting procedures and review standards and their application in practice.
