CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Corporate Governance Guidelines and Code of Conduct

The Company is committed to having sound corporate governance principles. The Company's Corporate Governance Guidelines and Code of Conduct are available at <http://www.stepan.com>, under Investors Corporate Governance.

Board of Directors and Committee Meetings

During 2004, there were five regular meetings and one special meeting of the Board of Directors. During 2004, all of the Directors attended greater than 75 percent of the total number of meetings of the Board of Directors and meetings of committees of the Board of Directors of which such Director was a member. The Company does not have a formal policy regarding Director attendance at the Company's Annual Meeting of Stockholders. All Directors attended the 2004 Annual Meeting of Stockholders and plan to attend the 2005 Annual Meeting of Stockholders. The Company's Board of Directors has a standing Audit Committee, Compensation and Development Committee and Nominating and Corporate Governance Committee.

Messrs. Thomas F. Grojean and F. Quinn Stepan, Jr. are current Company directors who were previously elected by the stockholders. Their respective terms expire in 2005. The nominations for Messrs. Grojean and Stepan, Jr. to stand for election at the 2005 Annual Meeting of Stockholders have been reviewed and approved by the Nominating and Corporate Governance Committee.

Audit Committee

The Board of Directors has an Audit Committee, which held eight meetings in 2004. The functions of the Audit Committee include annual selection and engagement of the independent registered public accounting firm, meeting with the independent registered public accounting firm before the year-end audit to review the proposed fees and scope of work of the audit, meeting with the independent registered public accounting firm at the completion of the year-end audit to review the results of the audit and internal controls over financial reporting, meeting with the independent registered public accounting firm quarterly prior to the Company's filing of its report on Form 10-Q, review of the independent registered public accounting firm's memorandum setting forth findings and suggestions regarding internal controls, financial policies and procedures and management's response thereto, review of the internal audit program of the Company and review of unusual or significant financial transactions. The members of the Audit Committee in 2004 were Messrs. Cadieux (Chairman), Grojean, Potter and Wehmer, all of whom are outside independent directors as defined under the rules of the New York Stock Exchange and described below under Director Independence. Mr. Wehmer is qualified as the Audit Committee's financial expert within the meaning of the Securities and Exchange Commission regulations. In addition, the Board of Directors has determined that Mr. Wehmer has accounting and related financial management expertise within the meaning of the rules of the New York Stock Exchange. None of the Audit Committee members serve on the audit committee of more than two public companies.

The report of the Audit Committee is included in this proxy statement. The charter of the Audit Committee was amended in 2004 and subsequently adopted by the full Board of Directors. The charter is available at <http://www.stepan.com>, under Investors Corporate Governance, and is also included herein as Appendix A.

Compensation and Development Committee

The Board of Directors has a Compensation and Development Committee, which held two meetings in 2004. The functions of the Compensation and Development Committee include reviewing the salaries of the Officers of the Company each year, adjusting them as appropriate, approving all management incentive awards and approving proposals for granting of stock options. The members of the Compensation and Development Committee in 2004 were Messrs. Cadieux, Grojean (Chairman), Potter and Wehmer, all of whom are outside independent directors as defined under the rules of the New York Stock Exchange and described below under Director Independence.

The report of the Compensation and Development Committee is included in this proxy statement. The charter of the Compensation and Development Committee is available at <http://www.stepan.com>, under Investors Corporate Governance.

Nominating and Corporate Governance Committee

The Board of Directors has a Nominating and Corporate Governance Committee, which held three meetings in 2004. The functions of the Nominating and Corporate Governance Committee include assisting the Board by identifying individuals qualified to become Board members and recommending to the Board the director nominees for the next annual meeting of shareholders, developing and recommending to the Board the guidelines for Corporate Governance applicable to the Company, leading the Board in its annual review of the Board's performance, and recommending to the Board director nominees for each committee. The members of the Nominating and Corporate Governance Committee are Messrs. Cadieux, Grojean, Potter (Chairman) and Wehmer, all of whom are outside independent directors as defined under the rules of the New York Stock Exchange and described below under Director Independence. The charter of the Nominating and Corporate Governance Committee is available at <http://www.stepan.com>, under Investors Corporate Governance.

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board of Directors. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board to address the membership criteria. Any stockholder nominations proposed for consideration by the Nominating and Corporate Governance Committee should include the nominee's name and qualifications for Board membership and be addressed to Nominating and Corporate Governance Committee Chairman, c/o Secretary's Office, Stepan Company, Edens Expressway and Winnetka Road, Northfield, Illinois 60093. The Secretary delivers all correspondence to the Nominating and Corporate Governance Committee Chairman without first screening the correspondence.

The Corporate Governance Guidelines contain Board membership criteria that apply to nominees recommended by the Nominating and Corporate Governance Committee for a position on the Board of Directors. Under these criteria, members of the Board should possess qualities that include strength of character, an inquiring and independent mind, practical wisdom and mature judgment. In addition to these qualities, the nominees should also possess recognized achievement, an ability to contribute to some aspect of the Company's business, and the willingness to make the commitment of time and effort required of a Company director. The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for directors includes recommendations by stockholders, non-management directors and executive officers, a review and background check of specific candidates, an assessment of the candidate's independence under the criteria described above and interviews of director candidates by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee's evaluation of a nominee recommended by a stockholder would consider the factors described above, as well as any of the general criteria previously described in this section.

The Nominating and Corporate Governance Committee reports annually to the Board of Directors on an assessment of the Board's performance. The Chairman of the Nominating and Corporate Governance Committee initially discusses the assessment with the Chairman, and if desired by any director, the assessments are discussed at the Executive Sessions of the non-management directors. The assessment is of the Board's contribution in its entirety and reviews areas in which the Board and/or management believe a stronger contribution could be made. The Nominating and Corporate Governance Committee is responsible for evaluating the performance of current Board members at the time they are considered for re-nomination to the Board.

Director Independence

For purposes of determining director independence, the Company has adopted the following standards in compliance with the New York Stock Exchange director independence standards as currently in effect.

No director qualifies as independent unless the Board of Directors affirmatively determines that the director has no material relationship with the Company or any of its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company or any of its subsidiaries). In addition, a director is not independent if:

The director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

The director has received, or an immediate family member has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(A) The director or an immediate family member is a current partner of a firm that is the Company's internal or external independent registered public accounting firm; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on its compensation committee; or

The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

Under the New York Stock Exchange rules and the Company's Corporate Governance Guidelines, at least a majority of the Company's directors must meet the independence standards set forth above. The Board of Directors has determined that each of Robert D. Cadieux, Thomas F. Grojean, Robert G. Potter and Edward J. Wehmer (each of whom are members of the Audit Committee, the Compensation and Development Committee and the Nominating and Corporate Governance Committee) has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the aforementioned standards.

Executive Sessions

Executive Sessions of non-management directors will be held at least two times per year. At least one of the Executive Sessions each year will be limited to independent directors as defined under the rules of the New York Stock Exchange. In 2004, two Executive Sessions were held by the independent directors. The Executive Sessions are scheduled and chaired by the Chairman of the Nominating and Corporate Governance Committee. In 2005, the Chairman of the Nominating and Corporate Governance Committee is Mr. Potter. Any non-management director can request that an additional Executive Session be scheduled. A stockholder may communicate with the Chairman of the Nominating and Corporate Governance Committee by writing to him, c/o Secretary's Office, Stepan Company, Edens Expressway and Winnetka Road, Northfield, Illinois 60093. The Secretary delivers all correspondence to the Nominating and Corporate Governance Committee Chairman without first screening the correspondence.

Directors Fees

Directors who are not also Officers of the Company are currently being paid an annual Director's fee of \$44,400 plus \$6,200 per year for attendance at Board of Director meetings, \$4,650 per year for service as a member of the Audit Committee, \$3,100 per year for service as a member of the Compensation and Development Committee, and \$4,650 per year for service as a member of the Nominating and Corporate Governance

Committee. In addition, the Chairman of each Committee of the Board of Directors is paid an annual fee of \$5,000. No fees are paid to Directors who are also Officers of the Company. Under the Company's 1965 Directors' Deferred Compensation Plan, the Company has entered into agreements with certain of its non-employee Directors under which a Director, at his election, may defer receipt of his Director's fees and such deferred fees are (i) used to purchase shares of the Company's Common Stock and such shares and future distributions thereon are allocated to the Director's account, (ii) credited to the Stepan Company Deferred Income Account, (iii) used to purchase shares of selected publicly-traded mutual funds or (iv) divided equally between the purchase of shares of the Company's Common Stock, the Stepan Company Deferred Income Account and shares of selected publicly-traded mutual funds. Funds in the Stepan Company Deferred Income Account may not be used to purchase shares of the Company's Common Stock, but earn interest at the same rate as bonds with a maturity of ten years. At the election of a Director, deferred payments may be made in shares of Stepan Common Stock or cash based on the fair market value of the Director's account at distribution, which commences, depending upon the terms of the agreement with the particular Director, upon retirement as a Director or from active or professional life or at any time between ages 60 to 70, with payments being made periodically over a period of five to ten years.

In addition, the 2000 Stock Option Plan provides for the granting of a stock option, as of the date of the annual meeting of the Company's stockholders in calendar years 2006 and 2008 to each non-employee Director serving as a Director of the Company on such date to purchase the number of shares of Common Stock determined by dividing the non-employee Director's annual retainer fee for the applicable year by the fair market value of a share of Common Stock on the date of the grant. The exercise price of each share of Common Stock under a stock option granted to a non-employee Director will be equal to the fair market value of a share of Common Stock on the date of the grant or, if greater, par value. The exercise price may be paid, upon exercise, in cash, in shares of Common Stock or in any combination of cash or Common Stock as the non-employee Director completes two continuous years of service as a non-employee Director following the date of the grant, but not more than ten years after the date of the grant. The 2000 Stock Option Plan sets forth restrictions upon the exercise of stock options by non-employee Directors upon termination of their service by reason of death, disability, retirement or otherwise.

The Company has a non-qualified, non-funded retirement income plan for the benefit of the non-employee Directors. The plan provides for a benefit after ten years of service of 50 percent of the annual Director's fee at retirement plus two percent for each year served on the Board in excess of ten years with a maximum 25 years credit in excess of ten years. Benefits commence at 70 years of age.

Retirement Plans

The Company has a non-contributory retirement plan (the Retirement Plan) covering all salaried employees that provides for a maximum pension benefit equal to 50 percent of the employee's average base compensation, reduced by an amount equal to 50 percent of the employee's primary Social Security benefit at age 65, for employees with 30 years of service who retire at or after age 63. Base compensation is computed on the average base salary for the five highest consecutive earnings years during the last ten years prior to retirement. The amount of salary taken into account for any year is subject to certain limitations contained in the Internal Revenue Code (\$205,000 in 2004, to be indexed in future years for inflation in accordance with IRS regulations, and subject to certain transition rules for prior years in which greater amounts of salary were permitted to be taken into account). The Company also has a non-qualified supplemental retirement plan (the SERP) for designated executives. The SERP replaces benefits under the qualified plan that would otherwise be denied due to Internal Revenue Code limits on qualified plan benefits. The following table sets forth the maximum annual retirement income payable under the Retirement Plan and the SERP, prior to reduction by an amount equal to 50 percent of projected age 65 Social Security benefits, at age 63 for indicated salaries and lengths of service.

REPORT OF THE AUDIT COMMITTEE

In 2004, the Company's Audit Committee was comprised of the following non-employee Directors: Messrs. Cadieux, Grojean, Potter and Wehmer. Each of these Directors satisfies the New York Stock Exchange's rules for independence. During 2004, Mr. Cadieux served as Chairman of the Committee.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

AUDIT COMMITTEE

REPORT OF THE COMPENSATION AND DEVELOPMENT COMMITTEE

The Company's executive compensation program is administered by the Compensation and Development Committee of the Board of Directors, which is composed of the following non-employee Directors: Messrs. Cadieux, Grojean, Potter and Wehmer. During 2004, Mr. Grojean served as Chairman for the Committee. All issues pertaining to corporate officer compensation are submitted to the Committee for approval prior to implementation. The Committee, as requested, reviews non-officer compensation for those reporting to the Chief Executive Officer or the President.

The Company's guiding philosophy in executive compensation is that:

- (a) The base pay of executive officers should reflect job responsibilities and performance, and should be competitive internally, to like or comparable positions, as well as externally, to like or comparable positions within the chemical industry. The Company uses job evaluation, external market comparison and internal equity measures consistent with contemporary practice. Compensation policy is established in accordance with data supplied by Watson Wyatt and other independent compensation consulting firms, for base pay trends and data in the chemical industry.

Within specific position salary ranges, the base salary level for each executive officer is determined in accordance with performance standards set by Company policy and the merit increase guidelines published annually for all salaried employees. A separate determination is made when an executive officer is promoted or assumes additional responsibilities, which may result in an increase in excess of the merit increase guideline. During 2004, there were no merit increases for executive officers in keeping with the Company's salary freeze.

The Chairman and Chief Executive Officer's (CEO) salary range is determined by the same process and procedures as those of other executive officers. The Committee, in accordance with the salary merit increase guidelines, adjusts the CEO's salary. During 2004, there was no increase to the CEO's base earnings in keeping with the Company's salary freeze.

- (b) The incentive pay of executive officers is directly related to Company performance and, in the case of all positions reporting to the CEO or the President, against a set of annual, individual performance targets. The Committee establishes Company incentive targets at the beginning of each calendar year. As applicable, individual performance targets are also established at the beginning of each calendar year. In years where the Company performs well against its economic targets, significant performance bonuses may be earned; if targets are not achieved, incentive bonuses are proportionately lower or may not be paid at all.

All executive officers have a minimum of 25% of their incentive bonus based on the overall performance of the Company, measured against targets for (a) Net Income and (b) Return on Invested Capital. The Committee approves these targets and percents for each calendar year. The remainder of each individual executive officer's incentive bonus is based on performance measures set by mutual agreement between the executive and the CEO or the President. The CEO's and the President's incentive compensation are determined solely by the annual financial results of the Company. For 2004, no incentive bonus was paid to the CEO or the President.

- (c) Executive officers receive stock option grants on a regular schedule in order to promote retention of proven executives, to recognize outstanding job performance and to encourage a focus on corporate performance results, which in turn enhance the likelihood of increases in the value of Common Stock.

Stock options are granted in even-numbered years to those executives and executive officers approved by the Committee and identified as having significant impact on the financial results and economic

success and well being of the Company. The Committee approves all stock option awards. The size of stock option awards is based on two factors: job performance and the potential of each executive or executive officer to impact the costs, sales and/or profitability of the Company that may thus contribute to the value of the Common Stock held by stockholders.

In addition, stock options are granted to executive officers and executives at other times based on other factors that the Committee determines to be relevant. Such actions are occasioned by election, promotion or extraordinary job performance results. During 2004, 345,776 stock options were granted to 33 executive officers and executives in accordance with the bi-annual schedule and 14,944 stock options were granted to three other executives promoted in December 2004.

- (d) The Board of Directors believes that ownership of Company stock by executives and executive officers is desirable in order to focus both short and long-term decision making on the best interests of the Company. In 2004, the Committee maintained the following policy guidelines:
1. Executive officers of the Company should own a minimum of Company stock approximating two times their annual base salary paid by the Company; and
 2. Other executives (defined as those who are Level Four participants in the Company Management Incentive Plan) should own a minimum of Company stock approximating one times their annual base salary paid by the Company.

Stock shares may be owned directly, through the Company Stock Purchase Plan or the Company Employee Stock Ownership Plan, or in shares held in a deferred Management Incentive Plan account. Stock options not exercised are not considered owned stock for the purpose of this policy.

The Company realizes that time must be allowed to realize this targeted goal. In 2000, the Committee approved a five-year time frame for executives and executive officers to achieve such ownership.

- (e) Federal income tax law caps at \$1,000,000 the deductible compensation per year for each of the Named Executive Officers in the proxy statement, subject to certain exceptions. In developing and implementing executive compensation policies and programs, the Committee considers whether particular payments and awards are deductible for federal income tax purposes, along with other relevant factors. Consistent with this policy, the Committee has taken what it believes to be appropriate steps to maximize the deductibility of executive compensation. While it is the general intention of the Committee to meet the requirements for deductibility, the Committee may approve payment of non-deductible compensation from time to time if circumstances warrant. The Committee will continue to review and monitor its policy with respect to the deductibility of compensation.

ACCOUNTING AND AUDITING MATTERS

Upon the recommendation of its Audit Committee, the Board of Directors recommends to the stockholders that the appointment of Deloitte & Touche LLP (Deloitte) as the independent registered public accounting firm for the Company and its subsidiaries be ratified for fiscal year 2005. Representatives of Deloitte are expected to be present at the Annual Meeting of Stockholders with the opportunity to make a statement, if they desire to do so, and to be available to respond to appropriate questions from the stockholders.

In connection with the audits for the two most recent fiscal years, there have been no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused Deloitte to make reference thereto in connection with its report on the financial statements of the Company for such time periods. Also during those time periods, there have been no reportable events, as such term is used in Item 304(a)(1)(v) of Regulation S-K.

Deloitte's reports on the financial statements of the Company for the last two years contained neither an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

Independent Registered Public Accounting Firm Fees

The following table presents fees for professional audit services rendered by Deloitte for the audit of the Company's annual financial statements for the years ended December 31, 2004, and December 31, 2003, and fees billed for other services rendered by Deloitte during those periods.

	2004	2003
Audit Fees (a)	\$ 788,200	\$ 448,300
Audit-Related Fees (b)	54,800	49,700
Tax Fees (c)	173,500	165,000
All Other Fees	0	0
Total	\$ 1,016,500	\$ 663,000

- (a) Audit Fees consisted of audit work performed on the Company's annual financial statements and review of the Company's quarterly financial statements.
- (b) Audit-Related Fees consisted principally of audits of employee benefit plans.
- (c) Tax Fees consisted principally of assistance with tax return filings in certain foreign jurisdictions and preparation of expatriate tax returns.

Pre-Approval Policy

Edgar Filing: STEPAN CO - Form DEF 14A

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy requiring the pre-approval of all audit, audit related, and permissible non-audit services provided by the independent registered public accounting firm. A copy of this policy is available at no charge upon written request to the Secretary of the Company. The policy provides guidance to management as to the specific services that the independent registered public accounting firm may perform for the Company. The policy requires that a description of the services expected to be performed by the independent registered public accounting firm, together with an estimate of fees, be provided to the Audit Committee for approval on an annual basis. The scope of these services is carefully considered by the Audit Committee to ensure such services are consistent with the rules of the SEC on auditor independence. Any requests for audit, audit related, and non-audit services not previously authorized

must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the policy delegates to the Audit Committee Chairman, the authority to grant specific pre-approval between meetings provided that the Chairman report any pre-approval decision to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of the independent registered public accounting firm.

None of the services related to the Audit-Related Fees or Tax Fees described above was approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

A stockholder that intends to present business at the 2006 Annual Meeting other than pursuant to Rule 14a-8 must comply with the requirements set forth in the Company's By-laws. Among other things, to bring business before an annual meeting, a stockholder must give written notice thereof, complying with the By-laws, to the Secretary of the Company not later than 90 days prior to the anniversary date of the immediately preceding annual meeting of stockholders. Therefore, because the 2005 Annual Meeting is scheduled for April 26, 2005, the Company must receive notice of a stockholder proposal submitted other than pursuant to Rule 14a-8 no later than January 27, 2006.

Stepan Company Board of Directors**Audit Committee Charter****I. PURPOSE**

The primary function of the Audit Committee (the **Committee**) is to (a) assist the Board of Directors (the **Board**) of Stepan Company (the **Company**) in fulfilling its oversight responsibilities to shareholders, the investment community, and creditors in relation to (i) the quality and integrity of the Company's financial statements, (ii) the adequacy of the Company's internal control over financial reporting, (iii) the Company's legal and regulatory compliance, (iv) the independent auditors' qualifications and independence, and (v) the performance of the independent auditors and the Company's internal audit function; and (b) prepare the Committee's report, made pursuant to the Securities Exchange Act of 1934 (the **Exchange Act**), to be included in the Company's annual proxy statement (the **Audit Committee Report**). In performing its duties, the Committee will provide an open avenue of communication between the Board, independent auditors, internal auditors, and financial management.

II. LIMITATION OF THE AUDIT COMMITTEE'S ROLE

While the Committee has the responsibilities and power set forth in this charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditors.

Additionally, the Board and the Committee recognizes that financial management (including the internal audit staff), as well as the independent auditor, have more knowledge and detailed information on the Company than do Committee members; consequently in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurances as to the Company's financial statements or any professional certification as to independent auditors' work.

III. COMPOSITION

The Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent as defined by (a) the rules of the New York Stock Exchange, Inc. (**NYSE**), as such requirements are interpreted by the Board of Directors in its business judgment, and (b) Section 301 of the Sarbanes-Oxley Act of 2002 and the rules and listing requirements promulgated thereunder by the Securities and Exchange Commission (**SEC**) and the NYSE. Each Committee Member may receive as compensation only (a) director fees and/or (b) pension payments or other deferred compensation provided that such compensation is not in any way contingent on continued service. To maintain independence, a committee member may not (a) accept any consulting, advisory, or other compensation fee from the Company; or (b) be an affiliated person of the Company or any subsidiary.

All members of the Committee shall be financially literate or become financially literate within a reasonable period of time after appointment to the Committee. Additionally, at least one member of the Committee shall have accounting or related financial management expertise. The Board of Directors shall determine, in its business judgment, whether a member is financially literate and whether at least one member has the requisite accounting or financial management expertise and meets the financial expert criteria of Section 407 of the Sarbanes-Oxley Act of 2002 and any rules promulgated thereunder by the SEC. The designation or identification of a person as an audit committee financial expert shall not (a) impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the audit committee and board of directors in the absence of such designation or identification, or (b) affect the duties, obligations or liability of any other member of the audit committee or board of directors.

The Board shall elect the members of the Committee and, unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

If a Committee member simultaneously serves on the audit committee of more than three public companies (including the Company), the Board of Directors must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Committee. The Company shall disclose any such determination in its annual proxy statement.

IV. MEETINGS

The Committee shall meet regularly with special meetings called as necessary to meet the requirements under this charter at a minimum, the Committee shall meet in person four times per year. At least annually, the Committee shall meet independently with each of senior financial management, the director of internal audit, and the independent auditors to discuss any matters the Committee or one of these parties believes should be discussed privately.

V. REPORTING RESPONSIBILITIES

The independent auditor is ultimately accountable to the Committee in its fiduciary role representing shareholders and the full Board. As such, the Committee has the sole authority and responsibility to select, evaluate, and where appropriate, replace the independent auditor and to approve all audit and non-audit engagement fees and terms. In addition, the director of internal audit has direct reporting responsibility to the Committee, and the Committee shall review and approve any personnel change in this position. The Committee, at its discretion, has the authority to obtain advice and assistance from outside legal, accounting, or other advisors, as necessary, and such other resources, including appropriate funding, as it may require to carry-out the responsibilities and duties prescribed below.
