PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Wednesday, May 18, 2005

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Plug Power Inc. (the Company) for use at the 2005 Annual Meeting of Stockholders of the Company to be held on Wednesday, May 18, 2005, at 10:00 a.m., local time, at the NASDAQ, Four Times Square (Corner of 43rd and Broadway), New York, New York 10036 and any adjournments or postponements thereof (the Annual Meeting).

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class III Directors, each to hold office until the Company's 2008 annual meeting of stockholders and until such director's successor is duly elected and qualified; and
2. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about April 18, 2005 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 25, 2005 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the Record Date). Only holders of record of the Company's common stock, par value \$.01 per share (Common Stock), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 72,901,996 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 2,800 stockholders of record. However, management believes that a significant number of shares are held by brokers under a nominee name and that the number of beneficial shareholders of our Common Stock exceeds 80,000. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

Edgar Filing: PLUG POWER INC - Form DEF 14A

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes is necessary to elect a nominee as a director of the Company.

Shares that reflect abstentions or broker non-votes (i.e., shares represented at the Annual Meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting. With respect to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect on the vote. Broker non-votes will also have no effect on the outcome of the election of directors.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Stockholders who hold shares indirectly as the beneficial owner of shares held for them by a broker or other nominee (i.e., in street name) may direct their vote without attending the Annual Meeting by submitting voting instructions to their broker or nominee. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted FOR the election of the three nominees of the Board of Directors as Class III Directors of the Company as listed in this Proxy Statement. It is not anticipated that any matters other than those set forth in this Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by (1) giving written notice of such revocation to the Corporate Secretary of the Company, (2) signing and duly delivering a proxy bearing a later date (or submitting new voting instructions with respect to shares held in street name), or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company is being mailed to stockholders of the Company concurrently with this Proxy Statement.

PROPOSAL 1

ELECTION OF DIRECTORS

The number of directors of the Company is fixed at ten and the Board of Directors currently consists of ten members. The Board of Directors is divided into three classes, with four directors in Class I, three directors in Class II and three directors in Class III. At the Annual Meeting, three Class III Directors will be elected to serve until the annual meeting of stockholders in 2008 and until such directors successors are duly elected and qualified. The Board of Directors has nominated John M. Shalikashvili, Larry G. Garberding and Richard R. Stewart for re-election as Class III Directors. Shares represented by each properly executed proxy will be voted for the re-election of John M. Shalikashvili, Larry G. Garberding and Richard R. Stewart as directors, unless contrary instructions are set forth on enclosed proxy card. The nominees have agreed to stand for re-election and to serve, if elected, as directors. However, if any nominee fails to stand for re-election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

Vote Required For Approval

A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a director of the Company.

During Fiscal 2004, each of the incumbent directors attended or participated in 75% or more of the meetings of the Board held during the period such person served as a director. The Board of Directors has established three standing committees, an Audit Committee (the Audit Committee), a Compensation Committee (the Compensation Committee) and a Corporate Governance and Nominating Committee (the Corporate Governance Committee).

Audit Committee

The Audit Committee consists of Messrs. Garberding (Chairman), Shalikashvili, and Grant and Ms. Helmer. The Audit Committee held five (5) meetings during Fiscal 2004 and each member attended all of the meetings during the period in which such person served on the committee, except for Mr. Shalikashvili who attended four of such meetings of the Audit Committee during Fiscal 2004.

Audit Committee Report

The Audit Committee of the Board of Directors (the Committee) is currently composed of four directors, each of whom is an independent director as defined in Rule 4200 (a) (15) under the Marketplace Rules of the National Association of Securities Dealers, Inc. and the applicable rules of the Securities and Exchange Commission (SEC). In addition, the Board has made a determination that Mr. Garberding qualifies as an audit committee financial expert as defined in Section 407 of the Sarbanes-Oxley Act of 2002. Mr. Garberding's designation by the Board as an audit committee financial expert is not intended to be a representation that he is an expert for any purpose as a result of such designation, nor is it intended to impose on him any duties, obligations, or liability greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board in the absence of such designation.

The Committee's primary responsibility is for oversight of the Company's accounting and financial reporting processes and audits of the Company's financial statements. A more complete description of the Committee's functions is set forth in the Committee's charter which is published on the Investors section of the Company's website at www.plugpower.com.

In accordance with the Committee's charter, management has the primary responsibility for the financial statements and the financial reporting process, including maintaining an adequate system of internal controls over financial reporting. The Company's independent auditors, KPMG LLP, report directly to the Committee and are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for auditing management's assessment of the Company's internal controls over financial reporting and for issuing separate reports thereon. In addition, KPMG will express its own opinion on the effectiveness of the company's internal control over financial reporting. The Committee, among other matters, is responsible for appointing the Company's independent auditors, evaluating such independent auditors' qualifications, independence and performance, determining the compensation for such independent auditor, and pre-approval of all audit and non-audit services. Additionally, the Committee is responsible for oversight of the Company's accounting and financial reporting processes and audits of the Company's financial statements including the work of the independent auditor. The Committee reports to the Board of Directors with regard to:

the scope of the annual audit;

fees to be paid to the auditors;

the performance of our independent auditors;

compliance with accounting and financial policies and financial statement presentation; and

our procedures and policies relative to the adequacy of internal accounting controls.

The Committee reviewed and discussed with management of the Company and KPMG, the Company's 2004 quarterly consolidated financial statements and 2004 annual consolidated financial statements, including management's assessment of the effectiveness of the Company's internal control over financial reporting and KPMG's evaluation of the Company's internal control over financial reporting. Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

Additionally, the Committee has discussed with KPMG any matters required to be discussed under Statement on Auditing Standards No. 61 (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements. The Committee has also discussed the critical accounting policies used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that KPMG discussed with management, the ramifications of using such alternative treatments and other written communications between KPMG and management.

KPMG has provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with KPMG that firm's independence. The Committee has also concluded that KPMG's performance of non-audit services is compatible with KPMG's independence.

The Committee also discussed with KPMG their overall scope and plans for their audit and has met with KPMG, with and without management present, to discuss the results of their audit, the evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Committee also discussed with KPMG whether there were any audit problems or difficulties, and management's response.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004. The Committee has also appointed KPMG as the Company's independent auditors for the fiscal year ending December 31, 2005. This report is provided by the following independent directors, who constitute the Committee:

Audit Committee:

Larry Garberding (Chairman)

* In 2004 Maureen Helmer was appointed by the Board to serve on the Committee.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee (the Committee) consists of Messrs. Earley (Chairman), McNamee and Stewart. The Committee's responsibilities include establishing criteria for Board and committee membership, considering director nominations consistent with the requirement that a majority of the Board be comprised of directors who meet the independence requirements set forth in Rule 4350 of the Marketplace Rules of the National Association of Securities Dealers, Inc., identifying individuals qualified to become board members, and selecting the director nominees for election at each annual meeting of stockholders. The Committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines applicable to the Company and periodically reviewing such guidelines and recommending any changes thereto. A more complete description of the Committee's functions is set forth in the Committee's charter which is published on the Investors section of the Company's website at www.plugpower.com.

In seeking and evaluating prospective members of the Board, the Nominating and Governance Committee considers the nature and scope of the Company's business activities, and the capacity of the Board to provide oversight and positive contributions in areas of particular significance to the long-term creation of shareholder value. The Committee believes that individual candidates should also demonstrate proven success in business environments, high levels of commitment, adequate availability to actively participate in the Board's affairs, and high levels of integrity and sensitivity to current business and corporate governance trends. Before recommending a candidate to the full Board, all members of the Committee will participate in meetings with the candidate, and the Committee also seeks to arrange meetings between the candidate and other Board members.

Candidates are typically identified by other Board members or in Board-member discussions with third parties, and the Committee will consider individuals recommended by shareholders. A shareholder who wishes to recommend a candidate for consideration by the Committee should do so in writing by submitting the candidate's name, and qualifications c/o Plug Power Inc., 968 Albany Shaker Road, Latham, NY 12110, attention: Corporate Secretary. Candidates recommended by shareholders will be considered according to the same standards of perceived Company need and potential individual contribution as are applied to candidates from other sources.

Director Compensation

Edgar Filing: PLUG POWER INC - Form DEF 14A

The Compensation Committee periodically reviews the Company's Non-Employee Director Compensation Plan (Plan) to ensure that the compensation aligns the directors' interests with the long-term interests of our stockholders; and that the structure of the compensation is simple, transparent and easy for stockholders to understand. The Committee also considers whether the Plan fairly compensates our directors when considering

the work required in a company of our size and scope. Employee directors do not receive additional compensation for their services as directors. Following is a summary of the Plan:

Under the Plan, upon initial election or appointment to the Board of Directors, new non-employee directors receive non-qualified stock options to purchase 15,000 shares (50,000 shares for any new non-employee Chairman) of Common Stock with an exercise price equal to fair market value on the date of grant and that are fully vested upon grant. Each year of a non-employee director's tenure, the director will receive non-qualified options to purchase 10,000 shares (15,000 shares for any non-employee Chairman), plus non-qualified options to purchase an additional 5,000 shares for serving as chairman of the Audit Committee and non-qualified options to purchase an additional 2,000 shares for serving as chairman of any other committee, including the Compensation Committee and the Corporate Governance and Nominating Committee. These annual options, with an exercise price equal to fair market value on the date of grant, fully vest on the first anniversary of the date of the grant.

In addition, each non-employee director is paid an annual retainer of \$30,000 (\$40,000 for any non-employee Chairman) for their services. Committee members receive additional annual retainers in accordance with the following:

<u>Committee</u>	<u>Non-Employee Chairman</u>	<u>Non-Employee Director</u>
Audit Committee	\$ 20,000	\$ 15,000
Compensation Committee	10,000	5,000
Corporate Governance and Nominating Committee	10,000	5,000

These additional payments for service on a committee are due to the workload and broad-based responsibilities of the committees.

The total amount of the annual retainers are paid in a combination of fifty (50%) percent cash and fifty (50%) percent Common Stock with an option to receive up to one hundred (100%) percent Common Stock, at the election of the non-employee director. All such stock shall be fully vested at the time of issuance. Non-employee directors are also reimbursed for their direct expenses associated with their attendance at board meetings.

(2) Potential realizable value is based on the assumption that Plug Power's Common Stock appreciates at the annual rate shown, compounded annually, from the date of grant until expiration of the 10-year term. These numbers are calculated based upon Securities and Exchange Commission requirements and do not reflect Plug Power's projection or estimate of future stock price growth. Potential realizable values are computed by multiplying the number of shares of Common Stock subject to a given option by the fair market value on the date of grant, assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire 10-year term of the option and subtracting from that the aggregate option exercise price.

(3) Of the options shown in this table as granted to Dr. Saillant, one third of such options shall vest on each of October 1, 2004, April 1, 2005 and October 1, 2005, respectively.

The following Report of the Compensation Committee of the Board of Directors on Executive Compensation, and the Shareholder Return Performance Graph on page 17 will not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and will not otherwise be deemed filed under such Acts.

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee (the Committee) reviews and evaluates individual executive officers and determines the compensation for each executive officer (See EXECUTIVE COMPENSATION). The Committee also oversees management's decisions concerning the performance and compensation of other Company officers, administers the Company's incentive compensation and other stock-based plans, and evaluates the effectiveness of its overall compensation programs, including oversight of the Company's benefit, perquisite and employee equity programs and review of the Company's management succession plans. A more complete description of the Committee's functions is set forth in the Committee's charter which is published on the Investors section of the Company's website at www.plugpower.com. Each member of the Committee is an independent director as defined by the applicable rules of the Nasdaq Stock Market, except as otherwise permitted by the applicable rules of that market.

In general, the Committee designs compensation to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders. We rely upon our judgment about each individual and not on rigid guidelines or formulas, or short-term changes in business performance in determining the amount and mix of compensation elements for each senior executive officer. Key factors affecting our judgments include: the executive's performance compared to the goals and objectives established for the executive at the beginning of the year; the nature, scope and level of the executive's responsibilities; the executive's contribution to the Company's financial results; the executive's effectiveness in leading our initiatives to increase customer value, productivity and revenue growth; the executive's contribution to the Company's commitment to corporate responsibility, including the executive's success in creating a culture of unyielding integrity and compliance with applicable law and our ethics policies; and the executive's commitment to community leadership and diversity.

Compensation for the named executive officers during Fiscal 2004 included base salary, annual bonus and incentive awards.

Base Salary. Base salary was determined by reviewing the previous levels of base salary, base salaries paid by comparable companies to executives with similar responsibilities, perceived level of individual performance and the overall performance of the Company. No specific weight was given to any of these factors in the evaluation of base salaries because each of these factors was considered significant and the relevance of each varies depending on an officer's responsibilities.

Annual Bonus. For Fiscal 2004, bonus amounts were based on the named executive officers' specific contributions made during the year toward the Company's goals established at the beginning of the year. Bonus amounts were paid in the first quarter of Fiscal 2005. Stock options are also granted to executive officers based upon their specific responsibilities and are granted by the Compensation Committee. The Compensation Committee believes that the current salary and bonus structure along with existing stock options, which generally vest equally over three or four years, will serve to properly motivate the executive team to achieve the short- and long-term goals of the Company.

Incentive Awards. We make annual grants of stock options to substantially all of the employees of the Company, including our named executive officers. Unvested stock options are forfeited if the employee or executive voluntarily leaves the Company, and are vested if the employee or executive retires at normal retirement age, or later. Each stock option permits the employee or executive, generally for a period of ten years, to purchase one share of Plug Power stock from the Company at the exercise price, which is the price of Plug

Power stock on the date of grant. Stock options have value only to the extent the price of Plug Power stock on the date of exercise exceeds the exercise price. Stock options granted in 2004 generally become exercisable in three equal annual installments beginning one year after the grant date.

Compliance with Internal Revenue Code Section 162(m): The Budget Reconciliation Act of 1993 amended the Internal Revenue Code to add Section 162(m), which bars a deduction to any publicly held corporation for compensation paid to a covered employee in excess of \$1 million per year. The Compensation Committee does not believe that this law will impact the Company because the current level of compensation for each of the Company's executive officers is well below the \$1 million limitation. The Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.

Chief Executive Officer's Fiscal 2004 Compensation: The Committee determined Dr. Saillant's annual base salary and incentives (as described under the caption Employment Agreements) in accordance with the principles and methods applied to other executive officers at similar companies. As President and Chief Executive Officer of the Company, Dr. Saillant was eligible to participate in the same executive compensation programs available to the Company's other Executive Officers. For Fiscal 2004, the Company paid Dr. Saillant a base salary of \$300,000, which is the annual salary rate that has been in effect for him since December, 2000. Dr. Saillant also received fully vested shares of Plug Power stock with a value of approximately \$325,000.

This report on executive compensation for Fiscal 2004 is provided by the undersigned members of the Compensation Committee of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers, as defined by section 16, and directors, and persons who own more than 10% of the Company's outstanding shares of Common Stock (collectively, "Section 16 Persons"), to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission and Nasdaq. Section 16 Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it and written representations from Section 16 Persons that no other Section 16(a) reports were required for such persons during Fiscal 2004, the Company believes that during Fiscal 2004 the Section 16 Persons complied with all Section 16(a) filing requirements applicable to them.
