**Item 8.01 Other Events.**

As we previously disclosed, Heidrick & Struggles International, Inc. (the Company) has held warrants to purchase 1,194,308 shares of Class B common stock of Google Inc. (Google) at a price of \$0.30 per share which it received in 2001 in connection with recruitment fees. On August 19, 2004, we exercised the warrants pursuant to their cashless exercise feature and received 1,190,092 shares of Google common stock.

In multiple transactions on September 13, 2004 and September 14, 2004, the Company sold all the shares of common stock of Google that it holds in ordinary brokerage transactions at an average per share price of \$108.22 less expenses associated with the transaction resulting in aggregate net proceeds of approximately \$128.8 million. The Company expects the transactions to settle on standard terms three days after the respective dates of the sales.

Pursuant to the terms of the Company's compensation policy with respect to warrants, 55% of the net proceeds from these sales of shares of common stock of Google is payable to our consultants involved with the search in the month following the monetization. Our current Chief Executive Officer, Thomas J. Friel, was a member of this search team and will receive 25% of the consultants' team share (a little less than 14% of the total net proceeds). Mr. Friel has elected to defer receipt of his share of the net proceeds under an existing deferred compensation plan. Mr. Friel's share is related solely to his work as a search consultant in 2001, at which time he was not our Chief Executive Officer.

We issued a press release today regarding the matters disclosed in this Form 8-K. A copy of the press release is attached as Exhibit 99.1 to this Form 8-K and is incorporated herein by reference.
