Report of Independent Registered Public Accounting Firm

To the Plan Committee of the

Investment Plan for Former Chris-Craft/UTV Employees

We have audited the accompanying statements of net assets available for plan benefits of the Investment Plan for Former Chris-Craft/UTV Employees (the Plan) as of December 31, 2004 and 2003, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2004. These financial statements and the supplemental schedule referred to below are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal controls over financial reporting. Our audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2004 and 2003, and the changes in net assets available for plan benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

1. Plan Description

The Investment Plan for Former Chris-Craft/UTV Employees (the Plan) is a defined contribution plan sponsored by Fox Entertainment Group, Inc. The purpose of the Plan is to provide participants the opportunity to maintain their account balances in the Plan and provide them a choice of diverse investment options, including a choice of a financial interest in News Corporation (the Company) through ownership of Class A Non-voting Common Stock shares. This type of Plan is generally referred to as an Employee Stock Purchase Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective July 31, 2001, the Plan was frozen and employee and employer matching contributions were no longer made to the Plan. The Plan Sponsor intends for the Plan to remain frozen indefinitely until such time as the Plan is terminated. During 2002, it was renamed the Investment Plan for Former Chris-Craft/UTV Employees.

Effective January 1, 2002, the Plan adopted various Internal Revenue Service mandated and optional provisions of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA).

During 2004, News Corporation reincorporated in the United States (the Reorganization). Under the terms of the Reorganization all News Corporation Class A Preferred Stock (Preferred Stock) shareholders received two shares of News Corporation Class A Non-voting Common Stock (Class A Common) for each one share of Preferred Stock held. The Preferred Stock was delisted from the New York Stock Exchange (NYSE) after the close on November 2, 2004 and the Class A Common shares were issued on November 12, 2004 and were traded as when issued beginning on November 3, 2004.

Vesting

**2. Summary of
Significant Accounting**

Basis of Accounting

Policies

The accompanying financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan's investment in News Corporation Class A Non-voting Common Stock amounted to \$20,431,803 as of December 31, 2004, and the Plan's investment in News Corporation Class A Preferred Stock amounted to \$20,390,269 as of December 31, 2003. Such investments represented approximately 81% and 75% of the Plan's total assets as of December 31, 2004 and 2003, respectively. For risks and uncertainties regarding News Corporation, participants should refer to the June 30, 2004 Company Annual Report as included in form 8-k filed on November 24th 2004 and other periodic filings for News Corporation that the Plan Sponsor filed with the Securities and Exchange Commission.

Investments in News Corporation Class A Non-voting Common stock, mutual funds, and money market funds are exposed to various risks such as the financial condition of the Plan Sponsor, interest rate, market and credit. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

Policies

The Plan's investments are stated at fair value. Investments in the News Corporation Class A Non-voting Common Stock and News Corporation Limited Class A Preferred Stock and mutual funds are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at December 31, 2004 and 2003.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

All realized and unrealized appreciation (depreciation) in the value of investments is shown in the accompanying Statement of Changes in Net Assets Available for Plan Benefits as net appreciation in fair value of investments.
