All of the Common Units held by ETC are pledged as collateral under ETC's \$600 million Credit Agreement filed as Exhibit F hereto.

The Credit Agreement contains various representations and warranties, affirmative and negative covenants and events of default. The Credit Agreement restricts ETC's ability and in certain cases, the ability of its subsidiaries (excluding the Issuer and its subsidiaries), to, among other things, incur indebtedness, create certain liens, enter into certain change of control transactions, make certain restricted payments, and enter into certain prohibited agreements. In addition, the Credit Agreement requires that ETC comply with certain financial covenants, including a ratio of consolidated debt-to-consolidated cash flow covenant. The Agreement contains customary and other events of default relating to defaults of ETC and certain of its subsidiaries. An event of default under the Credit Agreement followed by a foreclosure on the pledged Common Units could result in the lenders under the Credit Agreement acquiring voting and dispositive powers over such Common Units.
