FORWARD-LOOKING STATEMENTS

This prospectus, including the documents that we incorporate by reference, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). These statements, which are not statements of historical fact, may contain estimates, assumptions, projections and/or expectations regarding future events. These statements are indicated by words such as anticipate, assume, believe, continue, could, estimate, expect, intend, may, plan, should, target, will, and other expressions, which refer to future events and trends, and identify forward-looking statements that involve risks and uncertainties. We caution that forward-looking statements are not guarantees because there are inherent and obvious difficulties in attempting to predict the outcome of future events. Therefore, actual results may differ materially from those expressed or implied. We have based these forward-looking statements on our current expectations and projections about future events. Our ability to attain management's goals and objectives are materially dependent on numerous factors, including, among other things, factors discussed in our filings with the SEC and the following:

the effect of general economic conditions and growth (or contraction) of the principal economies in which we operate, including the United States, Canada, South Africa, Europe, Latin America and the Asia-Pacific region;

Table of Contents

fluctuations in foreign currency exchange rates, other risks associated foreign operations and our ability to estimate the impact of foreign currency on our financial results;

the availability and cost of raw materials and the ability to control or pass on the costs of raw materials and labor through price increases, without a significant loss of volume;

the availability and cost of certain components used to manufacture adhesives used in some products sold by us, an extended shortage of which could disrupt production;

industry concentration in certain portions of our business, leading to sales of certain types of products being concentrated in a few major customers;

our ability to develop and successfully market new products and to develop, acquire and retain necessary intellectual property rights;

the impact of legal and administrative proceedings, including the U.S. Department of Justice (DOJ) criminal investigation, as well as the European Commission and Canadian Department of Justice Investigations, into competitive practices in the label stock industry, and related proceedings or lawsuits pertaining to these investigations or the subject matter thereof, including purported class actions seeking treble damages for alleged unlawful competitive practices, and purported class actions related to alleged disclosure violations pertaining to alleged unlawful competitive practices, which were filed after the announcement of the DOJ investigation, as well as a likely fine by the European Commission in respect of certain employee misconduct in Europe;

our success in investing in development activities and new production facilities;

changes in worldwide and local economic or political conditions, acts of war, terrorism, natural disasters and the impact of epidemiological events on the economy, our customers and suppliers;

disruptions in transportation networks and pricing, purchasing, financing and promotional decisions by intermediaries in the distribution channel;

the impact of increased competition, competitive products and pricing;

the reliability of utility services;

the impact of computer viruses;

credit risks;

the ability to obtain adequate financing arrangements;

the adoption of new, or change in, accounting policies and practices and the application of such policies and practices;

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

fluctuations in pension, insurance and employee benefit costs and the ability to retain adequate levels of insurance coverage at acceptable rates;

the ability to successfully integrate acquisitions and to implement productivity improvement actions;

the accuracy of our projections related to estimated cost savings from integration and productivity improvement actions;

our ability to successfully implement new manufacturing technologies and install manufacturing equipment;

changes in our business mix;

the financial condition and the inventory strategies of our customers;

changes in the order patterns of our customers;

Table of Contents

developments or assertions by or against us relating to our intellectual property rights and licenses; and

other miscellaneous factors such as the effects of interest rate increases, changes in governmental regulation, changes in customer demand or businesses, loss of significant contracts or customers and potential for customers to purchase substitute products.

The factors identified above are believed to be some, but not all, of the important factors that could cause actual events and results to be materially different from those that may be expressed or implied in any such forward-looking statements. Any forward-looking statements should also be considered in light of the factors detailed in Exhibit 99.1 of our Annual Report on Form 10-K for the year ended December 27, 2003.

AVERY DENNISON CORPORATION

We are a global manufacturer and seller of pressure-sensitive materials and innovative self-adhesive solutions for consumer and converted products. Some of these materials are converted into labels and other products through embossing, printing, stamping and die-cutting, and some are sold in unconverted form as base materials, tapes and reflective sheeting. We also manufacture and sell a variety of consumer and converted products and other items not involving pressure-sensitive components, such as notebooks, three-ring binders, organizing systems, markers, fasteners, business forms and reflective highway safety products, as well as tickets, tags, labels and imprinting equipment for retail and apparel manufacturers.

We manufacture and sell these products from approximately 270 distribution and manufacturing facilities and offices located in over 40 countries, and employ approximately 21,000 persons worldwide. International operations, principally in Western Europe, constitute approximately half of our business, and we have expanded our operations in the Asia Pacific Region, Latin America and Eastern Europe.

Our principal executive offices are located at 150 North Orange Grove Boulevard, Pasadena, California 91103 and our telephone number is (626) 304-2000.

RATIO OF EARNINGS TO FIXED CHARGES

Our ratios of earnings to fixed charges are as follows for the periods indicated:

	Nine Months Ended September 25, 2004	Fiscal Year Ended				
		2003	2002	2001	2000	1999
Ratio of earnings to fixed charges	5.2	4.8	6.1	5.6	6.7	6.2

We have computed the ratio of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, earnings consist of income before taxes plus fixed charges and amortization of capitalized interest, less capitalized interest from continuing operations. Fixed charges

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

consist of interest expense, capitalized interest, amortization of debt issuance costs and the portion of rent expense (estimated to be 35%) on operating leases deemed representative of interest.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities for general corporate purposes, including repaying, redeeming or repurchasing existing debt, and for working capital, capital expenditures, acquisitions and stock repurchases. We may invest funds not required immediately for such purposes in short-term investment grade securities.

Table of Contents

DESCRIPTION OF SECURITIES

The following is a general description of the terms and provisions of the securities we may offer and sell by this prospectus. These summaries are not meant to be a complete description of each security. This prospectus and any accompanying prospectus supplement will contain the material terms and conditions for each security. The prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

DESCRIPTION OF DEBT SECURITIES

The following description discusses the general terms and provisions of the debt securities that we may offer by this prospectus. The debt securities will be issued as senior debt securities, will be unsecured obligations and will rank equally with all of our other unsecured and unsubordinated debt.

The debt securities will be governed by the indenture, dated as of November 4, 2004, between us and J.P. Morgan Trust Company, National Association, which is filed as an exhibit to the registration statement. The trustee under the indenture is referred to as the indenture trustee. The indenture is subject to and governed by the Trust Indenture Act of 1939, and may be supplemented or amended from time to time following its execution. The indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which the particular terms of the issue modify the terms of the indenture will be described in the prospectus supplement relating to the debt securities.

For more information about the debt securities offered by us, please refer to the indenture, which contains the full legal text of the matters described in this section. Because this section is a summary, it does not describe every aspect of the debt securities or the indenture. This summary is subject to and qualified in its entirety by reference to all the provisions of the indenture, including definitions of terms used in the indenture. We also include references in parentheses to certain sections of the indenture. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in a prospectus supplement, these sections or defined terms are incorporated by reference herein or in the prospectus supplement. This summary also is subject to and qualified by reference to the description of the particular terms of the debt securities in the applicable prospectus supplement.

General

We may issue an unlimited amount of debt securities under the indenture in one or more series. We need not issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

The debt securities will be unsecured obligations.

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a board resolution of Avery Dennison and in a supplemental indenture (including any pricing supplement) or in one or more officer's certificates of Avery Dennison. We refer you to the applicable prospectus supplement for a description of the following terms of the series of debt securities:

(a) the title of the debt securities;

(b) any limit upon the principal amount of the debt securities;

(c) the person to whom interest is payable, if other than the person in whose name the debt securities are registered;

Table of Contents

(d) the date or dates on which principal will be payable or how to determine the dates and the right, if any, to shorten or extend the date on which principal will be payable and the conditions to any such change;

(e) the rate or rates or method of determination of interest; the date from which interest will accrue; the dates on which interest will be payable, which we refer to as the interest payment dates; and any record dates for the interest payable on the interest payment dates;

(f) whether we may extend the interest payment periods and, if so, the terms of any extension;

(g) the place where we will pay principal, premium and interest on the debt securities;

(h) the period or periods during which, and the price or prices at which, and the terms and conditions at which the debt securities may be redeemed, in whole or in part, at our option;

(i) any obligation, if any, we have to redeem or purchase the debt securities under any sinking fund, purchase fund or analogous provisions or at the option of a holder and the details of that obligation;

(j) the denominations in which the debt securities will be issuable (if other than denominations of \$1,000 and any integral multiple thereof);

(k) any index or formula for determining the amount of principal of, premium and interest on the debt securities, and the manner of determining those amounts;

(l) the currency, currencies or currency units in which we will pay principal, premium and interest on the debt securities, if other than the currency of the United States of America, and the manner of determining the equivalent thereof in the currency of the United States of America;

(m) the currency, currencies or currency units in which the principal, premium and interest on the debt securities will be paid, if, at our election or the election of the holders, such principal, premium and interest is to be paid in currencies or currency units other than those the debt securities are stated to be payable, and the terms and conditions upon which such election is to be made and the amount so payable;

(n) any provision relating to deferral of interest payments;

(o) if other than the entire principal amount thereof, the portion of the principal amount of the debt securities which shall be payable upon declaration of acceleration of the maturity of the debt securities;

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

(p) if the principal amount payable at the stated maturity of the debt securities will not be determinable as of any one or more dates prior to the stated maturity, the amount which shall be deemed to be the principal amount of the debt securities as of any such date, including the principal amount thereof which shall be due and payable upon any maturity other than the stated maturity or which shall be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount shall be determined);

(q) whether the debt securities are to be issued in whole or in part in the form of one or more global debt securities and, if so, the identity of the depositary for the global debt securities, and any circumstances in addition to or in lieu of those set forth in the indenture in which any global debt security may be exchanged;

(r) any rights of the holders of the debt securities to convert the debt securities into other securities or property and the terms and conditions of conversion;

(s) any addition, modification or deletion to any events of default or covenants that apply to the debt securities; and

(t) any other terms of the debt securities. (See Section 301.)

Table of Contents

One or more series of the debt securities may be issued as discounted debt securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such discounted debt securities will be described in the applicable prospectus supplement.

Indexed debt securities may be issued with the principal amount payable at maturity, or the amount of interest payable on an interest payment date, to be determined by reference to a currency exchange rate, composite currency, commodity price or other financial or non-financial index as set forth in the applicable pricing supplement. Holders of indexed debt securities may receive a principal amount at maturity that is greater than or less than the face amount of such debt securities depending upon the value at maturity of the applicable index. Information as to the methods for determining the principal amount payable at maturity or the amount of interest payable on an interest payment date, as the case may be, any currency or commodity market to which principal or interest is indexed, foreign exchange and other risks and certain additional tax and other considerations with respect to indexed debt securities will be set forth in the applicable prospectus supplement.

Payment of Debt Securities Interest

Unless indicated differently in a prospectus supplement, we will pay interest on the debt security on each interest payment date to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date.

However, if we default in paying interest on a debt security, we will pay defaulted interest in either of the two following ways:

(a) We will first notify the indenture trustee as to the amount of defaulted interest proposed to be paid and a payment date for the defaulted interest, and will deposit with the indenture trustee the amount of default interest proposed to be paid or make arrangements satisfactory to the indenture trustee for such deposit prior to the date of the proposed payment. Next, the indenture trustee will choose a special record date for determining which registered holders are entitled to the payment of such defaulted interest. The special record date will be between 10 and 15 days before the payment date we propose. Finally, defaulted interest will be paid on the payment date to the registered holder of the debt security as of the close of business on the special record date.

(b) Alternatively, we can propose to the indenture trustee any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities are listed for trading. If the indenture trustee believes the proposal is practicable, payment will be made as proposed. (See Section 307.)

Payment of Debt Securities Principal

Unless we indicate differently in a prospectus supplement, we will pay principal of and any premium on the debt securities at stated maturity, upon redemption or otherwise, upon presentation of the debt securities at the office of the indenture trustee, as our paying agent. Any other paying agent initially designated for the debt securities of a particular series will be named in the applicable prospectus supplement.

In our discretion, we may change the place of payment on the debt securities. (See Section 1002.)

Form; Transfers; Exchanges

The debt securities will be issued:

(a) only in fully registered form;

(b) without interest coupons; and

(c) unless otherwise specified in a prospectus supplement, in denominations that are integral multiples of \$1,000.

Table of Contents

You may have your debt securities divided into debt securities of smaller denominations (of at least \$1,000) or combined into debt securities of larger denominations, as long as the total principal amount is not changed. This is called an exchange. (See Section 305.)

You may exchange or transfer debt securities at the office of the indenture trustee. The indenture trustee acts as our agent for registering debt securities in the names of holders and transferring debt securities. We may appoint another agent or act as our own agent for this purpose. The entity performing the role of maintaining the list of registered holders is called the security registrar. It will also perform transfers. (See Section 305.)

In our discretion, we may change the place for registration of transfer or exchange of the debt securities and may remove and/or appoint one or more additional security registrars. (See Sections 301, 305 and 1002.)

Except as otherwise provided in a prospectus supplement, there will be no service charge for any transfer or exchange of the debt securities, but you may be required to pay a sum sufficient to cover any tax or other governmental charge payable in connection with the transfer or exchange. We may block the transfer or exchange of (a) debt securities during a period of 15 days prior to giving any notice of redemption or (b) any debt security selected for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part. (See Section 305.)

Redemption

We will set forth any terms for the redemption of debt securities in a prospectus supplement. Unless we indicate differently in a prospectus supplement, all or any portion of the debt securities may be redeemed at our option at any time and from time to time. Unless otherwise specified in a board resolution of Avery Dennison and in a supplemental indenture (including any pricing supplement) or in one or more officers' certificates of Avery Dennison with respect to any debt securities, the debt securities will be redeemable upon notice by mail between 30 and 60 days prior to the redemption date. If less than all of the debt securities of any series or any tranche of a series are to be redeemed, the indenture trustee will select the debt securities to be redeemed. In the absence of any provision for selection, the indenture trustee will choose a method of random selection it deems fair and appropriate. (See Sections 1102, 1103 and 1104.)

Debt securities will cease to bear interest on the redemption date. We will pay the redemption price and any accrued interest once you surrender the debt security for redemption. (See Section 1106.) If only part of a debt security is redeemed, the indenture trustee will deliver to you a new debt security of the same series for the unredeemed portion without charge. (Section 1107.)

Prior to the date fixed for redemption, we will deposit with the paying agent money sufficient to pay the redemption price and accrued interest on all debt securities to be redeemed on that date. (See Section 1105.)

Events of Default

An event of default occurs with respect to debt securities of any series if:

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

(a) we do not pay any interest on any debt securities of the applicable series within 30 days of the due date (following any deferral allowed under the terms of the debt securities and elected by us);

(b) we do not pay principal or premium on any debt securities of the applicable series on its due date;

(c) we do not deposit any sinking fund payment when and as due by the terms of the applicable series of debt securities, and such default continues for a period of 30 days;

(d) we default in the performance or remain in breach of a covenant (excluding covenants not applicable to the affected series) in the indenture or the debt securities for 90 days after we receive a written notice of default

Table of Contents

stating we are in default or breach and requiring remedy of the default or breach; the notice must be sent by either the indenture trustee or registered holders of at least a majority of the principal amount of debt securities of the affected series;

(e) we file for bankruptcy or other specified events of bankruptcy, insolvency, receivership or reorganization occur; or

(f) any other event of default specified in the prospectus supplement occurs. (See Section 501.)

No event of default with respect to a series of debt securities necessarily constitutes an event of default with respect to the debt securities of any other series issued under the indenture.

Remedies

Acceleration

If an event of default occurs and is continuing with respect to any series of debt securities, then either the indenture trustee or the registered holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all of the debt securities of that series to be due and payable immediately by written notice to us (and to the indenture trustee if given by the registered holders). (See Section 502.)

Rescission of Acceleration

After the declaration of acceleration has been made and before the indenture trustee has obtained a judgment or decree for payment of the money due on any series of debt securities, the registered holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series may rescind and annul the declaration and its consequences by written notice to us and the indenture trustee, if:

(a) we pay or deposit with the indenture trustee a sum sufficient to pay:

(1) all overdue interest, other than interest which has become due by declaration of acceleration;

(2) the principal of and any premium which have become due other than by the declaration of acceleration and interest on these amounts;

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

(3) interest on overdue interest, other than interest which has become due by declaration of acceleration, to the extent lawful;

(4) all amounts due to the indenture trustee under the indenture; and

(b) all events of default with respect to the affected series, other than the nonpayment of the principal and interest which has become due solely by the declaration of acceleration, have been cured or waived as provided in the indenture. (See Section 502.)

For more information as to waiver of defaults, see *Waiver of Default and of Compliance* below.

Control by Registered Holders; Limitations

If an event of default with respect to the debt securities of any series occurs and is continuing, the registered holders of a majority in principal amount of the outstanding debt securities of that series, voting as a single class, without regard to the holders of outstanding debt securities of any other series that may also be in default will have the right to:

(a) direct the time, method and place of conducting any proceeding for any remedy available to the indenture trustee; or

Table of Contents

(b) exercise any trust or power conferred on the indenture trustee with respect to the debt securities of the series.

These rights of registered holders to make direction are subject to the following limitations:

(a) the registered holders' directions will not conflict with any law or the indenture;

(b) the indenture trustee may take any other action it deems proper which is consistent with the registered holders' direction; and

(c) the direction is not unduly prejudicial to the rights of holders of the debt securities of that series who do not join that action.

The registered holders' directions may not involve the indenture trustee in personal liability where the indenture trustee believes indemnity is not adequate. (See Sections 512 and 601.)

In addition, the indenture provides that no registered holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee or for any other remedy under the indenture unless:

(a) that registered holder has previously given the indenture trustee written notice of a continuing event of default;

(b) the registered holders of not less than 25% in aggregate principal amount of the outstanding debt securities of the affected series have made written request to the indenture trustee to institute proceedings in respect of an event of default and have offered the indenture trustee reasonable security or indemnity satisfactory to it against costs and liabilities incurred in complying with the request; and

(c) for 60 days after receipt of the notice, the indenture trustee has failed to institute a proceeding and no direction inconsistent with the request has been given to the indenture trustee during the 60-day period by the registered holders of a majority in aggregate principal amount of outstanding debt securities of the affected series.

Furthermore, no registered holder will be entitled to institute any action if and to the extent that the action would disturb or prejudice the rights of other registered holders. (See Section 507.)

However, each registered holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right. (See Section 508.)

If any event of default is continuing with respect to all the series of debt securities, the registered holders of a majority in aggregate principal amount of the outstanding debt securities of all the series, considered as one class, will have the right to make such direction, and not the registered holders of the debt securities of any one of the series.

Notice of Default

The indenture trustee is required to give the registered holders of the debt securities notice of any default under the indenture to the extent required by the Trust Indenture Act, unless the default has been cured or waived. (See Section 602.) The Trust Indenture Act currently permits the indenture trustee to withhold notices of default (except for certain payment defaults) if the indenture trustee in good faith determines the withholding of the notice to be in the interests of the registered holders.

Waiver of Default and of Compliance

The registered holders of a majority in aggregate principal amount of the outstanding debt securities of any series, voting as a single class, without regard to the holders of outstanding debt securities of any other series,

Table of Contents

may waive, on behalf of the registered holders of all debt securities of such series, any past default under the indenture with respect to such series, except a default in the payment of principal, premium or interest, or with respect to compliance with certain provisions of the indenture that cannot be amended without the consent of the registered holder of each outstanding debt security of the affected series. (See Section 513.)

Compliance with some of the covenants in the indenture or otherwise provided with respect to debt securities may be waived by the registered holders of a majority in aggregate principal amount of the affected debt securities. (See Section 1006.)

Consolidation, Merger and Conveyance of Assets as an Entirety

Subject to the provisions described in the next paragraph, we will preserve our corporate existence. (See Section 1004.)

We may not consolidate with or merge into any other entity or convey, transfer or lease our properties and assets, substantially as an entirety to any entity, and may not permit another entity to consolidate with or merge into us unless, among other things:

(a) the entity formed by the consolidation or into which we are merged, or the entity which acquires us or which leases our property and assets substantially as an entirety, is a corporation, partnership, limited liability company or trust, is an entity organized and existing under the laws of the United States of America or any State of the United States or the District of Columbia, and expressly assumes, by supplemental indenture, the due and punctual payment of the principal, premium and interest on all the outstanding debt securities and the performance of all of our covenants under the indenture, as supplemented;

(b) immediately after giving effect to the transactions, no event of default, and no event which after notice or lapse of time or both would become an event of default, will have occurred and be continuing; and

(c) we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, conveyance, transfer or lease, and that the supplemental indenture, if any, comply with the applicable provisions of the indenture, and that all the conditions precedent set forth in the indenture have been complied with.

Notwithstanding the foregoing, any of our subsidiaries may consolidate with us. (See Section 801.)

Limited Restrictions

Unless we otherwise state in the prospectus supplement, the indenture does not limit our ability to incur debt and does not give holders of debt securities protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving us. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise affect our capital structure or credit rating.

Covenants

Any covenants with respect to any particular series of debt securities will be set forth in the applicable prospectus supplement.

Modification of Indenture

Without Registered Holder Consent. Without the consent of any registered holders of debt securities, we and the indenture trustee may enter into one or more supplemental indentures for any of the following purposes:

(a) to evidence the succession of another entity to us and the assumption by such person of the covenants in the indenture and the debt securities;
or

Table of Contents

(b) to make any change that does not adversely affect the interests of any registered holder; or

(c) to add to or change any provision of the indenture to the extent necessary to permit or facilitate the issuance of debt securities in bearer form or the issuance of debt securities in uncertificated form; or

(d) to provide security for the debt securities of any series; or

(e) to establish the form or terms of debt securities of any series as permitted by the indenture; or

(f) to evidence and provide for the acceptance of appointment of a separate or successor indenture trustee; or

(g) to cure any ambiguity, defect or inconsistency; or

(h) to comply with the requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act. (See Section 901.)

If the Trust Indenture Act is amended after the date of the indenture so as to require changes to the indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the indenture, the indenture will be deemed to have been amended so as to conform to the amendment or to effect the changes or elimination, and we and the applicable indenture trustee may, without the consent of any registered holders, enter into one or more supplemental indentures to effect or evidence the amendment.

With Registered Holder Consent. We and the indenture trustee may, with some exceptions, amend or modify the indenture with the consent of the registered holders of at least a majority in aggregate principal amount of the debt securities of each series affected by the amendment or modification (voting as one class). However, no amendment or modification may, without the consent of the registered holder of each outstanding debt security affected thereby:

(a) change the stated maturity of the principal or interest on any debt security (other than pursuant to the terms of the debt security), or reduce the principal amount, interest on or premium payable upon redemption, or change the currency in which any debt security or any premium or interest is payable thereon, or impair the right to bring suit to enforce any payment;

(b) reduce the percentages of registered holders whose consent is required for any supplemental indenture or waiver under the indenture; or

(c) modify certain of the provisions in the indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any covenant or other provision of the indenture expressly included solely for the benefit of registered holders of debt securities of one or more particular series or tranches, or which modifies the rights of registered holders of debt securities of one or more series with respect to such covenant or other provision, will be deemed not to affect the rights under the indenture of the registered holders of debt securities of any other series or tranche. (See Section 902.)

Defeasance and Covenant Defeasance

The indenture provides, unless the terms of the particular series of debt securities provide otherwise, that we may, upon satisfying several conditions, cause ourselves to be:

(a) discharged from our obligations, with some exceptions, with respect to any series of debt securities, which we refer to as **defeasance** ; and

Table of Contents

(b) released from our obligations under specified covenants with respect to any series of debt securities, which we refer to as covenant defeasance.

Among the conditions we must satisfy in order to effect a defeasance or a covenant defeasance is the irrevocable deposit with the indenture trustee, in trust, of money and/or government obligations which, through the scheduled payment of principal and interest and any mandatory sinking fund or analogous payments applicable on those obligations, would provide sufficient moneys to pay the principal of and any premium and interest on those debt securities on the maturity dates of the payments or upon redemption and any mandatory sinking fund or analogous payments applicable on those obligations. (See Section 1304.)

The indenture permits defeasance with respect to any series of debt securities even if a prior covenant defeasance has occurred with respect to the debt securities of that series. Following a defeasance, payment of the debt securities defeased may not be accelerated because of an event of default. (See Section 1302.) Following a covenant defeasance, payment of the debt securities may not be accelerated by reference to the specified covenants affected by the covenant defeasance. (See Section 1303.) However, if an acceleration were to occur, the realizable value at the acceleration date of the money and government obligations in the defeasance trust could be less than the principal and interest then due on the respective debt securities, since the required deposit in the defeasance trust would be based upon scheduled cash flows rather than market value, which would vary depending upon interest rates and other factors.

Under current United States federal income tax law, the defeasance contemplated in the preceding paragraphs would be treated as an exchange of the relevant debt securities in which holders of the debt securities might recognize gain or loss. In addition, the amount, timing and character of amounts that holders would be required after the defeasance to include in income might be different from that which would be includible in the absence of the defeasance. Prospective investors are urged to consult their own tax advisors as to the specific consequences of a defeasance, including the applicability and effect of tax laws other than United States federal income tax laws.

Under current United States federal income tax laws, unless accompanied by other changes in the terms of the debt securities, covenant defeasance generally should not be treated as a taxable exchange.

Satisfaction and Discharge

The indenture will cease to be of further effect with respect to any series of debt securities, and we will be deemed to have satisfied and discharged all of our obligations under the indenture, except as noted below, when:

(a) all outstanding debt securities of such series have become due or will become due within one year at their stated maturity or on a redemption date or have been delivered to the indenture trustee for cancellation; and

(b) we deposit with the trustee, in trust, funds that are sufficient to pay and discharge all remaining indebtedness on the outstanding debt securities of such series.

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

We will remain obligated to pay all other amounts due under the indenture and to perform certain ministerial tasks to be described in the indenture. (See Section 401.)

Resignation and Removal of the Indenture Trustee; Deemed Resignation

The indenture trustee may resign at any time by giving written notice to us. The indenture trustee may also be removed by act of the registered holders of a majority in principal amount of the then outstanding debt securities of any series, and in certain circumstances may be removed by us.

No resignation or removal of the indenture trustee and no appointment of a successor indenture trustee will become effective until the acceptance of appointment by a successor indenture trustee in accordance with the requirements of the indenture.

Table of Contents

Under some circumstances, we may appoint a successor indenture trustee and, if the successor accepts, the indenture trustee will be deemed to have resigned. (See Sections 610 and 611.)

Conversion Rights

The terms and conditions of any debt securities being offered that are convertible into our common stock or other securities of Avery Dennison will be set forth in a prospectus supplement. These terms will include the conversion price, the conversion period, provisions as to whether conversion will be mandatory, or at the option of the holder or us, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event that the debt securities are redeemed.

Governing Law

The indenture and the related debt securities will be governed by and construed in accordance with the laws of the State of New York. (See Section 112.)

DESCRIPTION OF COMMON STOCK AND PREFERRED STOCK

The following description of our common stock and preferred stock is only a summary and is qualified in its entirety by reference to our certificate of incorporation and bylaws. Therefore, you should read carefully the more detailed provisions of our Restated Certificate of Incorporation (the Restated Certificate), our Bylaws, as amended, and our Rights Agreement, dated October 23, 1997, between us and First Chicago Trust Company of New York, as rights agent, copies of which are incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

General

This prospectus describes certain general terms of our capital stock. For a more detailed description of these securities, we refer you to the applicable provisions of Delaware law and our Restated Certificate. When we offer to sell a particular series of these securities, we will describe the specific terms of the series in a supplement to this prospectus. Accordingly, for a description of the terms of any series of securities, you must refer to both the prospectus supplement relating to that series and the description of the securities set forth in this prospectus. A prospectus supplement may change any of the terms of the securities described in this prospectus.

Pursuant to our Restated Certificate, our authorized capital stock consists of 400,000,000 shares of common stock, par value \$1.00 per share, and 5,000,000 shares of preferred stock, par value \$1.00 per share. At October 22, 2004, we had 110,458,962 shares of common stock outstanding and no shares of preferred stock outstanding.

Common Stock

Subject to any preferential rights that our board of directors may grant in connection with the future issuance of preferred stock, each holder of common stock is entitled to one vote per share on all matters voted upon by the stockholders. Each holder of common stock is entitled to receive ratably any dividends declared on the common stock by the board of directors from funds legally available for distribution. In the event of our liquidation, dissolution or winding up, after we pay all debts and other liabilities and any liquidation preference on the preferred stock, each holder of common stock would be entitled to share ratably in all of our remaining assets. The common stock has no subscription, redemption, conversion or preemptive rights. All shares of common stock are fully paid and nonassessable.

Delaware General Corporation Law Section 203

As a corporation organized under the laws of the State of Delaware, we are subject to Section 203 of the General Corporation Law of the State of Delaware (the "DGCL"), which restricts certain business combinations

Table of Contents

between us and an interested stockholder (in general, a stockholder owning 15% or more of our outstanding voting stock) or that stockholder's affiliates or associates for a period of three years following the date on which the stockholder becomes an interested stockholder. The restrictions do not apply if:

prior to an interested stockholder becoming such, our board of directors approves either the business combination or the transaction in which the stockholder becomes an interested stockholder;

upon consummation of the transaction in which the stockholder becomes an interested stockholder, the interested stockholder owns at least 85% of our voting stock outstanding at the time the transaction commenced, subject to certain exceptions; or

on or after the date an interested stockholder becomes such, the business combination is both approved by our board of directors and authorized at an annual or special meeting of our stockholders (and not by written consent) by the affirmative vote of at least 66²/3% of the outstanding voting stock not owned by the interested stockholder.

Preferred Stock

Under the Restated Certificate, our board of directors is authorized generally without stockholder approval to issue shares of preferred stock from time to time, in one or more classes or series. Prior to the issuance of shares of each series, the board of directors is required by the DGCL and the Restated Certificate to adopt resolutions and file a certificate of designation with the Secretary of State of the State of Delaware. The certificate of designation fixes for each class or series the designations, powers, preferences, rights, qualifications, limitations and restrictions, including, but not limited to, the following:

the number of shares constituting each class or series;

voting rights;

rights and terms of redemption (including sinking fund provisions);

dividend rights and rates;

dissolution;

terms concerning the distribution of assets;

conversion or exchange terms;

redemption prices; and

liquidation preferences.

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

All shares of preferred stock offered hereby will, when issued, be fully paid and nonassessable and will not have any preemptive or similar rights. Our board of directors could authorize the issuance of shares of preferred stock with terms and conditions which could have the effect of discouraging a takeover or other transaction that might involve a premium price for holders of the shares or which holders might believe to be in their best interests.

We will set forth in a prospectus supplement relating to the class or series of preferred stock being offered the following terms:

The title and stated value of the preferred stock;

The number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;

The dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation applicable to the preferred stock;

Whether dividends are cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock will accumulate;

Table of Contents

The procedures for any auction and remarketing, if any, for the preferred stock;

The provisions for a sinking fund, if any, for the preferred stock;

The provision for redemption, if applicable, of the preferred stock;

Any listing of the preferred stock on any securities exchange;

The terms and conditions, if applicable, upon which the preferred stock will be convertible into common stock, including the conversion price (or manner of calculation) and conversion period;

Voting rights, if any, of the preferred stock;

Whether interests in the preferred stock will be represented by depositary shares;

A discussion of any material and/or special United States Federal income tax considerations applicable to the preferred stock;

The relative ranking and preferences of the preferred stock as to dividend rights and rights upon the liquidation, dissolution or winding up of our affairs;

Any limitations on issuance of any class or series of preferred stock ranking senior to or on a parity with the class or series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs; and

Any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

Rank

Unless we specify otherwise in the applicable prospectus supplement, the preferred stock will rank, with respect to dividends and upon our liquidation, dissolution or winding up:

senior to all classes or series of our common stock and to all of our equity securities ranking junior to the preferred stock;

on a parity with all of our equity securities the terms of which specifically provide that the equity securities rank on a parity with the preferred stock; and

junior to all of our equity securities the terms of which specifically provide that the equity securities rank senior to the preferred stock.

The term "equity securities" does not include convertible debt securities.

Preferred Share Purchase Rights

On October 23, 1997, our Board of Directors adopted a Rights Agreement (Rights Plan) and declared a dividend distribution of one preferred share purchase right (a Right) on each outstanding share of our common stock. Stockholders may transfer the Rights with the common stock only until they become exercisable. The Rights have an anti-takeover effect that is intended to discourage coercive or unfair takeover tactics and to encourage any potential acquirer to negotiate a fair price to all of our stockholders. The Rights may cause substantial dilution to any party that may attempt to acquire us on terms not approved by our Board of Directors. However, the Rights are structured in a way so as not to interfere with any negotiated merger or other business combination.

Generally, the Rights become exercisable only if a person or group (subject to certain exceptions stated in the Rights Plan) acquires 20% or more of the then outstanding shares of common stock or announces a tender offer which would result in ownership by a person or group of 20% or more of the then outstanding shares of common stock. Each Right entitles stockholders to buy one one-hundredth of a share of a new series of participating preferred stock at an exercise price of \$150.

Table of Contents

If we are acquired in a merger or other business combination transaction, each Right entitles its holder to purchase, at the Right's then current price, a number of the acquiring company's common shares having a then current market value of twice the Right's exercise price.

Following the acquisition by a person or group of beneficial ownership of 20% or more of our common stock (subject to certain exceptions stated in the Rights Plan) and prior to an acquisition of 50% or more of our common stock, our Board of Directors may exchange the Rights (other than Rights owned by the person or group), in whole or in part, at an exchange ratio of one common share per Right (subject to adjustment).

Prior to the acquisition by a person or group of beneficial ownership of 20% or more of our common stock, the Rights are redeemable for \$.01 per Right at the option of the board of directors.

The Rights will expire on October 31, 2007.

Registrar and Transfer Agent

First Chicago, a division of EquiServe, is the registrar and transfer agent for our common stock.

DESCRIPTION OF DEPOSITARY SHARES

General

We may issue depositary shares, each of which will represent a fractional interest of a share of a particular series of preferred stock, as specified in the applicable prospectus supplement. We will deposit with a depositary (the "preferred stock depositary") shares of preferred stock of each series represented by depositary shares. We will enter into a deposit agreement (each a "deposit agreement") with the preferred stock depositary for the benefit of holders from time to time of the depositary receipts issued by the preferred stock depositary which evidence the depositary shares ("depositary receipts"). Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the holder's fractional interest in the preferred stock, to all the rights and preferences of the series of the preferred stock represented by the depositary shares (including dividend, voting, conversion, redemption and liquidation rights).

Immediately after we issue and deliver the preferred stock to a preferred stock depositary, we will cause the preferred stock depositary to issue the depositary receipts on our behalf. You may obtain copies of the applicable form of deposit agreement and depositary receipt from us upon request. The statements made in this section relating to the deposit agreement and the depositary receipts are summaries of certain anticipated provisions. These summaries are not complete and we may modify them in a prospectus supplement. For more detail we refer you to the deposit agreement itself, which we will file as an exhibit to the registration statement.

Dividends and Other Distributions

The preferred stock depositary will distribute all cash dividends or other cash distributions received in respect of the preferred stock to the record holders of depositary receipts in proportion to the number of the depositary receipts owned by the holders, subject to the obligations of holders to file proofs, certificates and other information and to pay certain charges and expenses to the preferred stock depositary.

In the event of a distribution other than in cash, the preferred stock depositary will distribute property received by it to the record holders of depositary receipts in proportion to the number of the depositary receipts owned by the holders, unless the preferred stock depositary determines that it is not feasible to make the distribution, in which case the preferred stock depositary may, with our approval, sell the property and distribute the net proceeds from the sale to the holders.

Table of Contents

No distribution will be made in respect of any depositary share that represents any preferred stock converted into other securities.

Withdrawal of Stock

Upon surrender of the depositary receipts at the corporate trust office of the preferred stock depositary (unless we have previously called for redemption or converted into other securities the related depositary shares), the holders will be entitled to delivery at that office of the number of whole or fractional shares of the preferred stock and any money or other property represented by the depositary shares. Holders of depositary receipts will be entitled to receive shares of the related preferred stock as specified in the applicable prospectus supplement, but holders of the shares of preferred stock will not thereafter be entitled to receive depositary shares.

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by the preferred stock depositary, the preferred stock depositary will concurrently redeem the number of depositary shares representing shares of the preferred stock so redeemed, provided we have paid the applicable redemption price for the preferred stock to be redeemed plus an amount equal to any accrued and unpaid dividends to the date fixed for redemption. The redemption price per depositary share will be equal to the corresponding proportion of the redemption price and any other amounts per share payable with respect to the preferred stock. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected pro rata (as nearly as may be practicable without creating fractional depositary shares) or by any other equitable method determined by us.

From and after the date fixed for redemption:

all dividends in respect of the shares of preferred stock called for redemption will cease to accrue;

the depositary shares called for redemption will no longer be deemed to be outstanding; and

all rights of the holders of the depositary receipts evidencing the depositary shares called for redemption will cease, except the right to receive any moneys payable upon the redemption and any money or other property to which the holders of the depositary receipts were entitled upon redemption and surrender to the preferred stock depositary.

Voting of the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the preferred stock depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts. Each record holder of these depositary receipts on the record date (which will be the same date as the record date for the preferred stock) will be entitled to instruct the preferred stock depositary as to the exercise of the voting rights pertaining to the amount of preferred stock represented by the holder's depositary shares. The preferred stock depositary will vote the amount of preferred stock represented by the depositary shares in accordance with the instructions, and we will agree to take all reasonable action necessary to enable the preferred stock depositary to do so. The preferred stock depositary will abstain from voting the amount of preferred stock represented by the depositary shares for which it does not receive specific instructions from the holders of

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

depository receipts evidencing the depository shares. The preferred stock depository will not be responsible for any failure to carry out any instruction to vote, or for the manner or effect of any vote made, as long as the action or non-action is in good faith and does not result from the preferred stock depository's negligence or willful misconduct.

Table of Contents

Liquidation Preference

If we voluntarily or involuntarily liquidate, dissolve or wind up, the holders of each depositary receipt will be entitled to the fraction of the liquidation preference accorded each share of preferred stock represented by the depositary shares, as set forth in the applicable prospectus supplement.

Conversion of Preferred Stock

The depositary shares, as such, are not convertible into common stock or any of our other securities or property. Nevertheless, if we so specify in the applicable prospectus supplement relating to an offering of depositary shares, holders may surrender depositary receipts to the preferred stock depositary with written instructions to the preferred stock depositary to instruct us to convert the preferred stock represented by the depositary shares into whole shares of common stock, other shares of our preferred stock or other shares of stock. We have agreed that upon receipt of the instructions and any amounts payable, we will convert the depositary shares using the same procedures as those provided for converting preferred stock. If the depositary shares evidenced by a depositary receipt are to be converted in part only, the preferred stock depositary will issue a new depositary receipt(s) for any depositary shares not converted. No fractional shares of common stock will be issued upon conversion, and if the conversion would result in a fractional share being issued, we will pay an amount in cash equal to the value of the fractional interest based upon the closing price of the common stock on the last business day prior to the conversion.

Amendment and Termination of the Deposit Agreement

We may amend the form of depositary receipt and any provision of the deposit agreement at any time by agreement between us and the preferred stock depositary. However, any amendment that materially and adversely alters the rights of the holders of depositary receipts or that would be materially and adversely inconsistent with the rights granted to the holders of the related preferred stock will not be effective unless the holders of at least $66\frac{2}{3}\%$ of the depositary shares evidenced by the depositary receipts then outstanding approve the amendment. No amendment will impair the right, subject to the exceptions set forth in the depositary agreement, of any holder of depositary receipts to surrender any depositary receipt with instructions to deliver to the holder the related preferred stock and all money and other property, if any, represented by the depositary receipt, except in order to comply with law. Every holder of an outstanding depositary receipt at the time any such amendment becomes effective will be deemed, by continuing to hold the receipt, to consent and agree to the amendment and to be bound by the deposit agreement as amended.

We may terminate the deposit agreement upon not less than 30 days' prior written notice to the preferred stock depositary if a majority of each series of preferred stock affected by the termination consents to the termination. Upon termination, the preferred stock depositary will deliver or make available to each holder of depositary receipts, upon surrender of the depositary receipts held by the holder, the number of whole or fractional shares of preferred stock represented by the depositary shares evidenced by the depositary receipts together with any other property held by the preferred stock depositary with respect to the depositary receipt.

In addition, the deposit agreement will automatically terminate if:

all outstanding depositary shares have been redeemed;

Edgar Filing: AVERY DENNISON CORPORATION - Form S-3

there has been a final distribution of the related preferred stock in connection with our liquidation, dissolution or winding up and the distribution has been distributed to the holders of depositary receipts evidencing the depositary shares representing the preferred stock;
or

each share of the related preferred stock has been converted into our securities which are not represented by depositary shares.

Table of Contents

Charges of Preferred Stock Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the deposit agreement. In addition, we will pay the fees and expenses of the preferred stock depositary in connection with the performance of its duties under the deposit agreement. However, holders of depositary receipts will pay the fees and expenses of the preferred stock depositary for any duties requested by the holders to be performed which are outside of those expressly provided for in the deposit agreement.

Resignation and Removal of Depositary

The preferred stock depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the preferred stock depositary. Any such resignation or removal will take effect upon our appointment of a successor preferred stock depositary. We must appoint a successor preferred stock depositary within 60 days after delivery of the notice of resignation or removal, and any preferred stock depositary must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Miscellaneous

The preferred stock depositary will forward to holders of depositary receipts any reports and communications the preferred stock depositary receives from us relating to the preferred stock.

We will not be liable, nor will the preferred stock depositary be liable, if we are prevented from or delayed in, by law or any circumstances beyond our control, performing our obligations under the deposit agreement. Our obligations and the obligations of the preferred stock depositary under the deposit agreement will be limited to performing our duties in good faith and without negligence (in the case of any action or inaction in the voting of preferred stock represented by the depositary shares), gross negligence or willful misconduct. We will not be obligated, nor will the preferred stock depositary be obligated, to prosecute or defend any legal proceeding in respect of any depositary receipts, depositary shares or shares of preferred stock represented thereby unless satisfactory indemnity is furnished to us. (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
